War, like death, comes unannounced and both are as certain in the lives of nations and individuals as day and night. Every precaution that the ingenuity of man can conceive of is applied to prevent the coming of death. Vast sums of money are expended for bacteriological and pathological research work, great universities are erected and within their walls are assembled the learned men representative of every race, creed and clime, laboring unceasingly for the prolongation of human life. Hospitals are erected throughout the world and health departments developed, water supplies examined and improved sanitation perfected, park and playgrounds established, improved places of habitation provided and by law every precautionary safeguard that the ingenuity of man can devise established and enforced for the prolongation of human life. All this work is done and more because of the certainty of death. The prudent man in addition makes preparation for that which is a certainty through provision in the form of insurance or investment for the protection of his dependents.

What is true in the case of death of the individual is equally true in the case of a nation as regards the certainty of war, and unquestionably will continue to be true until such time as, through the development of a higher spiritual complex, greed, envy, malice and selfishness have been replaced by love of one's fellowman, based on a realization of the fact that we take from this life only that which is good that we give during our brief stay here.

There is no means of determining when human nature may change but until such time as that period of ideal utopianism arrives, there is no way in which a nation can justify the failure to adopt the same character of preparedness against war that the individual and the communities adopt against death.

Patriotism, the True Kind.

The service which we give to our country, the duty which is an answer to its appeal for the defence of its honor and integrity and the preservation of its peace and prosperity,— this is patriotism,— and every instinct of loyalty and impulse of manhood demand that when the republic calls the patriot in peace or war must respond with prompt and unquestioning obedience.

It is not difficult to be patriotic in the days of war when drums are beating, bugles calling, flags flying and the tramp of marching feet is echoing in the streets, then every emotion is aroused; the country's call to arms is ringing in the air; the soldier is hailed as a patriot and applauded as a hero; and the glamour and glory of the hour is in every heart.

(Continued on page 620.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 5, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, June 5, 1933, at 7.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR CURLEY PRAISED FOR SACRIFICE MADE WHEN HE REFUSED HIGH DIPLOMATIC HONORS TO REMAIN AT HELM AND GUIDE DESTINIES OF BOSTON THROUGH THESE TIMES OF DEPRESSION — "FLORIDA MUNICIPAL RECORD" LAUDS HIS ACT AS ADDING DIGNITY TO OFFICE OF MAYOR AND INSPIRING CITY OFFICIALS THE COUNTRY OVER.

The following editorial, concerning Mayor Curley's declination of the post of Ambassador to Poland, appeared in the May issue of the "Florida Municipal Record," published monthly by the Florida League of Municipalities:

New Dignity for the City Hall.

Mayor Curley's recent refusal to surrender his job as Boston's chief executive in favor of the American ambassadorship to Poland afforded many citizens an opportunity to do some thinking; it also served the purpose of dignifying municipal government and of inspiring city officials everywhere.

Few of us ever will have the opportunity to turn down an ambassadorship and fewer still, if given the opportunity, would have the courage and devotion to duty to act as Mayor Curley did. Yet some may feel that the Boston Mayor was foolish in rejecting an important diplomatic appointment to continue in what is undoubtedly a much harder, less certain job. True, there are many city halls and only a few embassies, but it also is quite apparent that the Mayor of Boston, or of any other great city, has more opportunities to be of direct help to his people than does the ambassador to Poland. Certainly, the years he has devoted to the Hub City's upbuilding have better fitted him to continue in his capacity as a municipal executive than to become a diplomat.

It might be said that Mayor Curley prefers to be the "big frog in a little puddle"; however, such a statement would neither be just nor pertinent, for although Mayor Curley is undoubtedly a big man in Boston it would be rather far fetched to think of Boston as "a little puddle." Possibly he preferred to keep home ties unbroken, or was unwilling to give up friendships and business associations of long standing; he might even have felt himself unfitted to be a diplomat, in which case we might remember that it is a wise man who knows his own limitations. But whatever the motive in refusing this appointment, or whatever the consequences to himself or family, it should be apparent that he acted for the best interests of his city and for the best interests of municipal government in general.

It is always well to strive for greater things, for more knowledge and a wider sphere of activity. Yet it also is well to confine one's energies to certain limits wherein the experience acquired during a lifetime may yield constant dividends — and there are few fields of service where such dividends are any more valuable, or where outstanding administrators are any more necessary, than that of municipal government. It is probably true that Mayor Curley can never hold a higher municipal office than he now does, whereas it is possible that the diplomatic service might afford an opportunity to ascend still higher in the councils of the Federal Government; but on the other hand, it would be far easier for the President to select a good representative at Warsaw than it would be for him to select an equally good Mayor of Boston.

Most certainly there is no reason why a city official, if properly qualified, should hesitate to accept or seek advancement in other fields of government or in private business — and let us not forget that many of our greatest statesmen, among them Grover Cleveland, had their training in city halls. But aside from all questions of personal distinction and achievement, there are no greater opportunities for public service, and no greater challenge for achievement, than those offered in the realm of municipal affairs.

To paraphrase a well-known poem:

The best city hasn't been built yet,
The best street hasn't been laid;
The best tax roll is unwritten,
And the best law hasn't been made.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam (penetration) School street, Dorchester, from Washington street to Athelwold street, with department forces, without advertising, the estimated cost for labor and material being \$1,500.

NEW SHIP FOR MARITIME SERVICE FROM PORT OF BOSTON.

Mayor Curley, on June 1, sent the following letter to Mr. C. Van Oosten, Agent, Holland America Line, State street, Boston:

DEAR MR. VAN OOSTEN,—I have been informed by Richard Parkhurst, Secretary of the Boston Port Authority, that the Holland America line have assigned the

steamship "Volendam" to passenger and freight service in Boston and in behalf of the citizenship I desire to express through you to them their sincere appreciation for this splendid addition to the maritime service of the Port of Boston.

I am extremely anxious that success should crown the efforts of this initial venture at our port and desire to assure you that if I can be of service to you at any time, I shall be most happy to assist.

Sincerely,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY APPROVES STREET LAYOUT WORK TO CONNECT EAST BOSTON TUNNEL.

Mayor Curley has approved the street layout authorized by the Legislature of

last year for a roadway 80 feet in width, from the corner of Chardon and Merrimac streets along the line of Merrimac street to Haymarket square, and thence along the line of Cross street to the tunnel entrance at Hanover street with a traffic circle about 200 feet in diameter and pedestrian underpass in Haymarket square. The Legislature authorized the expenditure of three million dollars for this purpose.

This required the taking of thirty-nine pieces of property, six of which were partial takings. The assessed value of these properties is in excess of two million dollars.

The work of razing these buildings will commence shortly in order that the necessary underground construction work will be completed by the end of the year.

BROADCAST BY MAYOR CURLEY.

(Continued from page 617.)

When the war is over, when the guns have ceased to roar, when the weary, war-worn soldier has come back to the drab days of peace, when the nation is tired of strife and all it means, when emotion is exhausted and even the maimed and stricken victims of field and hospital are viewed with indifference, then comes the day of civic duty, and the real test of patriotism has begun.

The fire and frenzy of battle are done; the naked ugliness of war and waste is seen by all, the burden of the red butcher's bill must be met, and the country's need is for work, for the service that is plain duty, that has neither music nor marching, cheering crowds nor thundering guns to hearten the man who faces the task that patriotism demands must be met, the thankless task of thrift and wisdom, of recuperation and reconstruction.

The patriotism of peace is a virtue of fine texture; it is the easier to break than to build, to destroy than to restore; the demands and duties of peace call for patience and fortitude; the applauding clamor of war is gone and only the carping criticism of peace is here. The patriot of peace has the harder task; it is more useful and less spectacular than the work of war; and yet only in the steady, normal work of the days of retrenchment and restoration, in the humdrum days, are work and wages made possible and the land prepared for the dread days of conflict.

When we chant the glories of them who dared all and gave all, the patriot in arms, let us not forget the patriot of peace whose useful services enable a restored country to meet the obligations of national honor and gratitude.

Let no man attempt to discount the value of the service given freely to our country in its days of trial by the American youth of every generation, who have gone out joyously and uncomplainingly to face the hazards of battle and bivouac that liberty might be preserved, the flag unstained and the republic's integrity maintained. They made the supreme sacrifice; their glory is secure.

REPUBLICS NOT UNGRATEFUL.

It is said republics are ungrateful and give only grudging recognition to the services and sacrifices of its patriots and heroes. It would be more truthful to say that republics are laggards; they move slowly and hesitatingly; but they do move after days of pain and anguish, delay and disappointment. The contemporary generation that has lived through war and witnessed its results is often neglectful of them who have given all to serve the country; yet the laggard days pass and the conscience of the republic is roused. Too often the recognition of national duty comes tardily, but it comes; for the heart of the nation is sound.

He who on some Memorial Day has watched the thin, blue lines of the G. A. R. march slowly down the streets of town and village, can read in the glowing faces of the younger generation the emotions of admiration and gratitude that are in their hearts. The white-haired old heroes are dropping out one by one to fill some narrow, flag-marked grave on a green New England hillside, but they will never be forgotten; they have achieved immortality and the memory of their patriotic service and sacrifice will live in the minds and hearts of their countrymen.

To us in these days of peace, when men seek to forget the hazards and horrors of yesterday and ignore the memory of the

dead and the labors of the living, there is need for a finer, a more disinterested patriotism; one that connotes duty and service for the public good, the upbuilding of the country and the healing of its wounds; a patriotism willing to confront greed and graft, to face clamor and misunderstanding, a patriotism that receives no other reward than hostile criticism and distortion of motive. This is a day for the patriot of peace, who knows the present and remembers the past, who can face contumely with courage and do his duty though the stars fall.

The name of the patriot of peace is legion; he will stand up to be counted; and in the days to come will see that the sacrifices of the soldier of yesterday will not have been made in vain.

The patriot of peace is the supplement of the soldier of war; the country needs the patriotism of both to preserve its honor and safety; it is a patriotism written in service and cemented in blood.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Joseph A. Singarella has been granted a further extension of time for completion of contract for erection and completion of Laundry Building, Boston City Hospital, from January 1 to February 15.

John Bowen Company has been granted a further extension of time for completion of contract made April 22 for alterations and additions to Power Plant, Boston City Hospital, from February 1 to July 1.

PARK DEPARTMENT.

C. J. Maney Company, Incorporated, has been granted an extension of time until September 1 for the completion of the contract for constructing a park boulevard from Centre street to the West Roxbury Parkway.

AUTHORITY GRANTED.

SUPPLY DEPARTMENT.

Authority has been secured from Thomas W. White, Collector of Internal Revenue, which will allow the Supply Department to purchase narcotics for the various hospitals of the City of Boston for the period commencing July 1 and ending June 30, 1934.

PERMISSION TO SELL OLD CABLE.

The Mayor has approved the following request from the Fire Department:

Boston, May 29, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—There has accumulated in the Fire Alarm Shop of this department approximately five tons of old lead covered cable, one ton of old iron and one half ton of old dry cable. I have received a proposal from William S. Nolan to purchase this old material as follows:

Old lead covered cable, \$1.51 per hundredweight; dry cable, \$1.01 per hundredweight; old iron, \$2.10 per net ton.

The price, in my opinion, is a satisfactory one and I request your Honor's permission to sell this material to William S. Nolan, 322 Border street, East Boston, for the prices mentioned above.

Yours very truly,

EDWARD F. McLAUGHLIN,
Fire Commissioner.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, June 1:

COLLECTING DEPARTMENT.

Leave of absence, without pay, has been granted George R. Keough for three months from May 26.

ELECTION DEPARTMENT.

George H. Norton, Democratic Assistant Registrar, who is to be retired on pension beginning June 1, has been employed in an emergency capacity for the period between June 1 and June 29, inclusive, upon a flat rate of compensation equal to one-twelfth (less one day) of the yearly rate paid, or \$164.33 for this period.

FIRE DEPARTMENT.

Richard J. Sliney has been appointed a lineman in the Fire Alarm Division at \$6 a day, less the 15 per cent deduction now in effect in accordance with an executive order.

Capt. Richard A. Dinin, formerly of Ladder Company 26, has been retired at \$1,800 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Institutions Department.

For the week ending Thursday, May 25:

Long Island Hospital.

James Lennon, engineer, 8 hours, \$7.

CLAIMS DISAPPROVED.

The Law Department has disapproved twenty-six claims against the City of Boston aggregating \$5 and they are classified as follows:

Fire Department, two claims, \$5.

Park Department, four claims, no amount.

Police Department, two claims, no amount.

Public Works Department, eighteen claims, no amount.

POLICE DEPARTMENT ORDERS.

General Order No. 215.

Acting under the provisions of chapter 521, Acts of 1922, as amended, creating the Contributory Retirement System, the Boston Retirement Board has notified this department that it has approved for retirement, on account of age, Patrolman Patrick J. Lahey of Police Division 2, who is a member of said Contributory Retirement System; such retirement to take effect at midnight, Wednesday, May 31, 1933.

Wherefore, in view of this operation of law, the Police Commissioner states that on and after May 31, 1933, at the hour stated, the said Patrolman Patrick J. Lahey shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon May 25 the Mayor approved a contract with Edward E. Adams for leasing for a term of one year the concession privilege of furnishing weighing machines in convenience stations and buildings of the Park Department. Bids, opened Friday, May 19, were as follows:

Cash Discount for Payment in Ten Days.—T. H. McVey, one half of 1 per cent; H. E. Fletcher Company, one half of 1 per cent; Hildreth Granite Company, 1 per cent.

* Contract awarded.

Upon May 27 the Mayor approved a contract with the lowest bidders, as indicated, for furnishing fruits and vegetables for the various city departments during the month of June, 1933. As these bids were unusually high, prices were obtained in the open market on May 26, 1933, and recommendation was made that the fruits and vegetables for the month of June, 1933, be awarded, without publicly advertising, to the lowest bidders on the prices received on May 26, 1933, in the open market, instead of awarding on the publicly opened bids of May 26, 1933, thereby saving approximately \$5,065.05 for the city. Bids, opened May 24, were as follows:

Approximate Amounts, Per, Hundred-weight.

2,000 Pounds Cooking Apples.—Thomas P. Mee, \$6.25; Isaac Locke Company, \$3.75.*

7,800 Pounds Table Apples.—Thomas P. Mee, \$6.50; Isaac Locke Company, \$4.75.*

12,400 Pounds Turnips.—Thomas P. Mee, \$3.* P. E. I.; Isaac Locke Company, \$3.50. P. E. I.

2,000 Pounds Watermelons.—Isaac Locke Company, \$4.*

Cash Discount for Payment in Ten Days.—Thomas P. Mee, one half of 1 per cent; Isaac Locke Company, 1 per cent.

* Contract awarded.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Matthew Cummings Company, Incorporated has been allowed for the following changes in the contract for the Girls' Dorchester High School. Christopher Gibson District, for additional work, trench blasting below 6 feet; 141.6 cubic yards trench blasting below 6 feet at \$12, \$1,699.20, per architect's letter of May 29, 1933, and the amount of \$1,699.20 will be added therefor, making the account as follows: Contract price, \$865,000; total additions, \$178,784.98; total deductions, \$18,267; amount of contract, \$1,025,517.93.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Atlantis street, bounded: Northwest by Brook Farm Parkway, ten feet; northeasterly by another part of Atlantis street, one hundred and twenty feet; southeasterly by land hereinafter described as taken from owners unknown, ten feet; and southwesterly by another part of Atlantis street, one hundred and twenty feet; containing twelve hundred square feet more or less.

A parcel of land, owners unknown, being part of the private way known as Glenham street, bounded: Northwest by land hereinbefore described as taken from owners unknown, ten feet; northeasterly by another part of Glenham street, seventeen feet; southeasterly by easement taken by the City of Boston, May 31, 1927, and by another part of Glenham street, ten feet; and southwesterly by another part of Glenham street, seventeen feet, containing one hundred and seventy square feet more or less.

The sewerage works to be constructed are as follows: 130 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly side of Atlantis street, between Brook Farm Parkway and Glenham street, and the abutting lot of land on the southwesterly side of Atlantis street at the corner of Glenham street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1095, Sewerage Works, Atlantis Street, West Roxbury, May 2, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Mabel Sullivan, Harry P. Chadwick T. T.	\$80 00
2. Mabel Sullivan, Harry P. Chadwick T. T.	80 00
3. Workingmen's Co-operative Bank	80 00
4. Francis H. Mannix, Jr., Hazel G. Mannix	160 00
Total	\$400 00

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying-out and construction of Tennis road, Dorchester district, as a highway, from Blue Hill avenue northwesterly, bounded and described as follows:

A highway named Tennis road is hereby laid out, from Blue Hill avenue northwesterly for a distance of approximately seven hundred and forty-six feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Blue Hill avenue, forty-seven and 88-100 feet; southwesterly by the southwesterly line of said Tennis road as hereby laid out, seven hundred fifty-eight and 94-100 feet; northwesterly by the northwesterly line of said Tennis road as hereby laid out, forty feet; and northeasterly by the northeasterly line of said Tennis road as hereby laid out, seven hundred thirty-two and 63-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Tennis road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Hyman Echlov *et al.*, Cert. No. 23417, Book 123, page 17.

Anna W. Oppenheim, Cert. No. 29573, Book 143, page 173.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Tennis road, Dorchester district, as a highway, from Blue Hill avenue northwesterly for a distance of approximately seven hundred and forty-six feet, under the order of the Board, and awards no damages therefor.

\$1,600 ADDED TO UNEMPLOYMENT RELIEF FROM WRESTLING MATCH.

Mayor Curley, on June 1, received the following communication from Paul Bowser:

MAYOR JAMES M. CURLEY,
Boston.

MY DEAR MAYOR,—I am inclosing you check for \$1,600, which is 20 per cent of the gross receipts of our match at the Boston Garden May 16, between Ed Don George and Ed Strangler Lewis.

I am sorry that there was not more, but am glad to be able to do this much for the unemployed of the City of Boston.

Thanking you for your cooperation, and with kindest regards, I am,

Very truly yours,

PAUL BOWSER.

His Honor the Mayor sent the following letter acknowledging the same:

MR. PAUL BOWSER, The Paul Bowser Enterprises, 115 Chauncy Street, Boston.

MY DEAR MR. BOWSER,—I beg you will accept my sincere thanks in behalf of the citizenship of Boston for the contribution of \$1,600 to the Public Welfare Fund, received this day.

The matter of providing for the unemployed and needy would be a most simple one provided every agency contributed in the same generous manner as you and your associates have in this most worthy work.

The \$1,600 received today plus what has been previously received represents a total of \$9,100, and has been the means of not only providing shoes, stockings and underclothing for needy children during the past winter, but has provided in addition special foods for undernourished children, who are being taken care of through the Public Welfare Department.

That every success may attend you in your generous and splendid work of cooperation is the sincere wish of

Yours sincerely,

JAMES M. CURLEY, Mayor.

RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the Boston Retirement Board held on Monday, May 15, 1933, the retirement from active service of the following-named members of the Retirement System was approved to become effective May 31, 1933:

ELECTION DEPARTMENT.

George H. Norton, assistant registrar, salary at time of retirement, \$2,400 a year.

HOSPITAL DEPARTMENT.

Attest:

W. J. DOYLE, Chairman.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Cottage avenue, bounded:

Southeasterly by Washington street, sixteen and 5-100 feet; southwesterly by another part of Cottage avenue, three hundred and seventy-five feet; northwesterly by the same, fifteen feet; northeasterly by the same, one hundred fifty-five and 14-100 feet; again northwesterly by the same, sixteen feet; again northeasterly by land hereinafter described as taken from Nelson *et al.*, eight feet; again southeasterly by another part of Cottage avenue, sixteen feet; and again northeasterly by the same, two hundred seventeen and 57-100 feet, containing fifty-seven hundred and ninety-five square feet, more or less.

A parcel of land, supposed to belong to Frank Nelson and Alma M. Nelson, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown, eight feet; northwesterly by other land supposed to belong to said Nelson *et al.*, one hundred thirty-six and 30-100 feet; northeasterly by land hereinafter described as taken from Kirsch, eight feet; and southeasterly by other land supposed to belong to said Nelson *et al.*, one hundred thirty-six and 30-100 feet, containing ten hundred and ninety square feet, more or less.

A parcel of land, supposed to belong to Karl Kirsch, bounded:

Southwesterly by land hereinbefore described as taken from Nelson *et al.*, eight feet; northwesterly by other land supposed to belong to said Kirsch, forty-eight and 13-100 feet; northeasterly by Vershire street, eight and 9-100 feet; and southeasterly by other land supposed to belong to said Kirsch, forty-seven and 21-100 feet, containing three hundred and eighty-one square feet, more or less.

The sewerage works to be constructed are as follows: 370 linear feet of 10-inch pipe sanitary sewer and 370 linear feet of 18-inch and 20-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the southwesterly side of Cottage avenue, for a distance of approximately four hundred and five feet northwesterly from Washington street, and the abutting lots of land on the northeasterly side of Cottage avenue, northwesterly from Washington street, for a distance of approximately four hundred and seventy feet, will

receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1092, Sewerage Works, Cottage Avenue, West Roxbury, March 8, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the following order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Swallow street, bounded:

Northeasterly by easement taken by the City of Boston, ten feet; southeasterly by another part of Swallow street, eighty-five feet; southwesterly by the same, ten feet; and northwesterly by the same, eighty-five feet, containing eight hundred and fifty square feet, more or less.

The sewerage works to be constructed are as follows: Seventy-five linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lot of land on the northwesterly side of Swallow street, designated as assessment lot 1, and the abutting lot of land on the southeasterly side of Swallow street, designated as assessment lot 3, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1094, Sewerage Works, Swallow Street, West Roxbury, April 29, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

ing the month of May to consider any acts that had been referred to it by the Fire Commissioner. After consideration the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

(a.) That Ladderman Martin A. Kenealy of Ladder Company 13 is specially commended for his action on January 5, 1932, in effecting the rescue of a lodger who was trapped on the fourth floor at the building 348 Shawmut avenue.

(b.) That the name of Hoseman John A. O'Connor of Engine Company 22 be placed on the Roll of Merit of the Boston Fire Department because of the splendid courage and excellent judgment displayed by him capturing a man who had participated in an armed holdup at 597A Tremont street on September 7, 1932. Hoseman O'Connor is also granted seven days additional vacation for this meritorious service.

III. CHANGES IN STREET NAMES.

Notice has been received of the following changes in street names:

Dorchester.

Branchfield street formerly Branch street.

Robey street extended over Baker park.

West Roxbury.

Garden Circle, from Haliday to Haliday street.

Brighton.

Travis street formerly Hubbard street.

As the result of the foregoing street names the locations of the following boxes should be noted:

3656. Medway and Branchfield streets.

5219. Travis and Kingsley streets.

Auxiliary David L. Barrett School.

New cards will be furnished for these boxes at a later date.

IV. BOSTON AUTOMATIC FIRE ALARM CHANGE IN LOCATION.

The following changes in location of Boston Automatic Fire Alarm Signal number should be made on the assignment cards:

165 Tileston Building, rear of 194-206 Summer street, the location formerly given on the assignment card, namely, rear of 610 Atlantic avenue, does not properly describe the location of the box.

V. COMMENDATION.

Ladderman John J. Ryan of Ladder Company 18 is hereby commended for responding to and working at fire, still alarm, 46 Corning street, May 21, 1933, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

WALTER M. McLEAN,
Acting Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 216.

A trial board consisting of Captains McKinnon, Lewis and Fallon, having heard by reference a complaint made by Capt. William W. Livingston, Division 4, against Patrolman Richard H. Hickey, Division 4, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification 1: In that on the ninth day of May, 1933, the said Patrolman Richard H. Hickey failed to pull his "on duty" calls, from 5.45 a. m. to 8 a. m., a period of two hours and fifteen minutes.

Specification 2: In that on the ninth day of May, 1933, the said Patrolman Richard H. Hickey entered the building 130 Boylston street, sitting down and falling asleep, remaining therein a period of one hour and fifty minutes, not on police business, and not with the permission of the officer in charge of Station 4,—has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented accepts the plea of guilty made by the said Patrolman Richard H. Hickey and respectfully recommends that the said Patrolman Richard H. Hickey be ordered to perform seventy hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and it is hereby ordered that the said Patrolman Richard H. Hickey perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

EXECUTIVE SECRETARY OF JUVENILE TRAINING, DEPARTMENT OF PUBLIC WELFARE, JUNE 16, 1933.

Last date for filing applications, Tuesday, June 6, 1933, at 5 p. m.

Requisition is for male, but the examination is open to both males and females.

The entrance salary is approximately \$3,450 a year.

Duties: To assist in the management and supervision of the administrative and business affairs under the charge of the board; to record its proceedings; to represent it in dealing with the superintendents and divisions under its control; to visit and inspect the institutions and divisions and assist in supervising their activities and expenditures; to interview, understandingly, public officials, parents, wards, attorneys and others; to prepare and draft official documents, reports, statistics and statements; to be familiar with and to study problems of juvenile delinquency in this country and abroad; and to investigate and report on legislation relating to juvenile delinquency and on effective methods of education, parole, and of reinstatement in normal community life of delinquent juveniles.

Entrance Requirements: Applicants must be not less than thirty nor more than fifty years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application. Applicants must have education equivalent to that required for graduation from a college or university and five years' experience in educational and correction work with juvenile delinquents.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHIATRIC SOCIAL WORKER, DEPARTMENT OF MENTAL DISEASES, NORTHAMPTON STATE HOSPITAL, JUNE 16, 1933.

Last date for filing applications, Tuesday, June 6, 1933, at 5 p. m.

Requisition is for female, but the examination is open to both males and females.

The entrance salary is approximately \$1,140 a year and maintenance.

Duties: To obtain histories from the relatives of patients, supervise patients who are temporarily away from the hospital, look into the home conditions of patients who are allowed to go out on visit, assist at the Child's Guidance Clinics, and supervise the work of the assistant psychiatric social worker.

CHANGES IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

The Mayor has approved request to issue an order of change making an addition, in the sum of \$4,340, to the contract of the John Bowen Company for the erection and completion of the Public Latin School addition.

This amount is necessary in order to substitute terrazzo floors, as requested by the Superintendent of Public Schools, in place of asphalt floors, at the lunch room and other adjacent rooms.

Estimate for terrazzo, \$4,925; allowance

for asphalt, \$1,050—\$3,875; plus 12 per cent, \$465; this addition, \$4,340.

The Mayor has approved the request for permission to issue an order of change making an addition, in the sum of \$1,699.20, to the contract of the Matthew Cummings Company for the erection and completion of the High School in the Christopher Gibson District, Washington street and Geneva avenue, Dorchester.

This amount is necessary in order to pay for trench blasting below 6 feet at the boiler room and "28" line.

141.6 cubic yards at \$12, \$1,699.20.

TWO OF EVERY 1,000 INHABITANTS ARE POLICE EMPLOYEES IN THE AVERAGE LARGE CITY.

About two of every 1,000 persons in the average city are employed in city police departments. Jersey City has the greatest percentage of police defense of any of the cities of over 250,000 population reporting to the Bureau of Investigation, Department of Justice, according to statements published in a recent issue of the monthly publication, "Uniform Crime Reports." In the total population of 316,715, there are 1,154 Police Department employees, or 3.6 per 1,000 inhabitants.

Birmingham, Ala., is at the other end of the scale among the cities of over 250,000, with one police department employee per 1,000 inhabitants, or a total of 260 in a population of 259,678.

Boston, with a population of 781,188, has 2,579 police department employees, or 3.3 per 1,000. Newark, N. J., with 442,337 inhabitants, has 1,383 police employees, or 3.1 per 1,000. Chicago has only two per 1,000, there being a total of 6,742 police employees for the city's 3,276,438 people.

Among other cities which have reported such statistics to the Bureau are:

Baltimore, with 2.3 police department employees per 1,000 inhabitants; Buffalo, with 2.3; Cincinnati, with 1.5; Cleveland, with 1.7; Columbus, with 1.2; Dallas, with 1.1; Denver, with 1.5; Detroit, with 2.6; Houston, with 1.2; Indianapolis, with 1.6; Kansas City, with 1.7; Louisville, with 1.6.

Milwaukee has two police department employees per 1,000 of the population; Minneapolis has 1.2; New Orleans has 1.9; Oakland, Cal., has 1.4; Philadelphia has 2.8; Portland, Ore., has 1.5; Providence, R. I., has 2.4; Rochester has 1.6.

In St. Louis, the percentage is 2.8 per 1,000; in St. Paul, 1.3; in San Francisco, 2.2; in Seattle, 1.9; in Toledo, 1.5; and in Washington, 2.9.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

THE METROPOLITAN DISTRICT.

With its 43 Municipalities.

Consists in the most inclusive sense of forty-three municipalities, including Boston, or fourteen cities and twenty-nine towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, i. e., adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose,

Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Norwood, Reading, Saugus, Stoneham, Stoughton, Swampscott, Wakefield, Walpole, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and seventeen towns. Norwood, Stoughton and Walpole were admitted into the South System of the Metropolitan Sewerage District in 1928.

UNITED STATES FOREIGN TRADE IN SILVER.

Although the United States is the second largest producer of silver, its exports of the metal exceed total annual production according to the United States Department of Commerce reports. Much silver is received for refining or transshipment. Most of this imported silver comes from Mexico, as evident from the following import figures, in millions of dollars: Mexico, 40.5 in 1929, 24.9 in 1930, and 11 in the first eight months of 1931; Canada, 6.4, 6.1, and 2.5, respectively; Peru, 10.4, 5.9, and 1.6; Chile, 2.3, 1.8, and 0.6; and all countries, 63.9, 42.8, and 18.3.

United States exports of silver go chiefly to China (including Hong Kong), British India, and the United Kingdom (whence they are sold largely to other countries). Shipments to leading countries and the total are summarized in millions of dollars, for 1929, 1930, and the first eight months of 1931, as follows: China and Hong Kong, 64.6, 37.8, and 8.5, respectively, of which China accounted for 61.8, 31.8, and 7.7; British India, 8.9, 9.6, and 4.6; the United Kingdom, 0.1, 2.1, and 3.4; Canada, 2.4, 1.8, and 1.1; Mexico, 5.2, 1.4, and 0.7; Germany, 1.5, 1, and 0.7; and all countries, 83.4, 54.2, and 19.2.

SAFE DRIVING.

Most cities and towns have a long list of "dons" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CENSUS OF MANUFACTURES.

The Bureau of the Census issued a statement at the close of 1932 giving some preliminary figures compiled from the 1931 biennial census of manufactures, covering more than 300 industries in the United States. Public utility industries (other than manufactured gas), the mining and quarry industries and various service industries were not included in the compilation. The printing, publishing and allied industries are included.

Number of establishments, 174,136, a decrease of 36,823 or 17.5 per cent in two years; average number of wage earners, 6,511,647, a decrease of 2,327,096 or 26.3 per cent in two years; wages (not including salaried officers and employees), \$7,225,587,464, a decrease of \$4,395,385,790 or 37.8 per cent from 1929; cost of materials, containers for products, fuel and purchased electric energy, \$21,420,-

124,017, a decrease of \$17,129,455,715 or 44.4 per cent in the two years; value of products, \$41,333,108,998, a decrease of \$29,101,754,445 or 41.3 per cent since 1929; value added by manufacture, \$19,912,984,981, a decrease of \$11,972,298,730 or 37.5 per cent in two years.

Food and kindred products led in the number of establishments reporting, also in cost of materials and value of products; textiles and their products led in the average number of wage earners, amount of wages and value added by manufacture.

HIGHWAY WORK TO RELIEVE UNEMPLOYMENT.

Highway officials throughout the United States are earnestly besought to put as many men to work as possible. The total disbursements for all road purposes in this country during the ten-year period 1922-1931 are computed by the United States Bureau of Public Roads to be about \$14,000,000,000, more than half of this by and for the State Highway Departments. The Bureau last May came to the conclusion that the man-month expenditure was then about \$300 with a downward trend and that for every man employed directly on the job, two others are employed indirectly in the preparation of materials, manufacture of machinery, transportation, etc. Thus the total of \$4,637,000,000 expended for the construction of state and Federal roads during the ten-year period referred to means 13,248,571 man-months—the equivalent of the steady employment of approximately 110,000 men for the ten years, with 220,000 others employed indirectly. Similarly, the money spent on construction of local roads must have given direct employment to 51,000, with 102,000 others indirectly employed. This would make a grand total, continuously employed in road building, of 483,000 men.

MONTHLY PAYMENT OF TAXES ON REAL ESTATE RECOMMENDED.

The Committee on Public Relations of the United States Building and Loan League, of which Henry S. Rosenthal, of Cincinnati, is chairman, has recently recommended that taxes on real estate be paid on a monthly basis instead of semi-annually or annually as is now the custom. It is argued that the burden of taxes would not be noticed so much if met each month. Taxes would then be in the same class with gas, electric, and telephone charges, and could be easily anticipated. The monthly payment of taxes, it is stated, would keep money constantly flowing into the treasury of the city or other local government and thus obviate temporary borrowing.

COAL RESERVES OF THE WORLD.

Five-sevenths of the estimated coal reserves of the world are in North America, followed by those of Asia, which comprises the largest anthracite areas, chiefly in China. About 53 per cent of these reserves consist of bituminous coal, 41 per cent of sub-bituminous, and 6 per cent of anthracite. More than half of the world's reserves of bituminous coal are in the United States. Through the scientific research of fuel engineers and chemists the uses of coal have increased rapidly and grades which were formerly considered of little value are now having wide usage.—*The Coal Industry of the World (Trade Promotion Series No. 105).*

STATE-WIDE CAMPAIGN AGAINST DIPHTHERIA BRINGS NOTABLE RESULTS.

A decrease in cases and deaths has been very marked during the five-year campaign in New York State for the extirpation of diphtheria. The campaign was the joint effort of the State Departments of Health and Education, the State Medical Society, the Welfare Division of the Metropolitan Life Insurance Company, and the State Committee on Tuberculosis and Public Health of the State Charities Aid Association, all banded together. They were aided by the parent-teacher associations, women's clubs, civic clubs and other social and welfare organizations.

Although the goal was not completely reached, the results are very encouraging and prove beyond a doubt that diphtheria can be controlled.

It has been estimated that at least 35 per cent of the children under five years old must be protected against diphtheria before a community is safe from an epidemic of the disease. No city over 100,000 has yet reached that percentage, although Utica with 30 per cent approaches that figure. While it is more difficult for a big city to attain a large percentage of immunizations, with a proper organization and sufficient determination this can be done.

Cities that have attained the 35 per cent standard are:

50,000 to 100,000 population: Binghamton and Niagara Falls, 38; New Rochelle, 35.

25,000 to 50,000: White Plains, 49; Kingston, 36; Poughkeepsie and Auburn, 35.

10,000 to 25,000: Middletown, 73; Ogdensburg, 65; Hornell and Port Jervis, 56; Endicott, 54; Johnson City, 53; Geneva, 49; Rockville Center, 45; Massena, 44; Ossining, 41; Mamaroneck, 40; Gloversville, 39; Glen Cove, 38; Peekskill, 37.

WATER SUPPLY FROM WELLS.

The entire water supply of Memphis is taken from wells. The wells penetrate two strata of sand, the upper stratum being 300 to 500 feet below the surface, and the lower stratum roughly 1,000 feet deeper. The upper stratum, known as the LaGrange formation, is the more important and furnishes most of the supply. It is the one commonly used in this vicinity.

The lower stratum has been developed by the city to a limited extent, because wells in it do not interfere with those in the upper stratum, and therefore wells in the respective strata can be placed in close proximity to each other, and a greater capacity obtained from a given area. The LaGrange formation underlies western Tennessee, eastern Arkansas and northern Mississippi. It outcrops in a belt roughly parallel with the Mississippi river and some 40 miles eastward therefrom. Throughout this entire region it furnishes an ample supply to many municipalities and industries. The outcrop area is such that an abundant supply is in sight, for everyone caring to use it, for many years to come. The sands and clays, which are interspersed, are supposed to be deposits formed in prehistoric times, when the entire Mississippi Valley as far north as Cairo was practically an arm of the Gulf of Mexico.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, JUNE 10, 1933.

Last day for filing applications, Wednesday, May 31, 1933, at 5 p. m.

FOR STATE, BOSTON, AND CITIES AND TOWNS IN THE VICINITY OF BOSTON, JUNE 24, 1933.

Last day for filing applications, Wednesday, June 14, 1933, at 5 p. m.

This is the regular examination for the stenographic service of the state and of all cities and of such towns in the state as are classified under civil service. On June 10, the examination will be held in various centrally located cities. On June 24, the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

Applicants must be not less than sixteen years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 2; spelling, 2; arithmetic, 2; grammar, 2; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants will also be required to obtain at least 65 per cent in spelling, at least 50 per cent in each of the other subjects, and at least 70 per cent in general average in order to become eligible.

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PUBLIC AUCTION.

By order of the Commissioner I will sell at public auction on Monday, June 5, 1933, at the South Ferry Wharf, East Boston, at 11 a. m., the launch "James J. Minot," at an upset price of \$500. Terms: Cash. Further information from the auctioneer.

EDWARD W. FOYE,
Municipal Auctioneer,
24 School Street,
Tel. CAP. 4420.

(June 3.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for building concrete wall, etc., at the Edwin P. Seaver School, Eldridge road, West Roxbury, and giving bond of a surety company approved by the Superintendent of Construction for the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, signed by the bidder and left before 2 o'clock p. m. of Monday, June 12, 1933, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of Department of School Buildings, 11 Beacon street.

WM. W. DRUMMEY,
(June 3.) Superintendent of Construction.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR REPAIRING FRONT WHARF AND PILES AT LONG ISLAND, BOSTON HARBOR.

The Commissioner of Institutions of the City of Boston invites proposals for repairing front wharf and piles at Long Island, Boston Harbor. A bond will be required for doing the work, of a surety company approved by the Commissioner, in the sum of one hundred per cent of the contract price, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 809, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairing Front Wharf and Piles at Long Island, Boston Harbor," and left at Room 809, City Hall Annex, before 12 m. of Tuesday, June 13, 1933, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The Commissioner reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES E. MAGUIRE,
(June 3.) Commissioner.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the following streets are one way in the direction designated, for a period of two (2) months, effective June 12, 1933:

East Cottage Street.

From Edward Everett square to Pleasant street.

Pond Street.

From Pleasant street to Columbia road.

JOSEPH A. CONRY,
(June 3-10.) Commissioner.

PARK DEPARTMENT.

BUILDING FOOTBRIDGE AND STRENGTHENING BULKHEAD AT BOSTON AIRPORT.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for building footbridge and strengthening bulkhead at Boston Airport. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Proposal for Building Footbridge and Strengthening Bulkhead at Boston Airport," and left before 2 o'clock p. m. on Wednesday June 14, 1933, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HOFFENREFFER,
JOHN J. MARTIN,
(June 3-10.) Commissioners.

CITY OF BOSTON.

PARK DEPARTMENT.

DREDGING AND FILLING AT NASHUA STREET PLAYGROUND.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for dredging, filling and sea wall construction at Nashua Street Playground. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Proposal for Dredging, Filling and Sea Wall Construction at Nashua Street Playground," and left before 2 o'clock p. m. on Wednesday, June 14, 1933, at the office of the Park Department with a certified check for \$5,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN, Commissioners.

(June 3-10.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations in the Assembly Hall, Thomas N. Hart School, H and East Fifth streets, South Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Monday, June 12, 1933, at said office, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

WM. W. DRUMMEY,
(June 3.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN CRESCENT AVENUE BROOK OUTLET IN PRIVATE LAND BETWEEN STRANDWAY AND 1,100 FEET NORTHEASTERLY, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Crescent Avenue Brook Outlet in private land between Strandway and 1,100 feet northeasterly, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Sewerage Works in Crescent Avenue Brook Outlet," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, June 20, 1933, with a certified check for five thousand (5,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROUTKE,
(June 3.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AND EQUIPPING THE PATHOLOGICAL BUILDING, BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing and equipping the Pathological Building, Boston City Hospital, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of fifty cents (\$0.50) for each set of blank proposals taken out. There will be a deposit of three dollars (\$3) required for attached blueprints. If blueprints are returned undamaged, money will be refunded. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, June 16, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 3.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SUMNER BROOK IN JEFFERSON STREET, METROPOLITAN AVENUE AND CENTRAL AVENUE, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Sumner Brook in Jefferson street, Metropolitan avenue and Central avenue, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Sumner Brook," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, June 15, 1933, with a certified check for seven hundred (700) dollars, payable to and to become the property of the city of the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROUTKE,
(June 3.) Commissioner of Public Works.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

NOTICE OF HEARING.

Voted, Under the provisions of chapter 263 of the Acts of the Legislature of 1929, the Boston Traffic Commission will hold a hearing on Thursday, June 22, 1933, at 10 a. m., in the Hearing Room, 154 Berkeley street, Boston, Mass., on the following matters:

That Normandy street be made one way from Washington street to Columbia road.

That Fay street be made one way from Dover street to Harrison avenue.

That trucking be prohibited from South street, between Robert and Centre streets.

That Davis street be made one way from Washington street to Harrison avenue.

That Belden street be made one way from Dudley street to Ramsey street.

That Academy Hill road, Brighton, be made one way from Chestnut Hill avenue to Washington street, with parking of vehicles prohibited in the west side.

That parking be prohibited in Howard street.

JOSEPH A. CONRY,
(June 3-10.) Commissioner.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TIRES AND TUBES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, tires and tubes, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, June 15, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 3.) Superintendent of Supplies.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR GRAVEL FOR FILL, FOR TRAFFIC TUNNEL, BOSTON APPROACH.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering gravel for filling cellars in Boston on account of the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 25 per cent of the total bid price. Proposals must be filed out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Gravel, Traffic Tunnel," and delivered to the Department, or to its secretary, before 12 o'clock noon on Monday, June 19, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Monday, June 5, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(June 3-10.) Secretary.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for grading, paving, fences, etc., at the Eliot School, Charter street, city, and giving bond of a surety company approved by the Superintendent of Construction, for the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, signed by the bidder and left before 2 o'clock p. m. of Monday, June 12, 1933, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of Department of School Buildings, 11 Beacon street.

WM. W. DRUMMEY,
(June 3.) Superintendent of Construction.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR INSTALLING AND FURNISHING ELECTRICAL AND MECHANICAL EQUIPMENT, EAST BOSTON VENTILATION BUILDING, TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for furnishing, delivering and installing electrical and mechanical equipment and installing and connecting certain equipment furnished by others for the East Boston Ventilation Building, Traffic Tunnel. The building is located at 55-65 Liverpool street, East Boston. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 45 per cent of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Equipment Installation in East Boston Ventilation Building, Traffic Tunnel," and delivered to the Department or to its secretary before 12 o'clock noon on Wednesday, June 14, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five thousand (\$5,000) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract may be obtained at this office on or after Wednesday, May 31, 1933. A deposit of \$25, in cash or by certified check, will be required for a set of plans and two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The Department reserves the right to reject any or all proposals.

CITY OF BOSTON TRANSIT DEPARTMENT.

SATURDAY, JUNE 10, 1933.

No. 23

MAYOR CURLEY APPEALS TO VOTERS OF STATE TO REGISTER IN ORDER TO VOTE IN SPECIAL ELECTION, JUNE 13, WHEN MASSACHUSETTS CHOOSES DELEGATES TO PROHIBITION REPEAL CONVENTION—POINTS OUT IN RADIO BROADCAST THE EVILS THAT HAVE COME UPON COUNTRY AS RESULT OF ADOPTION OF EIGHTEENTH AMENDMENT.

Mayor James M. Curley, speaking over Station WNAC on June 5, said in part:

The importance of the special election to be held upon Tuesday, June 13, in Massachusetts, is so vital to the moral and financial welfare of the Commonwealth that I deem it my duty to address the citizenship by means of the radio in their homes today upon this question.

Arrangements have been made for the registration of voters who were not registered in the 1932 election at the Board of Election Commissioners, first floor, City Hall Annex, tomorrow, Tuesday, June 6, from 9 a. m. to 10 p. m., in order that opportunity may be afforded all citizens who are not registered to do so, since if not registered it will not be possible for them to participate in the election to be held upon Tuesday, June 13.

Up to the present time seven states have passed upon the question of the repeal of the Eighteenth Amendment and in every case the electorate have voted overwhelmingly in favor of repeal.

In Massachusetts it is customary to draw for places upon the ballot and the delegates in favor of repeal will have second place upon the ballot, the dry forces having drawn first place. In the event that you are favorable to the repeal of the Eighteenth Amendment, and an end of the orgy of immorality, crime and lawlessness that has shocked the world during the past twelve years, you place a cross beside the second group of delegates upon the ballot, who are pledged to the repeal of the Eighteenth Amendment. From the standpoint of morality the adoption of the Eighteenth Amendment has proven more injurious to the youth of our land than all other articles of the Constitution and amendments combined.

Made Heavy Drinkers.

It has caused among the adult portion of the population, who prior to the adoption of the Eighteenth Amendment were committed to the cause of temperance, and many of whom had never indulged in a single drink of intoxicating liquor of any character, to become really heavy drinkers.

Prior to the adoption of the Eighteenth Amendment the custom of toting a flask was confined entirely to the confirmed drunkards and no one with an atom of self-respect would care to be seen with a flask in his or her possession, least of all one of the female sex.

Since the adoption of the Eighteenth Amendment flask toting has become the popular outdoor activity, not only of the adult population but of the youth of the land. The report as published from time to time by the various colleges where surveys have been made indicate that a majority of the boys and girls in colleges, and quite a few in the high schools, have become addicted to the use of intoxicating liquors largely because they believed it was a sporting proposition to beat the law.

Its destructive effect upon legitimate hotel business is evidenced by the number of hotels that are either in bankruptcy or that have failed to earn sufficient money to meet their obligations during the past ten years.

It has made the people of America restless and desirous of being continually on the go, in other words, moving all the time with no objective and with apparently no good reason. Today we find the youth of our land spending whatever money they can get to visit the various night clubs which are found doing business from sunset to dawn in every city of the country.

It is needless to direct attention to the trail of sickness and death, including loss of vision, that has resulted from the use of substitutes for liquor—everything from bay rum to sterno and embalming fluid has been in use during the past dozen years. Entire wards at the major city institutions have been devoted to the care of the victims of this unwholesome and poisonous flood of substitutes for liquor that have been sold. Homes have been destroyed, health has been ruined, careers have been blighted, and the only beneficiaries of this accursed situation have been the new group of millionaire gangsters and racketeers who have utilized a large measure of their profits in corrupting law-enforcing bodies and making murder an everyday occurrence in every large city of the country.

Deeply-Rooted Evil Result.

They have instilled fear into the hearts of public officials from one end of the land to the other and in all probability if it were not for the supremely great courage of the present great leader, President Franklin D. Roosevelt, there is a possibility that unless checked they would ultimately control, not only the city governments but the state governments and the Federal Government itself. From the standpoint of financial structure we should consider the fact that in the last twelve and a half years the loss to the government represents a total of five billions, three hundred and fifty millions of dollars, caused by loss of revenue and by trying to enforce this unenforceable act.

(Continued on page 644.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 12, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 3, 1933:

Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 159; nonresidents, 32; total, 191.

Death rate per 1,000 of population: All deaths, 12.54; nonresidents deducted, 10.44.

Death rate per 1,000 of population:

Last week, 14.05; corresponding week last year, 13.19.

Deaths by age periods, sex, etc.: Under one year, 21; one year to four years, inclusive, 5; sixty years and over, 91. Total deaths: Male, 109; female, 82; deaths in hospitals and institutions, 112; deaths of colored, 6.

NOISE NUISANCE BUREAU ESTABLISHED BY MAYOR CURLEY TO ACT ON SUPPRESSION OF NOISE AS ADDITIONAL HEALTH MEASURE FOR CITIZENS — TO BE UNDER HEALTH DEPARTMENT — PROMINENT CITIZENS NAMED ON ADVISORY BOARD TO HANDLE SUBJECT — PURPOSE TO SEEK EFFICIENT MEANS FOR ABATEMENT.

Mayor Curley has approved the establishment in the Sanitary Division of the Health Department of a Noise Nuisance Bureau to act as a clearing house for complaints of noise nuisances and for ideas regarding methods of their suppression. It is expected that the Health Commissioner will designate some present employee of the Sanitary Division to take charge of the Bureau in addition to his other duties.

In addition, the Mayor has appointed an unpaid Advisory Board to the Health Department on the suppression of noises, the primary purpose being to keep the Health Department advised as to the ideas of public or private agencies or organizations interested in the question of city noises and to confer with the Health Department regarding methods for their abatement.

The personnel of this unpaid board includes Dr. Henry A. Christian, formerly Dean of the Medical School of Harvard University, and at present physician-in-chief at the Peter Bent Brigham Hospital, having occupied a similar position at the Carney Hospital from 1907 to 1912; Mr. Joseph A. Tomasello, an engineer and chairman of the Board of Appeal of the City of Boston; Mr. Thomas J. Donnellon, who has been for years Deputy Commissioner of the Sanitary Division, but who retires from that position on June 1 by reason of age limitation; Mr. Ernest A. Johnson, secretary of the Building Trades Council of the City of Boston and member of the Board of Trustees of the Boston Elevated Railway; and Miss Mary A. Barr, member of the Boston City Planning Board and prominent business woman and social worker.

The creation of the Noise Nuisance Bureau at this time is the result of the recommendations of a group appointed by Mayor Curley in September, 1931, upon nomination by the various medical organizations, civic and professional groups and others having a direct interest in the question of noise abatement, to work in cooperation with the City Planning Board in considering the question of the suppression of unnecessary noises in the City of Boston. It was the conclusion of this body that one of the first steps should be the development of a program of education on the part of the general public and the correlation and enforcement of existing regulations on the part of police, fire, health, airplane and motor vehicle authorities and any other groups having jurisdiction over noise producing conditions or activities.

A similar survey was undertaken in the city of New York a few years ago and a standard noise ordinance drawn up in the form of an amendment to the existing sanitary code of that city, while in Chicago a recently adopted ordinance created a noise commission consisting of the commissioner of health and others, the inference in each case being that noise has a detrimental effect on health and through health is of definite economic importance in that it decreases the efficiency of the worker and increases the cost of the work.

RELOCATION AND ASSESSMENTS ON STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of the Boston & Albany Railroad Company, petitioner for damages on account of the widening, relocation and construction of Tremont street, under the order of the Street Commissioners and Mayor of March 26, 1925, and the widening and construction of said street at Chandler street, under the order of the Street Commissioners and Mayor of November 3, 1926, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of twenty-two thousand eight hundred seventy-five (\$22,875) dollars flat; the said company to pay a betterment assessment of \$2,347.50 without interest; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Walter Mitsch, petitioner for damages on account of the taking of an easement in two hundred and eighty square feet of land for the widening and relocation of Centre street, under the order of the Street Commissioners and Mayor of April 23, 1931, after consultation with the Law Department, and on its advice, the Board assesses

the petitioner's damages in the sum of twelve hundred (1,200) dollars flat and the city to assume the betterment assessment for the construction of Centre street; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Creston park (formerly Grove park), Roxbury district, as a highway, northeasterly from Creston street for a distance of approximately one hundred and forty-four feet, under the order of the Board, and awards no damages therefor.

Heirs or devisees of George W. Johnston, 130 square feet, nothing.

Voted, That in the matter of Caroline G. Murphy, petitioner for damages occasioned her estate by the laying out and construction of Ashley street, East Boston district, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of five hundred (500) dollars; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matters of Myer Dana and Herman and Lester Harold Dana, petitioners for abatement of assessments levied for the improvement of River street, after consultation with the Law Department, and on its advice, the Board agrees to abate said assessments for the sum of five hundred (500) dollars; and consents that the Corporation

Counsel agree to judgment in said cases on the terms herein stated.

Assessment, Lot 108, Herman and Lester	Amount:
Harold Dana	\$188 00
Assessment, Lot 111, Myer Dana	153 66
Assessment, Lot 112, Myer Dana	238 00
Assessment, Lot 113, Myer Dana	419 48
Assessment, Lot 114, Myer Dana	263 44

SALE OF LAUNCH.

The Mayor has approved the following request from the Institutions Department:

BOSTON, May 17, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—As you know the launch "James J. Minot" owned by this department has been tied to the dock as in no way useful for the department needs.

I asked Auctioneer Foye to have it appraised and he did so through James J. Heggie, of the Quincy Drydock and Yacht Corporation, who places the outside value of the boat at five hundred (500) dollars.

I asked the opinion of Capt. John D. McDonough of the fireboat fleet, Capt. Matthew L. Kelley of the steamer "Perkins" and Capt. Charles H. Christian of the steamer "Hibbard" and they agreed that the appraisal at five hundred (500) dollars was a fair one.

I respectfully request your approval of the sale of the launch "James J. Minot," after public advertising, at an upset price of five hundred (500) dollars.

Sincerely yours,

JAMES E. MAGUIRE,
Commissioner.

BROADCAST BY MAYOR CURLEY.

(Continued from page 641.)

The advocates of the Eighteenth Amendment contended that its adoption would mark an end of drunkenness and make unnecessary the great expenditures annually found necessary for the maintenance of police departments, and of courts, and of pauper institutions. The fact remains that since the adoption of the Eighteenth Amendment it has been necessary to build additional jails to house law violators, it has been necessary to increase police department personnel, it has been necessary to enlarge the poor houses, it has been necessary to enlarge the hospitals, in substantially every city in the entire nation to care for the victims of the Eighteenth Amendment. In our own city, Boston, the expenditures in 1916 as contrasted with the expenditures in 1932 are most illuminating. They disclose in part one of the reasons for the abnormal increase in the burden borne by home owners in the form of taxation. 1916 tax rate, \$17.80, 1932 tax rate, \$35.50.

In 1916 the expenditures of the Police Department were \$2,715,000, and in 1932 the expenditures rose from \$2,715,000 to \$6,154,000, an increase of more than one hundred per cent during a period of sixteen years. The expenditures for the Hospital Department in 1916 were \$795,000, and in 1932 they were \$3,677,000, an increase of four hundred per cent. In 1916 the expenditures for the Welfare Department were \$580,479, and in 1932 they were \$9,372,000. The expenditures for the Institutions Department in 1916 were \$452,000, and in 1932 they were \$1,128,000, or, in other words, the total expenditures for the four departments of the city directly affected through the operation of the Eighteenth Amendment were in 1916, \$4,537,000, and in 1932 they were \$20,231,000, and this is all borne by the taxpayers in an increase in the taxes and extra expense to every man, woman and child in the entire City of Boston.

It is for every citizen in Massachusetts to determine for himself or herself as to whether they desire a continuance of this alliance between the well-intentioned advocates of the Eighteenth Amendment and the racketeers, gunmen, murderers and bootleggers, allowing them to continue in control and waxing rich on the illegal profits accruing to them as a consequence of their nefarious business, or whether they desire the adoption of a system such as is in operation at present in England, Italy, France, Germany, Sweden, and other countries of the world, where the health authorities pass upon the character of the liquor that is sold to the public, and where the tax on the liquor is turned into the federal, state, and municipal treasuries.

The actual amount received by the Federal Government, the state governments and municipal and town governments of the nation prior to the adoption of the Eighteenth Amendment was in excess of one billion dollars annually.

REVENUE BENEFITS.

In our own city—the City of Boston—the revenue approximated \$1,450,000 annually, and one fourth of this sum was turned over to the state. The remaining one million odd dollars was used to meet the expenses of government. This sum of money is equivalent to a reduction of about fifty-eight cents in the tax upon each one thousand dollars of valuation. The adoption of the Eighteenth Amendment has enriched our neighbor to the

north—Canada—and has made it possible through the money expended by Americans for the purchase of liquor in Canada to discharge the indebtedness of substantially a majority of the province of Canada, and build roads and public buildings, to provide work for the people of Canada.

It is clearly our duty to vote in favor of repeal so that relief in the matter of revenue may be provided to the Federal Government, the State Government and the municipalities of the nation. It is likewise our duty to end the orgy of crime that is a blot upon America and its institutions and is a threat to the continuance of the form of government under which we live. It is also our duty in the interests of the boys and girls of the present generation, the future women and men of America, to vote in favor of the repeal of this amendment.

No law that ever was enacted has brought more tears and misery to the eyes and hearts of the mothers of America than the Eighteenth Amendment. No law that ever was enacted in the history of the country has been more destructive of respect for lawfully constituted authority.

As you love your children, as you respect the memory of your mother, as you hope for the future of your country, if you are not registered do so tomorrow, and on Tuesday, June 13, one week from tomorrow, go to the polls in your voting precinct and vote for the list of delegates whose names appear second on the ballot, and who are pledged to vote for the repeal of the Eighteenth Amendment.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

STENOGRAPHIC SERVICE.

FOR STATE, BOSTON, AND CITIES AND TOWNS IN THE VICINITY OF BOSTON, JUNE 24, 1933.

Last day for filing applications, Wednesday, June 14, 1933, at 5 p. m.

This is the regular examination for the stenographic service of the state and of all cities and of such towns in the state as are classified under civil service. On June 10, the examination will be held in various centrally located cities. On June 24, the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the state list as well as on the list for the city or town in which they reside.

Applicants must be not less than sixteen years of age at the time of filing application.

The subjects of examination with their respective weights will be as follows: Training and experience, 2; spelling, 2; arithmetic, 2; grammar, 2; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants will also be required to obtain at least 65 per cent in spelling, at least 50 per cent in each of the other subjects, and at least 70 per cent in general average in order to become eligible.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

ASSESSING DEPARTMENT.

Advertises for proposals for furnishing typewritten lists of tax accounts. Surety bond will be required in the sum of \$1,500. Blank forms for proposals may be obtained at the office of the Board of Assessors, Room 301, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, June 13, at 12 m.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for plumbing work at the Richard C. Humphreys School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 12, at 2 p. m.

Advertises for proposals for grading, paving, fences, etc., at the Eliot School, Charter street, city. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 12, at 2 p. m.

Advertises for proposals for building concrete wall, etc., at the Edwin P. Seaver School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 12, at 2 p. m.

Advertises for proposals for alterations in the Assembly Hall of the Thomas N. Hart School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$150, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 12, at 2 p. m.

Advertises for proposals for installing electric telephones and clocks, wiring, etc., in the Thomas N. Hart and the Benjamin Dean Schools. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in

the sum of \$150, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 15, at 2 p. m.

Advertises for proposals for roofing work, etc., at the Boston Clerical School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 15, at 2 p. m.

Advertises for proposals for plumbing work at the John Boyle O'Reilly School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 15, at 2 p. m.

Advertises for proposals for furnishing and installing curtains in the Public Latin School addition. Surety bond will be required in the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200 to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 19, at 2 p. m.

Advertises for proposals for alterations in the High School of Practical Arts. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 19, at 2 p. m.

Advertises for proposals for installing new boilers in the Julia Ward Howe School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 22, at 2 p. m.

Advertises for proposals for alterations in the Roxbury Memorial High School for Boys. Surety bond will be required in a sum equivalent to the full amount of the contract price. LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Perthshire road, Brighton district, as a highway, from Bigelow street to Dunboy street, bounded and described as follows:

An extension of the highway named Perthshire road is hereby laid out, from Bigelow street to Dunboy street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Bigelow street, forty feet; northerly by the northerly line of said extension of said Perthshire road as hereby laid out, by two measurements, five hundred and 72-100 feet and three hundred seventy-six and 6-100 feet on a curve of two hundred and thirty-three feet radius; easterly by Dunboy street, by four measurements, five and 94-100 feet, seventy-eight and 50-100 feet on a curve of three hundred feet radius, one hundred twenty-one and 88-100 feet, and one hundred fifty-two and 23-100 feet on a curve of one hundred sixty-seven and 63-100 feet radius; southerly by the southerly line of said extension of said Perthshire road as hereby laid out, by three measurements, twenty-two feet on a curve of four hundred forty feet radius, one hundred seventeen and 79-100 feet on a curve of one hundred forty-one and 73-100 feet radius, and six hundred fifteen and 72-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Included in the above-described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to and said parts being the portions of said registered parcels which lie between the southerly line of said Perthshire road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

Thomay T. Tscmedzis, Cert. No. 24615, Book 119, page 15.

Jeremiah Blacquiery *et al.*, Cert. No. 25176, Book 121, page 176.

Florence Crittenton League of Compassion, Cert. No. 14831, Book 70, page 31.

Florence Crittenton League of Compassion, Cert. No. 12803, Book 60, page 3.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Perthshire road, from Bigelow street to Dunboy street, excluding the lot designated as Lot 14, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Perthshire Road, Brighton, Assessment Plan, April 20, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CIVIL SERVICE EXAMINATIONS. (STATE.)

SUPERVISING NURSERY INSPECTOR, DEPARTMENT OF AGRICULTURE, JULY 6.

Last day for filing applications, Monday, June 26, 1933, at 5 p. m.

The minimum salary is \$1,620 a year; the maximum salary is \$1,980 a year. This position is for intermittent service, consisting of not more than six months continuously, nor eight months annually.

Duties: Inspection of nurseries for plant diseases and injurious insects; inspection of imported nursery stock; identification of all common insect pests and diseases and recommendation of control measures for them as well as advising as to control methods for orchard and garden insects such as Oriental peach moth, Japanese beetle, European corn borer, etc.; investigation of insect outbreaks.

Entrance Requirements: Applicants must have college training in entomology and botany, or must be graduates of a standard high school or have equivalent education with five years' experience in plant pest control work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HEAD SOCIAL WORKER, DEPARTMENT OF CORRECTION, REFORMATORY FOR WOMEN, JULY 6.

Last day for filing applications, Monday, June 26, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both males and females.)

The minimum salary is \$1,980 a year; the maximum salary is \$2,340 a year.

Duties: These consist of (a) executive functions; and (b) research activities. The executive duties require the supervision of case work, involving investigation of women committed from the courts. The head of this department must handle the personnel of her office, plan assignments and train workers. She must understand business practice in office routine, and must be able to plan systematize and schedule the program of work economically and efficiently. She must be able to cooperate with other departments at the Reformatory, particularly medical, industrial and educational work. The research duties include training students in methods of research, compilation of statistical reports, the ability to evaluate the results of social treatments at the Reformatory, and to suggest better ways of adjusting women offenders to the community.

Entrance Requirements: Applicants must have education equivalent to that required for graduation from a university with specialization in the social sciences, or graduation from a school of social work, and have four years of experience in social service work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1933.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 19.
Boston, Monday, September 18.
Worcester, Thursday, September 21.
Springfield, Thursday, October 26.
Pittsfield, Friday, October 27.
Boston, Monday, November 6.
Lowell, Thursday, November 9.
Boston, Monday, December 4.
New Bedford, Wednesday, December 6.
New Bedford, Thursday, December 7.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAUL E. TIERNEY,

PAYSON SMITH,

JAMES M. HURLEY,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

NO-PARKING ZONES FOR SCHOOLS REDUCE PEDESTRIAN HAZARD.

Minneapolis has passed an ordinance which establishes all streets on sides adjacent to schools as no-parking zones from 8 a. m. to 5 p. m. This is particularly significant since records have shown that a large per cent of child accidents have been due to children stepping out from behind parked cars.

These zones are painted yellow and serve to attract the attention of the motorist as well as to give him a clear vision while passing the school.

CONTRACTS AWARDED

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BUILDING DEPARTMENT.

Upon June 6 the Mayor approved a contract with the New York Building Wrecking Company, Incorporated, to take down the building at 76 Reed street, Ward 8, for the sum of \$74. The following bids were received:

Upon June 1 the Mayor approved a contract with Tufo & Yebba, Incorporated, for sewerage works in La Grange street and Bellevue street, West Roxbury. The following bids were received May 29:

Clay Pipe.—Tufo & Yebba, Incorporated, \$2,315.43; John Williams, \$2,479.26; D. Federico & Giammarco Company, \$2,468.30; Cefalo Construction Company, Incorporated, \$2,814.07; F. J. Jacobs Company, \$2,897.57; Battery Contracting Company, \$2,833.45; DiCenso Volpe Company, \$2,914.25; Charles Struzziery, \$2,953.55; V. Calia, \$3,095.05; Iozza & Faraci, \$3,015.75; C. Reppucci & Co., \$3,120.26; P. Guarino & Co., Incorporated, \$3,040.75; A. Piatelli & Co., \$3,046.50; Roslindale Contracting Company, Incorporated, \$3,078.17; M. DeSisto Company, \$3,115.50; Zoppo & Civitarese, \$3,133.53; Joseph Capone, \$3,163.11; A. D'Ambrosio, \$3,227.75; D. Pace & D. Bartolomeo, \$3,276.25; T. J. O'Connell Company, \$3,414.76; Keystone Engineering and Contracting Company, \$3,401.50; N. Bevilacqua, \$3,484.50; L. Balboni, \$3,557.45; Joseph Todesca, \$4,017.75.

Concrete Pipe.—Tufo & Yebba, Incorporated, \$2,315.43; John Williams, \$2,339.26; D. Federico & Giammarco Company, \$2,496.30; Cefalo Construction Company, Incorporated, \$2,884.07; F. J. Jacobs Company, \$2,827.57; Battery Contracting Company, \$2,861.45; DiCenso Volpe Company, \$2,844.25; Charles Struzziery, \$2,939.55; V. Calia, \$2,955.05; Iozza & Faraci, \$3,015.75; C. Reppucci & Co., \$3,036.26; P. Guarino & Co., Incorporated, \$3,110.75; A. Piatelli & Co., \$3,046.50; Roslindale Contracting Company, Incorporated, \$3,078.17; M. DeSisto Company, \$3,255.50; Zoppo & Civitarese, \$3,273.50; Joseph Capone, \$3,135.11; A. D'Ambrosio, \$3,157.75; D. Pace & D. Bartolomeo, \$3,416.25; T. J. O'Connell Company, \$3,386.76; Keystone Engineering and Contracting Company, \$3,471.50; N. Bevilacqua, \$3,414.50; L. Balboni, \$3,571.45; Joseph Todesca, \$4,017.75.

Upon June 2 the Mayor approved a contract with D. Federico & Giammarco Company, for sewerage works in Englewood avenue, Brighton. The following bids were received June 1:

Clay Pipe.—D. Federico & Giammarco Company, \$2,538.01; A. Petrucci, \$2,886.50; Roslindale Contracting Company, Incorporated, \$2,888.42; Battery Contracting Company, \$2,938.33; Joseph Capone, \$3,086.25; Keystone Engineering and Contracting Company, \$3,200.05; Iozza & Faraci, \$3,142.87; C. Struzziery, \$3,313; C. Reppucci & Co., \$3,307.61; P. Guarino & Co., \$3,328; A. Piatelli & Co., \$3,323; F. J. Jacobs Company, \$3,479.91; M. DeSisto Company, \$3,727.25; V. Calia, \$3,682.45; A. Daddario, \$3,872.75; L. Balboni, \$3,903; T. J. O'Connell Company, \$3,975.36; L. P. Federico & Son, \$4,123.70.

Concrete Pipe.—D. Federico & Giammarco Company, \$2,569.01; A. Petrucci, \$2,842.70; Roslindale Contracting Company, Incorporated, \$2,888.42; Battery Contracting Company, \$2,976.53; Joseph Capone, \$3,052.75; Keystone Engineering and Contracting Company, \$3,100.95; Iozza & Faraci, \$3,142.87; C. Struzziery, \$3,199.50; C. Reppucci & Co., \$3,238.11; P. Guarino & Co., \$3,239.70; A. Piatelli

& Co., \$3,307.50; F. J. Jacobs Company, \$3,384.41; M. DeSisto Company, \$3,649.75; V. Calia, \$3,682.45; A. Daddario, \$3,872.75; L. Balboni, \$3,941.20; T. J. O'Connell Company, \$3,944.36; L. P. Federico & Son, \$4,085.50.

Upon June 2 the Mayor approved a contract with DiCenso & Volpe Company for sewerage works in Hollywood road, West Roxbury. The following bids were received May 31:

DiCenso & Volpe Company, \$1,267; John Williams, \$1,514.75; Battery Contracting Company, \$1,567.07; Cefalo Construction Company, Incorporated, \$1,572.77; P. Guarino & Co., Incorporated, \$1,578; D. Federico & Giammarco Company, \$1,654; S. Asgrizzi Contracting Company, \$1,724.82; L. Balboni, \$1,740; Iozza & Faraci, \$1,751.11; A. Piatelli & Co., \$1,789.75; C. Struzziery, \$1,840.01; C. Reppucci & Co., \$1,843.51; V. Calla, \$1,912.80; E. D'Ambrosio, \$1,963; J. Todesca, \$1,964.60; N. Bevilacqua, \$2,033.50; T. J. O'Connell Company, \$2,076.11; Keystone Engineering and Contracting Company, \$2,143.50; Roslindale Contracting Company, Incorporated, \$2,148.62; F. J. Jacobs Company, \$2,258.77; M. DeSisto Company, \$2,310.50; D. Pace & DiBartolomeo Company, \$2,349; J. Capone, \$2,492; Zoppo & Civitarese, \$2,731.42.

Upon June 2 the Mayor approved a contract with John Williams for sewerage works in Branchfield street, Dorchester. The following bids were received May 31:

Clay Pipe.—DiCenso & Volpe Company, \$1,341; John Williams, \$1,268.89; L. Balboni, \$1,403.50; P. Guarino & Co., Incorporated, \$1,505; C. Reppucci & Co., \$1,615.43; Roslindale Contracting Company, Incorporated, \$1,605.39; A. Petrucci, \$1,625.71; D. Federico & Giammarco Company, \$1,631.20; R. Susi & Jinistino, \$1,671.03; A. Piatelli & Co., \$1,686.15; J. Capone, \$1,742; E. D'Ambrosio, \$1,751.05; Battery Contracting Company, \$1,739.52; T. J. O'Connell Company, \$1,850.83; Iozza & Faraci, \$1,873.60; M. DeSisto Company, \$2,009; V. Calia, \$2,277.72; Williams & King, \$2,455.52.

Concrete Pipe.—DiCenso & Volpe Company, \$1,264; John Williams, \$1,345.89; L. Balboni, \$1,442; P. Guarino & Co., Incorporated, \$1,463; C. Reppucci & Co., \$1,534.93; Roslindale Contracting Company, Incorporated, \$1,594.89; A. Petrucci, \$1,702.71; D. Federico & Giammarco Company, \$1,729.20; R. Susi & Jinistino, \$1,650.03; A. Piatelli & Co., \$1,651.15; J. Capone, \$1,679; E. D'Ambrosio, \$1,751.05; Battery Contracting Company, \$1,760.52; T. J. O'Connell Company, \$1,882.33; Iozza & Faraci, \$1,873.60; M. DeSisto Company, \$2,144; V. Calia, \$2,242.72; Williams & King, \$2,455.52.

Upon June 6 the Mayor approved a contract with Joseph Capone for sewerage works in Huntoon street, Dorchester. The following bids were received June 5:

Clay Pipe.—Joseph Capone, \$1,093.50; Battery Contracting Company, \$1,109.29; DiCenso Volpe Company, \$1,197.50; Roslindale Contracting Company, Incorporated, \$1,257.54; John Williams, \$1,257.85; C. Reppucci & Co., \$1,389.88; Charles Struzziery, \$1,476.52; Keystone Engineering and Contracting Company, \$1,527.50; R. Susi & Jenstino, \$1,522.50; M. DeSisto Company, \$1,541.25; T. J. O'Connell Company, \$1,617.89; D. Federico & Giammarco Company,

\$1,673.01; P. Cacchione Company, \$1,705.25; P. Guarino & Co., Incorporated, \$1,881.50.

Concrete Pipe.—Joseph Capone, \$1,093.50; Battery Contracting Company, \$1,117.29; DiCenso Volpe Company, \$1,149.50; Roslindale Contracting Company, Incorporated, \$1,233.54; John Williams, \$1,337.85; C. Reppucci & Co., \$1,349.88; Charles Struzziery, \$1,492.58; Keystone Engineering and Contracting Company, \$1,487.50; R. Susi & Jenstino, \$1,498.50; M. DeSisto Company, \$1,501.25; T. J. O'Connell Company, \$1,601.89; D. Federico & Giammarco Company, \$1,697.01; P. Cacchione Company, \$1,705.25; P. Guarino & Co., Incorporated, \$1,841.50.

Upon June 6 the Mayor approved a contract with the Battery Contracting Company for sewerage works in Ashton street and Woodrow avenue, Dorchester. The following bids were received June 5:

Clay Pipe.—Battery Contracting Company, \$2,138.68; Roslindale Contracting Company, \$2,245.36; C. Struzziery, \$2,303.10; L. Balboni, \$2,342; M. DeSisto Company, \$2,509.80; Ralph Susi & Jestino, \$2,645.01; Keystone Engineering and Contracting Company, \$2,791.60; T. J. O'Connell Company, \$2,816.30; P. Guarino & Co., Incorporated, \$2,865; Iozza & Faraci, \$3,949.56.

Concrete Pipe.—Battery Contracting Company, \$2,138.68; Roslindale Contracting Company, \$2,158.36; C. Struzziery, \$2,338.10; L. Balboni, \$2,429.50; M. DeSisto Company, \$2,504.80; Ralph Susi & Jestino, \$2,581.51; Keystone Engineering and Contracting Company, \$2,698.60; T. J. O'Connell Company, \$2,781.30; P. Guarino & Co., Incorporated, \$2,799.50; Iozza & Faraci, \$3,834.56.

Upon June 6 the Mayor approved a contract with The Pierce Company, Incorporated, for cleaning sewers and surface drains in certain streets in city proper, Roxbury and South Boston. The following bids were received June 5:

The Pierce Company, Incorporated, \$1,810.80; Zoppo & Civitarese, \$1,940.72; Martin J. Kelly, \$2,047.70; Thomas Gallagher Company, \$2,149.35; Empire Contracting and Building Company, \$2,317.60; Edward P. Healey, \$2,784.80; J. J. McCarthy, \$2,827.45; W. G. C. Company, \$3,084.80.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms for work and supplies to the several departments. Communications from the heads of the departments involved were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, May 29, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request the approval of your Honor, under the provisions of section 30, chapter 486 of the Acts of 1909, to incur indebtedness, without advertising, in a sum in excess of one thousand but less than two thousand dollars for emergency fire repairs to the Aaron Davis School.

Respectfully yours,

WM. W. DRUMMEY,
Superintendent of Construction.

PUBLIC WORKS DEPARTMENT (Paving Service).

Boston, May 22, 1933.

To the Mayor of Boston

Your permission is respectfully requested to the award of a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to A. Singarella, 22A Tremlett street, Dorchester, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, June 2, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On May 27, 1933, permission was received to award, without publicly advertising, fruits and vegetables for the various city departments during June, 1933, to Isaac Locke Company and Thomas P. Mee.

Since receiving the permission, Thomas P. Mee has informed this office that on account of the fruits and vegetables having to be approved by the United States inspectors he feels that he cannot deliver the fruits and vegetables as desired.

Therefore I respectfully request that the following items which were to be awarded to Thomas P. Mee be given to Isaac Locke Company at the prices stated below:

Approximate Amounts.

No. 3, asparagus, 7,000 pounds at \$15 per hundredweight; No. 8, beets, cut, 2,500 pounds, old, 1,250 pounds at \$3.50 per hundredweight; new, 1,250 pounds at \$10 per hundredweight; No. 9, beets, bunch, 3,000 pounds at \$7 per hundredweight; No. 11, cabbage, new, 15,000 pounds at \$5 per hundredweight; No. 13, carrots, cut-off, 8,300 pounds, old, 4,150 pounds at \$6 per hundredweight; new,

4,150 pounds at \$7 per hundredweight; No. 20, lemons, 1,400 pounds at \$11 per hundredweight; No. 22, lettuce, native, 1,000 pounds at \$10 per hundredweight; No. 27, parsley, 100 pounds at \$15 per hundredweight; No. 30, peppers, green, 600 pounds at \$10 per hundredweight; No. 31, pineapple, 200 pounds at \$6 per hundredweight; No. 32, potatoes, Green Mountain, 99,300 pounds at \$1.16 per hundredweight; No. 34, potatoes, sweet, 1,200 pounds at \$5.50 per hundredweight; No. 37, rhubarb, 2,900 pounds at \$3 per hundredweight; No. 38, spinach, 4,200 pounds at \$7 per hundredweight; No. 39, squash, 3,300 pounds, white summer, 1,650 pounds at \$7 per hundredweight; 1,650 pounds at \$4.25 per hundredweight; No. 42, turnips, P. E. 1., 12,400 pounds at \$5 per hundredweight. Approximate amount, \$5,463.76, 1 per cent, ten days.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

John Bowen Company has been ordered to complete the following work at the Public Latin School Addition: Paint two coats on window frames and sash in light courts where red brick walls are to be painted, \$403.20; furnish labor and material for repairing the coffer ceiling, patching the cornice and walls of old portion of the assembly hall, \$151.20; furnish and install five (5) access doors and frames, including one padlock for each door, \$144.71; total addition, \$699.11, per architect's letter of May 17, 1933, and the amount of \$699.11 will be added therefor, making the account as follows: Contract price, \$672,000; total additions, \$814.61; total deductions, \$1,584.20; amount of contract, \$671,230.41.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Permission has been granted to issue an order of change, making an addition in the sum of \$2,162.68, to the contract of the Carilli Construction Company for the erection and completion of the Emerson District School, Bennington and Saratoga streets, East Boston.

This amount is necessary in order to pay for cork asphalt paving and one catch-basin, all to be done in accordance with plan prepared by this department.

PARK DEPARTMENT.

P. J. Cantwell & Son have been ordered to make the following additions to contract for repairs to Elephant House, Franklin Park Zoo, signed January 14, 1933.

Remove all of the old stucco from the exterior walls of the building, instead of only the loose and hollow sounding stucco and smooth stucco panel bands and belt course above windows, as specified in the contract. All old stucco shall be carted away and disposed of. For the removal and disposal of this additional amount of old stucco over what was called for to be removed in the contract the sum of four hundred (400) dollars will be added to your contract price.

Cover all areas where stucco is removed with a No. 19 gauge, 2½ mesh per inch, galvanized after being woven wire. All

wire mesh shall be securely anchored with heavy steel nails into the mortar joints or drill where necessary, mesh to be furred out three-eighths (¾) inch instead of just covering the areas where the hollow sounding and loose stucco is encountered and where belt courses, etc., are to be formed as specified in the contract. For the furnishing and fastening of wire mesh in excess of what was specified in the contract the sum of three hundred seventy-eight (378) dollars will be added to your contract price.

Cover all areas where old stucco was removed with three new coats of stucco; the first two coats to be of 1-3 cement mortar with ten (10) pounds of hydrated lime per sack of cement, the two coats to be from one (1) inch to one and one half (1½) inches thick and the final or finished coat to be of California stucco; the color of the final coat to be as directed by the engineer and the texture to be a rough trowel coat finish, instead of patching up the areas where the cracked and hollow stucco was to be removed, with a 1-3 cement mortar coat and then one coat three-eighths (¾) to one-half (½) inch thick brown coat and then the finished coat of California stucco as called for in the contract. For the changes in the thickness, number and kinds of stucco coats, the sum of one thousand (1,000) dollars will be added to your contract price.

Additions: Removing and disposing of additional old stucco, \$400; furnishing and fastening additional wire mesh, \$378; for changes in the thickness, number and kinds of stucco coats, \$1,000; total additions, \$1,778. Contract price, \$10,140 (estimated); addition as per this order, \$1,778; contract as standing, \$11,918 (estimated).

EXTENSION OF CONTRACTS.

BOSTON TRAFFIC COMMISSION.

The Edison Electric Illuminating Company has been granted an extension of the contract for constructing underground conduit and supplying cables for service to automatic traffic signals at eleven (11) suburban intersections at a cost not to exceed \$16,800, from May 26 to July 26.

PARK DEPARTMENT.

Joseph P. McCabe, Incorporated, has been granted an extension of time until August 1 for the completion of the contract for surfacing, grading and extending flying field at Boston Airport, East Boston.

SUPPLY DEPARTMENT.

The Walthaw Corporation has been granted an extension of the completion date from June 1 to June 15 for furnishing twenty tons special castings to the High Pressure Fire Service.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam (penetration) Park street, Dorchester, from Washington street to the railroad, with department forces, without advertising, the estimated cost for labor and material being \$4,500.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam (penetration) Gordon street, Hyde Park, from River street to Child street, with department forces, without advertising, the estimated cost for labor and material being \$4,000.

FIRE DEPARTMENT ORDERS.

I. FIRE DEPARTMENT BAND.

The next meeting and rehearsal of the Fire Department Band will be held at the quarters of Engine Company 26 at 4 p. m., Monday, June 5, 1933. Members will report promptly at the hour mentioned and bring their instruments, music and music stands.

The band is to participate in a benefit concert to be held at the Boston Opera House on Sunday evening, June 4, 1933, the details of which have already been issued to the department.

II. REVEREND DENNIS J. LYNCH SCHOLARSHIP.

Notice has been received from the Reverend Principal of Boston College High School, Harrison avenue, Boston, Mass., that on Saturday, June 10, 1933, at 9 a. m., in the High School Building on James street, there will be a special examination for the Reverend Dennis J. Lynch Scholarship, founded by the members of the Boston Fire Department in memory of their late chaplain. Contestants should be eighth-grade boys.

This is an annual scholarship to be awarded to the son of any member of the Boston Fire Department who obtains the highest average in the annual competitive entrance examinations.

III. A. D. T. BOXES DISCONTINUED.

Notice has been received that the following signal numbers have been discontinued:

118, 119-127 Washington Street North.
446, 1605 Hyde Park avenue.
469, 10 Post Office square.
569, 1230 Columbia road.

IV. COMMENDATIONS.

Hoseman Bernard Turley of Engine Company 41 is hereby commended for extinguishing a fire in an automobile on May 31, 1933, before the apparatus arrived in response to Box 5186. Hoseman Turley was off duty at the time.

The following letter received by the commissioner from Reagan, Kipp Company, 162 Tremont street, is hereby published for the information of the department:

DEAR COMMISSIONER,—We wish to express our sincere thanks to your department for the splendid work they did at the fire in the basement of our store on Monday morning, May 29. Your men were most considerate, not a single article upset, not a pane of glass broken, and everything carefully covered. Will appreciate it very much if you will convey to the men our thanks.

Very truly yours,
REAGAN, KIPP COMPANY,
W. H. KIPP.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

WALTER M. McLEAN,
Acting Chief of Department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Grove park, Roxbury district, as a highway, northeasterly from Creston street, with the name of Creston park or some other distinctive name, bounded and described as follows:

A highway named Creston park is hereby laid out, northeasterly from

Creston street for a distance of approximately one hundred and forty-four feet and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to heirs or devisees of George W. Johnston, bounded:

Southwesterly by Grove park, ten and 66-100 feet; northwesterly by the same, twelve and 4-100 feet; northeasterly by land supposed to belong to heirs or devisees of William Phipps, ten and 86-100 feet; and southeasterly by other land supposed to belong to heirs or devisees of George W. Johnston, twelve and 4-100 feet, containing one hundred and thirty square feet, more or less.

Land, owners unknown, being the private way known as Grove park.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway as hereby laid out is bounded:

Southwesterly by Creston street, forty and 2-100 feet; northwesterly by the northwesterly line of said Creston park as hereby laid out, one hundred forty-four and 49-100 feet; northeasterly by the northeasterly line of said Creston park as hereby laid out, forty feet; and southeasterly by the southeasterly line of said Creston park as hereby laid out, one hundred forty-two and 92-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Creston park as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Creston Park, Roxbury, Assessment Plan, April 22, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, build-

ings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Martin street, bounded:

Southerly by La Grange street, thirteen and 4-100 feet; northwesterly by another part of Martin street, three hundred seventy and 44-100 feet; northeasterly by easement taken November 14, 1928, ten feet; and southeasterly by another part of Martin street, three hundred sixty-two and 7-100 feet, containing thirty-six hundred and sixty-two square feet, more or less.

The sewerage works to be constructed are as follows: 320 linear feet of 10-inch pipe sanitary sewer and 320 linear feet of 10-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly side of Martin street for a distance of approximately three hundred and sixty feet northeasterly from La Grange street, excluding the lot at the corner of La Grange street, and the abutting lots of land on the southeasterly side of Martin street, for a distance of approximately three hundred and fifty feet northeasterly from La Grange street, excluding the lot at the corner of La Grange street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1098, Sewerage Works, Martin Street, West Roxbury, April 29, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

TAX COLLECTIONS INCREASE.

Mayor Curley, on June 1, received the following communication from William M. McMorro, City Collector:

DEAR SIR,—I desire to report to you that at the close of business May 31, that of the total warrant amounting to \$67,598,242.65, \$12,402,454.48, or 18.349 per cent, remained outstanding.

It also might interest you to realize that during the month of May, 1932, the collections on the current warrant amounted to \$903,886.82 as against \$707,293.27 collected during the month of May a year ago. This shows an actual increase in collection for the month of May over the preceding year of \$196,593.55.

Very truly yours,
WILLIAM M. McMORROW,
City Collector.

TO REMOVE BUILDINGS.

The Mayor has approved the request of the Building Department for removal of structures as follows:

BOSTON, May 26, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Our inspector examined the building at 72 Reed street, Ward 8, and reported that the building is out of plumb and in an unsafe and dangerous condition.

The owner, Abraham Richman of 52 Waverly street, Roxbury, was notified of the condition of the building.

Nothing having been done to remove the cause of complaint, the case was referred to the Law Department for prosecution on April 24, 1933, and on May 17, 1933, it was dismissed by the court for want of prosecution because the property is now owned by the City of Boston under foreclosure of tax title.

On examination of the records in the assessors' office we find that the property is assessed for \$1,800—\$1,000 on the building, and \$800 on the land. The property was sold for taxes in 1928.

In accordance with the provisions of sections 4 and 5, chapter 550, Acts of 1907 as amended, I write to ask for your written approval to enter the premises and remove the building.

Very truly yours,

EDWARD W. ROEMER,
Building Commissioner.

BOSTON, May 26, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Our inspector examined the building at 74 Reed street, Ward 8, and reported that the building is out of plumb and is in an unsafe and dangerous condition.

The owner, Raji Rahbany of 39 High View avenue, West Roxbury, was notified of the condition of the building but has neglected to remove the cause of complaint.

According to the records in the assessors' office the property is assessed for \$1,600—\$1,000 on the building, and \$600 on the land. The property was sold for taxes in 1929.

In accordance with the provisions of sections 4 and 5, chapter 550, Acts of 1907 as amended, I write to ask for your written approval to enter the premises and remove the building.

Respectfully yours,

EDWARD W. ROEMER,
Building Commissioner.

BOSTON, May 26, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Our inspector examined the building at 76 Reed street, Ward 8, and reported that the building is out of plumb and in an unsafe condition.

The owner, Ethel Richman of 52 Waverly street, Roxbury, was notified of the condition of the building.

Nothing having been done to remove the cause of complaint the case was referred to the Law Department for prosecution on April 24, 1933, and on May 17, 1933, it was dismissed by the court for want of prosecution because the owner is insane.

According to the records in the assessors' office the property is assessed for \$1,600—\$1,000 on the building, and \$600 on the land. The property was sold for taxes in 1929.

In accordance with the provisions of sections 4 and 5, chapter 550, Acts of 1907 as amended, I write to ask for your written approval to enter the premises and remove the building.

Respectfully yours,

EDWARD W. ROEMER,
Building Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Pheasant street, bounded:

Southeasterly by Washington street, six feet; southwesterly by easement taken April 25, 1925, and August 10, 1926, five hundred and twenty feet; again southeasterly by easement taken August 20, 1926, two feet; again southwesterly by another part of Pheasant street, ninety-nine and 66-100 feet; northwesterly by land hereinafter described as taken from Karam and by land hereinafter described as taken from Campbell, eight feet; and northeasterly by another part of Pheasant street, six hundred nineteen and 89-100 feet, containing thirty-nine hundred and eighteen square feet, more or less.

Included in the above-described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the middle line of Pheasant street and the northeasterly and southwesterly lines of said taking; the owners of said portions, the number of the certificate of title and the book and page where the same are registered are as follows:

Ayoub Maloof, Cert. No. 28471, Book 138, page 71.
Mary Cullity, Cert. No. 30171, Book 146, page 171.
Jennie Thomas, Cert. No. 24746, Book 119, page 146.
Ayoub Maloof, Cert. No. 25642, Book 124, page 42.
Ayoub Maloof, Cert. No. 26885, Book 130, page 85.
Habeeb K. Handy, Cert. No. 22899, Book 110, page 99.
Kathleen A. Brando, Cert. No. 23270, Book 112, page 70.
Agostino Cataldo and Alessandra Cataldo, Cert. No. 20641, Book 99, page 41.
Ayoub Maloof, Cert. No. 16661, Book 79, page 61.

A parcel of land, supposed to belong to Mary G. Karam, bounded:

Southeasterly by land hereinbefore described as taken from owners unknown (Pheasant street), five and 98-100 feet; southwesterly by other land supposed to belong to said Karam, ten and 1-100 feet; northwesterly by the same, five and 59-100 feet; and northeasterly by land hereinafter described as taken from Campbell, ten feet, containing fifty-eight square feet, more or less.

A parcel of land, supposed to belong to Elizabeth Campbell, bounded:

Southwesterly by land hereinbefore described as taken from Karam, ten feet; northwesterly by other land supposed to belong to said Campbell, fifty feet; westerly by the same, two and 83-100 feet; again southwesterly by the same, one hundred twenty-three and 86-100 feet; again northwesterly by Partridge street, eight feet; northeasterly by land supposed to belong to Christina Campbell, one hundred thirty-five and 90-100 feet; and southeasterly by land supposed to belong to Maloof and by Pheasant street, sixty feet, containing sixteen hundred and nine square feet, more or less.

The sewerage works to be constructed are as follows: In Pheasant street, 652 linear feet of 10-inch pipe sanitary sewer and 297 linear feet of 12-inch, 15-inch and 18-inch pipe surface drain and in private land between Pheasant street and Partridge street, 193 linear feet of 10-inch pipe sanitary sewer and 193 linear feet of 12-inch and 15-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Pheasant street, excluding the lots at the corners of Washington street, and the abutting lots of land on the northwesterly side of Bobolink street for a distance of approximately eighty-three feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1096, Sewerage Works, Pheasant Street, Partridge Street, West Roxbury, March 31, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 1, 1924, as amended August 5, 1932, determining damages caused by the making of the public improvement consisting of the extension of Ashley street, be, and the same hereby is, amended, by adding to said order the amount \$100 as an award to Rosaria Vitale; that the amount \$100 be, and the same hereby is, awarded to Rosaria Vitale for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 27, 1931, as amended December 12, 1932, determining damages caused by the making of the public improvement consisting of the laying out and construction of Glenhaven road, be, and the same hereby is, amended, by adding to said order the amount \$25 as an award to Joseph A. Mitchell and Eileen P. Mitchell; that the amount \$25 be, and the same hereby is, awarded to Joseph A. Mitchell and Eileen P. Mitchell for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 15, 1931, as amended October 7, 1932, determining damages caused by the making of the public improvement consisting of the laying out and construction of Richview street, be, and the same hereby is, amended, by adding to said order the amount \$100 as an award to Dorothy A. Lynch; that the amount \$100 be, and the same hereby is, awarded to Dorothy A. Lynch for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 2, 1931, as amended September 20, 1932, determining damages caused by the making of the public improvement consisting of the extension of Montclair avenue, be, and the same hereby is, amended, by adding to said order the amount \$150 as an award to Patrick Manning, trustee; that the amount \$150 be, and the same hereby is, awarded to Patrick Manning, trustee, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 2, 1931, as amended October 28, 1932, determining damages caused by the making of the public improvement consisting of the laying out and construction of Gardena street, be, and the same hereby is, amended, by adding to said order the amount \$85 as an award to Helen M. Buckley and Mildred A. Jennesco; that the amount \$85 be, and the same hereby is, awarded to Helen M. Buckley and Mildred A. Jennesco for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 13, 1931, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Durnall (formerly Dudley) avenue, be, and the same hereby is, amended, by striking from said order the amount \$10 awarded to Catherine M. Demarkles in said order and inserting in place thereof the amount \$20; that the amount \$20 be, and the same hereby is, awarded to Catherine M. Demarkles for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 13, 1932, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Lorna road, be, and the same hereby is, amended, by striking from said order the amount \$150 awarded to Henry Klehm and Florence E. Klehm in said order and inserting in place thereof the amount \$560; that the amount \$560 be and the same hereby is, awarded to Henry Klehm and Florence E. Klehm for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of May 4, 1932, as amended January 19, 1933, determining damages caused by the making of the public improvement consisting of the laying out and construction of Chisholm road, be, and the same hereby is, amended, by adding to said order the amount \$61 as an award to John F. Kilroy and Edith F. Kilroy; that the amount \$61 be, and the same hereby is, awarded to John F. Kilroy and Edith F. Kilroy for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 11, 1932, determining damages caused by the making of the public improvement, consisting of the widening and relocation of Washington street, be, and the same hereby is, amended, by striking from said order the amount \$850 awarded to Asaph Churchill and John Talbot, trustees under will of Edmund J. Baker, in said order and inserting in place thereof the amount \$1,450; that the amount \$1,450 be, and the same hereby is, awarded to Asaph Churchill and John Talbot, trustees under will of Edmund J. Baker, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 23, 1931, as amended January 30, 1933, determining damages caused by the making of the public improvement consisting of the laying out and construction of Alicia road, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Margaret M. Farrell; that the amount \$40 be, and the same hereby is, awarded to Margaret M. Farrell for the damages so sustained.

TRAFFIC COMMISSION RULINGS.

Voted, That the following streets are one way in the direction designated, for a period of two (2) months, effective June 13, 1933:

RESTORATION OF DILLAWAY HOUSE.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1933.
To the City Council.

Gentlemen,—It is extremely desirable that immediate action be taken by your honorable body upon the order providing for an appropriation of \$10,000 for the completion of the historical Dillaway House in Roxbury. The legislative act made provision for the expenditure of \$25,000 for the restoration of this historical structure and your honorable body saw fit to make available but \$15,000 of the amount required.

For a period of more than four weeks work has been suspended because of the failure of the Council to provide the additional \$10,000 necessary for completion.

It is my earnest desire that the building be dedicated and opened to the public upon the fourth day of July and provided your honorable body will approve the order this day that is now pending before it, it should be possible to complete the work and add one more to the historical treasures for which Boston is world-famous.

Respectfully,

JAMES M. CURLEY, Mayor.

Referred to the Executive Committee.

CITY BUDGET FOR 1933.

The following was received:

City of Boston,
Office of the Mayor, May 22, 1933.
To the City Council.

Gentlemen,—In compliance with section 3 of the amended city charter, I submit herewith in segregated form, and in substitution for the lump sum recommendations submitted on January 26, 1933, my budget recommendations for the fiscal year 1933 covering three main appropriation divisions, namely:

City department allotments within the appropriation limit.

City Debt Requirements.

Revenue department requirements.

The appropriations recommended for the first two divisions will be included in the computation of the tax rate by the Board of Assessors, while the appropriations for the last division will be met from the income received by the several revenue departments of the city.

CHANGE IN BUDGET FORM.

The form of segregation under which the accompanying budget recommendations have been compiled represents a distinct departure from that followed in former years. This change has been made necessary because of the extraordinary conditions surrounding the preparation of this year's budget. The pay roll reductions put into effect on April 21 have so complicated the pay schedules of the city that it has been deemed expedient for this year, at least, to omit the detail formerly carried in Schedule A concerning the various offices and positions in city departments. The action of the Legislature in reducing the appropriation limit request of the city by \$750,000 has made necessary substantial reductions in departmental allowances for equipment, supplies, materials, and contractual service. By consolidating the various item allowances under these groups, it is felt that the resulting flexibility will afford department officials a better opportunity to absorb the reductions than if the highly segregated form of former years was retained. Another beneficial result of the change should be a marked reduction in the number of adjustments or transfers which have been necessary in former years because of the high degree of segregation followed in the preparation of the budget.

It is not contemplated that the change in the form of the budget will lessen in any degree the control over departmental expenditures which has been an important element in the financial policy of the city since the adoption of the segregated budget system in 1916. Departments will continue to segregate their expenditures under the regular budget classification of items, the records of the auditor's office will be maintained as in former years, and the Budget Commissioner will exercise a rigid check to see that in so far as is possible, the individual item allowances upon which the group appropriations are based are respected. In so far as departmental personnel is concerned, adequate supervision over rates and numbers will be exercised on the basis of the 1932 Schedule A by both the City Auditor and the Budget Commissioner.

CITY MAINTENANCE APPROPRIATIONS.

The allowances recommended for city departments within the appropriation limit total \$26,-

550,000. This total is exclusive of appropriations totaling \$7,850,000 which have already been authorized by your honorable body for the Public Welfare and Soldiers' Relief Departments. This latter amount when combined with the total of departmental allowances herein recommended still leaves the sum of \$2,350,000 available for appropriation within the appropriation limit fixed by the Legislature. In view of the possibility of the city receiving financial assistance from outside sources, I have deemed it expedient to postpone recommending until later on in the year the actual appropriation of this sum, and have therefore labeled it in the table of departmental allowances as "Reserved for Supplementary Appropriations."

The total of departmental allowances represents a reduction of \$5,016,318.81 from the estimates submitted by department officials, and is \$4,545,537.17 less than the total of similar appropriation recommendations submitted in 1932. The following table indicates by groups the distribution of this latter reduction:

TWO-YEAR GROUP SUMMARY OF APPROPRIATIONS.

GROUP.	1932.	1933.	Decrease.
Personal Service.....	\$21,124,651 64	\$18,292,599 65	\$2,832,051 99
Contractual Service.....	4,514,305 75	3,729,271 00	785,034 75
Equipment.....	1,064,818 20	697,430 10	367,388 10
Supplies.....	2,350,001 08	2,032,306 00	317,695 08
Materials.....	441,595 00	378,845 00	62,750 00
Special Items*.....	779,215 50	838,548 25	†59,332 75
Miscellaneous.....	108,150 00	56,000 00	50,150 00
Special Appropriations.....	714,800 00	525,000 00	189,800 00
	\$31,095,537 17	\$26,550,000 00	\$4,545,537 17

* Exclusive of Public Welfare and Soldiers' Relief items.

† Increase.

Acting in accordance with the provisions of chapter 121, of the Acts of 1933, an executive order providing for reductions ranging from 5 per cent to 15 per cent in the salaries and wages of municipal employees was issued under date of April 21. On a full year basis it is estimated that the announced schedule of reductions would effect pay roll savings in city departments of \$2,675,000. From the effective date of the executive order, it is estimated that actual savings to be realized during the balance of the current fiscal year will be approximately \$1,900,000. The balance of the reduction indicated in the Personal Service group has been secured in the main by allowing vacancies existing in the personnel of city departments to remain unfilled wherever possible, and by reducing pay roll appropriations of the larger departments in anticipation of savings which will result during the year through retirements, resignations, and other causes. In connection with Personal Service appropriations, I deem it necessary to mention the fact that during the first three and one-half months of the current year, city employees made voluntary pay roll contributions of approximately \$400,000 for the relief of unemployment. While this amount is included in the total shown as being appropriated for Personal Service, in a strict sense, because of the actual purpose for which it will be utilized, it should be shown under the heading of welfare disbursements. In other words, the actual appropriations which will be used for pay roll purposes by city departments during the current year are \$400,000 less than the total shown in the above table. A comparison with pay roll appropriations of former years indicates that the total actual pay roll appropriations in the current year's budget are the lowest to be made by the city since 1925.

In the Contractual Service group the reduction indicated may be attributed in the main to three factors—marked reductions in allowances for repairs to departmental equipment and property, lower street lighting costs, and a single contract charge for the disposal of waste as compared with a double charge in 1932. In the Equipment group city departments have been limited in their allowances to the bare necessities. No new fire apparatus will be purchased this year, the allowance for new automobiles in the Police Department has been sharply reduced, allowances for uniforms in the Police and Fire Departments, and wearing apparel in the hospitals and institutions of the city have been curtailed, and allotments for the purchase of furniture in all departments have been sharply decreased. In the Supplies and Materials groups, despite the very evident possibility of a marked up-turn in market prices, sharp reductions in departmental allotments have been made.

Following the announcement of the salary reduction schedule, a large number of employees who were eligible for pensions under existing statutes filed applications for retirement. These retirements have increased the number of pensioners on the noncontributory pension rolls of the city, and have made necessary an increase in the budget appropriations of the various departments

involved. This increase explains the upward movement in the Special Items group. In the Miscellaneous group a marked reduction has been made in investigational activities of the City Planning Board since it would appear that for the time being, at least, little if anything, is to be gained through the development of plans looking toward the future development of the city. In the Special Appropriations group, the discontinuance of activities at Rainsford Island, curtailment in Public Celebrations programs and in allotments for Conventions, and the elimination of allowances for Granolithic Sidewalks and Street Signs, represent some of the factors which have contributed to the savings in this group. The necessity for providing an increased allowance for Snow Removal has served to offset the total savings reflected in the group.

CITY DEBT REQUIREMENTS.

The appropriations recommended in this budget for Debt Requirements of the city during the current year cover payments which must be made during the course of the year to the Sinking Funds of the city, amounts necessary to meet serial loans which will become due, and interest obligations on the long-term debt of the city. Because of the uncertainty surrounding the interest rates which the city will have to pay during the year on temporary loans, no provision has been made for this item in the Debt Requirements herein submitted. Like last year, the actual determination of the appropriation required for temporary loan interest will be deferred until later on in the year. The total amount recommended in this budget for appropriation for Debt Requirements is \$9,233,944.25. This is an increase of \$113,174.48 over the total appropriations for interest requirements in 1932. A further increase will naturally result when the appropriation for temporary loan interest has been determined.

REVENUE DEPARTMENTS.

Appropriations for the Printing Department, Publication of the *City Record*, and for the Water Service, show a reduction of \$430,663.56 over the appropriations for last year. Reductions in salaries and wages of employees, together with sharp reductions in allowances for Equipment, Supplies, and Materials are the important contributing factors to this decrease.

CONCLUSION.

While I have no desire or intention of infringing upon the prerogative of your honorable body with reference to your study and review of the accompanying budget recommendations, nevertheless, I feel it incumbent upon me to point out that these recommendations reflect the most substantial reductions made in maintenance appropriations of city departments over a long period of years. It is highly questionable whether any further reductions can be made without seriously impairing the administration of the various services and activities of the city. While the nature and spirit of the

times call for a reduction in the tax burden now resting upon real estate, nevertheless, in seeking and securing such a reduction we must be careful not to injure or interfere with the vital services and activities of the municipality.

When the history of the period from which we are now emerging is written, no municipality will be able to point to a better record of services and accomplishment than our own city. The budget has been the medium through which the sinews and

tools used in the development of this record have been furnished. Let us assure the maintenance of this record during the current year by making certain that the 1933 budget provides the departments of the city with the funds which they must have if they are to function properly and efficiently.

I respectfully recommend adoption of the appropriation and tax orders submitted herewith.

Respectfully,

JAMES M. CURLEY, Mayor.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1933.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1933, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof and to meet the obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking fund, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Service, current expenses, and the payment to the state under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for City Record be met by the income of said publication and any excess over income from taxes; that the other appropriations hereinafter specified be raised by taxation to the amount of \$35,783,944.25 upon the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and county and all taxes assessed for meeting the city's proportion of the state tax for the year 1933, be due and payable on the fifteenth day of September, 1933; that interest shall be charged on all taxes remaining unpaid after the second day of October, 1933, in accordance with the provisions of chapter 59, section 57, of the General Laws, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the fifteenth day of September, 1933, until paid; and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Coun. ROBERTS—Mr. President, the Committee on Appropriations of the Council would like to announce that the earliest day, apparently, by which we can have the budget schedules put in shape for consideration will be Thursday of this week, when we propose to commence hearings on the budget at 10.30 a. m. We have already held and closed our hearings on the county budget. The committee wishes to have as many members as possible attend the hearings. We expect more interest this year than has been shown at times in the past, and we are going to invite the Chamber of Commerce, the Good Government Association, the Boston Finance Commission, the Boston Real Estate Exchange, the Massachusetts Real Estate Owners Associations, and the Municipal Research Bureau. We propose at that time to allow any representatives of these associations or any proper visitor to ask questions that may be pertinent, and we propose at the close of the hearings to hold a special hearing at which time any specific recommendations that it is desired to present may be heard.

The budget was referred to the Committee on Appropriations.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Jennie Cantalupo, for compensation for injuries caused by an alleged defect at 27 and 29 Cross street, Boston.

Geraldine Catanie, for compensation for injuries received on ferryboat.

Hyman Cohen, for refund on ash tickets.

Daniel Corcoran, for compensation for injuries caused by an alleged defect at 53 State street.

Sophie Doroszewicz, for compensation for damage to property at 18 Mt. Vernon street, Dorchester, caused by falling tree.

John J. Crowley, to be reimbursed for judgment issued against him on account of his acts as a police officer.

Joseph Ghella, for compensation for injuries caused by an alleged defect at Fellows and Northampton streets.

Morris Greenberg, for compensation for injuries caused by an alleged defect at Devonshire and State streets.

Wilbur H. Lundberg, for compensation for damage to car by city truck.

Katherine Mahoney, for compensation for injuries caused by an alleged defect at Cordis and Warren streets.

Massachusetts Hospital Life Insurance Company, for refund on refuse tickets.

Railway Express Agency, for compensation for damage to truck by city truck.

Stephen Sidoski, for compensation for damage to car caused by an alleged defect in High street.

Russell Steadman, for compensation for injuries caused by horse belonging to Police Department.

Thomas F. Tivenan, for reimbursement for execution issued against him on account of his actions as an employee of the Public Works Department.

J. J. Walsh, for compensation for collapse of water boiler at 32 East street, Dorchester, caused by shutting off water.

Florence M. Rice, for compensation for injuries caused by an alleged defect in Arlington street.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between Cleary square and Wolcott square, Hyde Park, over River street, West Glenwood avenue, New Allen street and Hyde Park avenue.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Gertrude Dolan DePetro, Repertory Theatre, June 15.

H. B. Simpson, Jordan Hall, June 7.

Marie Ryan, Recital Hall, May 29.

Lavinia A. Hogan, Repertory Theatre, June 5.

Phyllis Warden Eliot Hall, May 31.

REPORT OF FINANCE COMMISSION ON PRISONS.

The following was received:

City of Boston,

Finance Commission, May 22, 1933.

To the Honorable the Mayor and City Council.
Gentlemen,—The Finance Commission recently completed a survey of the operating methods of the Charles Street Jail under the administration of Sheriff John A. Keliher. During the progress of the survey the Finance Commission received the hearty cooperation of all the officials connected with the jail.

The Finance Commission makes herewith certain comments which are presented to your Honor and to your honorable body so that in your capacity as county commissioners you may make such necessary provisions in connection therewith as may seem to you proper.

In general the commission found the conditions good and wholesome. It was apparent, however, that the officials of the jail were functioning without many of those checks and practices which are now considered absolutely essential to the successful operation of a public institution.

The jail differs from the County House of Correction in that all committed to the jail have not been found guilty of criminal offenses. Approximately 70 per cent of the population at any time consists of persons awaiting trial, persons held on appeal or for the Grand Jury, or witnesses confined for safe-keeping. The number of inmates has varied very little from year to year. In 1929 the average daily population was 312, and the administrative cost was \$246,503.56. In 1932 the average daily population was 302 and the administrative cost was \$235,073.32. Of this 302, the number serving sentences after conviction was under 100. Approximately 50 of the 302 were women.

It was found that the purchasing methods employed are antiquated and are open to the possibility of abuse, though no abuse was found. Purchases are made over the telephone, without written order. Purchases are made without competition, and no effective use is made of the bulk purchasing power of the city Supply Department. As a result, the prices paid at the jail are higher than the prices paid by the city Supply Department.

For instance, in coal purchases the jail paid \$6 per ton for bituminous coal, while the city Supply Department paid \$4.78, and \$12 per ton for anthracite, when the city Supply Department paid only \$10.34.

The commission believes that money could be saved if the officials of the jail purchased meats, groceries, paints, varnishes, cleaners, hardware, fuel and other large items through the city Supply Department.

The quality of the food needs little comment. Because of inadequate ice-hox facilities, foodstuffs must necessarily be immediately consumed. Inspection for quality is not part of the ordinary routine. Meat found on hand which was tested by the Finance Commission proved to be choice or No. 1 grade, but canned goods were found to be of a decidedly lower grade than those furnished the city institutions through the city Supply Department.

The Finance Commission wishes also to point out a lack of proper records through which a sufficient check can be made of the administrative functioning of the jail, not only for purposes of examining the activities during a year then current, but also for historical purposes and for purposes of comparison. Except for an analysis according to the city budget classifications and a firm ledger kept in detail, there are very few records. Stock

records made in the storeroom are destroyed weekly. No annual inventory or periodical listing of supplies and equipment is made. As previously stated, there is no written order for purchases. There is no book upon which receipt of goods can be entered. Weight slips are destroyed. In general, the commission believes that a more thorough system of bookkeeping and analysis of expense should be installed, and that machinery for an adequate inspection of purchases should be set up.

In the following two instances the commission believes that the annual costs merit your consideration. The first is the cost of roofing repairs and of removal of snow from the roofs. This item for 1932 exceeded \$5,500, of which labor costs were \$3,800 and materials about \$1,700. For ten months last year the roof repairs averaged \$560 per month. These expenses were incurred without a contract and without competition. The second is the cost of the repairs to locks in the jail. Last year the expenditure was about \$3,900, and this expenditure is typical of the usual annual expense. Again the expenditures were made without contract or competition. The Finance Commission believes that work of the character of these two items should not be given out in the manner now in vogue. A comprehensive plan for the future and a careful attempt to obtain the best prices should be the subject of your consideration.

The officials of the jail have refrained from asking for funds with which to replace old equipment because they realized the necessity of postponing expenditures where possible. That such replacement will soon become necessary, especially in the matter of the laundry equipment and the kitchen equipment, both of which are old-fashioned and nearing the end of their usefulness, is apparent.

Plans must therefore be laid for such replacements in the near future. It should also be borne in mind that the wall which separates the jail yard from the Public Works Department yard on North Grove street will need attention in the next few years. This wall has been considerably damaged by the carelessness of the Public Works Department employees on their side.

The Finance Commission recommends to your Honor and to your honorable body that the matters hereinbefore detailed be given careful consideration in order that the changes in method necessary to place the jail, in the matters hereinbefore outlined, upon a more up-to-date and economical basis, be devised and put into effect.

Respectfully submitted,

THE FINANCE COMMISSION,

FRANK A. GOODWIN, Chairman.

JOSEPH A. SHEEHAN.

JOSEPH JOYCE DONAHUE.

CHARLES M. STOREY.

by ROBERT E. CUNNIFF, Secretary.

Referred to Committee on Inspection of Prisons:

SECRETARY OF BOSTON TRAFFIC COMMISSION.

Notice was received from the Boston Traffic Commission of election of Marie A. Maher as official secretary of the Board of the Boston Traffic Commission.

Placed on file.

MINORS' LICENSES.

Applications for minors' licenses were received from thirty-seven newshoys and three bootblacks. Licenses granted on usual conditions.

CONSTABLES' BONDS.

The constables' bonds of Samuel Coulter, Arthur Glass, Salvatore Grassa, Leon J. Greene, James Kaplan, Salvatore Maffei and Michael W. Ober, having been duly approved by the City Treasurer, were received and approved.

REPORT OF COMMITTEE ON FINANCE.

Coun. DOWD, for the Committee on Finance, submitted the following—

1. Report on message of Mayor and orders (referred April 10) that \$120,000 be appropriated to be expended by Trustees of Boston City Hospital for Kitchen Building, etc., and that \$40,000 be appropriated to be expended by Trustees of Boston City Hospital for Old Laundry Building, Remodeling, etc.,—that same ought not to pass, without prejudice.

The report was accepted, and the question came on the passage of the orders.

Coun. DOWD—Mr. President, I might say that the committee has not committed itself one way or the other for or against these loan orders. Together, they represent \$160,000. There is already available about \$345,000 for the hospital, and this will bring the total amount available to about half a million dollars. Bids were called for at one time, and ten contractors bid, the amount of the lowest bid being \$450,000. So they are now asking for additional money. The committee feel that, having in mind the time limit, we are desirous of having two more weeks to consider the matter.

Coun. RUBY—Mr. President, I dissented from the report of the Committee on Finance last

Friday, because I believed it was at this time unwise to hold up this appropriation of \$160,000 to help complete that important agency of the hospital work. The committee have given careful consideration of the matter, and I am in sympathy with the members who are opposed to the orders at the present time. Nevertheless, we have just spent millions of dollars in adding to the facilities for patients in the hospital, and, having in mind that we should give the patients and the staff at the hospital every possible accommodation, I believe it will be unwise to hold up orders so vitally affecting the work of the hospital. The members of the committee a few weeks ago, at the invitation of the Trustees of the Boston City Hospital, were asked to inspect the part of the building where these improvements are contemplated. With the chairman of the committee, we went through the Old Laundry Building, which it is intended to demolish and replace with a receiving room, and we also visited the kitchen, which is supposed to accommodate, as I understood, 3,000 men, women and children—patients and hospital officials, handling approximately 10,000 meals a day. I think I can safely state without contradiction that the present City Hospital kitchen, for the accommodation of the 3,000 people who are fed four meals a day, three regular meals and a meal for the night shift of the hospital, is smaller and less sanitary than is the kitchen of our Charles Street Jail, which accommodates a few over two hundred inmates. There is no reason, Mr. Chairman, why this appropriation should be held up. The work should be completed so that our hospitalization program may properly continue. They have \$345,000. They cannot commence work unless this additional sum is given to them. I have made an investigation and study of the situation, and have come to the conclusion that, even in times like these, it would be very unwise to hold up these loan orders. It is extremely important that the appropriations should be made so that the work of the hospital, which will be immediately ready to proceed in accordance with the recent plans, may continue. All the members of this body should have been present last Saturday morning at the hospital, to have inspected the building, and to see what is being done. It would have done your hearts good. If we are to stand foremost in hospitalization work, as compared with other cities of this country, it is our duty not to retard the promised progress; and I trust, therefore, that these loan orders will today receive their first reading and passage.

Coun. DOWD—Mr. President, I regret exceedingly that there is any controversy in so far as these loan orders are concerned, today. I feel that at this time the expenditure of half a million dollars means something to the citizens of Boston. I am not saying that the Hospital Trustees should not have this money for this work. I will agree that the kitchen is in such shape that we should have a new kitchen. But we are merely asking for more time, Mr. President and members of the Council. As long as the controversy has arisen, however, I want to state definitely why I am opposed to the passage of these orders at the present time or until such time as there may be an understanding either with the trustees or the Mayor. Mr. President, every scrubwoman in Boston, every city employee and every member of the Council, has taken a cut in salary. Now, on such matters as we are considering the trustees employ architects, and on this proposed job we find the same architects have completed millions and millions of work for the city. I say to you, gentlemen, before I will vote for these orders I am going to have it stated definitely, through the trustees, that the architects are going to take a cut. Is there any reason on this remodeling of the old laundry, a \$100,000 proposition, why the architects should get 10 per cent, or 10,000? And is there any reason on the \$400,000 estimated for the new kitchen, why the architects should get \$24,000? In other words, on these jobs it is proposed to pay \$34,000 to the architects. I say, if we are going to economize let us economize with everyone doing business for the City of Boston. I dare say there is not a man working for the architects on these jobs who has not been cut 20 to 35 per cent in his wages. I say to you, Mr. President and gentlemen of the Council, that we should have an understanding with the Mayor of Boston, with the trustees, with these architects, or with any architects on public buildings at the present time, so that they will take a cut of 20 per cent, and in that way we would here save the city \$7,000. There are other grounds for criticism up there, Mr. President. We have heard it said that there are certain individuals up there in the hospital who have quarters there and send their bills from there, and who control certain accommodations in certain wards for their patients, who may come from in or out of town. Some beds seem to be reserved for certain doctors. So I think before we give the trustees *carte blanche* to spend so many thousands of dollars, we ought to give this matter some consideration. I am not against a new kitchen. I believe they should have it. But I believe if we can save \$7,000 on the job we ought to do it. And so I now ask the Council to stand with the city on this matter, so that we may have a conference with the trustees and see if we cannot get the fees of the architects reduced 20 per cent. And that is something that should apply to other architects, also, and not these architects alone. We find that the lowest bidder here bid \$450,000. Now, is there any reason why we should give them \$50,000 extra to play with? Not only that, but,

as I say, there should be this saving on the architects' fees. I understand that the lowest bidder was Matthew Cummings, with a bid of \$450,000. I am in accord with the councilor from Dorchester (Coun. Ruby) in so far as treatment of the hospital is concerned. It is in my district. I have voted for the last seven years for every dollar that was needed for hospitalization work. But I am not at this time going to allow action to be taken, with my consent, that I feel is not in the interest of the people of Boston. I certainly think the architects' fees should be reduced, as I have suggested, and when I ask on behalf of the committee that there may be a reasonable delay that we may look farther into that matter, I think there should not be a murmur of protest from anybody here. I simply ask that we be given sufficient time, and we will make our report this week.

Coun. FISH—Mr. President, I agree with the councilor who has just spoken. All city employees have taken a cut of from 10 to 20 per cent, and I believe architects should take their cuts along with others. I am not opposed to the proposed new kitchen. I believe in it and would like to see it go through. But I believe the architects should take their cut; and I am going to introduce an order looking to a cut in architects' fees on city work.

Coun. ROBERTS—Mr. President, as a member of the Committee on Finance, I voted against it for another reason. We find, from the budget figures just submitted to us, that the financial condition of the city will not warrant the proper lighting of our streets this year, that every third light in the city is to be shut off. If that is the condition confronting us, I do not believe we can afford this year to do this new building, but that we should delay it for at least another year. I believe if there is any one thing we should have in this city for the protection of the citizens, it is proper street lighting.

Coun. RUBY—Mr. President, I hate to rise again on this proposition, but it seems to me, with all due respect to the chairman of the committee, that this is not a half million dollar appropriation, but an appropriation of \$160,000. I will agree with the chairman of the committee, for the sake of argument, that the architects ought to take a cut commensurate with the cuts that have been given to other city officials, as well as to this honorable body. But, Mr. President, cannot we readily imagine that a kitchen built some years ago is not now adequate, with the fast increasing population we have there? I don't care if every light in the City of Boston is shut off tonight, I say that the defeat of these orders represents unwise economy. I still insist that we owe a duty to the sick and unfortunate of Boston to properly take care of them; and we should all remember, Mr. President, that while there has been a depression throughout our city there has been no depression at the Boston City Hospital in the sense that there has been any decrease in the demands made upon it. Those demands in these times have increased. That is easy to understand when we realize that all the other hospitals of a private nature throughout the city are handicapped because patients cannot afford to go to them. The result is that our City Hospital is over-run with patients, and there are there today probably four hundred to five hundred patients more than the hospital should under ordinary conditions accommodate. Of course, people generally have been hit by the depression and are unable to go to the private hospitals where money is charged. It is rather unfortunate that the chairman of the Committee on Finance should upon this proposition use the argument that there are private doctors using the City Hospital for private gain. That is something which should not be injected into this proposition, but ought to be referred under an order to our Committee on Hospitals for investigation, if investigation is necessary. But it should not be used as an argument against the completion of an important function of the City Hospital. This \$160,000 is to help take care of the laundry and receiving room of the hospital, and also of the kitchen. Those are the only things involved here. I say, with all due respect to the councilor from Ward 4 (Coun. Roberts), that the kitchen is necessary, that it is vital to the health and welfare of the patients and the officials of the hospital. I think if we have any grievances as to some internal conditions at the hospital, those ought not to be used as an argument against the passage of these orders. That is another issue. The Committee on Finance had two or three meetings on this matter, and the trustees and architects have been in. These questions that have been raised here were not there raised. They are simply collateral issues. We have had these orders before us since the 13th of April. Is this matter of appropriating \$160,000 so important today when in the last few years we have spent \$5,000,000 on the hospital, in connection with which such collateral questions have never been raised? I believe we should pass these orders to their first reading today, because they cannot have a second reading until two weeks have elapsed. In the meantime the chairman of the Committee on Finance can, in his wisdom, call in the architects and trustees, and can interview the Mayor of this city. Then if we find things that need investigation we can refuse to give the orders a second reading two weeks from today.

Coun. DOWD—Mr. President, I hope no smoke screen will be thrown around the orders. The councilor is correct in saying that these orders provide only \$160,000, but don't let us forget the fact that the trustees have \$345,000 more at their dis-

posal for use at the City Hospital—which, I admit, cannot be used for anything else but hospital work. I think there are hardly any members of the committee, with the possible exception of one or two, who will really say that we do not need a new kitchen at the hospital. I agree that we need a new kitchen, but I also say that we have another duty to perform. If we can save money for the city by waiting another week or two, I believe it is the duty of the Council to do so. We have had several meetings on this important matter. They advertised for bids, and the lowest was \$450,000. They are now asking for \$160,000 more. It is a question whether or not the committee in its wisdom desires to give them the \$160,000 extra. Ordinarily, I would vote for these orders, but where I see a possible chance for an important saving to the city I think there should be some delay. Of course, it is not in the power of the committee to deal with the architects, but that is in the power of the Mayor and the trustees, and if we delay this matter for awhile and give them a chance to take it up with the architects, possibly they will do so, as I believe they should. There is a good chance here to save \$7,000, and \$7,000 is a lot of money in these days; and I say that that is a question that is directly involved in this proposed appropriation.

The question came on the passage of the orders, and the clerk called the roll. The order was declared rejected (fifteen affirmative votes being required for passage), yeas 14, nays 6:

Yeas—Coun. Barker, Brackman, Burke, Donovan, Englert, Fitzgerald, Gallagher, Green, Hein, Lynch, McGrath, Murray, Power, Ruby—14.

Nays—Coun. Curtis, Dowd, Fish, Kelly, Norton, Roberts—6.

Coun. RUBY—Mr. President, I move reconsideration and assignment to the next meeting.

Reconsideration prevailed, and the question came on assignment to the next meeting.

Coun. KELLY—Mr. President, I rise to a point of information. I understand, according to our calendar, that this order will be in effect after June 9, 1933. Will the Chair please rule on that point?

Coun. DOWD—Mr. President, I rise to a point of order. As the order now stands, it is rejected by this Council.

President McGRATH—The rejection has been reconsidered, Councilor Dowd.

Coun. DOWD—Mr. President, another point of order. I understand that June 9 is the final day when the order will go into effect without action on our part. Will the Chair advise me as to whether, if the Council adjourns for two weeks from today, the final day for action being June 9, what the status of the order will be at our next meeting?

President McGRATH—Unless the order is definitely rejected by the Council at this time, or unless definite action is taken by the Council before June 9, it will then go into effect.

Coun. KELLY—Mr. President, some time ago we had a happening of this very kind in the Council. As the law specifically says, as contained in the Boston city charter, that a loan order like this requires fifteen votes for passage, it seems to me that the object of the Legislature in giving us an opportunity to act upon these matters is defeated if this is allowed to lie on the table and go into effect immediately on June 9, without further action on our part. You will always have votes enough here for reconsideration and will always have votes enough to carry a motion to lay on the table. The result will be, if this sort of thing continues, that the Council will simply be a laughing stock in this city, allowing a \$500,000 proposition to go through without a vote of its members.

President McGRATH—The Chair would state that, in the event of the Council adjourning today for two weeks by reason of the holiday, we will meet again on the 5th of June, and that this order does not go into effect until the 9th of June. So there will be an opportunity for the Council to act between now and the time when the order would automatically go into effect.

Coun. RUBY—Mr. President, I don't want a mistaken impression to prevail here. I don't want to be a party to the defeat of this measure in the legislative branch, so far as the necessary two readings are concerned, and I don't want to be charged with unfair parliamentary procedure. I did not move to lay this matter on the table. I asked for reconsideration, and if the members of this body are of the same mind when we reconvene prior to June 9, they can express their disapproval of this \$160,000 proposed measure, and defeat it. I desire to have this measure given every possible bit of legislative opportunity for passage. I am not going to move to adjourn for two weeks. I am willing to come in next Monday. I simply wanted this measure reconsidered so that those members of the committee who have voted against it may be given an opportunity to study it further, availing themselves of the chance to go to the hospital, as we did, and look into the situation for themselves. It may then be possible, even in this time of depression, that some of the members who have voted "No" on the passage of the orders, may vote with the fourteen who have favored passage, so that action may be taken before June 9. I have only asked for reconsideration, and that does not in any way, manner or form, tend to defeat the orders under the sixty-day rule. We will have an opportunity, whether we adjourn to next week or for two weeks, to again express our opinion in the matter; and, of course, if there is more than a two-thirds vote for the orders before June 9, what difference does it make whether we have the two

readings before then or not? We will have had an opportunity to make an honest and fair inspection of the premises and form an opinion as to the urgent necessity of the passage of this loan order.

Coun. CURTIS—Mr. President, I would like to ask a question. If, when this matter is voted on two weeks from today, it fails to receive a two-thirds vote, is it not then true that a bare majority could again move and carry reconsideration and lay the matter on the table, thereby ensuring its final passage under the rule? I would like to ask the gentlemen, if it fails to receive a two-thirds vote, if they will again reconsider and place the matter on the table, letting it rest?

President McGRATH—The Chair would say that the matter can be reconsidered only once.

Coun. RUBY—Mr. President, I said in my opening remarks that I wanted the orders passed or rejected after fair consideration, and if it does not receive a two-thirds vote at the next meeting, I will not resort to any parliamentary tactics. I simply repeat that if the matter is assigned, it will properly come before the body again for final action before the sixty-day rule will go into effect.

Coun. DOWD—Mr. President, I don't desire to have anybody get me wrong, either, and I certainly have no illusions in regard to what is likely to happen. With the fourteen votes that have already been cast for these orders today, I realize that, with the reconsideration and assignment, between now and the next meeting there will be pulled on two of the other councilors, so that the necessary two-thirds vote for passage will be obtained.

The matter was assigned to the next meeting by a rising vote.

REDUCTION OF ARCHITECTS' FEES.

Coun. FISH offered the following:
Ordered, That his Honor the Mayor be requested to reduce architects' fees on new work from 6 per cent to 4 per cent, and on alteration work from 10 per cent to 6 per cent.

Coun. DOWD—Mr. President, I trust that every member of the Council heard the order just read, presented by Councilor Fish, that all architects' fees be cut. But remember this, Mr. President and members of the Council, that you have voted not to cut architects' fees if you vote to allow these architects to get their \$34,000, although you are now ostensibly voting in favor of the cutting of architects' fees.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. KELLY, for the Committee on Public Lands, submitted the following:

1. Report on message of Mayor and order (referred January 9), transferring land of Dorchester avenue together with buildings thereon, known as Convalescent Home, to custody of Park Department—that same ought not to pass, without prejudice.

Report accepted; order rejected.

BATHING FOUNTAINS FOR SMALL CHILDREN.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of recommending to the Trustees of the George Robert White Fund first: "That the present surplus of \$400,000 be held until a larger amount accumulates." If this is not satisfactory, and the \$400,000 must be spent, that the trustees consider the erection of fountains, at congested areas in the city, where small children could bathe during the summer months.

Coun. NORTON—Mr. President, I don't know of what use it will be, but I do want to again voice my objection to spending \$400,000 for the proposed scenic highway in the North End. I would prefer to see such work held up, or not even proposed, till we can see a little light through the present depression. When so much money is needed to feed our people, certainly projects of that sort should not be entertained. But if this money must be spent, why not consider the idea of fountains in parts of our city where the youngsters will be able to take a little swim on the hot days of summer? Every year, when the warm weather is with us, we see a number of young children unable to swim who are drowned, because they are looking for a chance to get into the water. It is a very unfortunate situation. So, if we must spend this money—although it seems like more or less of a crime to spend it at this time—I would at least ask for consideration of the idea embodied in this order.

The order was passed under suspension of the rule.

BUILDING STREETS BY WELFARE MEN.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston consider the advisability of having Welfare men build streets in Boston.

Coun. NORTON—Mr. President, we have 338 streets in Ward 18, unaccepted streets that should be built, to say nothing of the large number of such

streets in the other suburban wards. I understand that it does not require a technical man to build such streets, that it is wholly a matter of putting on the bituminous product, and that it can be done perfectly well by men getting welfare from the city. As I say, we have these 338 streets in Ward 18 alone, which are simply mud holes, lined with houses and property on which people have paid taxes for years. It would seem that, using this bituminous product, men from the Welfare Department could be put on those streets.

The order was passed under suspension of the rule.

REPORT ON NUMBER OF RESIDENTS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of requesting the Police Commissioner to thoroughly investigate and report on all hotels, lodging houses and residences reporting a large increase in the number of residents, residing at said address on April 1 of this year, as compared with the number reported as living at said address on April 1 of last year.

Coun. NORTON—Mr. President, all the figures tend to show that the population, in the in-town wards of Boston in particular, has fallen off in the last two-year, four-year and eight-year periods. The United States Government census figures for 1930 indicate that, and the preliminary figures for 1932 point the same way. It might be a good idea, in this mayoralty year, to ask the head of the Police Department to check up on these hotels and lodging houses, which, peculiarly enough, while many of the owners of them are unable to pay taxes and are losing money, show on the first of April a larger number of inmates than at other times in the year.

The order was passed under suspension of the rule.

PUBLIC LANDS ORDERS.

President McGRATH called up, under unfinished business, Nos. 4 and 5 on the calendar, viz.:

4. Ordered, That his Honor the Mayor be, and he hereby is, authorized, in the name and behalf of the city, to sell at public auction, at an upset price of four hundred (400) dollars, a parcel of land situated on the southwesterly side of Parker place, in that part of Boston called Roxbury, containing 7,468 square feet, more or less, and upon the payment of the selling price obtained at said auction to execute and return to the purchaser thereof a deed of the said premises in form satisfactory to the Law Department.

On May 8, 1933, the foregoing order was read once and passed, yeas 21, nays 0.

5. Whereas, The Commonwealth of Massachusetts, under the authority of section 2, chapter 371, Acts of the Commonwealth of Massachusetts for the year 1929, conveyed to the City of Boston two certain parcels of land, one of said parcels situate on the northerly side of Nashua street in said Boston and the other parcel situate on the southerly side of Nashua street; and

Whereas, By an indenture dated December 11, 1930, entered into by the Metropolitan District Commission of the Commonwealth of Massachusetts and the City of Boston, there was granted to the City of Boston for park purposes, for the term of ninety-nine years, a certain parcel of land and flats containing 17,615 square feet, more or less, adjacent to the parcel of land above mentioned as situated on the northerly side of said Nashua street; and

Whereas, The City of Boston is desirous of using and occupying additional land, containing approximately 32,260 square feet of land and flats adjacent to the parcel of land above mentioned as containing 17,615 square feet, for park purposes and also desires the right to slope the filling upon the land and flats of the Commonwealth adjacent to and east of the last mentioned parcel of land and flats; and

Whereas, The City of Boston, by virtue of owning the upland and the fee of said Nashua street, may have certain rights as a riparian owner over the flats owned by the Commonwealth of Massachusetts adjacent to and to the east of the parcel of land containing 32,260 square feet of land above mentioned; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized, in consideration of one dollar paid by the Commonwealth of Massachusetts, to grant to the said Commonwealth of Massachusetts by an instrument in writing, satisfactory to the Law Department of the City of Boston, all rights, if any, which the City of Boston acquired by a conveyance to it of two parcels of land situate on Nashua street in Boston described in a deed from said Commonwealth to the City of Boston, recorded with Suffolk Deeds, Book 5191, page 632, over the land and flats adjacent to and to the east of the parcel of land and flats containing 32,260 square feet as above set forth; and as a further consideration on condition that the said Commonwealth of Massachusetts grants to the City of Boston and its assigns a license to fill the said parcel of land above mentioned as containing 17,615 square feet of land to slope the said filling upon the land of the said Commonwealth adjacent to and easterly of the said parcel of land last mentioned above as containing 17,615 square feet of land, and also to fill the parcel of land granted to the City of Boston by the indenture between the

Metropolitan District Commission of the Commonwealth of Massachusetts and the Park Department of the City of Boston as above mentioned.

On May 8, 1933, the foregoing order was read once and passed, yeas 20, nays 0.

The orders were given their second and final reading and passage, yeas 20, nays 0.

MUNICIPAL COAL YARD.

Coun. MURRAY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability and feasibility of establishing a municipal coal yard for the purpose of selling fuel at cost to the poor of Boston.

Coun. MURRAY—Mr. President, this order requests his Honor the Mayor to consider the advisability and feasibility of establishing a municipal coal yard in Boston which can sell coal to the poor of the city. They are consuming hundreds of thousands of tons of coal in the year, and the claim is made that many of the coal people have been giving them short weight. By having a municipal coal yard we can save to the people of the City of Boston in the neighborhood of \$3 or \$4 a ton. I think it would be a wonderful thing to have such a yard to which the people of Boston could go and obtain coal at cost.

The order was passed under suspension of the rule.

SALE OF LAUNCH "JAMES J. MINOT."

Coun. BARKER offered the following:

Ordered, That the Institutions Commissioner be authorized, through his Honor the Mayor, to sell at public auction, at an upset price of \$500, the launch "James J. Minot."

Referred to the Committee on Public Lands.

MONEY FROM CONCESSIONNAIRES, SULLIVAN SQUARE PLAYGROUND.

Coun. GREEN offered the following:

Ordered, That his Honor the Mayor be requested to direct that all money received from the concessionnaires at the Sullivan Square Playground during the celebration of Bunker Hill Day be turned over to the Director of Public Celebrations to assist in defraying the expenses incident to the public celebrations of said holiday.

Passed under suspension of the rule

BOSTON COMMON BASEBALL FIELD.

Coun. FITZGERALD and Coun. CURTIS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to grade and resurface the baseball field on the Boston Common, and to remove the rocks and large stones therefrom.

Passed under suspension of the rule.

SAFETY ISLAND, KILBY AND MILK STREETS.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to place a safety island in Kilby street, at its junction with Milk street.

Passed under suspension of the rule.

SHOWER BATHS, BOYS' GYMNASIUM, CHARLESBANK.

Coun. FITZGERALD offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to place the shower baths in the boys' gymnasium on the Charlesbank in proper condition for use, and to have the hot water for said shower baths furnished during June, July and August.

Passed under suspension of the rule.

RESURFACING STANFORD STREET, WARD 3.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Stanford street, Ward 3, from Green street to Cambridge street.

Passed under suspension of the rule.

ALLEN AND BLOSSOM STREETS, WARD 3.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the surfaces of Allen street and Blossom street, Ward 3.

Passed under suspension of the rule.

DOVER STREET BATHS.

Coun. FITZGERALD offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to keep open the Dover Street Baths during June, July and August.

Passed under suspension of the rule.

RESTORATION OF SALARIES OF FIREMEN AND POLICEMEN.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of restoring the amounts recently cut from the salaries of the Fire and Police Departments.

Coun. DOWD—Mr. President, I have introduced this order asking the Mayor to restore the cut in the Police and Fire Departments simply because of the great amount of interest in this matter on the part of the public of Boston. I know of no individual in Boston who favors the cutting of the salaries of our police and firemen. The Budget Commissioner has advised us that it means a saving of approximately \$400,000 a year. I made the statement here on the floor of the Council a short time ago to the effect that cuts of this sort would demoralize both the Fire and Police Departments, and we have seen over this past week-end what has happened in the way of breaks in the City of Boston, which have been attributed in certain cases to some of our police. I say that these men, who are already underpaid, should not have been cut in the way they have been; and I say to the Mayor that the \$400,000 which it is claimed has been saved in the budget by these cuts could easily be made up by reducing the pay of employees getting \$6,000 a year and over.

Coun. BRACKMAN—Mr. President, I am very glad that the councilor has introduced that order, because I am in entire accord with the sentiments he has expressed. The salaries of the police officers in particular today are less than the wages laborers are receiving, if they do receive what the City of Boston requires under contracts the city has made. Laborers are supposed to receive about \$5 a day, while today police officers in the City of Boston are receiving \$26 a week, unless they have received their maximum pay—and the great percentage of them have not received their maximum. Not only is this sort of thing demoralizing, but these men are having extreme difficulty in trying to fulfill their financial obligations to their families. Certainly, if they are not put back on the salaries that they are scheduled to receive, his Honor the Mayor should at least put into effect the step increases again.

Coun. KELLY—Mr. President, I want to rise at this time to voice my sentiments in favor of the orders offered by the councilor from Roxbury. Over the week-end we have seen a peculiar thing happen in the Police Department. We have seen two police officers accused of stealing \$70 to \$80 worth of tires. The police have not only for two or three years been refused their step-rate increase, but they have now been forced to take a 15 per cent cut. Certainly, it is false economy when it is the cause of subjecting the police officers to these temptations. I think, also, that perhaps the public do not know that the patrolmen of Boston are 178 under the regular quota. Altogether, it is hardly to be wondered at that some of the police are amenable to the temptation of stealing something on their route in their attempt to make both ends meet. I say that the public of Boston are entitled to decent protection, to at least the same amount of protection that is afforded in outlying cities and towns. We know that many of the small towns and cities of the Commonwealth pay their patrolmen a maximum of \$2,200, and many of them attain the maximum in a period of three years. Boston starts them at \$1,600 a year, and then for the consecutive years has been supposed to give them step-rate increases of \$100 a year, until they reach a maximum of \$2,100. I say that these cuts break the morale of the Boston Police Department, and I say, after conversation with a number of members of the department, that I think the Mayor of Boston should give back the amount that has been taken from the men in those departments. They protect our life and property when we sleep, and we should at least subject them to as little temptation as possible. We should treat them fairly. It can hardly be wondered at that the average officer, receiving but \$26 a week, with all the demands that are made upon him in his family, should succumb to the temptation to steal something when the opportunity presents itself. So I think his Honor the Mayor should take cognizance of this matter and restore to these men the amount that has been taken from them in these cuts—and I also think that the salary of every other city employee could be maintained by cutting out graft and corruption in the city instead of cutting salaries.

Coun. BURKE—Mr. President, about three weeks ago I put in a similar order, which was unanimously passed by this body, and set forth my reasons for increasing the wages of the policemen and firemen of Boston. Do you realize, Mr. President and gentlemen, that these men who have not been getting their step-rate increases are receiving but 29 cents an hour and that the old firemen, after money has been deducted for their pensions, receive but 32 cents an hour? And in the Police Department they receive for salaries

less than \$3.80 a day. It stands to reason that no man with the responsibilities of those jobs should be called upon to work for such a low rate of wage. I think, unless something is done, the result will be the demoralization of both departments. I think the Police Department will not function to any extent at all unless the Mayor makes arrangements to give step increases and to give back to men the money taken away from them, both in the Police and Fire Departments. If something is not done along this line, the departments will be of no use to the city at all. I, as one member of the Council, was not in favor of pay cuts at all, and I had the courage to get up and say so. I certainly believe they should not have been put into effect to the extent that they have been, but that the firemen and policemen, as well as laborers, should be given a proper wage.

The order was passed under suspension of the rule.

LABORERS' WAGES IN CONTRACTS WITH CITY.

Coun. DOWD offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to stipulate in all future contracts for city work that a wage of fifty-five cents an hour shall be paid laborers employed on such work.

Coun. DOWD—Mr. President, I have introduced this order—I know with a waste of paper and time on the typewriter—because of the fact that on Gertrude street, in Ward 8, a contractor has been paying men at the rate of 25 cents an hour. After I heard of that I went to the job the next morning with one of my constituents, and the foreman, not knowing me, put the man at work at 25 cents an hour. Now, there is no reason why the Commissioner of Public Works, instead of putting into the contract the phrase "the prevailing rate of wages" should not state a definite sum, because after all it is pretty hard for the Corporation Counsel or anybody else to find out or define what the prevailing rate of wages is. Personally, I would suppose that the prevailing rate of wages, as I would interpret it, would be the rate of wages received by our own laborers. But unless some definite provision is made these men who get the contracts will not pay their men a fair day's wage. Can you imagine any individual working for these contractors being obliged to put in eight hours for \$2 a day? I say to you, Mr. President, and I say to the Public Works Commissioner, that Mr. DeMatteo and other contractors should be called in and told to pay the men 55 cents an hour. I have simply instanced the situation in connection with one of these contracts. But if such action as is proposed in this order is taken it will stop this slavery among our laborers.

The order was passed under suspension of the rule.

HOT SHOWER BATHS ON PLAYGROUNDS.

Coun. DOWD offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to continue the hot shower baths on the various playgrounds throughout the coming summer season.

Passed under suspension of the rule.

INVESTIGATION OF COLLECTION AGENCIES.

Coun. BRACKMAN offered the following:
Ordered, That his Honor the Mayor be requested to petition for legislation for the investigation of collection agencies so called.

Coun. BRACKMAN—Mr. President, it has come to my attention that in the past year or two there have arisen many collection agencies in Boston to which quite a bit of suspicion has been attached, and that there have actually been a great many cases where people have been mulcted by these agencies. They have turned over to them accounts to collect, and the agencies have taken from these people more than the actual accounts called for in the way of expenses and costs. There have been several instances where proprietors of these so-called collection agencies have gone to jail because of some of their malpractices. These agencies are licensed by the State of Massachusetts, and I believe there has been sufficient suspicion to warrant an investigation by the Legislature into them, to see whether or not they are violating their licenses and are liable on their bonds.

Coun. MURRAY—Mr. President, might I say that it has been brought to the attention of the Committee on Constables that this sort of thing has been going on, and some of the names of constables have been turned down by the committee because we found that they were improperly using their authority in working for these collecting agencies.

The order was passed under suspension of the rule.

SIDEWALK ON COPELAND STREET, WARD 12.

Coun. BRACKMAN offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Copeland street,

full length, one side, Ward 12, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

REPAVING OF WARD 10 STREETS.

Coun. POWER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Walden street, Ward 10, with smooth paving.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave Bynner street, Ward 10, with smooth paving.

Severally passed under suspension of the rule.

IMPROVEMENTS AT MOZART PLAYGROUND.

Coun. POWER offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect gates and benches at the Mozart Playground.

Passed under suspension of the rule.

DRINKING FOUNTAINS, PARKER HILL PLAYGROUND.

Coun. POWER offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install drinking fountains at the Parker Hill Playground.

Passed under suspension of the rule.

COMMISSION TO STUDY POSSIBLE PUBLIC IMPROVEMENTS.

Coun. CURTIS offered the following:

Ordered, That his Honor the Mayor be requested to appoint a commission to include officials and persons representing the public, to make studies and plans for useful public improvements for the City of Boston and for the best possible utilization of funds that may become available under the Industrial Recovery Acts for that purpose; such plans to include a long-term program for such improvements, and giving particular attention to works which will provide the maximum amount of employment.

Coun. CURTIS—Mr. President, this order seeks the appointment of a special commission by his Honor the Mayor to investigate the subject of long-term planning for capital expenditures and public improvement in the City of Boston. I believe some such program is of special importance at this time, in view of the fact that the Federal Government is going to make available to the cities and states of this country large sums of money for public improvements, under the Industrial Recovery Act. The President in his message to Congress not long ago said concerning the act:

"A careful survey convinces me that approximately \$3,300,000,000 can be invested in useful and necessary public construction, and at the same time put the largest possible number of people to work. Provision should be made to permit states, counties and municipalities to undertake useful public works, subject, however, to the most effective possible means of eliminating favoritism and wasteful expenditures on unwarranted and uneconomical projects."

Mr. President, this is something new in Federal Government. In the other appropriations to be used for helping out in public welfare, the Federal Government deals only with the states, and the money is to be allocated by the states. It is understood, however, that in this case it is going to be possible for counties and municipalities to secure money from the Federal Government which will enable them to put men at work on municipal public improvements. The City of Boston will undoubtedly be in a better position to take full advantage of this program and get everything it is entitled to get if at the earliest moment it provides a well-thought-out program of public improvements for which this money can be used. If the money were to be merely loaned, there would be some question as to whether it should be availed of, but where it is to be an outright grant there would seem to be not much question about it. It is not for this body to decide whether this sort of grant by the Federal Government, to be met in large part through taxation of the Eastern States, is or is not advantageous to this Commonwealth. That is a question for others to pass upon. But if this money is to become available, it is certainly the part of wisdom for us to make plans right away for the best possible utilization of it. It seems to me that the matter is of sufficient importance so that a commission of experts should be appointed right away who will sit down and make far-sighted plans for comprehensive developments. I think there is now an unexcelled opportunity afforded to get through some projects for which there has been a crying need for a long time. There is nothing new

in this suggestion. Mr. Frederic H. Fay, the chairman of the City Planning Board, said some time ago:

"Two needs are outstanding in the administration of the average American city today,—first, a comprehensive plan to guide its physical growth and development; and, second, a long-term program of capital expenditures based upon such a comprehensive plan."

And in an article written by a student of city government it was said:

"We suggest that the best way in which to insure the wisest possible use of the city's money is to prepare and carry out a long-term financial program for public improvements. There is nothing new in this suggestion. It means simply the application of sound budgeting principles to capital outlays. It means looking ahead for a longer period, such as five or ten or twenty years, rather than for only a year at a time. It means a definite orderly development of the city according to a plan and with proper regard for the ability to pay."

I believe our difficulty in voting these moneys for the construction desired at the City Hospital furnishes an example of the importance of such a plan as this. At meeting after meeting we have presented to us unrelated plans contemplating large expenditures, of which it is impossible for the members of this Council or others who must pass upon such plans to have any comprehensive view. If we vote \$1,000,000 for hospital buildings today, we don't know whether three weeks or six months from now we will have another request presented for \$50,000 or \$100,000 more for the necessary equipment for the building. So, while this is something that has been needed for a long time, it seems to me that now the need is so crying that we should bestir ourselves and prepare a plan for the best possible use of the money that may be available. We already have a thoroughfare plan. And, in my opinion, the present traffic congestion in Boston is a serious matter. The loss occasioned by the delay of vehicles and the blocking of traffic in our streets, the waste of time and the waste of money, is appalling. Then, there are our unaccepted streets in certain parts of the city, with the sewer construction that is necessary. That represents a type of work and development on which a large part of the expenditure would be for labor. Therefore, I urge the passage of this order under suspension of the rule, and I hope that his Honor the Mayor will pick out the most able and far-sighted men he can command to sit down and figure out the best use that can be made of any fund available, so that we can put the maximum number of men at work in carrying out such plans for the development of this city.

The order was passed under suspension of the rule.

INDORSEMENT OF HOUSE BILL 1051.

Coun. FITZGERALD offered the following:

Ordered, That the Boston City Council favor the passage of House Bill 1051 known as the Housing Bill.

Coun. FITZGERALD—Mr. President, it seems very fitting that this order should now be introduced following Councilor Curtis' order with relation to city planning, and I have, accordingly, introduced an order favoring the passage of the Housing Bill that was introduced in this session of the Legislature and is now awaiting action in the Senate. The city of New York has obtained \$8,000,000 to revamp the old housing conditions in the city of New York. Boston now has an opportunity to get this money, that has been referred to by our colleagues as coming from the Federal Government, and to renovate some of the old parts of the city—places that may be found in South Boston and the South End, in parts of the West End and the North End, and in Roxbury, where property has become old and dilapidated. There are many such places that should be put in proper condition, and it seems that the money is now available. But Massachusetts cannot receive her share and the City of Boston particularly cannot obtain what it should unless the Legislature passes this Housing Bill. The bill carries an appropriation. It is now on the table in the Senate. When Councilor Curtis introduced his order a few minutes ago, the thought occurred to me that the action proposed in this Housing Bill, which is now in the Senate, was along the same line. I certainly trust that we will be able to obtain some of the money that has been referred to from the United States government.

Coun. NORTON—Mr. President, I think the suggestion about eliminating slum conditions is one of the best that we can consider. We have never been able to obtain money on such conditions as it seems we are now going to be able to obtain it. Plans for the betterment of housing conditions have previously been carried out, but they have turned out to be more for the benefit of the medium class people and not for the poorer ones. It now appears, however, that something can be done for the poor people in our community along this line. The Federal Reconstruction Finance Corporation is spending close to \$500,000,000, and the \$3,500,000,000 bill is now being considered. As long as this money is being handed about, Massachusetts might as well take it. We will have to pay the bill, anyway. We have up to the present time had a great deal of pride in the fact that Massachusetts paid its bills and took care of itself, not resorting to loans. But that time has passed. So far

as appropriations made by the Federal Government for the benefit of the individual states are concerned, as a matter of fact, Massachusetts pays \$22 for every dollar it gets back; while Idaho, for every dollar it receives, pay 25 cents. Certainly, when these amounts are being distributed all over the country, and when Massachusetts has to bear such a large share of the bill, we should get something back for what we pay out. Boston is the seventh industrial city of America, and in one of the large industrial sections of the country. Taking the over three thousand counties in America, three hundred and forty-two of them, including our own, pay the principal proportion of the taxation imposed by the United States government. So I am heartily in favor of spending this public money for the elimination of slum housing.

The order was referred to the Executive Committee.

CONFIRMATION OF CONSTABLES.

Coun. HEIN, for the Committee on Constables, reported recommending confirmation of the following appointments of constables by the Mayor under date of May 8, 1933, as contained in No. 2 on the calendar:

Frank F. Lane, Charles C. Krubbs, William A. Glynn, Lawrence F. McEachern and Richard Hegarty. Also appointments by the Mayor as Constables under date of May 15, 1933, as contained in No. 3 in the calendar, as follows:

Chester A. Bailey, Francis L. Hannigan and Louis Levine.

The question came on confirmation. Committee, Coun. Hein and Fitzgerald. Whole number of ballots 16, yeas 16, and the appointments were confirmed.

SOLDIERS' RELIEF.

Coun. NORTON, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for month of May, 1933.

Report accepted; said order passed under suspension of the rule.

ARC LIGHT, WARD 7.

Coun. LYNCH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of Mercer and Telegraph streets, Ward 7.

Passed under suspension of the rule.

ANNUITIES TO CHILDREN OF FRANKLIN B. DREYER.

Coun. KELLY offered the following:

Ordered, That, under the provisions of chapter 241 of the Acts of 1930, there be allowed and paid to Gertrude Dreyer Supple, as guardian of the minor children of Franklin B. Dreyer, a member of the Police Department who was killed in the performance of his duty on April 24, 1930, annuities for the benefit of each of said minor children so long as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, as follows:

Marion B. Dreyer, born January 3, 1926, \$260 per annum;

Franklin B. Dreyer, born September 19, 1928, \$260 per annum;

Paul L. Dreyer, born February 27, 1930, \$260 per annum;

said payments to begin with February 1, 1933, and to be charged to the appropriation for Police Department, Pensions and Annuities.

Ordered, That the order passed by the City Council May 5, 1930, and approved by the Mayor May 6, 1930, for the payment of annuities to the widow and children of Franklin B. Dreyer be, and hereby is, rescinded.

Passed under suspension of the rule.

DESECRATION OF VETERANS' GRAVES.

Coun. DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to take immediate steps to prevent the desecration of veterans' graves in all the cemeteries under their jurisdiction in the City of Boston.

Passed under suspension of the rule.

RECESS.

The Council voted at 3.38 p. m., on motion of Coun. ROBERTS, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President McGRATH at 4.15 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today).

For children under fifteen years of age to appear at places of public amusement, viz.:

Gertrude Dolan DePetro, Repertory Theatre, June 15; H. B. Simpson, Jordan Hall, June 7; Marie Ryan, Recital Hall, May 29; Lavinia A. Hogan, Repertory Theatre, June 5; Phyllis Warden, Eliot Hall, May 31,—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on order (referred today) that Council favors the passage of House Bill 1051 known as the Housing Bill—that same ought to pass.

Report accepted; said order passed.

3. Report on communication and order from his Honor the Mayor (referred May 8) calling for the appropriation of \$14,000, to be expended by the Municipal Employment Bureau,—recommending passage of the accompanying new draft, viz.:

Ordered, That the sum of \$5,000 be, and the same hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direction of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund, when made.

Coun. DOWD—Mr. President, the original order introduced for the Employment Bureau called for \$15,000. It has been the habit of the Council in the last few years on every appropriation coming here for that department, to cut it down one-third or two-thirds. This time the Council saw fit to cut it down to \$5,000, which means that when this \$5,000 is expended they would again come in and make another request. Now, I am going to be consistent. I cannot allow myself to vote to have this organization continue, under the circumstances. We as councilors have consistently voted that any married woman whose husband is in a position to support her should be discharged from a position in this city. We have consistently voted in that way, and the Mayor has replied, "I cannot discharge them, because they are governed by Civil Service." But here is a case of a political appointee, as has been admitted by the director of the Municipal Employment Bureau, in that department, a woman whose husband is in the Fire Department. At a time when 33,000 families are on public welfare, we find such individuals on the pay rolls of the City of Boston. If the members of the Council are going to be consistent with the votes they have already taken, they cannot allow this appropriation to go through. I know as well as anybody that the appropriation is going to pass, of course. When the director was before us and I asked him how many jobs he had procured during his term of office, he gave the astounding reply, "16,000." Is there anybody who can believe the veracity of that statement, when he states to us that he has placed 16,000 people at work? I asked the Executive Committee to send out questionnaires to 100 persons in each ward, to see what the answer would be. If the truth were known, during the entire existence of the Municipal Employment Bureau I doubt if he has placed 1,600 people at work. I will admit and I know that 70 per cent of those working down there are efficient and are trying to do their best, but the other 30 per cent practically insult anybody who walks in there looking for a position. Do you think it is fair, Mr. President and members of the Council, for an applicant to be sent to Watertown, Malden, Melrose, on a wild goose chase? In many cases when they go to such places they find that there are no jobs there. I say to you, Mr. President, and to the members of the Council who have been constantly crying "Economy," if you want to cut down expenses now is the opportunity for you to do it, right here. They are spending \$35,000 a year, and the director admitted that they were all political appointments! I don't know how many of you gentlemen have been successful in procuring jobs for your constituents, but I do know what Mr. Manning, the chairman of the Trustees, and Doctor Dowling, the Superintendent of the City Hospital, say—that they would rather have their own employment agency at the City Hospital, so as to obtain the type of men and women they need to get to work there. Of course, I realize, after taking the position I am against the appropriation, that no constituent of mine can procure employment there; but that does not bother me, because as a matter of fact nobody can secure employment from that office, and you, Mr. President and members of the Council, realize it as well as I do. Eighty per cent of the persons who have been at work through that Bureau have been put at work at the City Hospital, and the other 20 per cent have been placed with contractors and everybody else doing city business. I have said time and time again that I would vote for an appropriation for this department if they would eliminate certain individuals, and I know that some of you gentlemen, if you are sincere, will feel the same way. But I cannot vote for an appropriation for a department that employs, for example, a man from Milton, so registered in the telephone book, while thousands and thousands of Boston boys and girls are walking the streets. I say that that is nothing but a political office and should be wiped out. If it is not wiped out in this administration, I hope there will be one individual among the fifteen or twenty candidates for Mayor who will have the courage when he gets into office

to wipe it out. If we are to put ourselves on a business basis, we must stop the sort of thing that goes on there. When the city is cutting out hot water from the baths, when it is reducing its expenditures in connection with the beaches in the summer months, when it is cutting out arc lights to the tune of many thousands of dollars, why should it allow this organization to be carried on by that fakir, who four years ago could not get a job for himself and who comes up here every time he wants an appropriation and gives us the same old story, and we fall for it? So, as I say, I cannot allow myself to vote for this under the conditions that now exist in this city. I will take it upon myself to send out 500 inquiries to those who he says he has placed at work, and I am willing to gamble right now that there will not be seventy-five who will truthfully say that they have been put at work by the Employment Bureau.

Coun. FISH—Mr. President, I cannot see my way to voting for this order, either. The gentleman from Ward 8 (Coun. Dowd) has referred to the headquarters as a fakir's headquarters. I would refer to them as a clubhouse where they have been playing cards and nigger pool every day I have been over there. I cannot see myself voting for such an outfit, where they employ married women with husbands capable of supporting them, and where they employ a man who does not live in Boston but in Milton.

The order failed of passage on roll call (fifteen votes being required for passage), yeas 13, nays 5:

Yeas—Coun. Brackman, Curtis, Donovan, Englert, Gallagher, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—13.

Nays—Coun. Burke, Dowd, Fish, Kelly, Norton—5.

Coun. BURKE—Mr. President, having voted against the order, let me say that I have done so because there is a married woman employed there whose husband is working and who is capable of supporting her. I shall not vote another penny for that department until that condition is corrected.

WARD 17 IMPROVEMENTS.

Coun. BURKE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the following streets in Ward 17:

Nevada street, Druid street, Emerson avenue, Pleasant Hill avenue.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement the following streets in Ward 17:

Richmond street, School street, Stockton street.

Ordered, That the Commissioner of Public Works make a sidewalk along Richmond street, both sides, Adams street to Dorchester avenue, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

FIVE-DAY WEEK ON BOSTON ELEVATED.

Coun. BURKE offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to make arrangements for a five-day week so that it will be unnecessary to discharge uniformed men.

Coun. BURKE—Mr. President, in regard to that order I simply wish to say that there is a movement on foot at the present time to discharge between two hundred and three hundred conductors and motormen. It seems to me the Boston Elevated Trustees have it in their power to avoid that, and that in dropping these men they are simply forcing them on public welfare.

The order was referred to the Committee on Rules.

Adjourned at 4.28 p. m., on motion of Coun. HEIN, to meet on Monday, June 5, 1933, at 2 p. m.

POLICE DEPARTMENT ORDERS.

General Order No. 217.

The resignation of Patrolman James J. McGowan of Division 4, having been presented while charges are pending against him, it is hereby accepted, to take effect as of Thursday, June 1, 1933, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

PROCEEDINGS OF SCHOOL COMMITTEE.

May 15, 1933.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, Boston, at 8.46 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

USE OF LAND IN JAMAICA PLAIN FOR SCHOOL GARDEN PURPOSES

A permit was received from William P. Long, Chairman, Board of Park Commissioners, under date of May 11, 1933, for the use of the vacant lot between No. 52 and No. 68 Paul Gore Street, Jamaica Plain, for school garden purposes, as has been allowed in previous years.

Placed on file.

DEATHS

The Superintendent reported the death of the following-named head master emeritus:

Dorchester High School for Girls—James E. Thomas, May 11, 1933.

Placed on file.

The Superintendent reported the death of the following-named teacher, who had been retired on pension:

John Marshall District—Feroline W. Fox, Apr. 16, 1933.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Robert Gould Shaw District—Mabel I. Cormack, assistant, elementary, Apr. 13, 1933.

John A. Andrew District—Lillian C. Chartoff, assistant, elementary, May 12, 1933.

Accepted.

APPOINTMENTS AND TRANSFER

The following appointments and transfer by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

FROM THE ELIGIBLE LIST

(To fill vacancy caused by death)

Thomas N. Hart District—Catherine M. Hanley, assistant, intermediate, (from assistant, elementary, Minot District), June 1, 1933.

(To fill vacancies caused by resignations)

John A. Andrew District—Elizabeth A. McMurtry, assistant, elementary June 1, 1933.

John Winthrop District—Mary G. Crofwell, assistant, elementary, June 1, 1933.

Robert Gould Shaw District—Regina K. Curley, assistant, elementary, June 1, 1933.

Laid over.

(RE-ENTRY INTO SERVICE)

(To fill vacancy caused by increase in numbers)

Washington Intermediate District—John H. Treanor, assistant, intermediate (resigned as submaster, Julia Ward Howe District Aug. 31, 1929), June 1, 1933.

Laid over.

SUMMER REVIEW SCHOOLS

Principal—Term 1933

(To take effect June 26, 1933)

Lewis Summer Review Intermediate School—James P. Collins.

Approved.

PLAYGROUNDS

Season of 1933

A communication was received from the Superintendent, under date of May 15, 1933, reporting the assignment of the following-named persons to serve as playground supervisors for the season of 1933, said assignments to be made as needed by the Director of Physical Education with the approval of the Superintendent:

Annie S. Belinsky
Louise J. Chambers
Margaret C. Carroll
Elizabeth S. Devlin
Lillian E. Goodwin

Approved.

TRANSFER

Agnes C. King, assistant, elementary, Henry L. Higginson District, to the same position in the Minot District, June 1, 1933.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted each of the following-named teachers:

Brighton High School—William McKenzie, cooperative instructor, Apr. 25, 1933, one day, court summons.

Trade School for Girls—Esther L. McNellis, master, Apr. 3, 1933, one-half day, Apr. 4 and 5, 1933, two days, and Apr. 6, 1933, one-half day, court summons.

Horace Mann School for the Deaf—Edith Richards, assistant, Apr. 24, 1933, one-half day, court summons.

John Marshall District—Gertrude E. Tobin, assistant, kindergarten, Apr. 26, 1933, one-half day, court summons.

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted each of the following-named teachers for the terms specified:

Samuel Adams District—Irene O. Mulrey, assistant, kindergarten, from April 3 to 7, 1933, without pay.

Wells District—Mary T. Dowling, assistant, elementary, from Jan. 1, 1933, to June 30, 1933, without pay.

On the report of the Superintendent, leave of absence was granted the following-named teacher for the term specified:

Hyde Park High School—Joseph C. D'Amato, junior master, from Sept. 7, 1933, to Oct. 12, 1933, without pay.

SUMMER REVIEW SCHOOLS

On motion of the Superintendent, it was

ORDERED, That an additional summer review school is hereby established for the term 1933 as follows:

Intermediate School

Lewis Summer Review Intermediate School, in the Lewis Schoolhouse, Paulding Street and Walnut Avenue, Roxbury.

On motion of the Superintendent, it was

ORDERED, That a branch of the Hugh O'Brien Summer Review Elementary School is hereby established in the Dudley Schoolhouse, to take effect June 26, 1933.

ADVANCE IN DATE OF GRADUATING EXERCISES

The Superintendent offered the following:

ORDERED, That for the current school year the Superintendent is hereby authorized to advance the graduating exercises of the Girls' Latin School to Friday, June 16.

The rules were suspended and the order passed.

ESTABLISHMENT OF LIP READING CLASS

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to establish a lip reading class in the Winship School, Bennett District, to take effect May 22, 1933.

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Joseph F. Carter, late junior master, High School of Commerce, be paid to his widow, Anna U. Carter.

APPOINTMENT OF SCHOOL PHYSICIAN

A communication was received from the Secretary, under date of May 15, 1933, reporting that the Division of Civil Service has certified the following named persons as eligible for appointment as school physician:

Basil E. Barton, Wyman Berenson, John J. Dunphy, Jr., Elinor F. R. Martin.

Placed on file.

The Chairman stated the question was on the appointment of a school physician to fill the existing vacancy and the Secretary was directed to call the roll.

The members, as their names were called, respectively voted as follows:

For Dr. Barton—Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—5.

In connection with her vote, Mrs. Pigeon stated that she favored appointment from the women's list, but since there was not a majority for appointment from this list, she is voting for No. 1 on the men's list—Dr. Barton.

The chair declared Dr. Basil E. Barton duly elected school physician, to take effect May 16, 1933.

TRANSFER OF APPROPRIATIONS

The following communication was presented:

City of Boston—Department of School Buildings.

May 8, 1933.

School Committee, City of Boston, 15 Beacon Street, Boston, Mass.

Gentlemen:—

Three proposed orders were received from the School Committee in relation to the Robert Gould Shaw District, transferring the sums of \$62,300 from unexpended balances, for an addition to the Robert Gould Shaw School.

The Board of Commissioners of School Buildings can only reiterate what they stated in a recent letter to the School Committee, that they are opposed to appropriating from unexpended balances so early in the year, and request the School Committee to make appropriations from the 68 cents per one thousand provision allowed under statute, leaving the unexpended balances intact until later in the year.

The money asked to be appropriated in these orders is for a four-room addition in front of the present Robert Gould Shaw School. It is easy to see that this will make a very unsightly front on this building. In view of the fact that a proposed addition is being considered in the rear of this school, the Commissioners believe that the rear addition should be large enough to take care of these four rooms now proposed, so that the appearance of the front of the building will not be interfered with.

Superintendent Drummey does not agree with us that the proposed addition to the front of the building will harm the architectural appearance of the building.

In accordance with the provisions of Chapter 351 of the Acts of 1929, we are returning the proposed appropriation orders without our approval.

Very truly yours,

Board of Commissioners of School Buildings

By Richard J. Lane

Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of July 30, 1930 (see pp. 207-208), the following amount is hereby transferred to the 1933 item of school accommodations listed below:

FROM

Item 51, 1930—Charles Sumner District, Roslindale: Construction of thirteen-classroom elementary school building on Poplar Street, corner of Dale Street\$ 3,300.00

TO

Item 3, 1933—Robert Gould Shaw District, West Roxbury: Plans for four-classroom addition to Robert Gould Shaw School....\$ 3,300.00

Passed by the following vote:

YEAS—Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—5.

NAYS—0.

Chairman: By the passage of the foregoing order and the two orders which will follow, a four-room addition to the Robert Gould Shaw School will be open in September, making possible the removal of four or five portables from the yard of the Robert Gould Shaw School.

Provision is also made for a study which may result in a twelve-room addition at a later date which will adequately care for the needs of the district for some time to come.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under dates of June 23, 1930 (see p. 146), and July 30, 1930 (see pp. 207-208), the following amounts are hereby transferred to the 1933 item of school accommodations listed below:

Item 22, 1930—Charles Sumner District, Roslindale: Construction of thirteen-classroom annex to Charles Sumner elementary school building.....	\$2,056.07
Item 26, 1930—Ulysses S. Grant District, East Boston: Construction of eight-classroom special class building (annex to Ulysses S. Grant elementary school building)	5,027.50
Item 51, 1930—Charles Sumner District, Roslindale: Construction of thirteen-classroom elementary school building on Poplar Street, corner of Dale Street	7,418.34
Item 52, 1930—Elihu Greenwood District, Hyde Park: Plans for thirteen-classroom annex to Elihu Greenwood elementary school building.....	8,000.00
Item 59, 1930—Henry Grew District, Hyde Park: Plans for thirteen-classroom annex to Henry Grew elementary school building	8,000.00
Item 60, 1930—Henry L. Higginson District, Roxbury: Plans for thirteen-classroom elementary school building with basement assembly room	3,205.51
Item 61, 1930—Henry L. Higginson District, Roxbury: Construction of thirteen-classroom elementary school building with basement assembly room.....	17,156.22
Item 64, 1930—Robert Gould Shaw District, West Roxbury: Plans for thirteen-classroom elementary school building.....	\$4,136.36
Total	\$55,000.00

TO

Item 4, 1933—Robert Gould Shaw District, West Roxbury: Construction of four-classroom addition to Robert Gould Shaw School

Passed by the following vote:

YEAS—Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—5.

NAYS—0.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of July 30, 1930 (see pp. 207-208), the following

amount is hereby transferred to the 1933 items of school accommodations listed below:

FROM

Item 51, 1930—Charles Sumner District, Roslindale: Construction of thirteen-classroom elementary school building on Poplar Street, corner of Dale Street.\$4,000.00

TO

Item 5, 1933—Robert Gould Shaw District, West Roxbury: Furnishing of four-classroom addition to Robert Gould Shaw School	\$2,500.00
Item 6, 1933—Robert Gould Shaw District, West Roxbury: Plans for proposed twelve-classroom addition to Robert Gould Shaw School	1,500.00
Total	\$4,000.00

Passed by the following vote:

YEAS—Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—5.

NAYS—0.

APPROPRIATIONS AND EXPENDITURES TO MAY 1, 1933

A communication was received from the Business Manager, under date of Apr. 30, 1933, submitting, pending the adoption of the maintenance budget, a statement showing the expenditures for maintenance of the public schools for the first four drafts of the current financial year, the expenditures for the first four drafts of the financial year 1932, and the increase and decreases in the several items.

Placed on file.

Chairman: This report shows a decrease in expenditures for the maintenance of the public schools as compared with the corresponding period last year—a continuance of the reductions to which I referred at the meeting of April 17, 1933, when the report for the first three months of the current financial year was submitted—continued tangible evidence of the actual savings being effected by the School Department in the items covered by this report.

ATTENDANCE AT CONVENTION

On motion, it was

ORDERED, That the Business Manager is hereby authorized to attend the Annual Convention of the National Association of Public School Business Officials, to be held at Pittsburgh, Pa., from May 16, 1933, to May 19, 1933, at an expense to the city not to exceed one hundred dollars (\$100).

Chairman: The Business Manager is going to the convention with the intention of urging the convention to come to Boston next year. If that purpose is accomplished, the small expense involved will result in very substantial return to the city of Boston.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 15, 1933, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Clarence L. Baxter, custodian, Skinner Schoolhouse, May 4 and 5, 1933.

Bartholomew J. Dooley, custodian, Brighton High Schoolhouse, April 24 to May 3, 1933.

Gerard J. Harrington, custodian, Sophia W. Ripley Schoolhouse, May 4 (one-half day) to May 8, 1933.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 15, 1933, recommending that the following-named custodians who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

John J. Adams, custodian, Sharp School-house, to the Lyceum Hall School-house, May 14, 1933.

John P. Barry, custodian, Harvard School-house, to the Elihu Greenwood School-house and Portables Nos. 28, 94 and 162, May 14, 1933.

John P. Barton, custodian, George Bancroft School-house, to the W. L. P. Boardman School-house, May 14, 1933.

Joseph L. Clougherty, custodian, South Boston High School Annex, to the John Lathrop Motley School-house, May 21, 1933.

Daniel J. Cooney, custodian, Louisa May Alcott School-house, to the Lucretia Crocker School-house, May 21, 1933.

Albert T. Densmore, custodian, Lucy Stone School-house, to the Richard Olney School-house and Portable No. 173, May 14, 1933.

James E. Johnson, custodian, Gaston School-house, to the William E. Russell School-house, May 14, 1933.

Frank J. Leonard, custodian, John Winthrop School-house, to the Morrison Building and Annex, May 14, 1933.

Placed on file and the transfers approved, to take effect on the dates stated.

UNFINISHED BUSINESS

The order laid over at the meeting of May 1, 1933, making a change in the Authorized List of Text Books, was taken up and passed, all the members voting in the affirmative.

LETTER OF APPRECIATION TO METROPOLITAN CHAPTER, JUNIOR RED CROSS

Chairman: The Chair would like to call attention to an item that was printed in the May issue of the Teachers News Letter and was recorded in the minutes of the last Directors' meeting of the Metropolitan Chapter, Junior Red Cross, of which I happen to be a director, which stated that during the month of March there have been given out through the schools 18,439 sweaters. Eighty-two school districts, including fifteen high schools, and forty-five parochial schools received them. 15,

863 sweaters were given through the public schools; 2,576 through parochial schools.

I am mentioning this fact because I feel that it should be spread upon our records that we recognize and appreciate this tremendous contribution on the part of the Metropolitan Chapter of the Junior Red Cross, and I will follow this statement by a motion that the School Committee send a letter of acknowledgment and appreciation to the Chapter for its very fine service, for in these times of stress such contributions to needy children are of inestimable value. Through a grant of Congress so many bales of raw textiles are given to the Red Cross, which through the agencies of the Red Cross are made into garments, chiefly sweaters, which are assigned to the various chapters of the National Red Cross, our quota coming through the co-operation of the Metropolitan Chapter. It is such a considerable contribution that I think it is but fitting that an expression of the Committee's appreciation should be sent the Chapter.

I therefore move that a letter of acknowledgment, thanks, and appreciation be directed to the Metropolitan Junior Red Cross for this tremendous contribution of 15,863 sweaters to the children of the public schools.

I would also call attention to the fact that it was through the school nurses that these sweaters were distributed and it was largely due to their individual cooperation and efficiency in selection of needy pupils that the success of the distribution was effected. The School Committee recognizes the value of the services of the school nurses thus rendered.

The Chairman's motion was seconded by Mr. Hurley and passed by unanimous vote.

REPORT RE CHANGE IN MARKING SYSTEM

Chairman: Two weeks ago I introduced an order calling for a change in the marking system and a very exhaustive and illuminating report was submitted to the Committee tonight by the Board of Superintendents, covering eight pages and containing some very valuable suggestions. Upon my motion, the report was laid over for subsequent discussion and careful consideration by the members. From the report it is obvious that there is no authorization by the School Committee for the plus and minus basis of marking pupils; in other words, the present marking system runs from one to four, numerically, or in some schools from A to E, and the system of A minus, B plus, 1 minus, 2 plus, etc., carries no authorization by the School Committee and should be eliminated in the schools where it now exists. The desirability of a uniform system of marking throughout the schools was also pointed out in the report, preferably the alphabetic system. These are but two of the items contained in the report which the order has brought to light. I think that when action comes on the passage of the order, very likely

at our next meeting, these two suggestions will be adopted by the Committee and the result will be of value to those concerned and in themselves justify the order.

PLACEMENT BUREAU FOR TEACHERS

Chairman: At the risk of holding the floor too long, I have a proposition to present to the Committee on which I do not call for action tonight. It is the re-introduction of an order I presented some time ago. I forget what disposal was made of the original order, but in any event I introduce it now, realizing all of the apparent obstacles that face it, because I think that it has some merit.

I would propose that a teachers' employment service be established under the supervision and under the direction of the present Department of Vocational Guidance, feeling that there are agencies in this city who in spite of the very difficult times are succeeding in some degree in the placement of teachers who are qualified for teaching positions. I recognize that the number of places is not so great as formerly, but if we could place even a few of our Teachers College graduates elsewhere in Massachusetts or outside the state, the young women would thereby gain experience which would enable them to improve their ratings on the eligible lists.

I therefore feel that it is timely for the Committee to again consider this proposal and I suggest reference to the Department of Vocational Guidance because it seems to me that if that Department functions in the guidance of pupils, it well may function in the guidance of those who are seeking teaching positions. The details I would leave to the Board of Superintendents and the department, as to whether a nominal fee should be charged to cover the expense of such work, or whether it should be done free of charge; but I do think that the service is well worth consideration and I recommend that we at least try out the idea. If it isn't successful, nothing will have been lost. If it is, something very considerable will have been gained. So I would ask the Board of Superintendents to give us a report on my proposition at the earliest opportunity, with the hope that the Committee will take early action so that the plan may become effective with this year's graduating class of The Teachers College.

Referred to the Board of Superintendents for investigation and early report.

REQUEST FOR ACCEPTANCE OF RUSKIN ROAD

Mrs. Pigeon: I have in my hands a petition reading as follows:

"We, the undersigned, petition His Honor the Mayor to accept our street and make it passable for the children of the James J. Chittick School, which is on Ruskin Road. (Signed)

"KAIA A. CHRISTIANSEN,
60 Ruskin Road, Mattapan."
(and fourteen other residents.)

Mrs. Pigeon: The condition of that street ever since the school was opened has been deplorable. It really constitutes a hazard to the health and welfare of the children who go there and frequently is the cause of absences and tardinesses during the stormy season such as we had to face in March and April of this year. At times the street was almost impassable, and seemed like a veritable lake rather than a street.

I therefore move that we, as the School Committee, petition the Board of Street Commissioners, through His Honor the Mayor, to accept and lay out Ruskin Road as a public highway.

Mr. Hurley: I second the motion.

The Chairman declared the motion passed unanimously.

PRECAUTIONS TAKEN IN DISMISSAL OF PUPILS

Mr. Hurley: The memory of the McMath kidnaping case is fresh; that the Superintendent is alert to the situation and determined that nothing of the kind shall happen in Boston, is evidenced by the circular which he addressed to Principals of schools and districts under date of May 11, 1933, as follows:

"It is fitting that we should remind ourselves at this time of the procedure which must govern the dismissal of pupils.

"1. Entrance doors of all buildings, except portables, must be locked from the outside, so that no one may enter unannounced. Visitors must be directed to report to the principal or to the teacher in charge. Only a member of the family may interview a pupil in the school building. Masters will please assure themselves that the person who desires to interview a pupil—representing himself as a member of the family—is just what he claims to be.

"2. A pupil who wishes to be dismissed before the close of the session must present a satisfactory note from the parent or guardian. (Masters have on file an authentic example of the parent's signature.)

"3. A pupil may be dismissed on the request of a parent over the telephone only under most extraordinary circumstances, and then only after the principal, by calling the home, has assured himself that the call was genuine.

"4. Pupils must not be dismissed in the care of a chauffeur, taxi driver, or nurse, unless this person presents a bona fide note from the parent."

Mr. Hurley continuing: I would call particular attention to the warning against dismissals "in the care of a chauffeur, taxi driver, or nurse, unless this person presents a bona fide note from the parent." This introduces a new element and shows that we are keeping abreast with the developments in science and transportation. I think the public and the parents of the Boston school children should know that they are safe so far as it is humanly possible, with the Superintendent in charge.

PROTEST AGAINST ONE-SESSION ORGANIZATION

Mrs. Pigeon: I also have a petition from a group of people in Jamaica Plain. It reads as follows:

"We, the undersigned, object to the proposed 'single session school day' in the Agassiz district. We ask that the present system be continued, and that matters remain as they are at present. Listed below are specific reasons for these objections.

"1—We agree that the proposed change would undermine the health of the young children. They need their best meal at noon, especially in the winter months when they need well cooked warm meals with plenty of vegetables;

"2—In many cases, the taking of a lunch to school will place a heavier burden on an already overburdened budget;

"3—The new arrangement would offer the children an added opportunity to play in the streets, and therefore increase the possibility of accidents.

(Signed) "MRS. R. DeMARK,
"26 Newbern Street."
(and sixteen others)

Mrs. Pigeon: I am in sincere sympathy with the petitioners and I ask that the communication be referred to the Board of Superintendents for consideration.

Chairman: The petition will be so referred.

The Committee adjourned.
ELLEN M. CRONIN,
Attest:

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridge and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the following streets are one way in the direction designated, for a period of two (2) months, effective June 12, 1933:

East Cottage Street.

From Edward Everett square to Pleasant street.

Pond Street.

From Pleasant street to Columbia road.

JOSEPH A. CONRY,
Commissioner.

(June 8-10.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PLUMBING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for plumbing work at the William Eustis School, George street, Roxbury, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans and specifications to be ready for contractors at noon, Thursday, June 15, 1933. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder, and left before 2 p. m., Monday, June 26, 1933, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

WM. W. DRUMMEY,
(June 10.) Superintendent of Construction.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR PULLING CABLE.

The Police Department of the City of Boston invites proposals for the pulling of lead-covered paper-insulated, multi-conductor cable. The only bids considered will be those from cable installing concerns who are of recognized standing in this field, and who possess complete equipment, such as trucks, pumps, winches and tools. Bidders must state by letter their experience in pulling and splicing paper-insulated lead-covered cable, and state also for whom they have installed cable and whether underground, overhead or interior work. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$200, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Wednesday, June 21, 1933, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. A surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

EUGENE C. HULTMAN,
(June 10.) Police Commissioner.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations in the Roxbury Memorial High School for Boys, Warren, Townsend and Deakard streets, Grove Hall, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Plans ready for contractors Wednesday, June 14, 1933. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m., of Thursday, June 22, 1933, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

WM. W. DRUMMEY,
(June 10.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN NEW HEATH STREET, BETWEEN COLUMBUS AVENUE AND HEATH STREET, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 750 linear feet of 36-inch water pipe in New Heath street, between Columbus avenue and Heath street, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying and Relaying Water Pipes, New Heath Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Thursday, June 22, 1933, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(June 10.) *Commissioner of Public Works.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

To PLUMBING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for plumbing work at the Hawes Hall School, Broadway, near Dorchester street, South Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans and specifications to be ready for contractors at noon, Thursday, June 15, 1933. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder, and left before 2 p. m., Monday, June 26, 1933, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

ASSESSING DEPARTMENT.

PROPOSALS FOR TYPEWRITTEN LISTS.

The Board considered the matter of advertising for bids on certain work, and it was ordered that the following Form of Notice be published in the *City Record* under date of June 10, 1933:

PROPOSALS FOR FURNISHING TYPEWRITTEN LISTS OF TAX ACCOUNTS.

The Board of Assessors of the City of Boston, office, Room 301, City Hall Annex, Boston, invites sealed proposals for furnishing "Typewritten Lists of Tax Accounts," and giving a bond of a surety company approved by the Board in the sum of fifteen hundred (1,500) dollars. Only proposals obtained at the office of the Board, signed by the bidder, and left before 12 o'clock m. of Tuesday, June 13, 1933, at said office, with a certified check for five hundred (500) dollars, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above and the other to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening the proposals.

EDWARD T. KELLY, *Chairman.*
NEAL J. HOLLAND,
HENRY L. DAILY,
(June 10.) *Board of Assessors.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GAUZE, BELLEVUE ROLLS, ABSORBENT COTTON, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, gauze, Bellevue rolls and absorbent cotton, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$.20) for each set of blank proposals.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, June 23, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 10.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CREOSOTE PLANKING, MERCHANTABLE SPRUCE.

The Supply Department of the City of Boston invites proposals for furnishing to the Park Department, creosote planking, merchantable spruce, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$.20) for each set of blank proposals taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, June 16, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interest of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 10.) *Superintendent of Supplies.*

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

To GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals to complete, including the plumbing, electric work, heating and ventilating work, the alterations to the Burnham Memorial Building, for the Boston City Hospital, Boston, Mass., giving bond of a surety company satisfactory to the Board of Trustees therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston, Mass., signed by the bidder, and left before 3 o'clock p. m., Thursday, June 22, 1933, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$5,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston, at 12 o'clock, Monday, June 12, 1933. A deposit of \$50 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOSEPH P. MANNING,
President of the Board of Trustees,
(June 10.) *Boston City Hospital.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments meats, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty-five cents (\$.25) for each set of blank proposals taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, June 19, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 10.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing iron castings to the High Pressure Fire Service. Blank proposals may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of fifty-five cents (\$.55) for each proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, June 20, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all proposals or any part of a proposal and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 10.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR GROCERIES (SPLIT YELLOW PEAS AND CONDENSED MILK).

The Supply Department of the City of Boston invites proposals for furnishing groceries, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 501, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. *There will be a charge of forty-five cents (\$0.45) for each set of blank proposals taken out.* The bid with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Thursday, June 22, 1933, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN COWING STREET, FROM WASHINGTON STREET, VESHIRE STREET, AND ALLEYNE STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Cowing street, from Washington street, Veshire street, and Alleyne street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Cowing Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, June 22, 1933, with a certified check for five hundred (\$500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price of any item appears to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(June 10.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PLUMBING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for plumbing work at the Capen School, I and Sixth streets, South Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder, and left before 2 p. m., Thursday, June 22, 1933, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

WM. W. DRUMMEY,
(June 10.) Superintendent of Construction.

READVERTISEMENT.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

The Trustees of the Boston City Hospital invite sealed proposals to erect and complete, including the plumbing, electric work, heating and ventilating work, the Kitchen Building, and alterations to the Old Laundry Building, for the Boston City Hospital, Boston, Mass., giving bond of a surety company satisfactory to the Board of Trustees therefor in the sum of 45 per cent of the entire contract price. Only proposals obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston, Mass., signed by the bidder and left before 2 o'clock, Friday, June 30, 1933, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$15,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston, at 2 o'clock, Thursday, June 15, 1933. A deposit of \$50 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOSEPH P. MANNING,
(June 10.) President of the Board of Trustees,
Boston City Hospital.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR GRAVEL FOR FILL, FOR TRAFFIC TUNNEL, BOSTON APPROACH.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering gravel for filling cellars in Boston on account of the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 25 per cent of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Gravel, Traffic Tunnel," and delivered to the Department, or to its secretary, before 12 o'clock noon on Monday, June 19, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Monday, June 5, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(June 3-10.) EDWARD F. CONDON,
Secretary.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

NOTICE OF HEARING.

Voted, Under the provisions of chapter 263 of the Acts of the Legislature of 1929, the Boston Traffic Commission will hold a hearing on Thursday, June 22, 1933, at 10 a. m., in the Hearing Room, 154 Berkeley street, Boston, Mass., on the following matters:

That Normandy street be made one way from Washington street to Columbia road.

That Fay street be made one way from Dover street to Harrison avenue.

That trucking be prohibited from South street, between Robert and Centre streets.

That Davis street be made one way from Washington street to Harrison avenue.

That Belden street be made one way from Dudley street to Ramsey street.

That Academy Hill road, Brighton, be made one way from Chestnut Hill avenue to Washington street, with parking of vehicles prohibited in the west side.

That parking be prohibited in Howard street.

(June 3-10.) JOSEPH A. CONRY,
Commissioner.

CITY OF BOSTON.

PARK DEPARTMENT.

DREDGING AND FILLING AT NASHUA STREET PLAYGROUND.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for dredging, filling and sea wall construction at Nashua Street Playground. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Proposal for Dredging, Filling and Sea Wall Construction at Nashua Street Playground," and left before 2 o'clock p. m. on Wednesday, June 14, 1933, at the office of the Park Department with a certified check for \$5,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

(June 3-10.) WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
JOHN J. MARTIN,
Commissioners.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., on Thursday, June 22, 1933, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments. *There will be a charge of thirty-eight cents (\$0.38) per set for each set of proposals taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats, no less than thirty-six pounds to bushel, graded under the federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

(June 10.) PHILIP A. CHAPMAN,
Superintendent of Supplies.

CITY OF BOSTON.

PARK DEPARTMENT.

CONCRETE SURFACING AT PARIS STREET PLAYGROUND.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for concrete surfacing at Paris Street, Playground, East Boston. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Proposal for Concrete Surfacing at Paris Street Playground, East Boston," and left before 2 o'clock p. m. on Wednesday, June 14, 1933, at the office of the Park Department, with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of at least 50 per cent of the contract price, of a surety company approved by the Commissioners, to secure the due protection of the city. The Commissioners reserve the right to reject any or all proposals.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR EXTENDING FENDER PIER, WARREN BRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for extending fender pier at Warren Bridge, Boston, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Warren Bridge," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Wednesday, June 21, 1933, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

(June 10.) JOSEPH A. ROURKE,
Commissioner of Public Works.

PROPOSALS FOR FURNISHING CREOSOTED WOOD CONDUIT.

The Supply Department of the City of Boston invites proposals for furnishing creosoted wood conduit to the Airport, Park Department, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, June 20, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(June 10.) PHILIP A. CHAPMAN,
Superintendent of Supplies.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

FAILURE TO MAINTAIN CITY STREETS IS FALSE ECONOMY.

Money now saved by failure to maintain city streets, in response to the clamor of citizens for tax reduction, represents a trivial economy in comparison with the enormous outlay that will be required to rebuild such thoroughfares later. Taxpayers in some municipalities, determined to reduce public expenditures, have gone so far as to insist upon elimination of funds sorely needed for the maintenance of existing streets. In other places, even though money for street maintenance is available, powerful minority groups are demanding that it be not spent under present conditions.—*The American City.*

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

THE POLICE OFFICER AND THE CITIZEN.

The importance of the police as conspicuous representatives of the municipal government, and the qualities desirable in such a relationship, were pointed out by City Manager Willard F. Day of Staunton, Va., in addressing the recent convention of the Virginia Police Executives' Association. He said in part:

"It is unquestionably true that the man on the street, the public, the visitor and the home citizen alike, form first and in many cases lasting impressions of the local government by contacts with the police."

FALSE ECONOMIC PROPOSALS.

Danger to both the immediate and the long-run efficiency of fire departments and to the security of the community itself lies in many if not most of the proposals of taxpayers' representatives attacking the budgetary provisions for municipal fire protection. The gravity of this menace was emphasized by Jay W. Stevens, California State Fire Marshal and Executive Secretary of the International Association of Fire Chiefs, in an address on "Maintaining Fire Department Efficiency," given before the recent convention of that organization.

KANSAS CITY WINS POLICE HOME RULE.

The Supreme Court of Missouri has given Kansas City control of its police department.

For years those who wanted the city to operate and control its own police department had been going to the Legislature regularly with bills which would end state control. But conditions were never just right. The city raised the question of the constitutionality of the law under which the department has operated, and the Court held the law unconstitutional in a five-to-two opinion.

The police department of Kansas City had been under the control of the state since 1874. Under the law as it has existed in recent years, the department was administered by a commission of three members, two appointed by the governor and the mayor, *ex officio*.

The city attacked the law on the ground that it delegated legislative powers to an administrative board. In this contention the city was upheld, the court holding that the limitations in the law were not sufficiently definite to prevent the commissioners from making almost unlimited demands on the city treasury.

CHICAGO POLICE REORGANIZED.

Many improvements have recently taken place in the organization and administration of the Police Department of Chicago, Ill.

Although the numerical strength of the force has been reduced in the last two years approximately from 6,700 to 6,000, the number of men on foot patrol has been increased 150 per cent, being now about 1,900. The efficiency of the department has been further increased by adding to the number of patrol cars and by placing in operation an extensive police radio system. There are now some 100 small patrol cars and fifty large high-powered ones equipped with radio. Furthermore, 20 per cent of the present force constitutes new blood in the department. The average age has been lowered, and a greater proportion of young men will be encouraged by the reduction of the admission age to a range of twenty-one to twenty-nine years, from the former limits of twenty-three to thirty-five, approximately. Civil service methods in disciplining new policemen are better, and a more thorough check-up on the character of those examined is made.

UNITED STATES TO HAVE TENTH MUNICIPAL UNIVERSITY.

The tenth municipal university in the United States is being planned by Omaha, Neb., whose citizens have approved plans for the establishment of a four-year university, to be supported by a mill tax. The following are the nine municipal universities or colleges known to exist at the present time in the United States, in order of their establishment on the municipal basis: College of Charleston (South Carolina), 1837; University of Louisville (Kentucky), 1837; College of the City of New York, 1847; Hunter College of the City of New York, 1870; University of the City of Cincinnati (Ohio), 1871; University of Toledo (Ohio), 1884; University of Akron (Ohio), 1913; University of the City of Detroit (Michigan), 1923; Municipal University of Wichita (Kansas), 1926.

CITY AND COUNTY FUNDED DEBT, APRIL 30, 1933.

Total Funded Debt, City and County.....		*\$166,717,499 95
Funded debts outside the debt limit (debts exempted from the operation of the law limiting municipal indebtedness):		
City debt.....	\$40,681,800 00	
Water debt.....	408,000 00	
Traffic Tunnel debt.....	13,000,000 00	
County debt.....	1,011,999 95	
Rapid Transit debt.....	58,932,700 00	
		114,034,499 95
Funded debt within the debt limit.....		\$52,683,000 00
Offsets to funded debt:		
Sinking funds.....	\$36,284,297 23	
Less Sinking Funds for debt outside the debt limit:		
City Sinking Funds.....	\$16,483,258 00	
County Sinking Fund.....	747,634 91

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, JUNE 17, 1933.

No. 24

PROJECTS TOTALING EXPENDITURE OF MORE THAN \$40,000,000 AND EMPLOYING MORE THAN 6,000 CITIZENS FOR OVER A YEAR, OUTLINED BY MAYOR CURLEY IN RADIO ADDRESS, PROVIDED FOR UNDER FEDERAL GIFTS AND LOANS THROUGH NATIONAL INDUSTRIAL RECOVERY ACT—WORKS CONTEMPLATED INCLUDE HUNTINGTON AVENUE SUBWAY, NEW COURTHOUSE AND ADDITIONS TO HOSPITAL BUILDING PROGRAM.

Mayor Curley, speaking over Station WNAC on Monday, June 12, at 2 p. m., said in part as follows:

Friends of the Radio Audience.

This has been one of the most interesting days that I have enjoyed during the past four years. The adoption of a Federal construction program has made it necessary for the governor of every commonwealth or every state in the Union to request the chief executive of every city to submit a program of public works. Under the provisions of the bill as adopted by Congress 30 per cent of the total cost of public works undertaken will be borne by the Federal government. The city will be permitted to borrow direct from the Federal government at the interest rate of $3\frac{1}{2}$ per cent as against the previous rate of between 5 per cent and 6 per cent.

To my mind, and I have so believed from the beginning, the real mistake that was made by the government of the United States and the people of the United States was in the abandonment of the old and tried and never-found-wanting program of work and wage as a substitute for unemployment and the dole. Take the case of our own city. Our expenditures for the first five months of this year have been in excess of one million dollars each month, and the number of applications and reapplications, notwithstanding some little activity in business during the month of May, showed a number greater than any month during the entire year. We are expending at the rate of, between Public Welfare, Soldiers' Relief and Old Age Assistance, about \$14,000,000 for the year 1933, and that same ratio will be found in the case of every municipality in the entire United States.

The theory of the banking element has been for a long period of time that the only way out of the depression was to stop all character of public works and reduce public expenditures to the vanishing point. The result was exactly what every individual familiar with even elementary economics realized it would be—that the men of America without employment immediately found it necessary, in order to provide for their families, to accept of public charity, and so we have had the dole fastened on America during the last four years to the extent of representing an expenditure three times as great as was ever the case in a single year in the history of Great Britain. With a courage that is truly supreme and with a wisdom that is most commendable and with a knowledge of the facts that were given him, the President of the United States, Franklin Delano Roosevelt, has had the courage to recommend to Congress the adoption of a public works bill in order that employment rather than dole might be made possible for all of the people of the United States.

Chaos Was Predicted.

I can recall in 1931 attending a conference at the White House representing a group of economists, who in turn represented twenty-two of the universities and colleges in Massachusetts, and recommending to President Hoover at that time a \$2,000,000,000 construction program, and I can recall President Hoover saying that the adoption of such a program would force the United States off the gold standard and result in chaos in every portion of the United States.

We have had chaos under President Hoover—we have been forced off the gold standard—and lo, and behold, we are beginning to work out of the depression. The most interesting thing to my mind in connection with the situation as it effects conditions world wide is that in July of 1932, last year, in Russia, the wages of every worker were increased 25 per cent. In April of this year the London County Council, which is the city government for the City of London and burroughs, employing 32,000 men and women, restored the wage cuts made in 1932, or the equivalent of a 10 per cent increase for every man and woman employed in London and the suburbs of London.

So far as our own city is concerned we worked all morning developing a program of public works. We have included projects that in all probability we would be unable to consider for twenty-five years or longer were it not for the character of the bill enacted by Congress in the last forty-eight hours. This bill provides that no portion of the cost shall be borne by the taxpayers during the period from three to five years. A 30 per cent advance shall be applied to sinking fund and interest requirements. So we drafted a program calling for \$40,000,000 for public works for Boston, 5 per cent for sinking fund and interest requirements, or the equivalent of \$2,000,000 per year. We would thus be enabled to cut \$4,000,000 each year from our expenditure for public welfare, soldiers' relief and old age assistance. I assume you are a bit curious as to the nature of the projects.

First, we have the Huntington Avenue Subway extending from Arlington street to the Opera House, and on this project we will be able to employ 2,000 men for a period of from two to two and one-half years and will be able to put those men at work in sixty days. That will mean 2,000 men taken off our Soldiers' Relief roll with the giving of material return to the city. It will mean better transit facilities for that section of the city. It will mean added convenience—it will make possible a great broad highway as an approach to the city, which will be an equivalent of \$10,000,000 in increased property values in that section of the city. In addition to that it will add materially to the rapid transit facilities of the City of Boston, and with the present low cost of materials and labor plus the 30 per cent contributed by the Federal government, it will be possible to build this portion of the subway for 40 per cent less than it would cost in ordinary times.

(Continued on page 676.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 26, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 10, 1933:
Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 157; nonresidents, 47; total, 204.

Death rate per 1,000 of population: All deaths, 13.39; nonresidents deducted, 10.31.

Death rate per 1,000 of population:
Last week, 12.54; corresponding week last year, 14.37.

Deaths by age periods, sex, etc.: Under one year, 9; one year to four years, inclusive, 4; sixty years and over, 101. Total deaths: Male, 115; female, 89; deaths in hospitals and institutions, 122; deaths of colored, 10.

APPEAL SENT TO ALL MAYORS OF BAY STATE CITIES TO SUPPORT BILL OF GOVERNOR ELY FOR PROVIDING MUNICIPAL TAX RELIEF AND EASING BURDENS BORNE BY CITIES AND TOWNS—SEEKS TO HAVE ORGANIZED WEALTH PAY ITS JUST SHARE OF BURDENS—APPEAL ISSUED BY MAYORS' CLUB OF MASSACHUSETTS.

The following communication was sent on June 9 to the mayors of all Massachusetts cities by Mayor Andrew A. Casassa of Revere, President of the Mayors' Club of Massachusetts:

June 9, 1933.

MY DEAR MR. MAYOR,—Permanent additional new revenue is necessary now if relief is to be afforded the owners of real estate throughout the Commonwealth, from the heavy financial burden which this particular class has had to bear during the past four years because of the abnormal increase in the public welfare expenditures of the various municipalities. Up to the present time Massachusetts is one of the few states in the union that has adhered to the theory that unemployment relief is a matter of local concern. In other sections of the country, state governments have come to the relief of their overburdened municipalities either by developing new sources of revenue or by securing grants from the Federal Government. Massachusetts municipalities, however, have been compelled in the past four years, under the policy of the state, to finance the staggering burden of unemployment relief almost wholly by direct taxation upon the owners of property.

In normal times when no great difficulty is experienced by municipalities in the collection of taxes and when departmental receipts and revenues from outside sources remain fairly constant, there can be no objection to the requirement that municipalities should provide for the aged and the needy residing within their individual communities. In times like the present, however, when unemployment is wide-spread, tax collections uncertain, and receipts and revenues materially diminished, it is unfair and unjust to adhere to a theory which requires one particular group to bear, almost entirely, the whole burden resulting from a more or less inflexible system of taxation. Since unemployment is general throughout the Commonwealth, it would appear only logical to contend that a more general distribution of the burden of meeting this problem should be secured. In short, the need of the times calls for a broadening in our system of taxation so as to provide an equitable spread of the financial obligations created by the necessity of relieving the unemployed and their dependents.

Certain organizations which have consistently opposed any attempt to broaden the base of our tax system have contended that the sole approach to the solution of the financial problems of municipalities is through reduced expenditures. Such a contention overlooks absolutely the very evident fact that the increase in public welfare expenditures of the municipalities far exceeds any possibilities that exist in the way of reduced expenditures. A reduction equivalent to the abnormal increase in public welfare expenditures could only be secured through a radical curtailment and, in some cases, the absolute abandonment of the necessary and

vital activities and service rendered by municipalities.

The practice of rigid economy by cities and towns at the present time, is not only necessary but imperative. Those familiar with the financial structure of our municipalities, however, are well aware that such a practice falls far short of providing the amounts necessary to meet the excessive increase which has taken place in the last four years in relief and welfare expenditures. The following table pertaining to the tax rate of the City of Boston and that portion of the rate directly attributable to the public welfare expenditures during the last four years is illuminating in this respect.

YEAR.	Tax Rate.	Portion Attributable to Public Welfare.
1929.....	\$28 00	\$1 29
1930.....	30 80	1 91
1931.....	31 50	3 59
1932.....	35 50	6 25

An analysis of the figures shown above reveals that whereas in the year which marks the beginning of the depression public welfare expenditures accounted for approximately 4 per cent of the rate, last year they were responsible for 18 per cent of the rate. The table also shows that while the tax rate of 1930 represented a 10 per cent increase over the rate of the previous year, that portion of the rate in 1930 which was directly attributable to public welfare, indicates a 50 per cent increase over 1929. In 1931, while the rate revealed an increase of 2.2 per cent the public welfare factor reflected an increase of 88 per cent. Last year, while the tax rate was increasing 12.7 per cent over the rate of the previous year, public welfare expenditures reflect an increase of 74 per cent.

The great discrepancy between the percentage increase in the tax rate in these years, when compared with the percentage increase in welfare disbursements, clearly indicates not only the unusual growth in public welfare expenditures but also the futility of relying solely on decreased expenditures to secure a reduction in the tax burden.

In the last four years the Public Welfare Department of the City of Boston has expended approximately \$25,000,000 for the relief of the aged and needy of the community. This vast amount has been secured almost entirely by direct taxation. It is interesting to note that close to 50 per cent of this large sum was expended during 1932. In the same period the number of cases being aided by the department has increased from 4,223 (December

31, 1928) to 28,474 (January 2, 1933). The peak case load of the department was reached during the week of April 10-15 of the current year when 32,402 families or individuals were being aided. It is the proud claim of Boston that this unusual increase in expenditures and number of cases aided was financed directly by taxation, no outside assistance having been secured or no bonds issued.

The expenditures of the Public Welfare Department for the first four months of the current year totalled \$4,025,578.85. At this rate, Boston will expend during the current year again in excess of \$12,000,000 for the relief of the needy and the unfortunate. The budget program for the year provides for direct relief appropriations of \$9,400,000, which, when supplemented by city, school, and county employees' pay roll contributions made during the first three and one-half months of the year, will make available approximately \$10,000,000 for the disbursement needs of the Public Welfare Department. While it is evident from the experience of the first four months of the current year this amount will not be sufficient to meet the actual requirements of the department, nevertheless, in the opinion of the financial officers of the city the amount provided in the budget represents the maximum direct burden which the taxpayers of the city should be called upon to meet in 1933. The same officers sincerely believe that any excess requirements of the year should be met by outside assistance either from the state or the Federal Government, or both.

Boston's problem in the matter of unemployment relief has been no different in the past four years than that of the other cities and towns of the Commonwealth. Statistics prepared by Mayor George J. Bates of Salem early in the current year clearly indicated the heavy increase in the financial burdens of Massachusetts municipalities. The figures of Mayor Bates indicate that public welfare expenditures have gone up in

Massachusetts cities from \$2,475,000 in 1921 to \$4,875,000 in 1928, to \$15,450,000 in 1931, and to \$24,486,000 last year. Old age assistance increased from \$493,000 in 1931 (a half year) to \$3,042,000 last year. Soldiers' relief outlays were \$1,024,000 in 1929, \$2,022,000 in 1931, and \$3,964,000 last year. In view of the action of the Federal Government in the matter of reducing veterans' allowances, it is only logical to expect an unusual increase in this year's expenditures by Massachusetts municipalities for this item.

As previously stated, this heavy increase has been borne directly by the cities and towns of the Commonwealth without complaint. It would seem as though the time has now arrived when material assistance should be rendered either directly or indirectly by the Commonwealth to its municipalities, in order that they may be relieved in part of the heavy burdens which have been imposed upon them during the past four years because of the character and condition of the times.

Temporary relief is of questionable value, it must be permanent; and sufficient can be secured provided legislation is enacted which will compel organized wealth to pay its just share.

The bill as recommended by Governor Ely should be enacted.

A presentation of the facts to the Senators and Representatives of your city and the enlistment at once of their support should not be longer delayed.

Yours very sincerely,

ANDREW A. CASASSA,

President, Mayors' Club of Massachusetts.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Permission has been given to issue an order of change, making an addition, in the sum of \$1,985, to the contract of the John Bowen Company for the erection and completion of the addition to the Public Latin School, Avenue Louis Pasteur and Worthington street, Back Bay.

This amount is necessary in order to pay for the roofing for the two pitch roofs, back of the gable pediments.

Permission has been given to issue an order of change, making an addition in the sum of \$5,273.36, to the contract of the Matthew Cummings Company for the erection and completion of the High School in the Christopher Gibson District, Washington street and Geneva avenue, Dorchester, Mass.

This amount is necessary to pay for additional labor for excavating below grade in order to reach suitable bearing soil for the boiler room and coal pocket foundations satisfactory to the Building Commissioner, and also for excavating for Sewer and Water Service.

Due to unusual conditions encountered below the grades shown on plans, prices stated in letter of December 14, 1932, prevail in accordance with the opinion of the Corporation Counsel.

Permission has been given to issue an order of change, making an addition in the sum of \$1,589.64 to the contract of the Carilli Construction Company, for the erection and completion of the Emerson District School, Bennington and Saratoga Streets, East Boston.

BROADCAST BY MAYOR CURLEY.

(Continued from page 673.)

Another worthy project will be the building of a concrete retaining wall along the Strandway in South Boston, with concrete steps leading down to the beach. We are also contemplating, in addition, converting the space between Columbus Circle and Castle Island into a beautiful promenade with shady trees, flowery shrubs, and tables and chairs where a man and woman with children can go and enjoy a lunch out in the open and derive health from the sunshine and the water at the beach.

OTHER PROJECTS PLANNED.

We also plan to provide overpasses and underpasses in various places throughout the city. Two million dollars would be provided for the completion of the hospital program, which will give us the finest municipal hospital plant in the entire world. A new high school in West Roxbury and an intermediate school in South Boston would be provided at a cost of one million dollars. It is also planned to take up all of the roads in East Boston which lead to the tunnel and the airport, the widening of Chelsea street from City square to Chelsea square at a cost of \$4,000,000.

All of these public improvements with countless others have been in the minds of public officials for a long time, but with rather limited prospects of ever having sufficient money to go ahead with them. We sincerely hope that state authorities and the Federal Government will join with us in this work, which will mean employment for those without work and added facilities and beauty for the city and its citizens.

The complete list of improvements suggested is as follows:

Courthouse development, \$5,000,000.
Completion of City Hospital building program, \$2,000,000.
Reconstruction and repairing of streets, \$2,500,000.
Huntington avenue subway from Park street to Opera place, including stations, \$8,500,000.
Sewer construction, \$3,000,000.
Extension of high service water mains to Dorchester, \$800,000.
High school, West Roxbury district, \$1,000,000.
Intermediate school, South Boston district, \$1,000,000.
South Boston Strandway, retaining wall and approaches to beach, walks, fountains, plaza, etc., \$400,000.
Park Department, central laundry, bathhouses and solarium, \$1,000,000.
Bridge construction, Northern Avenue Bridge or Warren Street Bridge, \$1,000,000.
Improvement of La Grange street, West Roxbury, from Newton line to Washington street, \$200,000.

STATE PROJECTS.

Chelsea North Bridge, including widening of Chelsea street and extension from City square to Bellingham street in Chelsea, \$4,000,000.

Sidewalks, as part of state highway, \$2,000,000.

Widening of Havre street, East Boston, from Tunnel plaza to Bennington street and Bennington street through to Day square, \$2,000,000.

Extension of American Legion Highway from Cummins Highway to West Roxbury parkway and Washington street, \$1,000,000.

East Boston Strandway, including widening of Porter street from Chelsea

street to the airport, thence to Wood Island Park, and Strandway to Winthrop line and North Shore boulevard, \$3,000,000.

Dredging of Pleasure Bay with yacht basin and landing and parking space for automobiles, \$1,000,000.

Grade separation at Cottage Farm and Commonwealth avenue, \$1,000,000.

Grade separation at Brookline avenue and Audubon road, \$500,000.

Forest Hills grade separation and development of square, \$500,000.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Caledonian avenue, West Roxbury district, as a highway, from Hamilton street to beyond Prospect street, bounded and described as follows:

An extension of the highway named Caledonian avenue is hereby laid out, from the southerly line of Hamilton street to the southerly line of Prospect street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Caledonian avenue (highway), forty feet; easterly by the easterly line of said Caledonian avenue as hereby laid out, two hundred fifty-eight and 30-100 feet; southerly by the southerly line of said Caledonian avenue as hereby laid out, forty feet, and westerly by the westerly line of said Caledonian avenue as hereby laid out, two hundred fifty-eight and 30-100 feet.

Trees or structures standing upon or affixed to the abovedescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said extension of Caledonian avenue as laid out under this order, from Hamilton street to Prospect street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Caledonian Avenue, Laurie Avenue, West Roxbury, Assessment Plan, May 9, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Mary B. Hyde.....	\$192 99
2. William E. Coombes.....	325 68
14. Grace Killon.....	150 50
15. Edward A. Scigliano.....	182 00

WILLIAM D. KENNEY,
Executive Officer.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of bridge repairs by the New York, New Haven & Hartford Railroad Company, vehicles are excluded from Washington street, Dorchester district, between Eldon street and Erie street from Saturday, January 28, 1933, at 7.30 p. m., to Sunday, January 29, 1933, at 5 p. m.

Voted, That Deerfield street is a two-way street between Bay State road and Commonwealth avenue and operators of vehicles proceeding in a southerly direction on Deerfield street shall make only a right turn from Deerfield street into Commonwealth avenue, westerly, effective February 6, 1933, for a period of sixty (60) days.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of water pipe construction estimated to be three (3) months, parking of vehicles is prohibited in Cross street, both sides, from Commercial street to Hanover street, effective June 15, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company, estimated to be three (3) weeks, vehicles are excluded from Harrison avenue, between Kneeland and Beach streets, between the hours of 7 p. m. and 7 a. m., effective June 14, 1933, and between the hours of 7 a. m. and 7 p. m. on June 18, 1933.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe, three catch-basins and minor drains in Adams street, between Dudley street and 222 feet southwesterly, in the Roxbury district, at an estimated cost of \$1,848.

A sanitary sewer of 10-inch pipe and a surface drain of 18-inch and 20-inch pipe in Washington street (northwesterly side), between Cowing street and Cottage avenue, in the West Roxbury district, at an estimated cost of \$8,000.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe (to be built in taking) in private land, between Cottage avenue and Vershire street, in the West Roxbury district, at an estimated cost of \$1,500.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch, 18-inch and 20-inch pipe in Cottage avenue, between Washington street and 370 feet northwesterly, and in private land, between Cottage avenue and Vershire street, in the West Roxbury district, at an estimated cost of \$3,546.

A surface drain of 3-foot 3-inch circular concrete in private land, between Royen road and 95 feet northwesterly, Royen road, between private land and Lila road, Lila road, between Royen road and 180 feet southerly, private land, between Lila road and Rambler road, in the West Roxbury district, at an estimated cost of \$10,000.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for furnishing and installing curtains in the Public Latin School addition. Surety bond will be required in the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200 to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 19, at 2 p. m.

Advertises for proposals for alterations in the High School of Practical Arts. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 19, at 2 p. m.

Advertises for proposals for roofing work, etc., at the Mather School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 20, at 2 p. m.

Advertises for proposals for installing new boilers in the Julia Ward Howe School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 22, at 2 p. m.

Advertises for proposals for alterations in the Roxbury Memorial High School for Boys. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 22, at 2 p. m.

Advertises for proposals for plumbing work at the Rice School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed

at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 22, at 2 p. m.

Advertises for proposals for plumbing work at the Capen School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 22, at 2 p. m.

Advertises for proposals for plumbing work at the William Eustis School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for plumbing work in the Hawes Hall School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for installing electric light wiring and apparatus in the Mechanic Arts High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for masonry and pointing work at the Quincy School, Tyler street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for doing painting work at the Harvard School, Devens street, Charlestown. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for erecting and completing an addition and altera-

tions to the Robert Gould Shaw School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$7,500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, June 28, at 2 p. m.

Advertises for proposals for erecting and completing fire escapes on the William Howard Taft School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 29, at 2 p. m.

Advertises for proposals for roofing work, etc., at the English High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 29, at 2 p. m.

HOSPITAL DEPARTMENT.

Advertises for proposals for erecting and completing the alterations to the Burnham Memorial Building. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston. Bids, accompanied by certified check in the sum of \$5,000, to be filed at the office of the Superintendent, 818 Harrison avenue, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, June 22, at 3 p. m.

Readvertises for proposals for erecting and completing the Old Laundry Building and the Kitchen Building, City Hospital. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston. Bids, accompanied by certified check in the sum of \$15,000, to be filed at the office of the Superintendent, 818 Harrison avenue, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, June 30, at 2 p. m.

Advertises for proposals for furnishing and installing kitchen equipment for the City Hospital. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston. Bids, accompanied by certified check in the sum of \$3,000, to be filed at the office of the Superintendent, 818 Harrison avenue, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, June 30, at 2 p. m.

POLICE DEPARTMENT.

Advertises for proposals for the pulling of lead-covered, paper-insulated multi-conductor cable. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Police Commissioner, 154 Berkeley street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, June 21, at 12 m.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Advertises for proposals for extending fender pier at Warren Bridge. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, June 21, at 12 m.

Advertises for proposals for rebuilding drawhouse and foundation at the Dorchester Avenue Bridge. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, June 27, at 12 m.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Advertises for proposals for repairing piers at North and South Ferries. Surety bond will be required in a sum equivalent to the full amount of the contract price. Edwin C. Lewis, Incorporated, \$29,700; G. & N. Engineering Corporation, \$22,592; H. M. Haley Electric Company, Incorporated, \$21,747; M. B. Foster Electric Company, \$19,275; Lord Electric Company, Incorporated, \$18,950; Hixon Electric Company, \$16,963; Quinn Brothers, \$16,900.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Orange street, West Roxbury district, as a highway, from Cornell street to Walworth street, over and including the private way known as West street, bounded and described as follows:

An extension of the highway named Orange street is hereby laid out, from Cornell street to Walworth street, over and including the private way known as West street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Marie T. Reid, bounded: Westerly by Orange street, fifteen feet; northerly by West street, fifteen feet, and southeasterly by other land supposed to belong to said Reid, twenty-three and 56-100 feet, containing forty-eight square feet, more or less.

The land, owners unknown, being the private way known as West street, from Orange street to Walworth street.

The land, owners unknown, being the private way known as Orange street, from Cornell street to West street.

Trees or structures standing upon or affixed to the above described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said highway as hereby laid out is bounded: Southwest by Cornell street, forty feet; northwesterly by the northwesterly line of said Orange street as hereby laid out, one hundred seventeen and 10-100 feet; westerly by the westerly

line of said Orange street as hereby laid out, twelve hundred thirty and 50-100 feet; northwesterly by the northwesterly line of said Orange street as hereby laid out, forty-six and 28-100 feet; northerly by the northerly line of said Orange street as hereby laid out, two hundred twenty-seven and 88-100 feet; easterly by Walworth street, forty feet; southerly by the southerly line of said Orange street as hereby laid out, two hundred and five feet; southeasterly by the southeasterly line of said Orange street as hereby laid out, twenty-three and 56-100 feet on a curve of fifteen feet radius; easterly by the easterly line of said Orange street as hereby laid out, twelve hundred twenty-five and 38-100 feet, and southeasterly by the southeasterly line of said Orange street as hereby laid out, one hundred thirty-three and 66-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of said extension of Orange street as laid out under this order, from Cornell street to Walworth street, except the lot designated as Lot 20 situated on the northwesterly side of Orange street, and supposed to belong to Ellen M. Hudson and Thomas E. Hudson, and containing forty-four hundred and eighty-seven square feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Orange Street, West Roxbury, Assessment Plan, May 2, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

SUPERVISING NURSERY INSPECTOR, DEPARTMENT OF AGRICULTURE, JULY 6.

Last day for filing applications, Monday, June 26, 1933, at 5 p. m.

The minimum salary is \$1,620 a year; the maximum salary is \$1,980 a year. This position is for intermittent service, consisting of not more than six months continuously, nor eight months annually.

Duties: Inspection of nurseries for plant diseases and injurious insects; inspection of imported nursery stock; identification of all common insect pests and diseases and recommendation of control measures for them as well as advising as to control methods for orchard and garden insects such as Oriental peach moth, Japanese beetle, European corn borer, etc.; investigation of insect outbreaks.

Entrance Requirements: Applicants must have college training in entomology and botany, or must be graduates of a standard high school or have equivalent education with five years' experience in plant pest control work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HEAD SOCIAL WORKER, DEPARTMENT OF CORRECTION, REFORMATORY FOR WOMEN, JULY 6.

Last day for filing applications, Monday, June 26, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both males and females.)

The minimum salary is \$1,980 a year; the maximum salary is \$2,340 a year.

Duties: These consist of (a) executive functions; and (b) research activities. The executive duties require the supervision of case work, involving investigation of women committed from the courts. The head of this department must handle the personnel of her office, plan assignments and train workers. She must understand business practice in office routine, and must be able to plan systematize and schedule the program of work economically and efficiently. She must be able to cooperate with other departments at the Reformatory, particularly medical, industrial and educational work. The research duties include training students in methods of research, compilation of statistical reports, the ability to evaluate the results of social treatments at the Reformatory, and to suggest better ways of adjusting women offenders to the community.

Entrance Requirements: Applicants must have education equivalent to that required for graduation from a university with specialization in the social sciences, or graduation from a school of social work, and have four years of experience in social service work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Branton street, Dorchester district, as a highway, from Gallivan Boulevard to Minot street, bounded and described as follows:

A highway named Branton street is hereby laid out, from Gallivan Boulevard to Minot street, and ordered constructed. Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Gallivan Boulevard, thirty-five and 11-100 feet on a curve of twenty-eight hundred and forty feet radius; westerly by the westerly line of said Branton street as hereby laid out, three hundred thirty-two and 52-100 feet; northerly by Minot street, thirty-five and 7-100 feet; and easterly by the easterly line of said Branton street as hereby laid out, three hundred thirty-seven and 37-100 feet.

Trees or structures standing upon or affixed to the above described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Branton street, from Gallivan Boulevard to Minot street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against them; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Branton Street, Woodfield Street, Dorchester, Assessment Plan, November 1, 1932, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Fire Department who are on duty on that day. The regulation uniform with sack coat and white gloves will be worn on this occasion.

Members who are on the night tour of duty, Saturday, June 10, 1933, and who are to participate in the service will be excused from roll call if relieved by members of the oncoming shift prior to eight o'clock.

Members of the department who are on a day off or who are on the off tour on Sunday, June 11, are invited to participate in the memorial exercises and it is hoped that a large number will avail themselves of the opportunity to honor the memory of the deceased members of the department.

Members of the department who are on the committee on arrangements will be granted sufficient time to attend to their committee duties and those members of the committee who are working on Sunday, June 11, will be excused from duty on that day.

The Fire Department Band will furnish the music for the parade and exercises. All members of the band will report at the quarters of Engine Company 3, Harrison avenue and Bristol street at 9 a. m., sharp, Sunday, June 11, 1933. They will bring with them their instruments, small band books and music lyres.

The instrument cases will be left at the quarters of Engine Company 3 and a member of that company will be assigned to take care of the property while it is in that station. If the company responds to an alarm of fire a member of the department will be left in charge of the band property.

Members of the band who are on duty Sunday, June 11, will be excused from duty for the day. Members of the band

who are on the night tour of duty, June 10, will be allowed sufficient time to report promptly at nine o'clock Sunday morning.

II. BOSTON FIRE DEPARTMENT BAND.

There will be no rehearsal of the Fire Department Band next week. The band has been invited to participate in the program of graduation exercises of the Nurses' Training School at Long Island Hospital on Thursday, June 15, 1933. Complete arrangements for this program will be announced later.

III. REDUCED ASSIGNMENTS JUNE 17 AND JULY 4.

The reduced assignments and regulations promulgated in General Order No. 57, series of 1930, as amended by special order of June 13, 1932, will be effective between the hours of 9 p. m., June 16, and midnight, June 17, 1933, and from 9 p. m., July 3, to midnight, July 4, 1933.

IV. LEGISLATIVE ACTS PERTAINING TO THE FIRE DEPARTMENT.

There will be distributed to each member of the Fire Department, today, pamphlets giving acts of the Legislature, passed during the 1932 session, pertaining to the Fire Department and fire prevention.

V. COMMENDATION.

District Chief John J. Kenney of District 3 is hereby commended for responding to and working at fire, Box 2661, June 5, 1933, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

WORK FOR NAVY YARD.

Mayor Curley, on June 13, received the following communication from Hon. Daniel C. Roper, Secretary of Commerce at Washington:

MY DEAR MR. MAYOR,—Referring to your call this week regarding the possibility of having some of the repair work to vessels of this department done at the Boston Navy Yard, I am pleased to inform you that I have given directions that when any Lighthouse vessels in that vicinity are to undergo repairs, the superintendents of the New England districts are to get in touch with the Navy Yard officials so that we may give consideration to any bids they may desire to submit on this type of work.

Sincerely yours,

DANIEL C. ROPER,
Secretary of Commerce.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, supposed to belong to Coleman Disposal Company, bounded: Northeasterly by United States Bulkhead Line, fifty-four and 28-100 feet; southeasterly by other land supposed to belong to said company, nine hundred eighty-seven and 89-100 feet; southeasterly by the same, one hundred ninety-five and 11-100 feet; southwesterly by the same and by easement taken by the City of Boston, July 27, 1896, twenty feet; northwesterly by other land supposed to belong to said company, one hundred seventy-five and 11-100 feet; again southeasterly by the same, ninety-eight and 64-100 feet; again southwesterly by the same, forty feet; and northwesterly by land supposed to belong to the City of Boston (Strandway), ten hundred seventy-eight and 11-100 feet, containing forty-seven thousand five hundred and sixty-one square feet, more or less.

The sewerage works to be constructed are as follows: 1,280 linear feet of 7-foot by 7-foot and 8-foot by 8-foot and 10-foot by 10-foot concrete conduit.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned company sustains damages by the taking of an easement for sewerage purposes in land bordering on the Strandway, Dorchester district, and the construction of sewerage works therein, under the order of the Board, in the amount hereinafter mentioned, and awards said amount therefor

Coleman Disposal Company, 47,561 square feet, \$1.

POLICE DEPARTMENT ORDERS.

General Order No. 218.

A trial board consisting of Captains McKinnon, Dickinson and Lewis having heard by reference a complaint made by John McGrath, captain, Division 14, against George F. Brassil, patrolman, Division 14, for violation of Rules 36 and 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer, to wit, failing to pay a just debt.

Specification 1: In that on May 14, 1932, a judgment was given against Patrolman George F. Brassil in the Central Municipal Court of Boston, Civil Session, in the sum of \$146.50, to one Robert C. Orpin of 15 Sheffield street, Winchester, Mass., on which judgment Patrolman Brassil was ordered to pay the sum of five dollars per month. He was later cited into the Brighton Municipal Court, Poor Debtor's Session, and was defaulted on February 11, 1933. There is now a *capias* outstanding for his arrest, issued by the Brighton Municipal Court.

Specification 2: In that he has failed to properly provide for the support of his minor child, Robert Brassil, who is in the custody of one Ellen F. O'Brien of 9 Haskell street, Allston, to whom he now owes the sum of \$25 for board of the same child.

Specification 3: In that he has failed to properly provide for the support of two minor children, Charles Brassil, eight years, and Jean Brassil, age seven, who are in the custody of one Sarah A. Kennedy of 25 Pratt street, Allston, to whom he now owes \$26.35 for the board of these children.

Specification 4: In that he has failed to pay to one Mary Leahy of 58 Mansfield street, Allston, the sum of \$23, which he has owed this woman for rent since March, 1932.

Specification 5: In that on April 8, 1933, he was arrested on a *capias* issued on a civil complaint, and brought into the Brighton Municipal Court, charged with failing to pay an outstanding bill, and that he has, at other times been guilty of other acts of misconduct which have tended to bring his associates in the Police Department into ridicule before the eyes of the public,—has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented by witnesses finds the said Patrolman George F. Brassil on specification one, guilty; specification two, not guilty; specification three, not guilty; specification four, guilty; specification five, guilty.

The evidence presented to the Board shows clearly that Patrolman Brassil has no regard for his responsibilities as a man, much less as a police officer, and that his neglect to pay his just debts is occasioned by his selfishness and catering to his own wants and desires and disregarding the natural obligations of a husband and father and the duty of a police officer.

The Board respectfully recommends on specification one, that Patrolman George F. Brassil be ordered to pay five dollars a month to Robert C. Orpin, 15 Sheffield street, Winchester, on or before the last day in each calendar month, until this bill of \$146.50 is paid in full.

The Board in finding Patrolman Brassil not guilty on specifications two and three, base their findings on the facts that the charges on these specifications were not sustained by the evidence submitted, except in so far as he was behind in his

payments of \$25 in specification one and \$26.35 in specification two, over a period of one and one half years. As both these are just debts which must be paid, the Board respectfully recommends that he be ordered to pay to Ellen F. O'Brien, 8 Haskell street, Allston, three dollars per month, to be paid on or before the last day of each calendar month until the same is paid in full. On specification three the Board respectfully recommends that Patrolman Brassil be ordered to pay to Sarah A. Kennedy of 25 Pratt street, Allston, the sum of three dollars a month, to be paid before the last day of each calendar month, until the same is paid in full.

On specification four the Board respectfully recommends that Patrolman Brassil be ordered to pay Mary Leahy of 58 Mansfield street, Allston, the sum of three dollars per month on or before the last day of each calendar month until the full amount is paid.

The Board further recommends that this case be considered as open until final payments are made and in the event of failure by Patrolman Brassil to make payments as ordered his commanding officer shall bring the same to the attention of the superintendent who may, in his judgment, order a reconvening of this Board for further consideration of the case.

On specification five, the Board respectfully recommends that Patrolman Brassil be ordered to perform one hundred and forty hours of punishment duty, and further, that he be required to discontinue immediately all contact or association with a certain person whose name appears in the record of this hearing in connection with the specification of, ' . . . other acts of misconduct . . . ' and any failure to comply with or any evasion of this order on the part of Patrolman Brassil, to be a basis for a reopening of this case."

The commissioner accepts the finding and the recommendation of the Trial Board as to the disposition of the within charges and specifications, with the punishment imposed, and further orders that this case be reopened and heard during the first week in September, 1933, and that a report be made to the commissioner.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 219.

A trial board consisting of Captains Livingston, Mullen and Gleavy having heard by reference a complaint made by Perley S. Skillings, captain, Division 16, against Michael V. Waldron, patrolman, Division 16, for alleged violations of the Rules and Regulations of the Police Department, to wit:

Charge 1: Untruthfulness.

Specification: In that on the 19th day of May, 1933, the said Patrolman Michael V. Waldron, when questioned by his superior officers as to his whereabouts on the morning of the 19th day of May, 1933, between the hours of 1 o'clock a. m. and 6 a. m., was untruthful in his replies to said interrogation by his superior officers, and further, that the said Patrolman Michael V. Waldron did not truthfully state his whereabouts between said hours, thereby departing from the truth and thereby rendering the said Patrolman Michael V. Waldron unfit for service as a police officer.

Charge 2: Possession of a key to premises near his route.

Specification: In that on the 19th day of May, 1933, the said Patrolman Michael V. Waldron did have in his possession a key to the premises occupied as a garage at 24 Cummington street, Boston, said premises being near his route, all without the knowledge and consent of his commanding officer.

Charge 3: Conduct unbecoming an officer.

Specification: In that on the 19th day of May, 1933, the said Patrolman Michael V. Waldron did have in his possession a key to the gasoline tank in the garage of Police Division 16, without the knowledge or consent of his commanding officer.

In that the said Patrolman Michael V. Waldron, by his actions on the 19th day of May, 1933, did commit acts contrary to good order and discipline, thereby bringing into disrepute and criticism his associates on the Boston Police Department and the Police Department as a whole.

Charge: Violation of law and conduct unbecoming an officer.

Specification: In that on the 19th day of May, 1933, the said Patrolman Michael V. Waldron, is alleged to have committed a violation of law, namely, did break and enter in the night time the building located at 618 Commonwealth avenue, and did therein commit larceny of personal property, said personal property consisting of four tires each of the value of \$6.04, five tires each of the value of \$12.79, total value of \$88.11, \$21 in money, postage stamps to the value of \$20, one fountain pen to the value of \$5, twenty-five cigars each of the value of ten cents, and two bottles containing a liquid alleged to be intoxicating liquor, and further, by said act the said Patrolman Michael V. Waldron did bring the department into disrepute,—

submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Michael V. Waldron guilty on all charges and specifications and respectfully recommends that the said Michael V. Waldron be dismissed from the Police Department."

The commissioner accepted the finding and the recommendation of the Trial Board and ordered that the said Patrolman Michael V. Waldron be dismissed from the Police Department. Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on May 27, 1933, to the said Michael V. Waldron.

On the 31st day of May, 1933, the said Michael V. Waldron requested, in writing, a public hearing as provided by law, and the Police Commissioner set down Wednesday, June 7, 1933, at 9.30 o'clock a. m., at the office of the Police Commissioner, as the time and place of said hearing, and duly notified the said Michael V. Waldron. On June 6, 1933, Michael V. Waldron, through counsel, waived, in writing, his right of appeal and his claim for a public hearing.

On June 7, 1933, at 9.30 o'clock a. m., a public hearing was called at the office of the Police Commissioner, wherein the said Michael V. Waldron, having withdrawn his request for a public hearing, failed to appear at said time and place.

Therefore it is hereby ordered that the said Michael V. Waldron shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 220.

A trial board consisting of Captains Livingston, Mullen and Gleavy, having heard by reference a complaint made by Perley S. Skillings, captain, Division 16, against Ralph L. Cohen, patrolman, Division 16, for alleged violations of the Rules and Regulations of the Police Department, to wit:

Charge 1: Untruthfulness.

Specification: In that on the 19th day of May, 1933, the said Patrolman Ralph L. Cohen, when questioned by his superior officers as to his whereabouts on the morning of the 19th day of May, 1933, between the hours of 1 o'clock a. m. and 6 o'clock a. m., was untruthful in his replies to said interrogation by his superior officers, and further that the said Patrolman Ralph L. Cohen did not truthfully state his whereabouts between said hours, thereby departing from the truth and thereby rendering the said Patrolman Ralph L. Cohen unfit for service as a police officer.

Charge 2: Leaving his route without obtaining permission from his commanding officer.

Specification: In that on the 18th day of May, 1933, the said Patrolman Ralph L. Cohen did leave his route and enter a building, to wit, a private garage at 24 Cummington street, Boston, without first obtaining the permission of the officer in charge of his station, and did fail to report to the officer in charge of his station the cause and length of his absence from his route.

Charge 3: Conduct unbecoming an officer.

Specification: In that on the 19th day of May, 1933, the said Patrolman Ralph L. Cohen while in uniform and not on duty was under the influence of intoxicating liquor to such an extent that he was unable to perform police duty if called upon so to do.

In that the said Patrolman Ralph L. Cohen, by his actions on the 19th day of May, 1933, did commit acts contrary to good order and discipline, thereby bringing into disrepute and criticism his associates on the Boston Police Department and the Police Department as a whole.

Charge: Violation of law and conduct unbecoming a police officer.

Specification: In that on the 19th day of May, 1933, the said Patrolman Ralph L. Cohen is alleged to have committed a violation of law, namely, did break and enter in the night time the building located at 618 Commonwealth avenue, and did therein commit larceny of personal property, said personal property consisting of four tires each of the value of \$6.04, five tires each of the value of \$12.79, total value of \$88.11; \$21 in money, postage stamps to the value of \$20, one fountain pen to the value of \$5, twenty-five cigars each of the value of ten cents, and two bottles containing a liquid alleged to be intoxicating liquor, and further, by said act the said Patrolman Ralph L. Cohen did bring the department into disrepute, submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Ralph L. Cohen guilty on all charges and specifications and respectfully recommends that the said Patrolman Ralph L. Cohen be dismissed from the Police Department."

The commissioner accepted the finding and the recommendation of the Trial Board, and ordered that the said Patrol-

man Ralph L. Cohen be dismissed from the Police Department. Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on May 27, 1933, to the said Ralph L. Cohen.

On the 31st day of May, 1933, the said Ralph L. Cohen requested, in writing, a public hearing as provided by law, and the Police Commissioner set down Wednesday, June 7, 1933, at 9.30 o'clock a. m., at the office of the Police Commissioner, as the time and place of said hearing, and duly notified the said Ralph L. Cohen. On June 5, 1933, Ralph L. Cohen, through counsel, waived, in writing, his right of appeal and his claim for a public hearing.

On June 7, 1933, at 9.30 o'clock a. m., a public hearing was called at the office of the Police Commissioner, wherein the said Ralph L. Cohen, having withdrawn his request for a public hearing, failed to appear at said time and place.

Therefore it is hereby ordered that the said Ralph L. Cohen shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

Arthur W. Blood, from Division 16 to Bureau of Records.

William J. Collins, from Division 16 to Division 10.

Michael R. Corbett, from Division 16 to Division 11.

Cecil V. Craig, from Division 16 to Division 12.

Martin J. Cusack, Leonard J. Delaney, from Division 16 to Division 13.

Philip S. Dodge, Gregory J. Donohue, from Division 16 to Division 15.

John V. Edwards, Daniel Fitzgerald, from Division 16 to Division 14.

John S. Flaherty, William H. Foley, from Division 16 to Division 7.

William S. Foster, Albert R. Gildersleeve, from Division 16 to Division 17.

George W. Girvan, Gerald E. Griffin, Thomas E. Griffin, from Division 16 to Division 9.

Franklin E. Gunning, James F. Hennessey, Leo J. Herlihy, from Division 16 to Division 11.

Frederick G. Kahler, from Division 16 to Division 17.

Joseph W. Kiley, Charles E. Lenz, John F. Lowney, Jr., from Division 16 to Division 11.

James P. Malloy, from Division 16 to Division 9.

Stephen McGrail, John A. McGregor, from Division 16 to Division 12.

William McGuire, Douglas McLeod, from Division 16 to Division 9.

Laurence J. McNamara, Henry S. Muldoon, Magnus T. Nelson, from Division 16 to Division 13.

Martin J. J. O'Donnell, Frank E. O'Reilly, from Division 16 to Division 14.

Daniel B. Spear, Clarence C. Strange, from Division 16 to Division 9.

James A. Sweeney, Charles E. Guittarr, from Division 16 to Division 14.

Walter W. Trask, Samuel I. Williston, from Division 16 to Division 9.

Ralph S. Wilson, Charles P. Wonderly, from Division 16 to Division 15.

Napoleon J. Dubois, from Division 16 to Division 9.

John J. Dowd, from Division 16 to Division 11.

Richard M. Mackey, from Division 16 to Division 12.

Chester A. Guilford, from Division 16 to Division 17.

Jesse Worms, from Division 16 to Division 15.

John R. Murphy, from Division 16 to Division 14.

George J. Harnden, Joseph F. Hart, Dennis F. Dalton, Gilbert H. Noyes,

John R. Grimley, Carl E. Melanson, from Division 16 to Division 19.

Augustine J. Fay, Philip F. Smith, James J. Dennehy, Francis A. Keeney, from Division 17 to Division 16.

William L. Carney, from Division 17 to Division 18.

Paul R. Dailey, from Division 18 to Division 13.

John L. Davy, from Division 18 to Division 16.

Roland J. Kinsman, from Division 18 to Division 2.

Daniel T. Kelliher, from Division 18 to Division 3.

Thomas J. Manning, from Division 18 to Division 4.

Patrick J. McCarthy, Daniel F. O'Connor, from Division 19 to Division 16.

William T. Gorman, Cornelius J. Callahan, John F. Dunne, William F. Buckley, John M. Decker, Patrick Marlborough, from Division 19 to Division 2.

James L. Blue, Arthur F. McDermott, from Bureau of Traffic to Division 16.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 222.

The Superintendent of Police is hereby directed to make the following details for duty at the Special Delegate Election in this city on Tuesday, June 13, 1933:

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the Special Delegate Election at about 11 o'clock a. m., Monday, June 12, 1933, such detail to continue until all ballots cast at the election have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks from 7 o'clock a. m., Tuesday, June 13, 1933, until relieved, and a patrolman from 8 o'clock p. m. on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on Special Delegate Election Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle, with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED, FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF JUNE 13, 1933.

(One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.)

Wards 1 to 7, both inclusive, 8 a. m.
Wards 8 to 10, both inclusive, 7.30 a. m.
Ward 11, 7 a. m.
Ward 12, 7.45 a. m.
Wards 13 to 17, both inclusive, 7.30 a. m.
Ward 18, 6.45 a. m.
Wards 19 and 20, 7.20 a. m.
Ward 21, 7.25 a. m.
Ward 22, 7.30 a. m.

5. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

6. One patrolman to report at each of the three hundred and sixty-two precincts, as hereinafter set forth, on Tuesday, June 13, 1933, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS.

Ward 1, 8.30 a. m.
Ward 2, 8.30 a. m.
Wards 3 to 7, both inclusive, 8.45 a. m.
Ward 8, Precincts 1 to 6, both inclusive, 8 a. m.
Ward 8, Precinct 7, 8.15 a. m.
Ward 8, Precincts 8 to 14, both inclusive, 8.20 a. m.
Ward 9, Precincts 1 to 6, both inclusive, 8 a. m.
Ward 9, Precincts 7 to 15, both inclusive, 8.30 a. m.
Ward 10, Precincts 1 to 4, both inclusive, 8 a. m.
Ward 10, Precincts 5 to 11, both inclusive, 8.15 a. m.
Ward 10, Precincts 12 to 16, both inclusive, 8.30 a. m.
Ward 11, Precincts 1 to 4, both inclusive, 8 a. m.
Ward 11, Precincts 5 to 12, both inclusive, 8.15 a. m.
Ward 11, Precincts 13 to 16, both inclusive, 8.30 a. m.
Ward 12, Precincts 1 to 4, both inclusive, 8.30 a. m.
Ward 12, Precincts 5 to 8, both inclusive, 8.40 a. m.
Ward 12, Precincts 9 to 11, both inclusive, 8.45 a. m.
Ward 12, Precincts 12 to 17, both inclusive, 9 a. m.
Ward 13, Precincts 1 to 5, both inclusive, 8 a. m.
Ward 13, Precincts 6 and 7, 8.15 a. m.
Ward 13, Precincts 8 to 12, both inclusive, 8.30 a. m.
Ward 13, Precincts 13 to 16, both inclusive, 8.45 a. m.
Ward 14, Precincts 1 to 5, both inclusive, 8 a. m.
Ward 14, Precinct 6, 8.15 a. m.
Ward 14, Precincts 7 to 19, both inclusive, 8.30 a. m.
Ward 15, Precincts 1 to 4, both inclusive, and Precinct 13, 8 a. m.
Ward 15, Precincts 5 to 8, both inclusive, 8.15 a. m.
Ward 15, Precincts 9 to 12, both inclusive, 8.30 a. m.
Ward 15, Precincts 14 and 15, 8.45 a. m.
Ward 16, Precincts 1, 2, 5 and 15, 8.15 a. m.
Ward 16, Precincts 6 to 14, both inclusive, and Precincts 16 and 17, 8.30 a. m.
Ward 16, Precincts 3 and 4, 9 a. m.
Ward 17, Precincts 1 to 6, both inclusive, 8 a. m.
Ward 17, Precincts 7 to 9, both inclusive, 8.15 a. m.
Ward 17, Precinct 10 and Precincts 12 to 15, both inclusive, 8.30 a. m.
Ward 17, Precinct 11 and Precincts 16 to 19, both inclusive, 8.45 a. m.
Ward 18, Precincts 1 to 4, both inclusive, 7.50 a. m.
Ward 18, Precincts 5, 6 and 15, 8 a. m.
Ward 18, Precincts 13, 14 and Precincts 16 to 20, both inclusive, 8.15 a. m.
Ward 18, Precincts 8, 9 and 12, 8.30 a. m.
Ward 18, Precincts 7, 10 and 11, 8.45 a. m.
Ward 19, Precincts 1 to 4, both inclusive, 8 a. m.
Ward 19, Precincts 5 to 9, both inclusive, and Precinct 17, 8.15 a. m.
Ward 19, Precincts 10 to 12, both inclusive, and Precinct 16, 8.30 a. m.
Ward 19, Precincts 13 to 15, both inclusive, 9 a. m.
Ward 20, Precincts 1 to 5, both inclusive, 8 a. m.
Ward 20, Precincts 6 to 9, both inclusive, 8.15 a. m.
Ward 20, Precincts 10 to 16, both inclusive, 8.30 a. m.
Ward 20, Precincts 17 to 19, both inclusive, 8.45 a. m.
Ward 21, Precincts 1 to 5, both inclusive, 8 a. m.
Ward 21, Precincts 6 to 11, both inclusive, 8.15 a. m.
Ward 21, Precincts 12 to 14, both inclusive and Precincts 16 and 17, 8.30 a. m.
Ward 21, Precinct 15, 9 a. m.
Ward 22, Precincts 1 to 5, both inclusive, 8.15 a. m.
Ward 22, Precincts 6 to 9, both inclusive, 8.30 a. m.
Ward 22, Precincts 10 to 12, both inclusive, and Precincts 15 and 16, 8.40 a. m.
Ward 22, Precincts 13 and 14, 9 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed, report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot

boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' Office.

9. Cards with the ward and precinct number and location of voting booth printed thereon have been forwarded to the several police divisions, on which the division commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of June 13, 1933, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' Office on the morning of June 13, with ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots after which the patrolman will see that the box is again locked, and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of the polls.

14. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

15. At 8 p. m., Tuesday, June 13, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive regis-

tering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots and check lists, carry them to the Election Commissioners' Office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners, as described in Section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots, and the envelopes sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast, and the press return to the Election Commissioners' Office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else, shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book, and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

21. While the polls remain open, an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

22. Attention is called to the fact that the polls at the Special Delegate Election on Tuesday, June 13, 1933, shall open at 10 o'clock a. m., and close at 8 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on Special Delegate Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Election Days."

24. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

NOTES.

1. Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Election Days," which reads: "The police officer is directed not to allow the official return or record book to be placed in the leatheroid box."

That this may not happen (as it has in the past notwithstanding repeated instructions) in any of the precincts of this city at the coming election, the officer of rank who will visit the polling places in each division (provided for in Section 21 of this order) shall, at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

2. The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in Section 20 of this order.

3. The police shall enforce the order that smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 362 precincts be instructed to see that this is enforced.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

Commanding officers will take notice, and provide means to correct, the following conditions set out in a paragraph of a letter received by the Police Commissioner from the Board of Election Commissioners:

"May we again call your attention to the law which prohibits smoking in any polling place, and ask you to have the officers who are detailed to the three hundred sixty-two (362) precincts make a special effort to see that there is no smoking during the entire day while the polls are open, as well as after they are closed."

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 223.

A trial board consisting of Captains McKinnon, Dickinson and Lewis having heard by reference a complaint made by Perley S. Skillings, captain, Division 16, against Patrolman Charles E. Guittarr

of the same division, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the 24th day of May, 1933, at or about 1.10 p. m., the said Patrolman Charles E. Guittarr, while in uniform and on traffic duty at Arlington street and St. James avenue, was under the influence of intoxicating liquor to such an extent that he was unable to perform police duty,—has submitted the following findings and recommendation:

"The Board accepts the plea of guilty by Patrolman Charles E. Guittarr. The Board has taken into consideration the previous good record of Patrolman Guittarr, his pledge to abstain from the use of liquor in the future, and the recommendation of his commanding officer that he has been a good, dependable officer.

The Board therefore respectfully recommends that the said Patrolman Charles E. Guittarr be suspended from duty, with loss of pay, for a period of twenty days, effective as of May 25, 1933."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Charles E. Guittarr be suspended from duty, with loss of pay, for a period of twenty days, effective as of May 25, 1933, at 5.45 o'clock p. m.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3: With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 224.

The resignation of Patrolman John J. McNally of Division 14 having been presented, while charges against him are pending, it is hereby accepted to take effect as of Saturday, June 10, 1933, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 225.

It gives the commissioner great pleasure to publish for the information of the department the following letter:

BOSTON EMERGENCY RELIEF CAMPAIGN.
ROBERT F. HERRICK, *General Chairman.*
RICHARD WHITCOMB, *Executive Manager.*
31 MILK STREET, BOSTON,
June 6, 1933.

MR. EUGENE C. HULTMAN,
Commissioner of Police.

DEAR MR. HULTMAN,—We wish to take this opportunity to thank you for the splendid cooperation shown by you and the entire Police Department during the campaign. It has been help such as

yours which has contributed in large part to the campaign's success.

We most deeply appreciate it.

Yours very truly,

ROBERT F. HERRICK,
General Chairman.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 226.

The Attorney-General of the Commonwealth has given out seventeen suggestions in regard to the better apprehension and control of criminals and the prevention of crime.

It is self-evident that these suggestions are the result of large experience by the Attorney-General and the county prosecutors.

In so far as these suggestions are not now in force in this department, immediate steps shall be taken in regard to each item which concerns the police and such suggestions shall be put into effect at once.

1. That punishment for the crime of kidnaping, accompanied by attempt to extort, be increased to life imprisonment. (The present penalty in Massachusetts is twenty-five years' imprisonment.)

2. That every police department where possible be equipped with radio, so that all departments shall be linked up.

3. That no professional criminal, gangster or racketeer be released on parole.

4. That every district attorney shall immediately aid in the capture and return to other states of all gangsters or racketeers seeking refuge in Massachusetts.

5. When a heinous crime has been committed, the district attorney of the jurisdiction shall immediately be notified by police.

6. That heinous crimes shall be presented at once to a grand jury and be tried at the earliest possible moment.

7. Police departments are to use all authority in the pursuit and arrest of criminals.

8. That the police departments of every city and town shall aid police in other cities and towns on a request for such aid.

9. That measures be effected to enable every police department in the state to be notified immediately after the commission of a heinous crime and that the perpetrator is at large.

10. That every police department in the state be notified of the pursuit or coming to Massachusetts of notorious criminals.

11. When the presence of gangsters in any locality becomes known, all police departments shall immediately take action.

12. That measures be considered whereby police would be enabled to hold persons known to be dangerous characters or criminally disposed, so that they cannot remain at large to commit crime.

13. That discussion be held by police officials to ascertain to what extent a central clearing house of information may be utilized and rendered immediately available to police departments of cities and towns.

14. That Chamber of Commerce and business and trades associations make known to the Attorney-General any hazard to trade through the demands of racketeers for protection money.

15. That a study be made to effect uniformity in court decision, in imposing fines and imprisonment.

16. That a study be made to ascertain to what extent persons charged with crime obtain advantages, legal and otherwise, against the rights of the people.

17. That an investigation be made to ascertain if police rules and practices may be brought under a uniform standard.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 227.

On Tuesday, March 21, 1933, a trial board consisting of Captains McKinnon, Lewis and Kavanagh, having heard by reference a complaint made by William W. Livingston, captain, Division 4, against John J. Freeman, sergeant, Division 18, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Conduct unbecoming an officer.

Specification: In that the said Sergt. John J. Freeman, in September in the year 1930, did request from one Patrick J. Dervin, a patrolman in the Boston Police Department, a loan of \$2,500 for a period of from eight to ten weeks, further that this sum of money was loaned to the said Sergt. John J. Freeman and further, that this loan was not paid within the specified time. As a result of this the said Sergt. John J. Freeman gave to the said Patrolman Patrick J. Dervin a mortgage on certain property in the sum of \$2,500 for the term of one year, this mortgage being signed by the son of the said Sergt. John J. Freeman. The said mortgage loan not being paid at the expiration of one year, the said Sergt. John J. Freeman, as consideration for an extension of payment on said mortgage, indorsed the mortgage note; all contrary to good order and discipline and tending to bring into disrepute and criticism his associates on the Police Force and the Boston Police Department as a whole.

Charge 2: Neglecting and refusing to pay a just debt.

Specification: In that the said Sergt. John J. Freeman has refused and neglected to pay a loan of \$2,500 obtained by the said Sergt. John J. Freeman from Patrolman Patrick J. Dervin of the Boston Police Department,—

submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented finds the said Sergt. John J. Freeman guilty on Charge 1 and specification thereunder, and guilty on that part of the specification in Charge 2 which charges that the said Sergt. John J. Freeman neglected to pay a loan of \$2,500 obtained from Patrolman Patrick J. Dervin. The Board respectfully recommends that this case be continued until June 1, 1933, to be disposed of at that time on condition that the said Sergt. John J. Freeman has at that time repaid or has made reasonable arrangements, satisfactory to the Board, to repay the loan of \$2,500 to Patrolman Patrick J. Dervin."

The commissioner accepted the recommendation of the Trial Board, and in accordance therewith, the Board reconvened on June 2, 1933, and submitted the following finding and recommendation:

"Sergeant Freeman, through counsel, submitted to Patrolman Patrick J. Dervin an offer of \$30 each month until the debt

of \$2,500 owed by Sergeant Freeman is discharged. This offer is not acceptable to Patrolman Dervin, nor to the Board, inasmuch as a period of almost seven years would elapse before the debt would be discharged, which would bring it two years beyond the date, in the ordinary course of events, on which Sergeant Freeman will be retired from the department.

The Board therefore respectfully recommends that Sergeant Freeman be ordered to make an initial payment of \$500 before the first day of July, 1933, and \$40 each month thereafter, payable before the last day of each calendar month, until the \$2,500 is paid in full, and upon his failure to comply with this order, either in regard to the initial payment or each or any of the subsequent monthly payments of \$40, that he be suspended from duty without pay until payments which he has defaulted are paid."

The commissioner accepts the finding and recommendation of the Trial Board, and hereby orders that Sergt. John J. Freeman make an initial payment of \$500 before the first day of July, 1933, and \$40 each month thereafter, payable before the last day of each calendar month, until the \$2,500 is paid in full, and upon his failure to comply with this order, either in regard to the initial payment or each or any of the subsequent monthly payments of \$40, he shall be suspended from duty without pay until payments which he has defaulted are paid.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Sherbrook place, Roxbury district, as a highway, from Tremont street northeasterly, with the name of Playford street or some other distinctive name, bounded and described as follows:

A highway named Shermont street is hereby laid out, from Tremont street northeasterly for a distance of approximately one hundred and fifty-seven feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Tremont street, thirteen and 4-100 feet; northwesterly by the northwesterly line of said Shermont street as hereby laid out, one hundred fifty-seven and 52-100 feet; northeasterly by land supposed to belong to the City of Boston (Mission Hill Playground), thirteen feet, and southeasterly by the southeasterly line of said Shermont street as hereby laid out, one hundred fifty-six and 55-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Shermont street as laid out under this order will receive benefit or advantage,

beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Shermont Street, Roxbury, Assessment Plan, March 15, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Annie Prior.....	\$335 78
2. Annie M. Collins <i>et al.</i>	414 22
Total.....	\$750 00

Voted, That this Board determines that no persons sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Shermont street (formerly Sherbrook place), Roxbury district, as a highway, from Tremont street northeasterly for 157 feet, under the order of the Street Commissioners and Mayor and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Woodfield street, Dorchester district, as a highway, from Gallivan Boulevard to Minot street, bounded and described as follows:

A highway named Woodfield street is hereby laid out, from Gallivan Boulevard to Minot street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Gallivan Boulevard, thirty-five and 37-100 feet on a curve of twenty-eight hundred and forty feet radius; westerly by the westerly line of said Woodfield street as hereby laid out, three hundred sixty-five and 12-100 feet; northerly by Minot street, thirty-five and 6-100 feet; and easterly by the easterly line of said Woodfield street as hereby laid out, three hundred seventy-two and 42-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Woodfield street, from Gallivan Boulevard to Minot street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Branton Street, Woodfield Street, Dorchester, Assessment Plan, November 1, 1932, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Margaret M. McKeon.....	\$117 63
2. Harry L. Mason, Minnie M. Mason.....	226 60
3. Catherine F. Singer.....	206 80
4. Walter E. Paris, Ethel M. Paris.....	202 60
5. Mary Langley.....	200 10
6. Patrick J. McDonough, Helen A. McDonough.....	100 20
7. Sabine P. Neidzveck.....	161 19

8. Michael E. Meehan, Catherine Meehan.....	\$208 05
9. Blacker and Shepard Company.....	208 00
10. Blacker and Shepard Company.....	208 05
11. Gladys M. Carnegie, Clara E. Carnegie.....	167 01
Total.....	\$2,006 23

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Woodfield street, Dorchester district, as a highway, from Gallivan Boulevard to Minot street, under the order of the Board and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Knoll street, West Roxbury district, as a highway, to Centre street, bounded and described as follows:

An extension of the highway named Knoll street is hereby laid out to Centre street, and ordered constructed.

Said extension of said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by another part of Knoll street (highway), forty feet; southwesterly by the southwesterly line of said extension of said Knoll street as hereby laid out, two hundred nine and 49-100 feet; northwesterly by Centre street, forty and 2-100 feet; and northeasterly by the northeasterly line of said extension of said Knoll street as hereby laid out, two hundred eight and 21-100 feet.

Trees or structures standing upon or affixed to the abovedescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly side of Knoll street for a distance of approximately two hundred and one feet southeasterly from Centre street, and the abutting lots of land on the southwesterly side of Knoll street as extended under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Knoll Street, West Roxbury, Assessment Plan, July 29, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Owen J. Oakes.....	\$430 00
14. Nellie B. O'Neill.....	220 20
15. Rose A. Stanley.....	258 75
16. Alexa Maud Shaw.....	215 00
17. Katherine M. Corkery.....	215 00
Total.....	\$1,338 95

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Knoll street, West Roxbury district, as a highway, to Centre street, under the order of the Board and awards no damages therefor.

Thomas, Ward 15; Louis F. Lambert, Ward 16; William T. Lawler, Ward 16; Harry Edwards, Ward 17; John W. Barnes, Ward 19; Anthony F. O'Kelly, Ward 19; Frederick Bemis, Ward 20; Harry P. Kingman, Ward 20; Joseph P. F. Kelley, Ward 21; Edward P. Ford, Ward 22; Harry Mintz, Ward 22.

Twenty-three traverse jurors, Superior Civil Court, Sixth Session, July Sitting, to appear July 3, 1933:

John W. Murphy, Ward 1; Joseph J. Russo, Ward 1; Morton J. Dodge, Ward 4; Arthur J. Benischek, Ward 7; Clifford S. Deardoff, Ward 8; Albert P. Dooley, Ward 8; John J. Healey, Ward 9; James H. Dillon, Ward 11; Timothy D. Hurley, Ward 11; John J. McClellan, Ward 11; Angus A. McIsaac, Ward 11; Dennis G. Cullum, Ward 13; George A. Percy, Ward 13; La Roy Batchelder, Ward 14; Thomas McCran, Ward 14; Nathan Rutstein, Ward 14; Joseph Van Dam, Ward 14; John Chmielenski, Ward 15; George C. Morris, Ward 18; James E. Graham, Ward 19; William F. Higgins, Ward 19; Francis A. Newton, Ward 19; Robert H. Harris, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments for the term ending April 30, 1934, viz.:

Constables, to serve civil process upon the filing of proper bonds: Bernard J. McDonald, 485 Columbia road, Dorchester; Vincent DeAngelis,

197 Chelsea street, East Boston; Jack Myerson, 6 Glenville avenue, Allston; Joseph Dinubille, 28 Porter street, East Boston; George Manolian, 234 L street, South Boston; Pearley R. Gyger, 1197 Commonwealth avenue, Allston.

Weighers of Coal: Levering Reynolds, Pinelhurst avenue, Billerica; Warren Silva, 58 Hill Top street, Dorchester; James L. Maher, 10 Welton road, West Roxbury; Ida F. Walsh, 201 East Cottage street, Dorchester.

Weigher of Goods: Chester Cummings, 1324 Washington street, Boston.

Severally laid over a week under the law.

DRINKING FOUNTAINS, PARKER HILL PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to install drinking fountains at the Parker Hill Playground. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 1, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to install drinking fountains at the Parker Hill Playground,—same will be complied with at the earliest possible moment.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

DESECRATION OF VETERANS' GRAVES.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to prevent the desecration of veterans' graves in all the cemeteries under the jurisdiction of the City of Boston. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 1, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to take immediate steps to prevent the desecration of veterans' graves in all the cemeteries under their jurisdiction.

This matter will immediately be referred to the police. However, to my knowledge, there has been no desecration. The Park Department employees pay particular attention to all veterans' graves.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BENCHES AT MOZART STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to erect gates and benches at the Mozart Street Playground. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 1, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to erect gates and benches at the Mozart Street Playground, and regret exceedingly to inform you we have no funds available for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

LAND AT NORTH GROVE AND FRUIT STREETS.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from Joseph A. Rourke, Commissioner of the Public Works Department, with reference to land

owned by the City of Boston at North Grove and Fruit streets. This is in reply to your order of October, 1931.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, May 11, 1933.
To His Honor the Mayor.

Attached find copy of letter we have this day sent to the Massachusetts General Hospital, acknowledging the withdrawal of their offer for the purchase of approximately 25,000 square feet of land owned by the city at North Grove and Fruit streets. It is respectfully suggested that this letter be sent to the City Council to complete the record.

Yours respectfully,
J. A. ROURKE,
Commissioner of Public Works.

City of Boston,
Public Works Department, May 11, 1933.
Mr. Phillips Ketchum, Treasurer, Massachusetts General Hospital, 1 Federal Street, Boston.

Dear Sir,—In reply to your letter of January 18, referring to the purchase by the Massachusetts General Hospital of land owned by the city and located at North Grove and Fruit streets, for which an offer was made to the hospital and accepted, by Mr. John Beck, real estate appraiser for the city, of \$6 a square foot for approximately 25,000 square feet of land, said offer being confirmed by order of the City Council in October, 1931, with an authorization of sale. The consummation of this purchase has been held in abeyance, and we sympathize with the hospital's desire not to have this offer outstanding any longer.

We took the matter up with the Law Department some time ago and got a ruling in letter dated January 24, 1933, in which the opinion was expressed that there would be serious doubt whether the agreement as to sale could be enforced upon the hospital authorities in case the hospital were disinclined to go ahead.

The notice in your letter of January 18, revoking the offer to Mr. Beck, is hereby acknowledged and, as far as this office is concerned, is approved.

I am sending copies of this letter to Mr. Beck, to the Law Department, and to the City Council.

Yours very truly,
J. A. ROURKE,
Commissioner of Public Works.

Placed on file.

CONDITION OF CHARLESBANK PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to place the shower baths at the Charlesbank Playground in proper condition. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 1, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to place the shower baths in the boys' gymnasium on the Charlesbank in proper condition for use, and to have hot water for said shower baths furnished during June, July and August.

Permit me to assure you that the shower baths are in good condition.

I regret exceedingly to inform you that the Park Commission deems it inadvisable, on account of economic conditions, to continue hot showers for the present.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

HOT SHOWER BATHS IN PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to continue the hot shower baths on the various playgrounds during the coming summer season. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 1, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to continue the hot shower baths on the various playgrounds throughout the coming summer season.

I regret exceedingly to inform you that the Park Commission deems it inadvisable, on account of economic conditions, to continue hot showers for the present.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

JOHN H. L. NOYES PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to transfer five thousand dollars to the John H. L. Noyes Playground. This is in reply to your order of May 15, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 19, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that your Honor be requested to transfer the sum of five thousand dollars from the William Amerena Playground, East Boston, to the John H. L. Noyes Playground, for grading, resurfacing, and tennis courts on an undeveloped area adjacent to the park.

There is no question but what tennis courts in the Orient Heights section of East Boston would be very acceptable and would be enjoyed by a number of people.

The appropriation on the William Amerena Playground will allow of this transfer.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PARIS STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to resurface the Paris Street Playground. This is in reply to your order of May 15, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 19, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to resurface the Paris Street Playground, Ward 1.

The department has an appropriation for Paris Street and Amerena Playgrounds. I will have the engineers make a study of the resurfacing and if it is possible to do something under our appropriation, the department will take immediate action.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SWIMMING POOL AT SMITH FIELD PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to turn a portion of the Smith Field Playground into a swimming pool. This is in reply to your order of May 15, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 19, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that his Honor the Mayor consider the advisability of requesting the Park Commission to turn a portion of the Smith Field Playground into a swimming pool.

Permit me to state that outdoor swimming pools have never been a success for sanitary reasons. An outdoor swimming pool in this area would be very costly on account of the water mark being almost to the same grade of the field.

I will, however, make a study and obtain estimates on the cost of the construction of a swimming pool at this point, and forward same to you at a later date.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

REPAIRS TO FENCE AT GARDNER WAY.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to make the necessary repairs to the fence at Gardner way, South Boston. This is in reply to your order of May 15, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 19, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to make the necessary repairs to the ornamental fence at Gardner way, South Boston.

Please be informed that the Cambridge Sand and Cement Company of Brighton are in receipt of an order to practically rebuild this entire balustrade. Most of the work will be done in their own shops, such as molding of pedestals, etc. The work will be completed at the earliest possible moment.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

DOVER STREET BATHS.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to keep the Dover street baths open during the months of June, July and August. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 31, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to keep open the Dover street baths during June, July and August.

The department has no intention of closing the Dover street baths at any time during the year except on Sundays and legal holidays.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BASEBALL FIELD, BOSTON COMMON.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, with reference to your request to resurface and remove the rocks on baseball field at the Boston Common. This is in reply to your order of May 22, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 31, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council that the Park Commission be requested to grade and resurface the baseball field on Boston Common, remove rocks and large stones therefrom.

Permit me to inform you that the necessary attention will be given to this area.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

APPROPRIATION FOR MUNICIPAL EMPLOYMENT BUREAU.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1933.
To the City Council.

Gentlemen,—In the opinion of the Director of the Municipal Employment Bureau an appropriation of \$14,000 is required at this time to continue the activities of the Bureau. I submit, herewith, an appropriation order in the desired amount and respectfully recommend its consideration by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$14,000 be, and hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direc-

tion of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund, when made.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Mrs. E. H. Bishop, for compensation for injuries caused by falling limb of tree at C. J. Lee Playground.

Prime Furniture Company, for refund on refuse tickets.

Julia A. Rappa, for compensation for injuries caused by an alleged defect in City Hall avenue.

Simon Sanft, for refund on hawkers' license.

Louise Singer, for refund on lodging house license.

Anna Spagnollo, for compensation for injuries caused by an alleged defect in Ashley street.

Hyacinth B. Sullivan, for compensation for injuries caused by an alleged defect in Berkeley street.

Daniel D. Tierney, for compensation for injuries caused by an alleged defect at Quincy Market.

Joseph Vancura, for compensation for damage to hat by falling tree.

Frank Zambello, for compensation for damage to property at 48 Porter street, East Boston, caused by defective water pipes.

Dean Building, for compensation for damage to property at Dean Building, caused by ashman.

Marion A. Welt, for compensation for injuries caused by city truck.

Katherine V. Schaefer, for compensation for damage to boiler at 800 Washington street, Dorchester, by shutting off water.

John Mavino, to be reimbursed for expenses incurred for ball game at North End Park.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Ellen F. Carney, East Boston High School, June 20.

Ruth M. Hawes, Washington Irving Hall, June 9.

Jennie Karabelnick, Repertory Theatre, June 12.

Ethel Gegan, Greenwood Community House, June 8.

Esther Lyons, Repertory Theatre, June 9.

M. Theresa Connell, Peabody Hall, June 5.

Elizabeth G. McNamee, Peabody House Hall, June 9.

Mildred C. Sacco, Seville Theatre, East Boston, June 12.

Petition of William R. Welch, 71 Westland avenue, Boston, for license for term ending March 1, 1934, for outdoor athletic sports or games on Lord's Day between 1.30 and 6.30 p. m. on premises on Gerard and Island streets, Lincoln Park.

Committee on Jitney Licenses.

Petitions of Boston Elevated Railway to operate motor vehicles as follows, viz.:

Between junction of Webster street and Sumner street and the Boston Airport, East Boston, over Sumner street, Jeffries street and Maverick street.

Between junction of Charles and Cambridge streets and junction of Nashua and Lowell streets, over Charles street, Nashua street, Minot street and Lowell street.

Between Neponset station and junction of Massachusetts avenue and Boylston street; over Neponset avenue, Adams street, Gibson street, Dorchester avenue, Savin Hill avenue, Pleasant street, Stoughton street, Uphams Corner, Dudley street, Warren street, Washington street, Northampton street, Columbus avenue, Massachusetts avenue, Newbury street, Hereford street, Boylston street. To be operated only between hours of 12.01 a. m. and 6 a. m.

Between Dudley street terminal, Roxbury, and Codman square, Dorchester, over Warren street, Dudley street, Blue Hill avenue, Washington street, Codman square, Norfolk street, Gallivan Boulevard, Washington street to Codman square; return over reverse route. To be operated only between hours of 12.01 a. m. and 6 a. m.

Between junction of Spring street and Caledonian avenue and junction of Hyde Park avenue and Cummins Highway, West Roxbury, over Spring street, Centre street, Belgrade avenue, Corinth street, Washington street, Cummins Highway and Hyde Park avenue; return over Cummins Highway, Washington street, South street, Belgrade avenue, Centre street and Spring street. To be operated only between hours of 12.01 a. m. and 6 a. m.

Between Milton carhouse, Dorchester, and Dudley street terminal, over Dorchester avenue, Park street, Geneva avenue, Blue Hill avenue, Warren street to Dudley street terminal; return over reverse route. To be operated only between hours of 12.01 a. m. and 6 a. m.

Between Somerville-Boston line at Main street and Sullivan square terminal, over main street. To be operated only between hours of 12.01 a. m. and 6 a. m. (Boston section of a night route between Malden square, Malden, and Sullivan square terminal, Charlestown.)

Between Cambridge-Boston line on Harvard Bridge and junction of Massachusetts avenue and Boylston street; over Massachusetts avenue, Newbury street, Hereford street, Boylston street. To be operated only between the hours of 12.01 a. m. and 6 a. m. (Boston section of a night route between junction of Trapelo road and Common street, Belmont, and junction of Massachusetts avenue and Boylston street, Boston.)

Between Sullivan square terminal and Boston-Everett line at Alford street; over Main street and Alford street. To be operated only between hours of 12.01 a. m. and 6 a. m. (Boston section of a night route between Sullivan square terminal, Charlestown, and Eastern avenue and Beach street, Malden.)

SIDEWALK ASSESSMENTS.

A communication was received from the Commissioner of Public Works together with order assessing half cost of construction of sidewalks in front of estates bordering thereon, viz.:

Sydney street, Ward 13, half cost, \$3,033.57. The order was passed under suspension of the rule.

CONSTABLES' BONDS.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz.: Henry Atwood, Chester A. Bailey, William Davis, Charles W. Duran, Samuel Gordon, Richard Hegarty, David Klayman, Charles C. Knibbs, Frank F. Lane, Paul M. Mahoney, Lawrence F. McEachern, Albert M. Sacks, Harold L. Silva, Henry D. Stetson, Anthony J. Testa, Joseph Todisco, Max Zimmerman.

SOLDIERS' RELIEF.

Coun. NORTON for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of June, 1933.

Report accepted; said order passed.

SURVEY OF LIGHTING SYSTEMS IN EAST BOSTON AND CHARLESTOWN.

Couns. BARKER and GREEN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the lighting systems in the East Boston and Charlestown districts, particularly with reference to the discontinuance of every other street light for the balance of the year and to submit same to the City Council.

Passed under suspension of the rule

PAVING TRENTON STREET, CHARLESTOWN.

Coun. GREEN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Trenton street, Charlestown.

Ordered, That the Commissioner of Public Works make a sidewalk along Trenton street, entire length, both sides, Ward 2, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

DRAWTENDERS' HOUSE, DORCHESTER AVENUE BRIDGE.

Coun. DONOVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the erection of a new drawtenders' house at the Dorchester Avenue Bridge.

Passed under suspension of the rule.

SHOWERS IN AQUARIUM BUILDING.

Coun. DONOVAN offered the following:

Ordered, That the Park Commission be requested through his Honor the Mayor, to open the showers in the Aquarium Building, South Boston, to persons participating in tennis and other sports on the playground adjoining same.

Passed under suspension of the rule.

EXPENSE OF ADVERTISING ELECTION NOTICES.

Coun. McGRATH offered the following:

Ordered, That until otherwise ordered the expense incurred by the City Clerk for advertising notices of elections and ordinances be charged to the Reserve Fund.

Passed under suspension of the rule.

REQUIREMENTS FOR PHYSICAL INSTRUCTOR.

Coun. DOWD offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to eliminate the entrance requirement that "applicants must be college graduates who have had college experience in sports" from the civil service examination to be held for physical instructor and coach for the City of Boston on June 15, 1933.

Coun. DOWD—Mr. President, it seems to me that our Park Department is going just a trifle too far in including among the qualifications for athletic instructors that only men shall be taken off the civil service list and appointed to such positions who are graduates of some college. These positions pay \$30 a week, and for years men have been taken from the list and have qualified as athletic instructors who were not college graduates. It would seem that they are now planning to take for those positions men who are college graduates, who are getting a good year's salary, and who wish to be taken care of in the summer months. I say to you, Mr. Chairman and fellow members, that it is ridiculous to make requirements of this kind, calling for college graduates, for work of this type; and I certainly trust that our Park Commissioner—who is evidently now very friendly with college men as opposed to the ordinary run of man who has had to work for his living, but who is just as capable of teaching athletics, as has been proven in Boston for the past fifty years—will see that this ruling is changed. While I have nothing against college graduates, I merely say that they should be put on the same footing as others, that all should be allowed to participate, and that those who pass and are evidently the best men should get the appointments. I certainly do not believe that the Park Commissioner or anybody else should in a case of this sort insist upon a college graduate; and I do not believe that a college graduate, simply because he is a college graduate, should be allowed to take a job away from somebody who is competent to do the work, who has been loafing all the year, and who would be glad to get this three months' work.

The order was passed under suspension of the rule.

CITIZEN APPOINTEES OF SCHOOL DEPARTMENT.

Coun. DOWD offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to prepare legislation whereby all future appointments in the School Department shall be of *bona fide* residents of Boston, and providing that such residence in Boston shall continue during the life of said appointments and making mandatory, as a provision of present employees of the School Department not living in Boston continuing in said employment, that they establish a *bona fide* residence in Boston before reopening of school in September.

Coun. DOWD—Mr. President, this matter has been a bone of contention for a great number of years. I was certainly rather surprised in checking up on this matter to find out that, of 5,400 employees of the School Department, 24 per cent, or 1,616 live outside of Boston, the male members not even paying a \$2 poll tax to the City of Boston. I have here a list of nonresidents by towns as of June 6, 1932. I realize, of course, that the School Committee has now passed a regulation to the effect that those now appointed must live in Boston, but there is no further provision that they must continue to live in Boston. That is, if the School Committee should appoint 100 teachers today they can move outside of Boston tomorrow. I have here a list of 98 cities and towns

where these 1,616 employees reside, and I am now going to ask the permission of the Council to read them, because I think the matter is sufficiently important to have this incorporated in the record. I certainly trust that the School Committee, some of whose membership come up for election this fall, will do something to eliminate these employees from the service. There are in Arlington, 55; Abington, 4; Acton, 1; Andover, 1; Ayer, 1; Ashland, 2; Brookline, 191; Bridgewater, 5; Billerica, 2; Beverly, 4; Burlington, 1; Braintree, 15; Brockton, 12; Ballardvale, 1; Chelmsford, 2; Cohasset, 2; Chelsea, 11; Canton, 8; Cambridge, 139; Clinton, 1; Dracut, 1; Danvers, 2; Dedham, 36; Dover, 2; Duxbury, 1; Everett, 25; East Bridgewater, 1; Easton, 1; Framingham, 16; Fall River, 1; Franklin, 2; Foxboro, 3; Gloucester, 2; Holliston, 2; Hingham, 4; Hanover, 1; Holbrook, 5; Hudson, 2; Hopkinton, 5; Lawrence, 4; Lynnfield, 1; Lowell, 4; Lincoln, 2; Lynn, 20; Lexington, 9; Medford, 4; Manomet, 1; Methuen, 1; Marlboro, 3; Mansfield, 5; Marblehead, 7; Maynard, 1; Milford, 1; Malden, 46; Medford, 100; Melrose, 33; Milton, 98; Northboro, 1; North Easton, 1; Nahant, 1; Norfolk, 1; Norwood, 9; Needham, 4; Natick, 24; Newton, 115; Peabody, 4; Randolph, 5; Revere, 7; Reading, 7; Somerville, 92; Scituate, 3; Southboro, 1; Sudbury, 1; Swampscott, 1; Stoneham, 4; Stoughton, 10; Sharon, 9; Saugus, 6; Salem, 16; Rockland, 15; Taunton, 1; Quincy, 94; Weston, 2; Woburn, 16; Whitman, 4; Wilmington, 1; Wakefield, 12; Waltham, 18; Weymouth, 25; Watertown, 65; Winthrop, 44; Westboro, 3; Winchester, 15; Walpole, 2; Worcester, 1; Waverley, 1; Wellesley, 24; total, 1,616.

Mr. President, here are 1,616 employees of the School Department, who are paid over \$3,000,000 a year by the City of Boston, and then people want to know what is the matter with our city government! The only trouble with our government is the fact that the time has come when we have to weed out of existence those men in authority who are to blame for the existing situation. I say that when you find over 1,600 employees in one department, 24 per cent of the entire department, getting salaries of over \$3,000,000 and not residents of the City of Boston, it must be evident that the time has come to do something. Bear in mind the fact that the salaries in our School Department are some \$13,000,000 and that the amount paid to these 1,616 employees is 24 per cent. I now say to the School Committee through this Council that if they do not do something to remedy this situation between now and November, when some of them will be candidates for re-election I will myself personally stump the entire city against any one of them who will not come out and say it is about time that people receiving money from the taxpayers in Boston in this way should at least live in Boston. We have confronting us a situation where thousands of girls, graduates of our Teachers College, are unable to get one day's work for the School Department of the City of Boston. I know that some people are going to say that it is unfair to ask these people to move into Boston, that they moved to these cities and towns and bought their homes there. Yes, they did. They bought their own homes, but bought them at the expense of the Boston taxpayers. The male members do not even pay a poll tax to Boston. So I am going to ask the School Committee to change their regulation so that it will be against this sort of thing, and then get in touch with these 1,616 individuals and demand of them that they move back to Boston. Being paid by the Boston taxpayers, the people of Boston should at least enjoy a small portion of the amount they are receiving.

Coun. BURKE—Mr. President, I am greatly interested in the proposition brought before the Council by the councilor from Ward 8, because on many occasions I have brought in similar orders. The councilor is now bringing out just exactly the same points that I have brought out on various occasions in regard to employees of the City of Boston, and particularly those employees who are under the School Committee. Not only are they employing people who live outside of Boston and keeping them on the pay roll of the City of Boston, but, in addition to that they have married women in their employ whose husbands are also working for the City of Boston. Mr. President, if you will apply this same test to the other departments of the city, you will find at least 15 per cent of all employees of the city living beyond the confines of Boston. Therefore, I want to congratulate the gentleman from Ward 8 for getting these statistics and bringing the information before the City Council. I hope the School Committee will take cognizance of his efforts and arrange to discharge all these people who fail to move into Boston inside a certain reasonable time, and also that in the future they will only place on the pay roll teachers who do live in Boston. Not only should this apply to the School Department, but I feel that the same treatment should be accorded by the heads of all departments to employees of the city in their departments.

Coun. MURRAY—Mr. President, I congratulate the gentleman from Ward 8 upon introducing this order, bringing this situation to the attention of the citizens of this city. I have taken the same position that the councilor takes a number of times on the floor of this body. If Boston is good enough to work in, it is good enough to live in.

Coun. NORTON—Mr. President, I agree thoroughly with the idea of the order. I believe that people drawing money from the City of Boston should live in Boston. But never yet have I heard it explained how you can insure their living here. That thought comes to my mind in view of the fact that many hotels in this city, which cannot pay their taxes will be found to be full on April 1, so that the occupant may be recorded as living in Boston on April 1. But how can you differentiate between a person who actually lives here, with no subterfuge, and one who simply registers for a short period and pays a poll tax, then claiming to be a resident, here which, under existing circumstances, is an easy thing to do? A large percentage of people working for the city and claiming to be residents of Boston spend four, five and six months of the year down at Scituate or on the South Shore. The difficulty comes in making sure of the fact that people really live here.

Coun. DOWD—Mr. President, I will agree with the councilor that it is very easy to be a mattress voter. But these 1,600 and more individuals of whom I have spoken do not even consider Boston sufficiently as a place of residence to be mattress voters here. They do not even pay a poll tax, the male members,—do not even pay a \$2 poll tax to the city.

Coun. NORTON—Well, assuming, just to raise the question, that the so-called employees do really live outside of the city, while conforming to the regulation, that puts them in the class of so-called mattress voters. It is an extraordinarily easy thing for them to establish legal residence in Boston, although they really do not live here at all; and if they do so in what way will the city benefit outside of our receiving the poll tax and their perhaps living in the city not over two months in the year?

Coun. DOWD—Mr. President, I do not believe that we are now discussing that situation, and we should not discuss it until such time as it comes to us. These people are not even police-listed in the City of Boston. I was going to agree with the councilor. While there happens to be a great many more of these people in one department, the School Department, than there are in other departments, the situation in other departments of the city is bad enough. But they can easily become mattress voters and say, "We are registered and live in Boston." I think we will all agree that if they do that there is very little we can do in the situation. But that is not the thing we are now discussing. Here are all these people who, according to our records are not even police-listed or paying a poll tax in this city. I believe it is about time that our School Department and every other department took action in the matter. I have also here some figures for other departments. For example, there are 57 nonresidents of Boston in the Library Department, 5 in the Public Works Department, 2 in the Printing Department, 22 in the Transit Department, 1 in the Water Division, 4 in the Board of Zoning Adjustment, and 6 in the Police Department. One in the Police Department even comes from the wilds of Colorado! But I believe the School Department is the biggest offender, and there is where we should start to clean up.

Coun. BRACKMAN—Mr. President, it is only in very recent months that the School Committee has taken any steps to insist that school teachers or other employees of the School Department shall have a residence in Boston, and it was only after a great deal of pressure was brought to bear by this City Council that the rule was promulgated at the time of their appointment as school teachers, at least, they must be residents of the City of Boston. But they did not guard against the loophole that people today having a residence here can in fact move out next week or next month. The order offered by the councilor, I understand, is directed against that very thing, against people who will take advantage of that loophole in the School Committee rule. There is no reason why the present situation should not be corrected. We used to get the story that they wanted the best available teaching talent, irrespective of where it was to be found, and did not wish to confine themselves to residents of the City of Boston. But we are all aware that that is a foolish argument, because in the City of Boston we have all kinds of talent, certainly sufficient to fill our schools with a proper teaching staff. Therefore, I hope that the councilor's order will pass.

The order was passed under suspension of the rule.

LOAN FOR CITY HOSPITAL BUILDING.

On motion of Coun. RUBY, the Council took up assignment, viz.:

5. Ordered, That the sum of \$120,000 be, and the same hereby is, appropriated, to be expended by the trustees of the Boston City Hospital, for Kitchen Building, etc., and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

Ordered, That the sum of \$40,000 be, and the same hereby is, appropriated, to be expended by the trustees of the Boston City Hospital, for Old

Laundry Building, remodeling, etc., and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

The question came on the passage of the order. Coun. DOWD—Mr. President, two weeks ago I made a fight against this appropriation, because of the fact that all employees of the City of Boston have had to take substantial reductions in their pay and I feel that the architect on this work for the City Hospital should also take a reduction. At the time I simply asked for a delay until I could find out whether or not a reduction in the architect's fees could be made. I accordingly took the matter up with the Board of Trustees and they took the matter up with Mr. Ritchie, and I will now simply read one paragraph from a letter addressed by Mr. Ritchie to Superintendent Dowling of the Boston City Hospital under date of May 29, 1933. The language of this letter settles the matter as far as I am concerned.

"This organization has a contract with the City of Boston for the design and supervision of construction of certain buildings, and this contract contemplates the expenditure of about \$3,000,000 and has been in force since August 16, 1929."

Because of the fact that the architect has had this contract with the Trustees of the City Hospital it is evidently impossible to ask them to break the contract if they cannot get a lower rate. So I am going to change my vote, and vote "yes."

Coun. NORTON—Mr. President, two weeks ago I was one of the minority who opposed this hospital appropriation. In the interim I went to the hospital and viewed the kitchen and laundry. It seemed to me as an individual and as a layman, not an expert on the subject, simply using the commonsense we are all supposed to show on occasions, that the laundry and so-called kitchen are in a dilapidated and bad condition. If there is one thing I think we should be interested in, it is in making the Boston City Hospital the finest place of the kind in all America, because that is where the poor of Boston must go for attention when they are sick. Doctor Dowling, one of the most competent hospital officials in America, and a trustee of the hospital, also stated to me their personal view that at the present time the kitchen at the hospital is in such a condition that they are unable to properly feed the 1,300 patients. For these reasons, and since it is a hospital and since it seems to me only a nominal expenditure under the circumstances, when we consider what is proposed to be done, I am going to vote for the order.

The order was passed, yeas 19, nays 0.

OPEN BUDGET MEETING.

Coun. ROBERTS—Mr. Chairman, for the Committee on Appropriations I would like to make an announcement. We finished on Friday last the hearings given to the heads of departments on their budget items, and we have agreed to hold an open meeting on Thursday next at two p. m. in the Council Chamber. Although we previously extended an invitation to the civic organizations to which I referred at the last Council meeting to sit in with us, few have shown up at the meetings. We earnestly hope and expect, however, that they will be represented at the meeting on Thursday. It is not a meeting particularly where questions will be asked, but recommendations may be made. Therefore, we are sending out this notice to the Chamber of Commerce and the other organizations to which I have referred:

"Because of the apparent interest in the municipal budget for the year 1933 of your organization and others, the Committee on Appropriations of the City Council has decided to hold an open meeting on Thursday next in the Council Chamber at City Hall at two o'clock p. m., for the purpose of receiving recommendations of your organization, and others, in so far as they pertain to the budget which this committee has under consideration. We not only will welcome such suggestions as your representatives may be able to bring before our body, but are urgently desirous that you be represented in order that we may have the benefit directly of any suggestions that you may have to offer."

You will recall that there were some recommendations sent to the Committee on Appropriations of the Council, but these recommendations were made before the Legislature acted on the budget and before the Mayor and Budget Commissioner substantially reduced the budget items. So we would now like to receive from these organizations any recommendations they may have to make, with reference to the budget and will take such recommendations and suggestions under consideration.

TENNIS COURTS ON PINE BANKS PLAYGROUND.

Coun. MURRAY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to place the tennis courts on the Pine Banks Playground, Ward 19, in suitable condition for use.

Passed under suspension of the rule.

LEGISLATION IN FAVOR OF SPANISH WAR VETERANS.

Coun. HEIN offered the following:

Whereas, The American military and naval forces in the War with Spain constituted the greatest volunteer army and navy the world has ever seen, and

Whereas, The successful prosecution of that conflict made the United States a world power and the mightiest nation of modern times, and

Whereas, The veterans of that war have long passed their prime, and are walking in the shadows of the afternoon of their lives, be it therefore

Resolved, That the Boston City Council favors, as a tribute from a grateful nation, that the veterans of the Spanish-American War be accorded the same consideration by Congress and the President in the granting of pensions as is now extended to the veterans of the Civil War.

Referred to the Committee on Rules.

USE OF PUBLIC PLAYGROUNDS.

Coun. BURKE offered the following:

Ordered, That his Honor the Mayor be requested to inform the Police Commissioner that the public playgrounds of the City of Boston may be used by children without the necessity of obtaining a permit to play on same.

Coun. BURKE—Mr. President and gentlemen, as you all know, last Saturday was Dorchester Day. You also know that because of the depression and because of the economies the City of Boston has been compelled to resort to as a consequence, no money whatsoever was contributed by the city towards the celebration of Dorchester Day. In view of that fact, one of the military organizations of my ward decided to celebrate Dorchester Day and, in so far as possible, to give the inhabitants of that district such entertainment as was possible when the city itself contributed towards the celebration of Dorchester Day, by holding some sort of a field day. In 1932 such a plan was carried out very successfully, and it was proposed again for this year. So last Saturday the Thomas J. Roberts Post of the American Legion attempted to run a field day at the Roberts Playground, named after the man for whom the post was named, a war hero who died in France. Due to some misunderstanding on the part of the Park Department, who felt that they were operating a carnival and not really a field day, a previously existing permit which had been granted was canceled on Thursday, and when members of the organization appeared they were told that the field could not be used. I understand that the Park Commissioner called up the Police Department and informed them that such was the fact and that they were not to let anybody go on the field. So, working under an order telephoned from the Park Department, the Police Department sent officers to the playground and instructed them to turn people away, arbitrarily refusing them the use of the Thomas J. Roberts park—a very un-American and unpatriotic position for anyone to take. So I am now asking the Mayor of Boston to instruct the Police Commissioner that the playgrounds of the City of Boston are maintained by the people of the City of Boston so that children and their elders may enjoy them, and that under no circumstances shall the Police Department or anybody else turn them away as though they were criminals, chasing them onto the streets. I am very sorry that this mix-up took place on Dorchester Day, and when it was brought to my attention I immediately took it upon myself to straighten the thing out by appealing to the Mayor. I now want to pay tribute to his Honor the Mayor of Boston who very kindly, after obtaining the facts, granted a permit to the Roberts Post to carry out its field day. The Mayor was very kind and did everything in his power to make Dorchester Day a success; and I want everybody to know, every member of the post and all the citizens of Boston that the Mayor came across and gave us an opportunity to properly celebrate Dorchester Day. It has been said that somebody else, not connected with the government, brought about the cancelation of the permit. If there is anybody so mean and despicable as to adopt such tactics in order to get back at some private individual, because of personal animosity, that person should be ferreted out and exposed. I have no knowledge that such is the fact, but if it is true I want such a person to understand, as I want all of our citizens to understand, that his Honor the Mayor of Boston believes in fairness and squareness, and I simply trust that this order may be passed and that in the future, after a permit has been granted for a celebration of this sort, it will not be canceled at the eleventh hour, almost preventing, as it did in this case, the carrying out of the Dorchester Day celebration.

Coun. KELLY—Mr. President, as a duly elected representative from the great Dorchester district, I must take exception to a few of the remarks that the councilor from Ward 17 (Coun. Burke) has just made. I agree with many of the things he has said, but I desire to have it appear in the record that the Mayor of Boston is entitled to absolutely no consideration from the good people of Dorchester. May I say at the beginning that if the Mayor of Boston really was interested in the largest section of Boston he would have seen that the measly amount of \$2,000 was appropriated to celebrate Dorchester's 230th anniversary, this

year the same as in other years. An amount was appropriated by the city for the celebration of South Boston's day, on the 17th of March, the same as in other years, and an amount will be devoted to the celebration of Charlestown's day, the 17th of June, they also receiving an appropriation from the City of Boston. But an appropriation to celebrate Dorchester Day was refused. And so I rise here, Mr. Chairman, as one councillor from Dorchester to publicly resent Dorchester being discriminated against. An appropriation of \$2,000 for Dorchester Day would have brought happiness to the children on every playground in the five Dorchester wards on that day. Perhaps the Mayor should be commended, as the councillor says, but I say that he should be publicly denounced, and I rise here as a representative of the Dorchester people to publicly denounce him. Yes, your racketeering contractors can get millions of dollars, millions can be spent on an airport, rose gardens, antelope houses, golf courses, but the poor people of Dorchester cannot have a measly \$400 in each Dorchester ward to celebrate their birthday. If the Mayor of Boston is to be commended for that, very well, go ahead and commend him. I don't like to disregard what the worthy colleague from Ward 17 (Coun. Burke) has said, but I say that the Mayor of Boston stooped to the lowest point when he took that \$2,000 away from the poor, defenseless children of the Dorchester district, who have harmed nobody. I know that the fat gentleman on my right is sobbing, and so I don't wish to go any further, but I know that when the time comes the people of Dorchester, the people of South Boston, the people of Charlestown, the people of every other section of Boston, will agree that the Dorchester constituency has been discriminated against—not on account of hard times, but in order that that \$2,000 that the poor kiddoes might get if the money was appropriated should go into some contractor's profit, in order that a certain percentage may be returned to a certain man on Jamaica way.

Coun. BURKE—Mr. President, I wish to say as a matter of record, that I have in the past criticized the Mayor because of his position on the appropriation for Dorchester Day on two occasions, as I remember, because of his termination of the appropriation of money usually appropriated for that day. On that particular matter I think the Mayor was properly criticized. I think he should have given the money for the celebration of that day to Dorchester, the same as he gave it for the celebration of other special days in other parts of the city. But just because a man does one thing, that I don't think is correct, that does not mean that I will not stand on my feet and give him credit that is due him. He must have had a very good reason for not giving the money to Dorchester. We all know that we are going through a period of depression such as was never known before in the world, and if that money that he took away from Dorchester, money that has previously been appropriated for Dorchester Day, was to be used in the Welfare Department, for the upkeep of hospitals or health units, I would be the last one to complain. It would be far better for me to take \$150 out of my own pocket and buy ice cream for the children in my ward on that day than to have \$2,000 appropriated for the district which might otherwise be more advantageously used in taking care of people at the City Hospital, in the Welfare Department or in the health units. And so I am not at this moment criticizing the Mayor for the action he took at this time. But I am giving him due credit for intervening at the eleventh hour in a situation out there which would have absolutely prevented the celebration that was planned for that day, and by his action he brought sunshine to thousands of people in Dorchester on Dorchester Day. The action of the Mayor at the eleventh hour made it possible for thousands of people out there to enjoy themselves, made possible a mammoth parade, a band concert, playing on the ball ground and a ten-mile Marathon race, so that 100,000 people directly and indirectly were benefited by it. The Mayor saw fit to give to the councillor from Ward 17 a permit for the use of that park, and I now wish to thank him for the people of the section and for myself, from the bottom of my heart, because if it had not been for the Mayor the arbitrary action of the Park Commissioner would have stood. But a city ordinance recently passed, chapter 38 of section 183, takes away from the Park Commissioner the power that previously resided in him and places it in the hands of the Mayor. So I want again to thank the Mayor for giving the permit.

Coun. KELLY—Mr. President, just to clear the records, a representative of the Dorchester district introduced an order some time ago asking for an appropriation of \$2,000 for the celebration of Dorchester Day. As I recall, it was passed unanimously, voted for by every member of this body. The Mayor, without consulting the elected officials from the Dorchester district or the members of the Council, saw fit to simply disregard our order as a wasted effort, and accordingly would not appropriate the \$2,000. Now, I want to inform the councillor from Ward 17 (Coun. Burke) that there will not be an appointed or an elected official ever come into the district I have been elected to represent and stop children from entering a playground in that district. No appointed official, regardless of who he may be, no elected official, regardless of the particular office he may hold, will come to a public playground

in that district, maintained by the taxpayers of Boston, and refuse to allow children to exercise themselves on that particular piece of property. Such playgrounds, Mr. President, are not owned by the Mayor of Boston, but they are owned by the taxpayers of Boston. I would soon see, and enough redblooded he-men from my district would see, that such playgrounds were conducted for the benefit of the children. I would not bave to go around chasing the Mayor or anybody else. And so I don't see why anybody should stand here and eulogize the Mayor of Boston for doing something for which he absolutely deserves no credit; and when the proper time comes I will debate that subject with my worthy colleague before the good people of Dorchester in any ball in the Dorchester district or in any part of Boston. I say that \$2,000 was taken away from the children of Dorchester—and let the councillor from Ward 17 deny it if he can—in order to pay something extra to the grafting contractors, Coleman Brothers, who are charging for collecting garbage and refuse \$30,000 more to the taxpayers of Boston in 1933 than they did in 1932, with less garbage and less ashes to collect, and with the rate of wages, according to the contract, having gone down from 62 cents to 50 cents an hour. That is where the \$2,000 went, to pay the grafting contractors, Coleman Brothers, money taken from the poor children of my district; and I defy anybody to defend those figures of Coleman Brothers this year for the disposal of ashes and garbage in the Dorchester district. The gentleman speaks about the money taken away from the poor children being used for a worthy purpose. If I knew that it was going to the recipients of public welfare, if I knew that it was going to be spent on poor unfortunates at the hospital, I would be the last one to say that we should keep it for Dorchester, because while it might mean an injury to the children out there, if it were to be given for welfare or for the sick, we would make no complaint. But when it is going to racketeers such as Coleman Brothers, in the Dorchester district, then I say that the Mayor of Boston is entitled to nothing in the form of credit, and nothing—and I say this impartially—nothing good can be said for our racketeering Mayor.

The order was passed under suspension of the rule.

REDUCTION OF ELEVATED SERVICE.

Coun. BURKE offered the following:

Ordered, That the Trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to prevent the contemplated reduction in service about to be put into effect throughout the City of Boston.

Coun. BURKE—Mr. President, I have been informed that this summer the Boston Elevated Railway is going to effect, beginning some time during this month, certain reductions in the service, that the service to be given to the people of Boston is to be reduced on most of the lines. At the last meeting I put in an order calling for a five-day week on the Boston Elevated, believing that it would help to prevent the laying off of 300 additional blue uniform men. I am hoping that in this way the present service can be maintained, so that it will not be necessary to lay off a greater number than 300. I certainly trust, Mr. President, that the order will pass.

The order was passed, under suspension of the rule.

WARD 17 IMPROVEMENTS.

Coun. BURKE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Alteresko avenue, Ward 17, as a public highway.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement the following streets in Ward 17: Rockwell street, Bailey street, Fuller street, Alpha road, Greenbrier street, Moultrie street, Lyndhurst street.

Severally passed under suspension of the rule.

DORCHESTER AVENUE, WARD 17.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct Dorchester avenue, from Peabody square to Pierce square, Ward 17.

Coun. BURKE—Mr. President, in view of the bus license granted to the Boston Elevated to go through the avenue from Peabody square to Pierce square, it now becomes extremely important that that part of Dorchester avenue, now uncompleted, should be completed as soon as possible. The road there at the present time is so rocky that people are almost knocked off their feet in riding from River street to Dorchester. So I certainly hope that in the near future Dorchester avenue will be reconstructed from Ashmont street to Pierce square. It is very important that this action be taken.

The order was passed under suspension of the rule.

DAMAGES ARISING FROM CONSTRUCTION OF ALBANY STREET TUNNEL.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor instruct the Corporation Counsel to take necessary legal action to recover for the City of Boston damages that have arisen against the rights of the citizens of Boston by Contractor Matthew Cummings in his construction of tunnel under Albany street in which he violated the terms of his contract which called for Albany street to be kept open for passage twenty-four hours a day during construction of this tunnel.

Coun. KELLY—Mr. President, once again I rise to voice my protest. I don't wish to be borsome, because the matter has come up before, but it seems that some time ago bids were sent out and a contract was made for the construction of a tunnel going from one side of Albany street to the other, at the former site of the Curtis & Pope Lumber Company. It seems that the pet contractor, Matthew Cummings, who has received over \$5,000,000 in three years under the present administration, although he was not a low bidder obtained the award of the contract. It seems that the contract also called for one half of Albany street during the period of construction being left open for the passage of automobiles. It seems that when Matthew Cummings got the job, in order that he might save no doubt \$4,000 or \$5,000, he had Albany street entirely closed, from April 10 to date, because it was cheaper and easier for him to do so. I understand that the Trustees of the City Hospital, the architect and the Traffic Commissioner, refused to grant a permit to Matthew Cummings to violate his contract with the city, but somehow or other Matthew Cummings was allowed to close Albany street entirely, necessitating thousands of residents of Dorchester and the Roxbury sections, instead of going directly through Albany street, having to detour by way of East Newton street, up Harrison avenue and up Massachusetts avenue, at a great loss of time and loss of gas and oil, besides the danger to the life of the patients visiting the Out-Patient Department and to people visiting their sick at the City Hospital. It seems also that the closing of Albany street caused an interference with the ambulance service of the City Hospital located on Albany street, compelling a delay in that service, to the detriment of people of Dorchester, Roxbury or South Boston, who were being served, by reason of the detour that had to be made and the delay because of heavy traffic up Harrison avenue and waiting for the lights at the corner of Harrison avenue and Massachusetts avenue. Delays of from five to ten minutes have been caused in that service between the Dorchester district and the City Hospital, according to figures given me by employees driving the ambulance. I believe that sort of thing is wrong. Perhaps I am wrong, Mr. President! It may be all right for these racketeering contractors to do this sort of thing. I do not think, however, that the public of Boston believe that they should be allowed to continue. I don't see why the people of this city should be put to inconvenience in order that the pet contractor may make thousands of dollars extra on his job. I am accordingly introducing this order calling upon our \$10,000 public servant to at least do one good act in his entire four years of public service—referring, namely, to Samuel Silverman, the Corporation Counsel, the five- and ten-cent attorney, the gentleman who had the audacity to term the people of Boston at a State House hearing products of the gutter, and whom I shall term, giving him his proper name, something a little lower than a product of the gutter, a serpent of the sewer. I say that Sammie should in the closing six months of his term of office—after which, unless he has saved enough, he will no doubt be on the public welfare rolls of the city—get out and take proceedings against Matthew Cummings as the legal representative of the city, the Corporation Counsel of Boston. And I am very much interested to see whether his Honor the Mayor will order Silverman to take steps against the Mayor's privileged pet contractor, Matthew Cummings. It will be very interesting for me to watch and for the people of Boston to watch, to see what will go on in City Hall with reference to Matthew Cummings, Coleman Brothers and others, at the hands of this notorious student of the law, this Woolworth five-and-ten-cent lawyer. And so I move that this order be passed under suspension of the rule.

President McGRATH—The order will be referred to the Committee on Rules.

LEAVE OF ABSENCE FOR VETERAN DELEGATE EMPLOYEES.

Coun. KELLY offered the following:

Ordered, That his Honor the Mayor be requested to instruct all department heads to grant a leave of absence to employees who are duly elected delegates of any veterans organization to attend the State or National Convention, without loss of pay and without need of replacement at any further expense to the City of Boston.

Passed under suspension of the rule.

REPAVING OF LAUREL STREET.

Coun. BRACKMAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to repave Laurel street with smooth paving.

Coun. KELLY—Mr. President, I rise to a point of order. I doubt the presence of a quorum.

President McGrath—The Clerk will call the roll to ascertain the presence of a quorum.

Coun. BURKE—Mr. President, I rise to a point of order. There is the same number of members now in the chamber that were in the chamber when we acted on several previous matters here.

President McGrath—The point of order of the gentleman from Ward 17 is not well taken, because the question of no quorum was not raised at the time.

The clerk called the roll and it was found that fifteen members were in attendance, and that a quorum was present.

The order was passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

Coun. HEIN, for the Committee on Constables, reported recommending that the following names be taken from No. 3 on the calendar,—appointments of constables submitted by the Mayor on May 22, 1933,—and confirmed:

Stephen J. Dunleavy, John A. Mitchell, Henry Markow, Abner Goulston, and Allen Libby.

Coun. DOWD—Mr. President, do I understand that the committee has some objection to Patrick J. McCarthy?

Coun. HEIN—Mr. President, no objection whatsoever, but they have not interviewed Mr. McCarthy as yet.

The President called up also No. 4 on the calendar, viz.:

4. Action on appointments submitted by the Mayor May 22, 1933, of John J. O'Neill, J. LeBaron Smith, Nicholas A. Burekard, Edwin A. Burns, Joseph A. Sullivan and Thomas A. Lane, to be Weighers of Coal.

The question came on confirmation, of the names above referred to. Committee, Coun. Gallagher and Lynch; whole number of ballots 17, yeas 17, and the appointments were confirmed.

RECESS.

The committee voted, on motion of Coun. GREEN, to take a recess subject to the call of the Chair, at 3.47 p. m.

The members reassembled in the Council Chamber at 4.13 p. m. and were called to order by President McGrath.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Ellen F. Carney, East Boston High School, June 20; Ruth M. Hawes, Washington Irving Hall, June 9; Jennie Karabelnick, Repertory Theater, June 12; Ethel Gegan, Greenwood Community House, June 8; Esther Lyons, Repertory Theater, June 9; M. Theresa Connell, Peabody Hall, June 5; Elizabeth G. McNamee, Peabody House Hall, June 9; Mildred C. Sacco, Seville Theater, East Boston, June 12,—recommending that leave be granted under usual conditions.

Report accepted; leave granted on usual conditions.

2. Report on message of Mayor and order (referred today) appropriating \$14,000 for Municipal Employment Bureau, said sum to be charged to the Reserve Fund—that same ought to pass.

Report accepted, and said order was rejected (15 votes being required for passage), yeas 12, nays 4:

Yeas—Coun. Donovan, Englert, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—12.

Nays—Coun. Burke, Dowd, Kelly, Norton—4.

REPORT OF COMMITTEE ON RULES.

Coun. LYNCH, for the Committee on Rules, submitted report on resolution (referred today) favoring legislation in favor of Spanish War Veterans—that same ought to pass.

Report accepted; said resolution passed.

REPAIRING HYDE PARK AVENUE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of repairing Hyde Park avenue from Clarendon Hills to Neponset avenue, in the Mt. Hope section.

Passed under suspension of the rule.

REPAIRING STREETS BY WELFARE RECIPIENTS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of having the Welfare Department men, recipients of public welfare, repair the streets of Boston.

Passed under suspension of the rule.

DECENTRALIZATION OF WELFARE WORK.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of requesting the Overseers of the Public Welfare to decentralize its work, and through the medium of transfer build up an investigation force of at least three hundred and fifty investigators.

Passed under suspension of the rule.

VOLUNTEER SUPERVISION OF SCHOOL PLAYGROUNDS.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of requesting the School Committee to make arrangements to have students of the Teachers College, or other teachers who volunteer, supervise the school-yard playgrounds this summer.

Coun. NORTON—Mr. President, I understand that the school yards of the City of Boston, or most of them, are to be closed this summer, due to the fact that we have no money to pay school teachers to supervise the play in those school yards. It does seem that in such congested districts as the Philbrick district, Mt. Hope, there might be school teachers who would be willing to give some time, say two weeks in the summer months, to supervise the children's play. It would also seem possible to have those studying in the teachers' college have as a part of their curriculum giving some time in the summer to supervise the children in the playing school yard. Therefore, I have offered this order.

The order was passed under suspension of the rule.

FREE PUBLIC COURSES BY COLLEGES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of requesting the colleges located in Boston and adjacent thereto to consider the matter of arranging for free public courses, to be given by the out-standing members of the teaching personnel, in educational and cultural subjects.

Coun. NORTON—Mr. President, professors in the great colleges all over America and many of them the great outstanding professors—have been and are at the present time, during this period, giving free courses, free instruction in many lines to such as are interested. Due to the depression we are now having, there are many who would like to take such courses in our leading universities. Therefore, it occurred to me that it might be well to request our Mayor to ask the leading educational institutions of Boston and adjacent places to give such cultural courses along the lines that have been adopted at Columbia, Leland Stanford University, the University of Michigan and others, courses which are given by leading professors and for which there is no charge whatsoever.

The order was passed under suspension of the rule.

AUTOMATIC TRAFFIC SIGNALS WARD 4.

Coun. ROBERTS offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic control signals at Columbus avenue and West Newton street, and at Columbus avenue and Dartmouth street, Ward 4.

Coun. ROBERTS—Mr. President, this is the fourth time that I have introduced this order since I have been a member of the body. The recent survey by the Traffic Commissioner shows that the intersection of Columbus avenue and West Newton street shows the third highest accident rate in this city. There are but two other places which have had a higher accident rate, and in those places, because of the layout, it is impossible to install the lights. Certainly, we have there a dangerous situation and one that should be remedied, through the installation of traffic signals, at the earliest possible moment. The Traffic Commissioner and the Police Commissioner agree in this matter, and I hope that if there is any money available at the present time for such a purpose it will be so applied.

The order was passed under suspension of the rule.

REPAVING OF WARD 14 STREETS.

Coun. RUBY offered an order, viz.:

Ordered, That the Public Works Commission be requested, through his Honor the Mayor, to repave Ellington street and Greenwood street, Ward 14.

Passed under suspension of the rules.

Adjourned at 4.20 p. m., on motion of Coun. RUBY, to meet on Monday, June 12, 1933, at 2 p. m.

Wednesday, June 7, 1933.

Special meeting of the City Council, in the Council Chamber, City Hall, at 5.15 p. m. President McGrath in the chair, and all the members present except Coun. Burke, Cox, Curtis, Fitzgerald, Gleason, Hein, Power and Roberts.

The meeting was held pursuant to an order of the Superior Court for the Council to assemble forthwith and draw jurors to appear June 8, 1933, at nine o'clock p. m.

Jurors were drawn, the Mayor absent, in the manner prescribed by law, Coun. RUBY and DOWD drawing the jurors, viz.:

One hundred twenty-five additional traverse jurors, Superior Criminal Court, Second Session, to appear June 8, 1933:

John F. Connell, Ward 1; Robert Cohen, Ward 1; Americo A. DeSimone, Ward 1; Patrick J. Hogan, Ward 1; Thomas A. Indingaro, Ward 1; Charles Kelly, Ward 1; Patrick F. O'Connor, Ward 1; Peter Salerno, Ward 1; Clarence E. Shaw, Ward 1; George R. J. Cushman, Ward 2; Edward L. Galvin, Ward 2; John J. Horrigan, Ward 2; Joseph E. Kyle, Ward 2; Daniel McCarthy, Ward 2; Francis J. Mitchell, Ward 2; John E. Trudell, Ward 2; Frank Barassi, Ward 3; Dennis J. Donovan, Ward 3; Cornelius F. Dunn, Ward 3; George Deeb Homs, Ward 3; Michael Sheerin, Ward 3; William J. Daly, Ward 3; Richard J. Dermody, Ward 4; George A. Proctor, Ward 4; Edward S. Ely, Ward 5; Samuel P. Fay, Ward 5; Albert A. Hussey, Ward 5; Douglas Lawson, Ward 5; C. Howard Saunders, Ward 5; Eugene F. Lally, Jr., Ward 6; Patrick L. McGowan, Ward 6; Arthur J. Nickerson, Ward 6; Henry J. Connolly, Ward 7; John W. Kiley, Ward 7; Thomas M. King, Ward 7; Daniel J. Maloney, Ward 7; Clarence L. Brown, Ward 8; John J. Burns, Ward 8; Matthew F. Clancy, Ward 8; Joseph Hurley, Ward 8; Arthur F. Gleason, Ward 9; George Kenney, Ward 9; Morris J. Polak, Ward 9; Lewis R. Cohen, Ward 10; Bernard R. Coullahan, Ward 10; John Flynn, Ward 10; John R. McKinnon, Ward 10; John Reynolds, Ward 10; James P. Walsh, Ward 10; Charles J. Becherer, Ward 11; James T. Brennan, Ward 11; James C. Nagle, Ward 11; John J. Sheehan, Ward 11; August C. Zepf, Ward 11; Richard W. Cann, Ward 12; Hubert H. J. Conington, Ward 12; Walter E. Floyd, Ward 12; Harry Haddock, Ward 12; William F. Hooten, Ward 12; Joseph E. Moynihan, Ward 12; John E. Cusick, Ward 13; John Hickey, Ward 13; William C. Sandberg, Ward 13; Henry M. Bowen, Ward 14; Fred E. Clish, Ward 14; William B. Ekstrom, Ward 14; Michael T. Harding, Ward 14; John H. Quinn, Ward 14; Morris Rose, Ward 14; James J. Shea, Ward 14; Warren Burton, Ward 15; James Chambers, Ward 15; Charles A. J. Clauss, Ward 15; James W. Goodwin, Ward 15; Phillip W. Holden, Ward 15; Arthur Nelson Josie, Ward 15; Arthur G. Levine, Ward 35; Robert B. Logue, Ward 15; Albert H. Anderson, Ward 16; Thomas J. Bolger, Ward 16; Henry V. Drummond, Ward 16; Stephen A. Heirly, Ward 16; James E. Masterson, Ward 16; Edward F. Morrissey, Ward 16; Edward D. B. Smith, Ward 16; Louis A. Willard, Ward 16; Warren W. Hoxie, Ward 17; William F. Kingman, Ward 17; George E. Magoun, Ward 17; Charles P. Silsby, Ward 17; Edward H. White, Ward 17; John A. Burckhart, Ward 18; Louis R. Carroll, Ward 18; Leroy W. Elliot, Ward 18; William F. McNamara, Ward 18; Arnold Sutterlin, Ward 18; William A. Allen, Ward 19; Wilfred C. Beck, Ward 19; Edward C. Beazley, Ward 19; James Brown, Ward 19; Samuel Cox, Ward 19; Harvey S. Galbraith, Ward 19; Otto H. Maier, Ward 19; Wilson H. Mullock, Ward 19; George W. Peterson, Ward 19; Winthrop L. Wallis, Ward 19; Louis A. Weis, Ward 19; Arthur H. Bailey, Ward 20; Joseph S. Caudet, Ward 20; Edmund J. Hanlon, Ward 20; William F. Kerrigan, Ward 20; Edmund A. Kirby, Ward 20; Daniel P. McKenzie, Ward 20; John Charles Babcock, Ward 21; John W. Campbell, Ward 21; George A. DePass, Ward 21; Patrick F. Donahue, Ward 21; Patrick F. Dowd, Ward 21; Frederick Minton, Ward 21; Roy C. Welch, Ward 21; John W. Bagnall, Ward 22; James P. Carroll, Ward 22; Henry G. Leeland, Ward 22; Edgar F. Noble, Ward 22; Frank E. Paul, Ward 22;

Adjourned at 5.45 p. m.

CHICAGO TRAFFIC POLICE IN YEAR-LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam (penetration) Ellington street, Dorchester, from Erie street to Greenwood street, with department forces, without advertising, the estimated cost for labor and material being \$3,500.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam (penetration) Greenwood street, Dorchester, from Erie street to York street, with department forces, without advertising, the estimated cost for labor and material being \$3,500.

AUTHOR THANKED FOR TRIBUTE PAID TO MAYOR CURLEY IN BOOK.

MR. JAMES H. GUILFOYLE, State House, Boston.

MY DEAR MR. GUILFOYLE,—I want to thank you most heartily for the copy of your book "On the Trail of the Forgotten Man, a Journal of the Roosevelt Presidential Campaign," which you were kind enough to send me.

When I opened it and began to examine its contents I was, I confess, quite surprised—though the surprise possessed a fine flower of appreciation—to find your dedicatory epistle addressed to me. As I read on through Professor Rogers' introduction, agitation was added to surprise and, continuing my reading to the final chapter of the book, I concluded with still another emotion, alarm—and all three emotions battling for dominance in spite of my admiration for the splendid contribution your book makes to the literature of American political history.

The prominent and emphatic delineation your book contains in recording the services I rendered, in association with others, towards the nomination and election of the President, alone makes me doubt the complete personal satisfaction I should feel for its unquestionable interest and significance.

Without in any way wishing to distract from your honest and able achievement in the writing of this vitally important record of the most critical and controversial presidential campaign in our history since the Civil War, I must, I think, out of modesty and the sincerity of purpose which actuated my support in behalf of the candidate and the party, say, that had it been possible for me to have read the proofs and known the contents of your book before publication, I should have hesitated before granting my approval of your purpose to transfer my performances on this particular battlefield of politics to the illuminated and illuminating pages of a political history. Our own contemporaries are likely to be less sympathetic and understanding than posterity towards the individual who battles and sacrifices for a principle; and in such an appraisal as you have made of my services to my political party, and through it to the country, the contemporaries often feel themselves cheated if such an individual is not allowed to sink into the obscurity so often designed for the victor as well as the vanquished.

When I consider how ably you have been aided and abetted by so eminent a figure in the literary and educational world as Professor Rogers in his intriguing "Introduction" to the book, I can only, in spite of this belated, though futile, protest at the historical dressing-up you have given to the part I played in the

memorable political campaign of last year, follow the admonition of the bard to Alexander in Dryden's famous poem, to "take the goods the gods provide thee."

With best wishes that you may fully taste the satisfaction of an author who has produced a sincere and successful book, I am,

Sincerely,

JAMES M. CURLEY, Mayor.

June 13, 1933.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Cushing Hill road, Dorchester district, as a highway, from Gallivan Boulevard southerly, with the name of Crockett avenue or some other distinctive name, bounded and described as follows:

A highway named Crockett avenue is hereby laid out, from Milton street to Hill Top street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Milton street, forty feet; easterly by the easterly line of said Crockett avenue as hereby laid out, five hundred seventy-nine and 93-100 feet; southerly by Hill Top street, forty and 29-100 feet; and westerly by the westerly line of said Crockett avenue as hereby laid out, five hundred eighty-four and 89-100 feet.

Trees or structures standing upon or affixed to the above described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Crockett avenue as laid out under this order, from Milton street to Hill Top street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Crockett Avenue, Dorchester, Assessment Plan, April 3, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Prospect street, West Roxbury district, as a highway, from Billings street to Caledonian avenue, with the name of Laurie avenue or some other distinctive name, bounded and described as follows:

A highway named Laurie avenue is hereby laid out, from Billings street to Caledonian avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Billings street, forty feet; southeasterly by the southeasterly line of said Laurie avenue as hereby laid out, seven hundred eighty-one and 75-100 feet; westerly by Caledonian avenue, seventy-two and 75-100 feet; northerly by the northerly line of said Laurie avenue as hereby laid out, twenty-two and 56-100 feet on a curve of ten feet radius; and northwesterly by the northwesterly line of said Laurie avenue as hereby laid out, seven hundred twenty-seven and 97-100 feet.

Trees or structures standing upon or affixed to the above described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Laurie avenue as hereby laid out, from Billings street to Caledonian avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Laurie Avenue, West Roxbury, Assessment Plan, May 9, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIRCULAR LETTER NO. 20.

CITY OF BOSTON,
OFFICE OF THE MAYOR,

June 12, 1933.

To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees of your department who are duly elected delegates to the conventions, state or national, of veterans' organizations, provided such leave of absence shall not necessitate further expense to the city, through replacement or otherwise.

Very truly yours,

JAMES M. CURLEY, Mayor.

ADDITIONS TO CONTRACTS.

PARK DEPARTMENT.

Lamont Brothers Company, Incorporated, have been ordered to make the following addition to the contract for alterations and repairs to bath house at Savin Hill Beach, Dorchester, signed May 15, 1933:

Stand up and put in position the existing wooden lockers now tipped over on the floor of the men's wing of the bath house. Make general repairs to these lockers, putting them in first-class serviceable condition including all doors, hardware, etc.

For this additional work the sum of two hundred thirty-five (235) dollars will be added to contract price. Contract price, \$1,900; addition as per this order, \$235; contract as standing, \$2,135.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

PSYCHOLOGIST, DEPARTMENT OF MENTAL DISEASES, JULY 29, 1933.

Last day for filing applications, Wednesday, July 19, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both male and female.)

There are two vacancies, one at the Worcester State Hospital, and one in the Habit Clinics of Investigation of Mental Diseases and Defects.

The position at the Worcester State Hospital is for full-time service. The entrance salary is \$1,140 a year with maintenance; the maximum salary is \$1,620 a year with maintenance.

The position in the Habit Clinics is for part-time service. The salary is \$1,500 a year for full-time service. The position to be filled at present is for three days a week and pays \$690 a year.

Duties at Worcester State Hospital: Administration and interpretation of standard language and performance tests of intelligence; administration and interpretation of special tests. Experience in statistical work is desirable.

Duties in Habit Clinics: To administer psychological tests specially prepared for the testing of young children; to bring to the position new ideas on children along this line from other clinics and research laboratories. Applicants must be specially trained in clinical work with children.

Entrance Requirements: College education with either a B. S. or a B. A. degree, and two or more years' experience in the field of psychometric testing and in the field of clinical psychology is required.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

CHIEF RADIO OPERATOR AND REPAIRMAN, SOMERVILLE ELECTRIC LINES AND LIGHTS DEPARTMENT, JULY 29, 1933.

Last day for filing applications Wednesday, July 19, 1933, at 5 p. m.

The salary is \$42 a week. This examination is open to all citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application, and who have the necessary requirements as given below.

Duties: To take charge of operating, testing and repairing at the Police Radio Station; also to test and make repairs on all receiving sets, D. C. and A. C., storage batteries and "B" battery eliminators.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have at least five years' experience as licensed commercial operator and repairman and must possess a first-class license as radio operator issued by the Federal Radio Commission.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE
EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

AID AND SETTLEMENT AGENT, BOSTON OVERSEERS OF PUBLIC WELFARE, JUNE 30, 1933.

Last date for filing applications, Tuesday, June 20, 1933, at 5 p. m.

There are three vacancies at \$1,000 a year.

Duties: To search and examine various records to determine the legal settlement of all persons who apply for relief. Applicants should have a thorough knowledge of the settlement laws of Massachusetts, chapter 116 of the General Laws, also knowledge of the relief statutes, namely, chapters 117, 118, 118A and 122 of the General Laws. They should also have an intimate knowledge of social welfare agencies, public and private, in the relief and welfare field.

Entrance Requirements: Applicants must have education equivalent to graduation from a standard high school, and at least one year's experience in social service work.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

EXTERIOR INSPECTOR, WIRE DIVISION, BOSTON FIRE DEPARTMENT, JULY 6, 1933.

Last date for filing applications, Monday, June 26, 1933, at 5 p. m.

Salary: \$1,600 a year.

Duties: To inspect the installation of all new overhead and underground electrical construction of the public service corporations or others in the City of Boston, to see if the work is done in accordance with the rules and requirements of this department, and to make a periodical inspection of all existing overhead electrical construction (poles and wires), testing poles for decay, and to submit written reports covering all inspections. The inspection work includes the setting of carrying poles and lamp poles, the attachment of electrical conductors for telephone, telegraph, fire alarm signalling, electric light, heat or power purposes, the fuse protection of low tension wires at point of entrance to buildings, and the laying of the underground conduits and cables installed therein.

Entrance Requirements: Applicants must be not less than twenty-one years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. They must have had at least three years' experience in outside electrical construction work.

Subjects and Weights: Training and experience, 3; practical questions, 4; report, 3; total, 10.

Passing Requirements: Applicants must obtain at least 60 per cent in the report, and at least 70 per cent in each of the other subjects and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

ASSISTANT CEMENT TESTER AND PIPE TESTER, BOSTON PUBLIC WORKS DEPARTMENT, JULY 14, 1933.

Last date for filing applications, Wednesday, July 5, 1933, at 5 p. m.

The salary is \$1,440 a year.

Duties: To assist in the cement testing and pipe testing laboratory on a regular intermittent basis. This requires a practical knowledge of cement specifications (Bureau of Standards); a practical knowledge of pipe specifications; operation of pipe compression machine; practical knowledge of the method of making concrete cylinders for compression; storing and curing specimens, pipe absorption tests.

Entrance Requirements: Six months' experience in testing cement or six months' experience in any material testing laboratory will be required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SAFE DRIVING.

Most cities and towns have a long list of "don'ts" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for roofing work, etc., at the Mather School, Meeting House Hill, Dorchester, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Thursday, June 29, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned to this office prior to 12 o'clock noon of Thursday, July 6, 1933, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,
(June 17.) Superintendent of Construction.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FIRE ESCAPE (IRON) CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escapes on the William Howard Taft School, Cambridge and Warren streets, Brighton, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Plans ready for contractors Wednesday, June 21, 1933. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Thursday, June 29, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned prior to 12 o'clock noon of Thursday, July 6, 1933, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,
(June 17.) Superintendent of Construction.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING WASTE AND WIPING CLOTHS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments waste and wiping cloths as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, June 26, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 17.) Superintendent of Supplies.

WATER SUPPLY FROM WELLS.

The entire water supply of Memphis is taken from wells. The wells penetrate two strata of sand, the upper stratum being 300 to 500 feet below the surface, and the lower stratum roughly 1,000 feet deeper. The upper stratum, known as the LaGrange formation, is the more important and furnishes most of the supply. It is the one commonly used in this vicinity.

The lower stratum has been developed by the city to a limited extent, because wells in it do not interfere with those in the upper stratum, and therefore wells in the respective strata can be placed in

close proximity to each other, and a greater capacity obtained from a given area. The LaGrange formation underlies western Tennessee, eastern Arkansas and northern Mississippi. It outcrops in a belt roughly parallel with the Mississippi river and some 40 miles eastward therefrom. Throughout this entire region it furnishes an ample supply to many municipalities and industries. The outcrop area is such that an abundant supply is in sight, for everyone caring to use it, for many years to come. The sands and clays, which are interspersed, are supposed to be deposits formed in prehistoric times, when the entire Mississippi Valley as far north as Cairo was practically an arm of the Gulf of Mexico.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN GORDON AVENUE, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Gordon avenue, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Gordon Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, June 26, 1933, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(June 17.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to erect and complete an addition and alterations to the Robert Gould Shaw School, Mt. Vernon street and Chapin avenue, West Roxbury district, Boston, giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent of Construction, 8th floor, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Wednesday, June 28, 1933, at said office, with a certified check for \$7,500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$50 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder on return of plans and specifications. If all plans and specifications are not returned before noon of the seventh week day from receipt of proposals, said deposit for plans and specifications shall be forfeited. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(June 17.) Superintendent of Construction.

CITY OF BOSTON.

Ritchie and Associates, 100 Arlington street, Boston, Mass., signed by the bidder and left before 2 o'clock, Friday, June 30, 1933, at the office of the Superintendent of the Boston City Hospital, with a certified check for \$3,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, before the time of opening the bids. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston, at 2 o'clock, Tuesday, June 20, 1933. A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

JOSEPH P. MANNING,
President of the Board of Trustees,
(June 17.) *Boston City Hospital.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the Harvard School, Devens street, Charlestown, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, June 26, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all specifications are not returned prior to noon of July 3, 1933, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(June 17.) *Superintendent of Construction.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for masonry and pointing work at the Quincy School, Tyler street, city proper, and giving bond of a surety company approved by the Superintendent of Construction for the full amount of the entire contract price. Only proposals obtained at the office of the Superintendent, eighth floor, 11 Beacon street, signed by the bidder and left before 2 o'clock p. m. of Monday, June 26, 1933, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all specifications are not returned prior to noon of July 3, 1933, said deposit shall be forfeited.

WM. W. DRUMMEY,
(June 17.) *Superintendent of Construction.*

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1933.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 19.
Boston, Monday, September 18.
Worcester, Thursday, September 21.
Springfield, Thursday, October 26.
Pittsfield, Friday, October 27.
Boston, Monday, November 6.
Lowell, Thursday, November 9.
Boston, Monday, December 4.
New Bedford, Wednesday, December 6.
New Bedford, Thursday, December 7.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

PAUL E. TIERNEY,
PAYSON SMITH,
JAMES M. HURLEY,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 180, State House, Boston, Mass.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set

off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West

Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN BONAIR STREET, WEST ROXBURY, CENTRAL AVENUE AND WEBSTER STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 2,100 linear feet of 8-inch and 12-inch water pipe in Bonair street, West Roxbury, Central avenue and Webster Street, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying and Relaying Water Pipes, Bonair Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, June 26, 1933, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(June 17.) JOSEPH A. ROURKE,
Commissioner of Public Works.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR INSULATED WIRE AND CABLE FOR TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering insulated wire and cable for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 45 per cent of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Insulated Wire and Cable, Traffic Tunnel," and delivered to the Department, or to its secretary, before 12 o'clock noon on Wednesday, July 5, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of one thousand (1,000) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Tuesday, June 20, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(June 17.) EDWARD F. CONDON,
Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN DENT STREET BROOK, BETWEEN BROOK FARM PARKWAY AND LASELL STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Dent street brook, between Brook Farm Parkway and Lasell street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Dent Street Brook," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, June 29, 1933, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, JUNE 24, 1933.

No. 25

WOULD REMOVE THE UNSIGHTLY CRAWLING MONSTER, THE BOSTON ELEVATED ROAD, FROM CHARLESTOWN STREETS TO UNDERGROUND AND RESTORE DISTRICT TO ITS FORMER GLORY—ACTING MAYOR McGRATH RECALLS THE BEAUTIES OF THE DISTRICT OF SMALL HOMES AND DECLARES HIS DESIRE TO RETURN SECTION TO ITS FORMER STATUS—DELIVERS JUNE 17TH ADDRESS AT “NIGHT BEFORE” BANQUET.

In his address on June 16, at the “Night Before” banquet at the Charlestown Armory, Acting Mayor McGrath spoke as follows:

Mr. Chairman, Ladies and Gentlemen.

Tonight again we follow the footprints of patriotism. We gather to live over in reverent imagination the scenes and actions history has so vividly painted that every remembrance adds a new thrill. We gather to pay reverent respect to those who gave us this land by the sacrifice of their blood, to pledge ourselves anew to the duty of preserving what has been handed us as a heritage, to take stock of the achievements of the glorious past and to gird ourselves for the tasks the future may present, whatever they be, so those who died at Bunker's Hill and those other sacred spots shall not have died in vain.

No true citizen can press the turf of Bunker Hill, view the shaft erected by patriotic and loving citizens without feeling his blood pulse faster, without making resolution in his heart to better citizenship. Good citizenship is patriotism in action. And he who loves his home, his native town and his country, he who is ready to make sacrifices for their honor and welfare is the good citizen. The germ of patriotism is deeply rooted in him.

The footprints of the patriots whose heroic deeds we commemorate with this celebration have become lost in the ashes of time. The green hill that was their pride has for one hundred and fifty-seven years been their sepulchre. Their deaths, however, have made the spot sacred and an eternal reminder of the freemen's triumph over despotism and death. Those heroes who fought and bled on this spot did not fight in vain, for they gave to us and the world the greatest government the history of man has ever evolved; they sanctified by their blood that impelling impulse that ever urges men to do and dare, the impulse of liberty. They left behind them as a heritage their example of courage in the face of obstacles, and eternal proof that right will triumph over might; that courage will overcome adverse circumstance and that love of liberty can never die in the human heart.

The same patriotism that imbued the citizens of Charlestown at Bunker Hill, that compelled them to resist to the last breath, with their handful of poorly equipped manhood that mighty horde and flower of the British Army; that same patriotism stirs the heart of the citizens of Charlestown and Boston today. That same patriotism will ever stir our citizens and cause them to rally behind a worthy and noble cause, to join the ranks of those battling for the right.

For Sanctity of Homes.

Those who died at Bunker Hill felt that America might be a better place in which to live. They fought to protect and make sure the sanctity and safety of the homes. They fought with a dream in their hearts and a zeal in their souls for freedom from tyranny and despotism. And while on the subject of homes permit me to digress a moment.

I have spent much time in the past dozen years as an appraiser of real estate in the Charlestown district; advising with owners on their real estate problems. About ten years ago, in 1923, there was a well-founded and decided movement for the restoration of Charlestown homes on a large scale. But lack of cooperation on the part of Boston banks prevented this project being completed.

Bunker Hill and its monument, aside from its historical influence, will always be an asset to the district of Charlestown. The monument is ever a mecca for the pilgrims from other sections of the United States and a pride to the citizens whose homes are here. What civic pride has done and is doing for Beacon Hill, civic pride can and will do for Charlestown. On every side there is evidence that civic pride has been again aroused, and that soon Charlestown will flourish and grow in greatness that will more than match the other sections of the city. I am proud of this growth in civic pride on the part of our citizens. This is noted from Main street to the outermost boundary of the district.

No one who loves and reveres the past can but take pride in the preservation of the gems of homes that still remain and have resisted the urgings of commerce and materialism that would have counseled destruction. On every side are manifest the increasing evidences of renewed civic pride. As I ponder over this there comes to my mind the possibilities of the small gardens, the painting of the window boxes and the narrow streets of the district that add to rather than detract from the beauties of the district. Of the 4,200 homes all but fifty-four are one, two or three family dwellings. Charlestown is seventh in twenty-two wards in the number of homes.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Old South News-stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 26, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.
Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

BOSTON'S ROSE GARDEN IN THE FENWAY, UNDER CARE AND ATTENTION OF PARK COMMISSIONER LONG AND HIS FORCE, READY FOR MUSIC FESTIVAL AND ILLUMINATION ON TUESDAY, JUNE 27—ALREADY MECCA FOR THOUSANDS OF LOVERS OF FLOWERS AND HORTICULTURISTS—MOST BEAUTIFUL SPOT IN HEART OF CITY—FESTIVAL TO BENEFIT PUBLIC WELFARE DEPARTMENT.

Boston, especially the members of the Park Department and the city employees are ready and set for the Music Festival and illumination of the rose garden in the Fens Stadium on the evening of Tuesday, June 27.

The rose garden in the Fenway, one of the projects in which Mayor Curley has taken greatest pride, has come to be one of the most attractive spots in the city and is the mecca of thousands of tourists and those who love the *al fresco* beauties that are there to be beheld. Horticulturists and lovers of flowers from everywhere, when they reach Boston, ask almost with their first breath how to reach the rose garden.

At the present time the garden is at its best, due to the care, attention and pride taken in it by Park Commissioner William P. Long and his Park Department staff of employees. Every inch of space in the garden is a bower of fairy-like entrancingness, with their trellised arches and niches adorning every inch of space.

All this will be thoroughly enjoyed on Tuesday evening by the Boston public, at the same time that the Fabien Sevitzky Ensembles will render music. The event will have an additional incentive as attraction from the fact that while admission is free, chairs have been provided for those who wish to enjoy the concert. These are to be had at a small fee which is to be turned over to the Welfare Department for support of the unemployed of the city.

The Fabien Sevitzky Ensembles is composed of the Young Musicians' Orchestra and Vocal Ensemble, both organized during instrumental and vocal contests last spring and fall, had their first appearance in Jordan Hall, January last and met with unanimous approval from both the musical press and the public.

Encouraged and urged by the critics and patrons to appear shortly again, Mr. Sevitzky decided to give another concert with his young people, the purpose of which is to show Boston music lovers the results of continuous work and effort of both groups. The ensembles are self-supporting and not money-making organizations.

But to return to the rose garden. In 1932 the Massachusetts Horticultural Society awarded the blue ribbon certificate to the Park Department of the City of Boston for the new rose garden in the Fens, for the reason "that this garden is of inestimable benefit to the public, having been planted in excellent design." The initial illumination will be done in a beautifully artistic manner.

Foreman Henry Buhle will tell you it is so every day. With a trio of assistants, the foreman, under the direction of Park Department officials, has made the rose supreme here.

You enter at the single wooden gate after crossing the rustic cedar bridge over the little thread of a stream from the Art Museum side.

Looking from outside, ramblers fling their multi-hued petals above the inclosing fence; glimpses of a thousand assorted blooms inside pull you in.

The garden, perhaps 150 feet in its longest part and 80 feet across its circular end, has a bottle shape with so-called "educational beds," small plots, side by side in almost unending number, running around the curving portion of the layout.

There are wide dirt walks through the riot of flowers, a generous-sized ermined lawn occupying the "neck," an ancient carved well head brought from Rome at the apex of the "neck."

TRELLISED ARCHES.

The circular walk leads beneath the series of trellised arches, each with its array of special roses, a canopy of color interspersed with green from the ground

up, over and down to earth again. There are the metal tags for plots and the signs, too.

General McArthur, you read, profuse, of that combination of soft pink and red that draws the eye; other reds of the Doctor Hughey variety, the deep blood red profuse, too, contrasting with the Paul's scarlet farther along, of the lighter hued but similarly heavy petalled blossoms.

WIDE VARIETY.

Frank Reader, Etiole de Hollande, Everest with its three-inch blooms; the chateau de clos Vougeot, mincing in the light breezes of the inclosure, a single flower to a stem; Mary Wallace with its profuse blossoms, wide stretched, disclosing little eyes of saffron; primrose climbers again cloaking the fence, species of roses, white yellow, shadings of red galore, each individualized in its separate keep, drift before you as you stroll and gaze.

Today a little rock pond amid the circle of flowers sets off the roses further. Four fat cherubs, each clasping a cornucopia of roses carved in gray plastic cement, keep guard over the miniature spouting streams that sparkle here in the sunlight. Water-lily pads, and water plants of different specie dot the water.

UNENDING STREAM.

Other cherubs, a dozen or more, are arrayed in different niches of the enclosure. There is the unforgettable fragrance of out-of-door roses in bloom. It pervades the entire garden. Some have little scent, others a plethora of fragrance, the foreman will tell you. But no breeze, no matter how strong, can efface the ineffable aroma of the myriad blooms here. There are arches of pure white, those with lemon-hued blossoms rampant, clothing both sides to the green of the sod below. Hundreds of species—all roses of the rose family run riot here. On pleasant days the little gate is thronged with an unending stream, with many waiting outside to enter.

Boston's now famous rose garden here, Park Department Commissioner William P. Long will tell you, has come to stay as long as there are flower lovers and a Fenway. In three years of blossoming magnificence it has proved its spell over the great and the less great alike. The crowd, elite and parvenu, all flock to

worship at beauty here. Its ultra extravagance of beauty, authorities assert, already has quickened the cultivation of the rose in a thousand private Boston gardens—has helped bring the rose back into its own as one of the most pursued hobbies of the local home flower gardener.

REPORT OF BUSINESS MANAGER.

The School Committee has received the following report of Alexander M. Sullivan, Business Manager of the School Committee, on his attendance at the annual meeting of the National Association of Public School Business Officials held at Pittsburgh, Penn., from May 16 to 19, inclusive:

June 19, 1933.

To the School Committee of the City of Boston.

In compliance with the provisions of section 3 of chapter 274 of the Acts of 1914, I am hereby making the following report:

On May 15, 1933, your Board passed an order authorizing the Business Manager or his representative to attend the annual meeting of the National Association of Public School Business Officials to be held at Pittsburgh, Penn., May 16 to 19, inclusive.

Delegates were present from cities and towns in the United States and Canada. Sessions were held morning and afternoon. Papers were read and discussed on the following subjects:

1. Selection, purchase, storage and distribution of public school supplies and equipment.
2. Economies in school administration.
3. School construction problems.
4. New demands on public education.
5. Importance of economies in school administration in times of financial depression.
6. Sound financial policies of a Board of Education.
7. Uniform systems of accounting.

I wish to express my appreciation to your Board in affording me the opportunity of attending this meeting. While the attendance was not great because of the times, it was one of the best conventions of this association that I have ever attended.

Respectfully yours,

ALEXANDER M. SULLIVAN,
Business Manager.

ADDRESS OF ACTING MAYOR McGRATH.

(Continued from page 705.)

Boston is not remiss in her duty toward the district as is manifested by the cooperation of the Building, Health and Fire Departments; likewise, the Public Works and the Park Departments. The Planning Board is also willing to aid in the betterment of the district now as never before.

RESTORE HIDDEN BEAUTIES.

I would like to see restored the hidden beauties of the City square district, where there are still good buildings. Sullivan square likewise with corners rounded now needs but little change. I would like to see that crawling unsightly monster, the elevated road, removed. I would like to see Rutherford avenue built of new brick buildings; Chelsea street with its bridge restored and thus the district would come back automatically and thus attractiveness be added to the district, residential streets improved properly on a large scale.

With these things under way a new day would soon dawn for the district. And it is my ambition to be a part of this renaissance for Charlestown so that there shall come to Charlestown and its hallowed ground a happier life for its God-fearing and homeloving people who have raised their church steeples to keep company with the towering structure, Bunker Hill Monument, that casts its benign and benevolent influence eternally over the section as if to inspire the people to greater achievement, to stir them to ambitions that will keep them in the van of progress, their hearts cheered by the gifts of the past and ever hopeful for the future; a reminder of the truth that these dead whose ashes lie about shall not have died in vain; that their devotion to the cause of humanity has not been forgotten, and that you are still determined that liberty shall ever be the right to every nationality, color and creed who accepts the protection of Old Glory, the flag of the greatest country on the face of the globe.

LAND-TAKING IN EAST BOSTON.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston known as East Boston and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Seaview avenue, bounded: Southeast by another part of said avenue, by easement taken by the City of Boston, June 12, 1925, and by another part of said avenue, twenty-six feet; southwest by another part of said avenue and by another part of Tower street, by two measurements,

one hundred seventeen and 89-100 feet on a curve of seven hundred and seven feet radius and three hundred and twenty-seven feet; northwesterly by another part of Tower street, twenty-six feet; and northeasterly by the same and by another part of Seaview avenue, by two measurements, three hundred and twenty-seven feet and one hundred twenty-two and 22-100 feet on a curve of seven hundred and thirty-three feet radius, containing eleven thousand six hundred and twenty-three square feet, more or less.

The sewerage works to be constructed are as follows: 430 linear feet of 10-inch pipe sanitary sewer and 430 linear feet of 10-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly side of Seaview avenue for a distance of approximately three hundred and sixty-five feet easterly from Tower street, excluding lot numbered assessment lot 2, supposed to belong to Orlando, trustee, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1102, Sewerage Works, Seaview Avenue, East Boston, May 27, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Hannah H. Draper	\$174 40
3. Orient Heights Company	103 90
4. Mary Porter	114 46
5. Hannah H. Draper	101 98
6. Orient Heights Company	101 98
Total	<u>\$596 72</u>

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Churchill road, bounded:

Southwesterly by St. Theresa avenue, twelve and 23-100 feet; northwesterly by another part of Churchill road, by two measurements, two hundred forty-four and 2-100 feet and one hundred sixty-nine and 35-100 feet; northeasterly by another part of said road, eight feet; and

southeasterly by the same, by two measurements, one hundred and seventy feet and two hundred thirty-five and 42-100 feet, containing thirty-two hundred and seventy-five square feet, more or less.

The sewerage works to be constructed are as follows: 370 linear feet of 10-inch pipe sanitary sewer and 370 linear feet of 12-inch pipe surface drain..

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Churchill road, excluding the lot at the northerly corner of St. Theresa avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1101, Sewerage Works, Churchill Road, West Roxbury, May 20, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Pine Lodge Development, Incorporated	\$722
2. Thomas P. Buckley	100
3. Edward J. Fitzgerald and Ruth B. Fitzgerald	100
4. Pine Lodge Development, Incorporated	480
Total	<u>\$1,402</u>

LAND-TAKING IN CHARLES- TOWN.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of North Mead street, Charlestown district, as a highway, to Medford street, bounded and described as follows:

An extension of the highway named North Mead street is hereby laid out to Medford street, and ordered constructed,

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by another part of North Mead street (highway), forty feet; northwesterly by the northwesterly line of said extension of said North Mead street as hereby laid out, two hundred forty-eight and 72-100 feet; northeasterly by Medford street, forty feet; and southeasterly by the southeasterly line of said extension of said North Mead street as hereby laid out, two hundred forty-eight and 64-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of North Mead street, Charlestown district, as a highway, to Medford street, under the order of the Board and awards no damages therefor.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for plumbing work at the William Eustis School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for plumbing work in the Hawes Hall School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for installing electric light wiring and apparatus in the Mechanic Arts High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for masonry and pointing work at the Quincy School, Tyler street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 26, at 2 p. m.

Advertises for proposals for doing painting work at the Harvard School, Devens street, Charlestown. Surety bond will be required in a sum equivalent to the full amount of the contract price. FIRE DEPARTMENT ORDERS.

General Order No. 28.

I. JUNE SEVENTEENTH.

The Boston Fire Department has been invited to participate in the Bunker Hill Day parade on Saturday, June 17, 1933. The detachment from this department will consist of the Fire Department Band, a detail of men and five pieces of our latest type of apparatus. The detail will be made up of inspectors from the Fire Prevention Division. The marching detail, including the colors and color guard, will be under command of Acting District Chief Walter C. Glynn of District 2. The department apparatus will be under command of Engineer of Motor Apparatus James W. Ryan.

Unless otherwise ordered, the detail from the Fire Department will form on Mystic street, right resting on Bunker Hill street, extending from Mystic street towards Medford street at 1 p. m. This applies to the entire detachment. Previous to reporting on Mystic street the members of the band will leave their instrument cases at the quarters of Engine 50 on Winthrop street, which station is nearest to the point of dismissal after the parade. The Sousa-phones and bass drum will be delivered on Mystic street before the start of the parade.

Members of the band who are on duty June 17 will be excused from 11 a. m. to 6 p. m.

II. FIRE DEPARTMENT BAND.

There will be no meeting or rehearsal of the Fire Department Band next week.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Harwood street, bounded:

Southeasterly by Lasell street, ten and 15-100 feet; southwesterly by easement taken August 23, 1898, four hundred forty-six and 56-100 feet; northwesterly by Glenham street, ten and 15-100 feet; and northeasterly by another part of Harwood street, four hundred forty-six and 56-100 feet, containing forty-four hundred and sixty-six square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Glenham street, bounded:

Southeasterly by Harwood street, ten and 15-100 feet; southwesterly by another part of Glenham street, seventeen and 76-100 feet; northwesterly by the same, two hundred thirty-four and 29-100 feet; northeasterly by La Grange street, ten and 9-100 feet; southeasterly by the same, two hundred sixteen and 91-100 feet, and easterly by the same, eleven and 64-100 feet, containing twenty-four hundred and forty-nine square feet, more or less.

A parcel of land, supposed to belong to George A. Waggett, bounded:

Southwesterly by La Grange street, fifteen feet; northwesterly by other land supposed to belong to said Waggett, one hundred and twenty feet; northeasterly by land hereinafter described as taken from Scheibe *et al.*, fifteen feet; and southeasterly by land supposed to belong to Smith, one hundred and twenty feet, containing eighteen hundred square feet, more or less.

A parcel of land, supposed to belong to Edgar F. Scheibe and Emily R. Scheibe, bounded:

Southwesterly by land hereinbefore described as taken from Waggett and by other land supposed to belong to Waggett, forty feet; northwesterly by land herein-after described as taken from said Scheibe, fifteen feet; northeasterly by other land supposed to belong to said Scheibe, forty feet; and southeasterly by land supposed to belong to Cunningham, fifteen feet, containing six hundred square feet, more or less.

A parcel of land, supposed to belong to Edgar F. Scheibe and Emily R. Scheibe, bounded:

Southeasterly by land hereinbefore described as taken from said Scheibe *et al.*, fifteen feet; southwesterly by land supposed to belong to Waggett, forty

feet; northwesterly by land hereinafter described as taken from O'Connell, fifteen feet; and northeasterly by other land supposed to belong to Scheibe *et al.*, forty feet; containing six hundred square feet, more or less.

A parcel of land, supposed to belong to Delia J. O'Connell, bounded:

Southeasterly by land hereinbefore described as taken from Scheibe *et al.*, fifteen feet; southwesterly by land supposed to belong to Mullen, forty-three feet; northwesterly by Brook Farm Parkway, fifteen and 5-100 feet; and northeasterly by other land supposed to belong to said O'Connell, forty-one and 95-100 feet, containing six hundred and thirty-seven square feet, more or less.

The sewerage works to be constructed are as follows: In Harwood street, 400 linear feet of 12-inch pipe sanitary sewer and 470 linear feet of 5-foot 6-inch concrete conduit; in Glenham street, 230 linear feet of 12-inch pipe sanitary sewer and 230 linear feet of 5-foot 6-inch concrete conduit and in private land between La Grange street and Brook Farm Parkway 250 linear feet of 5-foot concrete conduit.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes and construction of sewerage works in Harwood street, Glenham street and private land, West Roxbury district, under the order of the Board in the amounts hereinafter respectively set against them, and awards said amounts therefor.

	Amount.
George A. Waggett, 1,800 square feet...	\$180 00
Edgar F. Scheibe and Emily R. Scheibe, 600 square feet.....	24 00
Edgar F. Scheibe and Emily R. Scheibe, 600 square feet.....	24 00
Delia J. O'Connell, 637 square feet.....	25 48

V. J. Grande, \$13,120; Williams & King, \$8,497.50; M. F. Gaddis, \$8,260; Keystone Engineering and Contracting Company, \$8,200; State Construction Company, Incorporated, \$8,170; A. G. Tomasello & Son, Incorporated, \$8,150; Nelson Brothers, \$8,100; Carilli Construction Company, \$7,950; C. & R. Construction Company, \$7,920; Egidio Filippone & Co., \$7,720; A. Cook & Son, \$7,660; Charles Capone, \$7,654; Samuel J. Tomasello, \$7,410; A. R. Doyle, Incorporated, \$6,800; Joseph A. Singarella, \$6,700; Joseph P. McCabe, Incorporated, \$6,660; A. Orlando, Incorporated, \$6,450; Pompeo Silverii, \$6,230; Vito Calia, \$6,140; A. Singarella, \$5,750.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon June 14 the Mayor approved a contract with the Keystone Engineering and Contracting Company for sewerage works in Washington street and Cottage avenue, West Roxbury. The following bids were received June 14:

Clay Pipe.—Keystone Engineering and Contracting Company, \$8,428.80; P. Guarino & Company, Incorporated, \$8,503; Joseph Todesca, \$8,502.60; Iozza & Faraci, \$8,736.37; M. DeSisto Company, \$8,947; Marion Construction Company, \$8,761.07; D. Pace & DiBartolomeo, \$8,980.50; L. Balboni, \$9,316.80; The Prompt Contractors, Incorporated, \$9,451; C. Reppucci & Co., \$10,049.26; Zoppo & Civitarese, Incorporated, \$10,286.92; John Williams, \$10,436.51; T. J. O'Connell Company, \$10,867.76; DiCenso & Volpe Company, \$11,085.50; A. Daddario, \$10,856.50; A. Piatelli & Co., \$11,089.

Concrete Pipe.—Keystone Engineering and Contracting Company, \$8,186.80; P. Guarino & Co., Incorporated, \$8,228; Joseph Todesca, \$8,539.60; Iozza & Faraci, \$8,736.37; M. DeSisto Company, \$8,742; Marion Construction Company, \$8,761.07; D. Pace & DiBartolomeo, \$8,980.50; L. Balboni, \$9,521.80; The Prompt Contractors, Incorporated, \$9,459; C. Reppucci & Co., \$9,815.26; Zoppo & Civitarese, Incorporated, \$10,662.92; John Williams, \$10,570.51; T. J. O'Connell Company, \$10,662.76; DiCenso &

Volpe Company, \$10,765.50; A. Daddario, \$10,856.50; A. Piatelli & Co., \$11,052.

Upon June 20 the Acting Mayor approved a contract with C. Reppucci & Co. for sewerage works in Sumner brook in Jefferson street, Metropolitan avenue and Central avenue, Hyde Park. The following bids were received June 15:

Clay Pipe.—C. Reppucci & Co., \$9,842.27; M. DeSisto Company, \$11,099.25; Zoppo & Civitarese Company, Incorporated, \$11,212.39; A. Grande, \$11,295.75; L. Balboni, \$11,987; Joseph Todesca, \$12,060; C. Russo Company, \$12,276; A. Daddario, \$12,560.75; A. Piatelli & Co., \$12,618.75; R. Susi & Justino, \$12,744; T. J. O'Connell, \$12,837.79; M. Stapleton Company, \$13,279.50; Keystone Engineering and Contracting Company, \$14,070.75; P. Cacchione Company, \$19,346.25.

Concrete Pipe.—C. Reppucci & Co., \$9,851.27; M. DeSisto Company, \$11,109.25; Zoppo & Civitarese Company, Incorporated, \$11,420.39; A. Grande, \$11,313.75; L. Balboni, \$12,032; Joseph Todesca, \$12,060; C. Russo Company, \$12,294; A. Daddario, \$12,560.75; A. Piatelli & Co., \$12,603.75; R. Susi & Justino, \$12,745; T. J. O'Connell, \$12,787.79; M. Stapleton Company, \$13,369.50; Keystone Engineering and Contracting Company, \$14,024.75; P. Cacchione Company, \$19,346.25.

SUPPLY DEPARTMENT.

Upon June 14 the Acting Mayor approved a contract with J. P. O'Connell Company for furnishing sewer pipe to the Sewer Division. Bids, opened on June 5, were as follows:

Straight Pipe, Branches, Bends, T's, Stoppers, etc.

Single Strength, Approximately \$3,000 Worth. Discount from Standard List Prices.—Portland Stone Ware Company, 72 per cent; J. P. O'Connell Company, 72 per cent; Eastern Clay Goods Company, 72 per cent.

Double Strength, Approximately \$1,000 Worth. 15 Inches, Approximately \$180 Worth. 18 Inches to 24 Inches, Approximately \$820 Worth. Discount from Standard List Prices.—Portland Stone Ware Company, 15 inches, 59 per cent; 18 inches to 24 inches, 55 per cent; J. P. O'Connell Company, 58 per cent; Eastern Clay Goods Company, 58 per cent.

Total.—Portland Stone Ware Company, \$1,282.80; J. P. O'Connell Company, \$1,260; Eastern Clay Goods Company, \$1,260.

Cash Discount for Payment in Ten Days.—Portland Stone Ware Company, 2 per cent; J. P. O'Connell Company, 2 per cent.

Upon June 20 the Acting Mayor approved a contract with the George McQuesten Company for furnishing 28,000 board feet creosote planking, merchantable spruce, to the Park Department. Bids, opened June 16, were as follows:

28,000 Board Feet, 2-Inch by 9-Inch, Random Lengths. Per M. Board Feet.—Graybar Electric Company, Incorporated, \$56.70; Century Wood Preserving Company, Incorporated, \$57; George McQuesten Company, \$52.

Total.—Graybar Electric Company, Incorporated, \$1,587.60; Century Wood Preserving Company, Incorporated, \$1,596; George McQuesten Company, \$1,456.

Cash Discount for Payment in Ten Days.—Graybar Electric Company, In-

corporated, 2 per cent, delivery in three weeks; George McQuesten Company, 2 per cent, immediate delivery.

TRANSIT DEPARTMENT.

Upon June 20 the Acting Mayor approved a contract with F. L. Trainor for furnishing and delivering gravel, Traffic Tunnel. Bids, opened June 19, were as follows:

Quincy Sand and Gravel Company, \$7,000; Nelson Brothers, \$6,300; A. R. Doyle, Incorporated, \$5,880; M. McDonough Company, \$5,600; A. Singarella, \$5,582.50; Capitol Contracting Company, \$5,460; Joseph A. Singarella, \$4,270; A. G. Tomasello & Son, Incorporated, \$4,130; F. L. Trainor, \$4,060.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Acting Mayor approved of contracts with several concerns for service to the city. Communications from the various department heads were as follows:

CITY OF BOSTON,

FIRE DEPARTMENT, June 13, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your Honor's permission to enter into a contract with the Heat-O-Mat Corporation, 84 Brookline avenue, without advertising, for the installation of seventeen (17) Heat-O-Mat combustion systems in seventeen fire stations of this department for the sum of seven thousand five hundred (7,500) dollars. This price is to include an all-weather control which is an adaption for regulating the heat in buildings and for the economical use of fuel. This device is particularly suited for use in fire stations where the buildings are left open when the men are obliged to leave the house during all hours of the day and night.

The Heat-O-Mat system is automatically controlled and is arranged to burn by-product sizes of coal and coke, which generally sell in the open market for 10 per cent less than domestic sizes of fuel.

My reasons for requesting permission to make this contract at the present time and without advertising are as follows:

1. The work can only be done during the summer months when the heating plants are not being used, and in view of the fact that your Honor is going away for a short trip I think it is advisable and for the best interest of the department to arrange to have the work done immediately.

2. At the present time this department has twenty (20) of these devices installed and they have been most successful and have done everything which the manufacturers claimed for it.

3. The Heat-O-Mat Corporation are the exclusive manufacturers and distributors of this product and no advantage would therefore be gained by advertising.

Yours very truly,

EDWARD F. McLAUGHLIN,
Fire Commissioner.

CITY OF BOSTON,

PENAL INSTITUTIONS DEPARTMENT,

June 14, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—During the storm on the evening of June 9, 1933, a portion of the roof on the Administration Building at the House of Correction, Deer Island, Boston Harbor, was blown away. It is absolutely essential to replace this roof at once, because if the rain did fall the leak-

age through the building would cause considerable more damage than even the wind did.

Because of this emergency, I am asking permission to award without advertising to Thomas O'Connor & Co. a contract for the replacing of the damaged roof (approximately 95 feet by 44 feet) and for the repairing of all the copper gutters, etc., in the sum of two thousand eight hundred thirty-five dollars (\$2,835).

I trust that I may have your approval for this award because I believe the price for the work entailed is fair.

Sincerely yours,

WILLIAM G. O'HARE,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT (Paving Service).

BOSTON, June 16, 1933.

To the Mayor of Boston.

Your permission is respectfully requested to the award of a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Carilli Construction Company, 73 Rockwell street, Mattapan, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

BOSTON, June 19, 1933.

To the Mayor of Boston.

Your permission is respectfully requested to the award of a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to A. Piatelli & Co., 56 Rockdale street, Mattapan, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, June 13, 1933.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Worcester Pressed Steel Company, Worcester, Mass., to deliver to the Water Service the following:

300 pressed steel hoods, assembled and painted; assembly of hood about 13½ inches, O. D. by 12¼ inches high, each consisting of one hood made from .065-inch hot rolled pickled and annealed steel, one angle made from .065-inch cold rolled steel, one angle with slot made from .065-inch cold rolled steel, one reinforcement (slotted) made from .065-inch cold rolled steel, and one reinforcement made from .065-inch cold rolled steel; parts assembled by spot welding; painted, at a price of \$6.50 per hood, F. O. B. plant, \$1,950.

As the Worcester Pressed Steel Company is the only company having the nec-

essary dies, patterns, and appliances to manufacture this type of hood, nothing would be gained by publicly advertising.

I am attaching letter from the division engineer of the Water Service recommending that this purchase be made.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of the International Rotary Convention, June 28, 1933, to June 30, 1933, inclusive, vehicles must be parked with right rear wheels to the curb in Huntington avenue, northwest roadway, northwest side, from opposite Garrison street to West Newton street.

Voted, Under authority granted the chairman on December 4, 1930, and as

urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from Harvard avenue, between Harvard street and Washington street, Dorchester district, effective June 16, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Lynde street, between Green street and Cambridge street, effective June 15, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be three (3) weeks, vehicles are excluded from Ohio street, between Shawmut avenue and Washington street, effective June 15, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of water pipe construction, estimated to be one (1) week, Fulton street is a one-way street from Clinton street to Richmond street, effective June 19, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be one (1) month, vehicles are excluded from Evans street, between Gallivan Boulevard and Milton avenue, effective June 19, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of Harvard University Class Day exercises, parking of vehicles is prohibited in North Harvard street, both sides, from Western avenue to Soldiers Field road, between the hours of 9 a. m. and 6 p. m., and vehicles are excluded from North Harvard street, between Western avenue and Soldiers Field road, between the hours of 3 p. m. and 6 p. m. on June 20, 1933; and during the period of the Harvard-Yale baseball game, parking of vehicles is prohibited in North Harvard street, both sides, from Western avenue to Soldiers Field road, between the hours of 9 a. m. and 6 p. m. on June 20, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of building removal, vehicles are excluded from Mt. Hope street, between American Legion Highway and Canterbury street, between the hours of 8 a. m. and 6 p. m. on June 22, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of underground sewer construction, estimated to be sixty (60) days, Dudley street is a one-way street from Columbia road to Humphreys street, and parking

of vehicles is prohibited in Humphreys street, both sides, from Dudley street to Elder street, and parking of vehicles is prohibited in Dudley street, north side, from Columbia road to Humphreys street, effective June 22, 1933.

PROCLAMATION ISSUED BY ACTING MAYOR JOSEPH McGRATH FOR FATHER'S DAY.

In conformity with custom June 18 is observed as Father's Day in the United States and with the cares and vexations of present day existence, coupled with a growing disregard for paternal respect and authority, it is essential that public thought be directed to the burden bearers of America, "The Fathers."

A gift of any character, not necessarily of great intrinsic value, will bring joy and comfort to the heart of a father and in view of the short time that they are permitted to be with us, after they arrive at maturity, the young man should welcome the opportunity of making their fathers happy.

The contrast between eastern and western civilization in affection for parental authority is most marked. In the east the parents are ever the object of affection, while in the west when a youth passes early manhood, affection, kindness and respect not infrequently pass with it.

The restoration of the old order should be a blessing and a benediction and I trust that this year at least it will be generally observed.

JOSEPH McGRATH,
Acting Mayor.

AMENDED DAMAGES.

The Acting Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 29, 1931, as amended September 13, 1932, determining damages caused by the making of the public improvement consisting of the laying out of Groveland street be, and the same hereby is, amended, by adding to said order the amount \$50 as an award to Mary E. McGowan, assignee of John Crehan and Margaret Crehan; that the amount \$50 be, and the same hereby is, awarded to Mary E. McGowan, assignee of John Crehan and Margaret Crehan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 2, 1931, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Guernsey street, be, and the same hereby is, amended, by adding to said order the amount \$20 as an award to George H. Hamlin that the amount \$20 be, and the same hereby is, awarded to George H. Hamlin for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 24, 1932, as amended January 21, 1933, determining damages caused by the making of the public improvement consisting of the laying out of Rambler road, formerly Marion road, be, and the same hereby is, amended, by adding to said order the amount \$25 as an award to Henry Schober; that the amount \$25 be, and the same hereby is, awarded to Henry Schober for the damages so sustained.

CONSTRUCTION WORK.

The Acting Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch, 12-inch and 15-inch pipe in Cowing street, between Washington and Alleyne streets; Alleyne street, between Cowing and Vershire streets, and in Vershire street, between Cowing street and 671 feet southwesterly, in the West Roxbury district, at an estimated cost of \$12,000.

A surface drain of 18-inch pipe and six catch-basins in Georgia street, between Blue Hill avenue and Montana street, in the Roxbury district, at an estimated cost of \$1,865.

A sanitary sewer of 12-inch pipe and a surface drain of 18-inch pipe in Rockland street, between Walnut avenue and 95 feet westerly, in the Roxbury district, at an estimated cost of \$1,714.

A sanitary sewer of 15-inch pipe a surface drain of 18-inch pipe and 2-foot 6-inch 3-foot and 3-foot 6-inch circular concrete and seven catch-basins (Sumner brook) in Jefferson street between Huntington avenue and Metropolitan avenue; Metropolitan avenue, between Jefferson street and Central avenue, and in Central avenue, between Metropolitan avenue and Page street, in the Hyde Park district, at an estimated cost of \$16,000.

POLICE DEPARTMENT ORDERS.

General Order No. 223.

Patrolman Thomas J. Sullivan of Division 9 is commended in General Orders and given two days' additional vacation for efficient police duty performed on June 3, 1933.

Patrolman Sullivan, while detailed on Blue Hill avenue where a strike was in progress, observed a car proceeding along Blue Hill avenue which had been reported as stolen a short time before. The officer promptly jumped on the running board of the stolen car and placed the operator under arrest.

The commissioner is pleased to recognize the prompt response and alertness shown by Patrolman Sullivan on this and other occasions in apprehending the operators of stolen cars.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 229.

It gives the commissioner great pleasure to publish for the information of the department the following letter:

CATHOLIC CEMETERY ASSOCIATION.
OFFICE: 2374 WASHINGTON STREET.

BOSTON, June 13, 1933.

EUGENE C. HULTMAN,
Police Commissioner.

DEAR SIR,—We wish to acknowledge our appreciation of the splendid service rendered to us by the members of your department during the Memorial Day period, and take his opportunity to extend our thanks for your cooperation.

Respectfully yours,

TIMOTHY J. GOOD,
President.
WILLIAM H. MURRAY,
Secretary.

The Superintendent of Police will promulgate this order

EUGENE C. HULTMAN,
Commissioner.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)

PSYCHOLOGIST, DEPARTMENT OF MENTAL DISEASES, JULY 29, 1933.

Last day for filing applications, Wednesday, July 19, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both male and female.)

There are two vacancies, one at the Worcester State Hospital, and one in the Habit Clinics of Investigation of Mental Diseases and Defects.

The position at the Worcester State Hospital is for full-time service. The entrance salary is \$1,140 a year with maintenance; the maximum salary is \$1,620 a year with maintenance.

The position in the Habit Clinics is for part-time service. The salary is \$1,500 a year for full-time service. The position to be filled at present is for three days a week and pays \$690 a year.

Duties at Worcester State Hospital: Administration and interpretation of standard language and performance tests of intelligence; administration and interpretation of special tests. Experience in statistical work is desirable.

Duties in Habit Clinics: To administer psychological tests specially prepared for the testing of young children; to bring to the position new ideas on children along this line from other clinics and research laboratories. Applicants must be specially trained in clinical work with children.

Entrance Requirements: College education with either a B. S. or a B. A. degree, and two or more years' experience in the field of psychometric testing and in the field of clinical psychology is required.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

CHIEF RADIO OPERATOR AND REPAIRMAN, SOMERVILLE ELECTRIC LINES AND LIGHTS DEPARTMENT, JULY 29, 1933.

Last day for filing applications Wednesday, July 19, 1933, at 5 p. m.

The salary is \$42 a week. This examination is open to all citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application, and who have the necessary requirements as given below.

Duties: To take charge of operating, testing and repairing at the Police Radio Station; also to test and make repairs on all receiving sets, D. C. and A. C., storage batteries and "B" battery eliminators.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have at least five years' experience as licensed commercial operator and repairman and must possess a first-class license as radio operator issued by the Federal Radio Commission.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

EXTERIOR INSPECTOR, WIRE DIVISION,
BOSTON FIRE DEPARTMENT, JULY 6,
1933.

Last date for filing applications, Monday, June 26, 1933, at 5 p. m.

Salary: \$1,600 a year.

Duties: To inspect the installation of all new overhead and underground electrical construction of the public service corporations or others in the City of Boston, to see if the work is done in accordance with the rules and requirements of this department, and to make a periodical inspection of all existing overhead electrical construction (poles and wires), testing poles for decay, and to submit written reports covering all inspections. The inspection work includes the setting of carrying poles and lamp poles, the attachment of electrical conductors for telephone, telegraph, fire alarm signalling, electric light, heat or power purposes, the fuse protection of low tension wires at point of entrance to buildings, and the laying of the underground conduits and cables installed therein.

Entrance Requirements: Applicants must be not less than twenty-one years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. They must have had at least three years' experience in outside electrical construction work.

Subjects and Weights: Training and experience, 3; practical questions, 4; report, 3; total, 10.

Passing Requirements: Applicants must obtain at least 60 per cent in the report, and at least 70 per cent in each of the other subjects and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

ASSISTANT CEMENT TESTER AND PIPE TESTER, BOSTON PUBLIC WORKS DEPARTMENT, JULY 14, 1933.

Last date for filing applications, Wednesday, July 5, 1933, at 5 p. m.

The salary is \$1,440 a year.

Duties: To assist in the cement testing and pipe testing laboratory on a regular intermittent basis. This requires a practical knowledge of cement specifications (Bureau of Standards); a practical knowledge of pipe specifications; operation of pipe compression machine; practical knowledge of the method of making concrete cylinders for compression; storing and curing specimens, pipe absorption tests.

Entrance Requirements: Six months' experience in testing cement or six months' experience in any material testing laboratory will be required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Dwinell street, and part of the private way known as Addington road, bounded:

Westerly by easement taken June 5, 1928, eleven and 82-100 feet; northeasterly by another part of Addington road, forty-one and 48-100 feet; northwesterly by another part of Dwinell street, four hundred eleven and 64-100 feet; northeasterly by the northeasterly line of Dwinell street, ten and 3-100 feet; southeasterly by another part of Dwinell street, four hundred twenty and 83-100 feet; and southwesterly by another part

of Addington road, forty-five and 18-100 feet, containing forty-five hundred and ninety-six square feet, more or less.

The sewerage works to be constructed are as follows: 430 linear feet of 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the southeasterly side of Dwinell street excluding the lot at the corner of Addington road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1099, Sewerage Works, Dwinell Street, West Roxbury, May 1, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

SUPERVISING NURSERY INSPECTOR, DEPARTMENT OF AGRICULTURE, JULY 6.

Last day for filing applications, Monday, June 26, 1933, at 5 p. m.

The minimum salary is \$1,620 a year; the maximum salary is \$1,980 a year. This position is for intermittent service, consisting of not more than six months continuously, nor eight months annually.

Duties: Inspection of nurseries for plant diseases and injurious insects; inspection of imported nursery stock; identification of all common insect pests and diseases and recommendation of control measures for them as well as advising as to control methods for orchard and garden insects such as Oriental peach moth, Japanese beetle, European corn borer, etc.; investigation of insect outbreaks.

Entrance Requirements: Applicants must have college training in entomology and botany, or must be graduates of a standard high school or have equivalent education with five years' experience in plant pest control work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HEAD SOCIAL WORKER, DEPARTMENT OF CORRECTION, REFORMATORY FOR WOMEN, JULY 6.

Last day for filing applications, Monday, June 26, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both males and females.)

The minimum salary is \$1,980 a year; the maximum salary is \$2,340 a year.

Duties: These consist of (a) executive functions; and (b) research activities. The executive duties require the supervision of case work, involving investigation of women committed from the courts. The head of this department must handle the personnel of her office, plan assignments and train workers. She must understand business practice in office routine, and must be able to plan systematize and schedule the program of work economically and efficiently. She must be able to cooperate with other departments at the Reformatory, particularly medical, industrial and educational work. The research duties include training students in methods of research, compilation of statistical reports, the ability to evaluate the results of social treatments at the Reformatory, and to suggest better ways of adjusting women offenders to the community.

Entrance Requirements: Applicants must have education equivalent to that required for graduation from a university with specialization in the social sciences, or graduation from a school of social work, and have four years of experience in social service work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Winchester road, West Roxbury district, as a highway, from Centre street northwesterly, with the name of Lanman avenue or some other distinctive name, bounded and described as follows:

A highway named Westchester road is hereby laid out, from Centre street northwesterly for a distance of approximately three hundred and fifty feet northwest of Royen road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Centre street and Lila road: Southeasterly by Centre street, forty and 9-100 feet; southwesterly by the southwesterly line of said Westchester road as hereby laid out, by three measurements, seven hundred twenty-three and 53-100 feet, seventy and 42-100 feet on a curve of one hundred seventy and 87-100 feet radius, and three hundred twelve and 30-100 feet; southerly by the southerly line of said Westchester road as hereby laid out, fifty-one and 79-100 feet on a curve of twenty-five feet radius; westerly by Lila road, one hundred seventeen and 41-100 feet; northeasterly by the northeasterly line of said Westchester road as hereby laid out, by four measurements, fifty-three and 51-100 feet on a curve of fifty feet radius three hundred forty-six and 72-100 feet, eighty-six and 91-100 feet on a curve of two hundred ten and 87-100 feet radius and seven hundred twenty and 80-100 feet.

Part between Lila road and a point approximately three hundred and fifty feet northwest of Royen road: Easterly by Lila road, one hundred seventeen and 41-100 feet; southwesterly by the southwesterly line of said Westchester road as hereby laid out, by two measurements fifty-three and 51-100 feet on a curve of fifty feet radius and six hundred eighty-one and 24-100 feet; northwesterly by the northwesterly line of said Westchester road as hereby laid out, forty-six and 83-100 feet; northeasterly by the northeasterly line of said Westchester road as hereby laid out, six hundred twenty-two and 47-100 feet; and northwesterly by the northwesterly line of said Westchester road as hereby laid out, fifty-one and 79-100 feet on a curve of twenty-five feet radius.

Trees or structures standing upon or affixed to the above described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Westchester road, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Westchester Road, West Roxbury, Assessment Plan, December 8, 1932, William J. Sullivan, Chief

Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Westchester road (formerly Winchester road), West Roxbury district, as a highway, from Centre street northwesterly, under the order of the Board, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Clarendon park, West Roxbury district, as a highway, from Poplar street to Clarendon avenue, with the name of Delano street or some other distinctive name, bounded and described as follows:

A highway named Delano park is hereby laid out, from Poplar street to Clarendon avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Poplar street, by two measurements, forty-one and 29-100 feet and one hundred ten and 56-100 feet; southerly by the southerly line of said Delano park as hereby laid out, forty-five and 82-100 feet on a curve of twenty-eight feet radius; southeasterly by the southeasterly line of said Delano park as hereby laid out, five hundred ninety-six and 23-100 feet; easterly by the easterly line of said Delano park as hereby laid out, thirty-six and 93-100 feet on a curve of twenty-five feet radius; southwesterly

by Clarendon avenue, one hundred thirty-six and 7-100 feet; northerly by the northerly line of said Delano park as hereby laid out, forty-nine and 93-100 feet on a curve of thirty feet radius; northwesterly by the northwesterly line of Delano park as hereby laid out, five hundred fifty-six and 60-100 feet; and westerly by the westerly line of said Delano park as hereby laid out, fifty-nine and 17-100 feet on a curve of thirty-three feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Delano park as laid out under this order, from Poplar street to Clarendon avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Delano Park, West Roxbury, Assessment Plan, April 29, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

TWO OF EVERY 1,000 INHABITANTS ARE POLICE EMPLOYEES IN THE AVERAGE LARGE CITY.

About two of every 1,000 persons in the average city are employed in city police departments. Jersey City has the greatest percentage of police defense of any of the cities of over 250,000 population reporting to the Bureau of Investigation, Department of Justice, according to statements published in a recent issue of the monthly publication, "Uniform Crime Reports." In the total population of 316,715, there are 1,154 Police Department employees, or 3.6 per 1,000 inhabitants.

Birmingham, Ala., is at the other end of the scale among the cities of over 250,000, with one police department employee per 1,000 inhabitants, or a total of 260 in a population of 259,678.

Boston, with a population of 781,188, has 2,579 police department employees, or 3.3 per 1,000. Newark, N. J., with 442,337 inhabitants, has 1,383 police employees, or 3.1 per 1,000. Chicago has only two per 1,000, there being a total of 6,742 police employees for the city's 3,276,438 people.

Among other cities which have reported such statistics to the Bureau are:

Baltimore, with 2.3 police department employees per 1,000 inhabitants; Buffalo, with 2.3; Cincinnati, with 1.5; Cleveland, with 1.7; Columbus, with 1.2; Dallas, with 1.1; Denver, with 1.5; Detroit, with 2.6; Houston, with 1.2; Indianapolis, with 1.6; Kansas City, with 1.7; Louisville, with 1.6.

Milwaukee has two police department employees per 1,000 of the population; Minneapolis has 1.2; New Orleans has 1.9; Oakland, Cal., has 1.4; Philadelphia has 2.8; Portland, Ore., has 1.5; Providence, R. I., has 2.4; Rochester has 1.6.

In St. Louis, the percentage is 2.8 per 1,000; in St. Paul, 1.3; in San Francisco, 2.2; in Seattle, 1.9; in Toledo, 1.5; and in Washington, 2.9.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

THE METROPOLITAN DISTRICT. With its 43 Municipalities.

Consists in the most inclusive sense of forty-three municipalities, including Boston, or fourteen cities and twenty-nine towns, all within fifteen miles of the State House but not yet consolidated in one complete governmental system. The seven cities in the first zone, i. e., adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the six cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose,

Waltham and Woburn. The six adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the twenty other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Norwood, Reading, Saugus, Stoneham, Stoughton, Swampscott, Wakefield, Walpole, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated eleven of the cities and twelve of the towns; south and southwest, two cities and seventeen towns. Norwood, Stoughton and Walpole were admitted into the South System of the Metropolitan Sewerage District in 1928.

UNITED STATES FOREIGN TRADE IN SILVER.

Although the United States is the second largest producer of silver, its exports of the metal exceed total annual production according to the United States Department of Commerce reports. Much silver is received for refining or transshipment. Most of this imported silver comes from Mexico, as evident from the following import figures, in millions of dollars: Mexico, 40.5 in 1929, 24.9 in 1930, and 11 in the first eight months of 1931; Canada, 6.4, 6.1, and 2.5, respectively; Peru, 10.4, 5.9, and 1.6; Chile, 2.3, 1.8, and 0.6; and all countries, 63.9, 42.8, and 18.3.

United States exports of silver go chiefly to China (including Hong Kong), British India, and the United Kingdom (whence they are sold largely to other countries). Shipments to leading countries and the total are summarized in millions of dollars, for 1929, 1930, and the first eight months of 1931, as follows: China and Hong Kong, 64.6, 37.8, and 8.5, respectively, of which China accounted for 61.8, 31.8, and 7.7; British India, 8.9, 9.6, and 4.6; the United Kingdom, 0.1, 2.1, and 3.4; Canada, 2.4, 1.8, and 1.1; Mexico, 5.2, 1.4, and 0.7; Germany, 1.5, 1, and 0.7; and all countries, 83.4, 54.2, and 19.2.

SAFE DRIVING.

Most cities and towns have a long list of "don't's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CENSUS OF MANUFACTURES.

The Bureau of the Census issued a statement at the close of 1932 giving some preliminary figures compiled from the 1931 biennial census of manufactures, covering more than 300 industries in the United States. Public utility industries (other than manufactured gas), the mining and quarry industries and various service industries were not included in the compilation. The printing, publishing and allied industries are included.

Number of establishments, 174,136, a decrease of 36,823 or 17.5 per cent in two years; average number of wage earners, 6,511,647, a decrease of 2,327,096 or 26.3 per cent in two years; wages (not including salaried officers and employees), \$7,225,587,464, a decrease of \$4,395,385,790 or 37.8 per cent from 1929; cost of materials, containers for products, fuel and purchased electric energy, \$21,420,-

124,017, a decrease of \$17,129,455,715 or 44.4 per cent in the two years; value of products, \$41,333,108,998, a decrease of \$29,101,754,445 or 41.3 per cent since 1929; value added by manufacture, \$19,912,984,981, a decrease of \$11,972,298,730 or 37.5 per cent in two years.

Food and kindred products led in the number of establishments reporting, also in cost of materials and value of products; textiles and their products led in the average number of wage earners, amount of wages and value added by manufacture.

HIGHWAY WORK TO RELIEVE UNEMPLOYMENT.

Highway officials throughout the United States are earnestly besought to put as many men to work as possible. The total disbursements for all road purposes in this country during the ten-year period 1922-1931 are computed by the United States Bureau of Public Roads to be about \$14,000,000,000, more than half of this by and for the State Highway Departments. The Bureau last May came to the conclusion that the man-month expenditure was then about \$300 with a downward trend and that for every man employed directly on the job, two others are employed indirectly in the preparation of materials, manufacture of machinery, transportation, etc. Thus the total of \$4,637,000,000 expended for the construction of state and Federal roads during the ten-year period referred to means 13,248,571 man-months—the equivalent of the steady employment of approximately 110,000 men for the ten years, with 220,000 others employed indirectly. Similarly, the money spent on construction of local roads must have given direct employment to 51,000, with 102,000 others indirectly employed. This would make a grand total, continuously employed in road building, of 483,000 men.

MONTHLY PAYMENT OF TAXES ON REAL ESTATE RECOMMENDED.

The Committee on Public Relations of the United States Building and Loan League, of which Henry S. Rosenthal, of Cincinnati, is chairman, has recently recommended that taxes on real estate be paid on a monthly basis instead of semi-annually or annually as is now the custom. It is argued that the burden of taxes would not be noticed so much if met each month. Taxes would then be in the same class with gas, electric, and telephone charges, and could be easily anticipated. The monthly payment of taxes, it is stated, would keep money constantly flowing into the treasury of the city or other local government and thus obviate temporary borrowing.

COAL RESERVES OF THE WORLD.

Five-sevenths of the estimated coal reserves of the world are in North America, followed by those of Asia, which comprises the largest anthracite areas, chiefly in China. About 53 per cent of these reserves consist of bituminous coal, 41 per cent of sub-bituminous, and 6 per cent of anthracite. More than half of the world's reserves of bituminous coal are in the United States. Through the scientific research of fuel engineers and chemists the uses of coal have increased rapidly and grades which were formerly considered of little value are now having wide usage.—*The Coal Industry of the World (Trade Promotion Series No. 105).*

DAMAGES ASSESSED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That in the matter of Helena C. Cappuccio, petitioner for damages occasioned her estate by the widening and relocation of Centre street, West Roxbury district, under the order of the Street Commissioners and Mayor of October 9, 1931, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of five thousand (5,000) dollars, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Laurie avenue, West Roxbury district, as a highway, from Billings street to Caledonian avenue, under the order of the Board and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Orange street, West Roxbury district, from Cornell street to Walworth street, under the order of the Board and awards no damages therefor.

Marie T. Reid, 48 square feet, nothing.

Voted, That in the matter of Giuseppe DiNapoli and Raffaella DiNapoli, petitioners for damages occasioned their estate, 140 Durnell avenue, West Roxbury district, under the order of the Street Commissioners and Mayor laying out said street, after consultation with the Law Department, and on its advice, the Board assesses the petitioners' damages in the sum of twenty-two hundred (2,200) dollars, and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Crockett avenue, Dorchester district, as a highway, from Milton street to Hill Top street, under the order of the Board and awards no damages therefor.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

THE POLICE OFFICER AND THE CITIZEN.

The importance of the police as conspicuous representatives of the municipal government, and the qualities desirable in such a relationship, were pointed out by City Manager Willard F. Day of Staunton, Va., in addressing the recent convention of the Virginia Police Executives' Association. He said in part:

"It is unquestionably true that the man on the street, the public, the visitor and the home citizen alike, form first and in many cases lasting impressions of the local government by contacts with the police."

FALSE ECONOMIC PROPOSALS.

Danger to both the immediate and the long-run efficiency of fire departments and to the security of the community itself lies in many if not most of the proposals of taxpayers' representatives attacking the budgetary provisions for municipal fire protection. The gravity of this menace was emphasized by Jay W. Stevens, California State Fire Marshal and Executive Secretary of the International Association of Fire Chiefs, in an address on "Maintaining Fire Department Efficiency," given before the recent convention of that organization.

UNITED STATES TO HAVE TENTH MUNICIPAL UNIVERSITY.

The tenth municipal university in the United States is being planned by Omaha, Neb., whose citizens have approved plans for the establishment of a four-year university, to be supported by a mill tax. The following are the nine municipal universities or colleges known to exist at the present time in the United States, in order of their establishment on the municipal basis: College of Charleston (South Carolina), 1837; University of Louisville (Kentucky), 1837; College of the City of New York, 1847; Hunter College of the City of New York, 1870; University of the City of Cincinnati (Ohio), 1871; University of Toledo (Ohio), 1884; University of Akron (Ohio), 1913; University of the City of Detroit (Michigan), 1923; Municipal University of Wichita (Kansas), 1926.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING WINDOW SHADES.

The Supply Department of the City of Boston invites proposals for furnishing to the New Pathological Building, Boston City Hospital, window shades, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, July 6, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 24.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for grading, paving, fences, etc., at the Christopher Columbus School, North Bennet street, city, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Thursday, June 29, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 6, 1933, said deposit for plans and specifications shall be forfeited. Mutilation of plans or the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(June 24.) Superintendent of Construction.

CITY AND COUNTY FUNDED DEBT, MAY 31, 1933.

Total Funded Debt, City and County		\$164,846,499 95
Funded debts outside the debt limit (debts exempted from the operation of the law limiting municipal indebtedness):

Less on loans outside debt limit	9,523 14	
	11,125 68	
Offsets to funded debt within the debt limit		6,197,808 84
Net indebtedness within the debt limit		\$44,624,191 16

* Includes \$111,999.95 issued by the Commonwealth under chapter 534 of the Acts of 1906.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING GROCERIES FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several high, intermediate and elementary schools, groceries as per schedule. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Groceries for the Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100 payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, July 5, 1933. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(June 24.)

CITY OF BOSTON. SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MISCELLANEOUS FURNITURE.

The Supply Department of the City of Boston invites proposals for furnishing miscellaneous furniture to the New Pathological Buildings, Boston City Hospital, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, July 7, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 24.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING KITCHENWARE.

The Supply Department of the City of Boston invites proposals for furnishing to the New Pathological Building, Boston City Hospital, as per specifications to be obtained at the office of the Supply Department, 801 City Hall Annex, kitchenware. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., on Wednesday, July 5, 1933, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

PHILIP A. CHAPMAN,
(June 24.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR WATER METERS.

(Meters to be bright.)

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service, 710 Albany street, with:

- 2,500 ½-inch meters.
- 500 ¾-inch meters.
- 50 1-inch meters.
- 50 1½-inch meters.
- 25 2-inch meters.
- 10 3-inch meters.
- 10 4-inch meters.

Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of thirty-five cents (\$0.35) for each proposal taken out. The bidder must leave his proposal and a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, July 6, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(June 24.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR TWO (2) CATCH-BASIN CLEANING MACHINES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for two (2) catch-basin cleaning machines. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Two (2) Catch-Basin Cleaning Machines," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, July 5, 1933, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(June 24.) Commissioner of Public Works.

CITY OF BOSTON.

POSTPONED PUBLIC AUCTION.

By order of the City Council and approved by his Honor the Mayor, I will sell at public auction on the premises, Tuesday, June 27, 1933, at 11 a. m., the parcel of land situated on the southwesterly side of Parker place, in that part of Boston called Roxbury, containing 7,468 square feet, more or less, at an upset price of \$400. Terms: Cash at the time of sale. Further information from the auctioneer.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR AIR REGULATOR OPERATING MECHANISMS FOR TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and delivering air regulator operating mechanisms for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of one thousand (1,000) dollars. Proposals must be filed out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Air Regulator Operating Mechanisms, Traffic Tunnel," and delivered to the Department, or to its secretary, before 12 o'clock noon on Thursday July 6, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of two hundred (200) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Wednesday, June 21, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(June 24.) Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NOTICE.

The Board of Street Commissioners in accordance with chapter 393 of the Acts of 1906 has passed orders for the laying out and construction of the following highways:

DORCHESTER.

Elmdale street, from Adams street to King street.
Groom street, from Humphreys street to Hillsboro street.
Robey street (formerly Baker park), southerly from East Cottage street.
Pasadena road, from Normandy street to Blue Hill avenue.

BRIGHTON.

Glenmont road (formerly Kenrick street), from Lake street to Foster street.

ROXBURY.

Pompeii street (formerly Lansdowne street), from Massachusetts avenue to Allerton street.

Notice is hereby given that the Public Works Department is about to do the work contemplated in said order, and that all work to be done in said highways, by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes, must be done before Saturday, July 22, 1933, as after that time no permits for opening will be granted until two years after said highways are completed.

JOSEPH A. ROURKE,
(June 24.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

SPECIAL NOTICE TO GENERAL CONTRACTORS.

Contractors are hereby notified that the opening of sealed proposals to erect and complete an addition and alterations to the Robert Gould Shaw School, Mt. Vernon street and Chapin avenue, West Roxbury district, Boston, Mass., is hereby deferred and the day for opening of bids is extended to 2 o'clock p. m. of Friday, June 30, 1933, and all of the terms and the conditions contained in the notice of June 17, 1933, shall apply to this notice.

WM. W. DRUMMEY,
(June 24.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RECUT GRANITE BLOCK PAVEMENT AND SHEET ASPHALT OR BITULITHIC PAVEMENT IN DORCHESTER AVENUE, WARDS 16 AND 17, FROM 270 FEET NORTH OF MERCIER AVENUE TO WASHINGTON STREET; WASHINGTON STREET, WARD 17, FROM DORCHESTER AVENUE TO BRIDGE OVER NEPONSET RIVER; ADAMS STREET, WARD 17, FROM WASHINGTON STREET 120 FEET EAST-ERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for recut granite block pavement and sheet asphalt or bitulithic pavement in Dorchester avenue, Wards 16 and 17, from 270 feet north of Mercier avenue to Washington street; Washington street, Ward 17, from Dorchester avenue to bridge over Neponset river; Adams street, Ward 17, from Washington street 120 feet easterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of five thousand (5,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Recut Granite Block Pavement and Sheet Asphalt or Bitulithic Pavement in Dorchester Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, July 6, 1933, with a certified check for twenty-five hundred (2,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations at the Girls' High School, West Newton street, Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors Wednesday, June 28, 1933. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Thursday, July 6, 1933, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 13, 1933, said deposit for plans and specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, JULY 1, 1933.

No. 26

BOSTON OPENS ARMS IN WELCOME TO INTERNATIONAL CONVENTION OF ROTARIANS — ACTING MAYOR McGRATH GREETES DELEGATES AND THEIR FRIENDS, CALLING ATTENTION TO IMPORTANCE OF DELIBERATIONS AND INFLUENCE THE RESULTS OF GATHERING WILL HAVE UPON WORLD AFFAIRS — PAYS SPECIAL TRIBUTE TO FOUNDER OF ORGANIZATION, PAUL HARRIS.

Upon June 26 Hon. Joseph McGrath, Acting Mayor of Boston, delivered the following address of welcome at the opening of the Rotary Convention:

MR. CHAIRMAN, LADIES AND GENTLEMEN,—From the enthusiasm with which you have captured Boston I am forced to say that as the Rotarians go, so goes the world. The Rotarians have come to Boston, and from today on through this entire week, the world is in Boston.

This fact moves me to assure you that Boston is deeply grateful for the honor conferred by your presence and the attendance of your friends. This international convention of Rotarians is easily the most significant in the history of the organization. Reflection makes definite the conclusion that your assembly here is the most important of any gathering in the world at the present time; second only to the World Conference now sitting in London.

When nearly ten thousand men, the flower of their several callings, leaders in the commercial, professional and business enterprises, which they represent, answer the rallying call, gather from all corners of the Globe to confer, compare notes, reflect on the mistakes of the past, and from those mistakes chart out a successful future for the world's affairs, then it must be admitted that no gathering exceeds this in importance.

The problems that confront you, that call for solution at your hands, are co-important with those that confront those other world delegates upon whose assembly in London the attention of the world is focussed. Just as world attention is centered on London and what is happening there, so, also, world attention is turned to your convention and your deliberations here in our old and historic city. What you do here will react to every corner of the Globe and help to control the destinies of future generations.

Deeply aware of these facts Boston has welcomed you to her hospitality; she has opened her arms and heart to you and has taken you in. She realizes from her own experience the distress of the peoples from whom you come; the sufferings the entire world has endured because of the depression that has engulfed us. Boston takes comfort in the fervent hopes of those who have been prompted to send you to us, confident that you would be warmly welcomed; confident that, through the warmth with which you are greeted and entertained, you would be inspired to plan and develop so unified a world program for commerce and industry that when you returned home and began to make effective your work done here the results would relieve the conditions under which all peoples have struggled and groaned during the past several years.

Boston is proud to know that this your twenty-fourth annual convention is being held here; that this is the first international convention of your organization ever held in New England. Boston is especially proud to entertain you since she is aware that she is entertaining 3,600 rotary clubs, representing from fifty to sixty nations, with more than 150,000 members. Boston is glad that this convention is the visible expression of the world fellowship of business and the professions. Our city takes special pleasure, also, in the thought that she is welcoming and entertaining the founder of Rotary, Paul Harris, the man whose heart conceived the idea and need for this fellowship club, the influence of which has linked the entire world in the handclasp of friendship.

The philosophy that impels the Rotarians is as high in its idealism as that established some 1900 years ago. "Service above self!"

What philosophy is there that more firmly grips the heartstrings of humanity? The advancement of understanding, the cultivation of goodwill. Any organization having for its underlying principle, "Peace and good will," cannot fail; cannot but succeed and endure. May fellowship, the ideal of your organization, continue to be the eternal and unquenchable torch upheld by the hand of love for humanity that men may be inspired to follow as long as civilization shall last.

In conclusion let me say, Boston bids you welcome. Boston hopes your stay in our midst will be so pleasant that memory of our meeting shall always bring a glow of warmth to your hearts, a regret that you could not have remained and a keen desire to come to us again. The sentiment with which I close is best expressed by my saying from my heart, "Success to your great Convention."

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

15,000 CITIZENS AND VISITORS VISIT ROSE GARDEN IN FENWAY AND ENJOY CONCERT AMID DELIGHTFUL SURROUNDINGS AT INVITATION OF ACTING MAYOR AND PARK DEPARTMENT.

Lovers of flowers and visitors to the city, to the number of more than fifteen thousand, accepted Acting Mayor McGrath's and the Boston Park Department's invitation to attend and enjoy the unusual entertainment in beholding the beauties of the Rose Gardens, both at Franklin Park and the Fenway at night, and at the same time enjoy a delightful concert. That this might be made possible the Chairman of the Park Commission, Mr. Long, arranged to have the Gardens illuminated Monday, June 26, from 8.30 to 11.30 p. m.

This offering was made more effective because the Gardens have been fitted with twenty-nine arches, or arbors, in and out of which the lights have been entwined, woven in with the climbing rose vines. Here and there also were suspended vari-colored globes or lights that blended into the other effects with a beauty that was admirable. There are twenty-eight lights placed in each arbor, and they provide a very striking effect at the present time, since the roses are 100 per cent in bloom.

The illumination continued for five evenings, or until Friday, June 30. As an especial compliment paid by Mayor Curley to the Rotary Convention, which is being held in Boston, and also to the American Rose Society, badges of both organizations are beautifully and effectively done in flowers in the Public Garden. One badge is near the White memorial and the other near the Ether monument.

The Music Festival program by the Fabien Sevitzyk Ensembles was as follows:

FANFARES.

Richard Wagner.
March from Opera "Tannhauser."
Orchestra and Vocal Ensemble.
Nicholas Rimsky-Korsakoff.

ACTING MAYOR McGRATH TENDERS CITY'S CONDOLENCES TO BOSTON PUBLISHER UPON DEATH OF WIFE.

The Acting Mayor has directed the following communication to Mr. Richard Grozier upon the death of Mrs. Grozier:

RICHARD GROZIER, 168 Brattle St., Cambridge.

DEAR MR. GROZIER,—May I unite with your thousands of friends who are sympathizing with you in the death of your good wife and the mother of your dear little children?

I am sure the entire community mourns with you, and yet perhaps even death coming under such circumstances has its compensations, for I am sure that while you will miss your helpmate, who has sustained you so lovingly during your married life, you will find in her a powerful advocate in the world beyond. God grant that her influence may still survive to buoy you up in this sad bereavement. All of us know she was of much service in making your life's work a tower of strength in our community.

Very sincerely yours,

JOSEPH McGRATH,
Acting Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, June 29:

DEPARTMENT OF SCHOOL BUILDINGS.

EXTRA WORK UNDER CONTRACT.

Appel & O'Toole Company have been directed to perform the following extra work under the contract for laying bitulithic and bituminous macadam pavements in Wilson park, from Commonwealth avenue southerly. Items ordered: Remove old artificial stone and edgestone in island at Commonwealth avenue; remove reinforced concrete around same and replace with artificial stone; reset sign post, and haul old edgestone to the Brighton paving yard. Price to be paid for the above work, the sum of \$100. Estimated cost of extra work, \$100.

ADDITIONS TO CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Permission has been given to issue an order of change, making an addition in the sum of \$11,035.54 to the contract of the Matthew Cummings Company for the erection and completion of the High School in the Christopher Gibson District, Washington street and Geneva avenue, Dorchester.

This amount is necessary in order to pay for backfilling, rock blasting and additional concrete and reinforcing steel for boiler room and coal pocket. All this work was done on unit prices as called for in the proposal, except the reinforcing steel which is according to price submitted to contractor.

Permission has been given to issue an order of change making an addition in the sum of \$7,175.42 to the contract of the John Bowen Company for the erection and completion of the Public Latin School addition, Avenue Louis Pasteur and Worthington street, Back Bay.

This amount is necessary in order to pay for installing drainage for lot between building and Worthington street.

DAMAGES ASSESSED.

The Acting Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That in the matter of William N. McKenna, petitioner for damages occasioned his estate by the widening and relocation of Centre street, under the order of the Street Commissioners and Mayor of April 23, 1931, and by the widening of said street (wall) under the order of July 11, 1931, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of seven hundred (700) dollars flat; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

ASSISTANT CEMENT TESTER AND PIPE TESTER, BOSTON PUBLIC WORKS DEPARTMENT, JULY 14, 1933.

This requires a practical knowledge of cement specifications (Bureau of Standards); a practical knowledge of pipe specifications; operation of pipe compression machine; practical knowledge of the method of making concrete cylinders for compression; storing and curing specimens, pipe absorption tests.

Entrance Requirements: Six months' experience in testing cement or six months' experience in any material testing laboratory will be required.

Subject and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

LIFE-GIVING PATRIOTISM IS LOCAL.

By civic patriotism is meant the feeling and the taking of a deep, unselfish, earnest, ever-wakeful, active interest in the affairs of one's own city or local community, regarding it as having an autonomy, a distinct personality, a name and interests of its own, and, if one pleases, endowed with a sense of personal honor and with all laudable ambitions for the promotion of the welfare of its people.

Where such civic virtues exist the local community will neither suffer from the dry-rot of public indifference and neglect nor become tainted with graft or corruption. Its life will be healthful, and, like the ocean, will be kept pure by its own ceaseless flow and movement. All life-giving patriotism is local.

Show a good municipal citizen and one will see a citizen who loves his state, and who loves his nation, and who will discharge all the duties of this triple relation. Good government in local affairs is the best assurance of good government in state and national affairs.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor, except as otherwise noted.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon June 23 the Acting Mayor approved a contract with the New England Building Company, for alterations at the Roxbury Memorial High School. Bids, opened June 22, were as follows:

LAND-TAKING IN DORCHESTER.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Shepard street, Dorchester district, as a highway, from Bowdoin street northwesterly, with the name of Shepton street or some other distinctive name, bounded and described as follows:

A highway named Eunice street is hereby laid out, northwesterly from Bowdoin street for a distance of approximately two hundred and thirty-three feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken is bounded and described as follows:

Southeasterly by Bowdoin street, twenty and 21-100 feet on a curve of seven hundred seventy-eight and 80-100 feet radius; southwesterly by the southwesterly line of said Eunice street as hereby laid out, two hundred thirty-five and 12-100 feet; northwesterly by the northwesterly line of said Eunice street as hereby laid out, twenty and 3-100 feet; and northeasterly by the northeasterly line of said Eunice street as hereby laid out, two hundred thirty-one and 4-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides (northeasterly and southwesterly sides) of said Eunice street as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Eunice Street, Dorchester, Assessment Plan, October 15, 1932, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 230.

The following letter is published for the information of the department:

COMMONWEALTH OF MASSACHUSETTS.
DEPARTMENT OF CIVIL SERVICE AND
REGISTRATION.
DIVISION OF CIVIL SERVICE.

BOSTON, June 19, 1933.

HON. EUGENE C. HULTMAN,
Police Commissioner.

DEAR SIR,—I wish to inform you that an examination has been ordered for promotion to captain in the Boston Police Department, the date for which will be definitely set later and you will be notified.

Very truly yours.

PAUL E. TIERNEY,
Commissioner of Civil Service.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 231.

It gives the commissioner great pleasure to publish for the information of the department the following letter:

MICHAEL J. O'CONNELL Post No. 76, INC.
AMERICAN LEGION.

129 SOUTH STREET, JAMAICA PLAIN,
June 19, 1933.

EUGENE C. HULTMAN,
Police Commissioner.

DEAR SIR,—The officers and members of the Michael J. O'Connell Post No. 76, American Legion, of Jamaica Plain, wish to extend to you and through you to the officers and men of Police Division 13 their sincerest expression of thanks and appreciation for the wonderful co-operation received from Captain Fallon and his men on Memorial Day, May 30, and especially on Sunday afternoon, June 4, at the dedication of the new Lieut. J. Edward Murray Circle at Centre street, in the Arborway section.

It was certainly edifying to watch the men performing their duties—amidst severe handicaps. There were nearly a thousand people gathered about this circle in the Arborway and traffic was very heavy.

Under the efficient supervision of Captain Fallon and the wonderful co-operation of his men our services on the two dates mentioned were conducted without one single hitch, nor was there any tie up in traffic.

We feel that if we did not bring this great example of efficiency and cooperation to your attention we would be doing an injustice to Captain Fallon and his men of Police Division 13.

Very truly yours,

WILLIAM T. CAREY,
Adjutant.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

AUTHORITY TO DO WORK.

The Acting Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam, Edison green, Dorchester, from Dorchester avenue to Pond street, with department forces, without advertising, the estimated cost for labor and material being \$2,000.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 12, 1933.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President McGRATH in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments for the term ending April 30, 1934, viz.:

Constables, without authority to serve civil process and to serve without bonds:

Stephen J. Siney, 37 Woodcliff street, Thomas R. Kelley, 372 Meridian street.

Severally laid over a week under the law.

APPROPRIATION FOR WEST ROXBURY PARKWAY.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1933.

To the City Council.

Gentlemen,—I am in receipt of the attached request from the chairman of the Park Commissioners for an additional appropriation of \$24,000 to complete the construction and development of the West Roxbury Parkway. Under the authority of chapter 420 of the Acts of 1930, the city was authorized to spend outside the debt limit for the construction of this parkway, \$130,000. It now develops that this amount is not sufficient to permit the completion of the project in a proper manner. With the additional amount it is proposed to construct walks, erect safety guard fences, install a boulevard system of lighting, plant trees and shrubbery, and relocate the old bridle path. These items are considered necessary in order that the boulevard when completed will conform to the standard and type of other boulevards in the Park System. I respectfully recommend adoption of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, June 9, 1933.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—Under authority of chapter 420, Acts of 1930, the City of Boston was authorized to issue bonds outside the debt incurring power to construct a parkway beginning at Centre street in West Roxbury district, between Walter and Weld streets, to the terminus of the Brook Farm road.

The amount authorized under the act was sufficient only to construct the boulevard, \$130,000. In order to complete this in a proper manner as a park boulevard, it will be necessary to provide—

5,600 square yards concrete walk, estimated.....	\$3,400
Relocation of bridle path, grading, removing of boulders, new bridle path.....	3,000
Drinking fountains.....	300
Boulevard lighting system.....	4,500
Tree planting and shrubbery, grassed areas, etc.,.....	3,000
4,800 feet safety guard fence, cable type..	4,800
	<u>\$24,000</u>

You are respectfully requested to submit a loan order to the City Council for the proper completion of this work.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$24,000 be, and the same hereby is, appropriated, to be expended under the direction of the Park Commissioners, for West Roxbury Parkway, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

Referred to the Committee on Finance.

RANDIDGE FUND EXCURSIONS.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1933.

To the City Council.

Gentlemen,—The Park Commission requests funds for the conveying of children during the summer months to Castle Island in connection with Randidge Fund excursions. The amount necessary for this work will be the sum of \$5,000 and I respectfully recommend the adoption of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$5,000 be, and the same hereby is, appropriated, to be expended by the Board of Park Commissioners, for recreation purposes, by the transporting of children from the

various parts of the city to certain recreational centers within and without the limits of the city, and for other incidental expenses in connection therewith, said sum to be charged to the Reserve Fund when made.

Referred to Executive Committee.

ICE FOR PUBLIC DRINKING FOUNTAINS.

The following was received:

City of Boston,

Office of the Mayor, May 31, 1933.

To the City Council:

Gentlemen,—It is the custom each year to provide money for the purchase of ice for the public drinking fountains from the Reserve Fund. The accompanying order provides for the necessary authorization, and I respectfully recommend its approval by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the Commissioner of Public Works be authorized to expend a sum not exceeding \$7,500 for the purpose of furnishing ice for the public drinking fountains during the summer season, said sum to be charged to the Reserve Fund, when made.

Referred to Executive Committee.

PLAYGROUND, NORTH END DISTRICT.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1933.

To the City Council.

Gentlemen,—I am in receipt of a communication from and on behalf of the owners of property at 3-11 Vernon place, 2-10 Vernon place and 23 Charter street, offering the same to the City of Boston for the sum of \$5,000. The property consists of 9,916 square feet of land and three unoccupied buildings and is assessed, land and buildings, for \$20,000.

The City Planning Board has repeatedly urged the clearing up of this block as one of the most seriously congested areas in the North End. A report upon the present situation is attached herewith.

The Park Department estimates that an additional \$5,000 should be spent for grading, permanent surfacing and the installation of seats and drinking fountains and whatever minimum facilities might be necessary to make the property available for immediate use.

There appears to be an exceptional opportunity at this time, through the generosity and public spirit of the owners of the property involved, to provide another breathing space in one of the most congested sections of the city at a time when it is particularly needed and I therefore recommend the passage of the accompanying order for \$10,000.

Respectfully, yours,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$10,000 be, and the same is hereby, transferred from Duplicates and Overpayments to an appropriation, to be expended under the direction of the Park Commissioners, for Playground, Vicinity of Charter Street and Greenough Lane, North End District.

Referred to the Committee on Public Lands.

BEQUEST FROM SAMUEL GROSS DAVIS.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1933.

To the City Council.

Gentlemen,—I beg to submit herewith order providing for the acceptance of a bequest to the City of Boston according to the terms as set forth in the will of the late Samuel Gross Davis and respectfully recommend the adoption of the same by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, Samuel Gross Davis of Boston, in the County of Suffolk, and Commonwealth of Massachusetts, died leaving a will which was allowed by the Probate Court of the County of Suffolk, December 22, 1932; and

Whereas, By said will the said Samuel Gross Davis after making several bequests and devises by the residuary clause of his said will made a certain bequest to the City of Boston set forth in said residuary clause in the following words, namely:

"One fifth to the City of Boston, Mass., the income thereof only to be used by the Boston School Committee or their successors in giving cash prizes, in the Roxbury District only, of five and multiples of five dollars each to two girls and two boys, or to four scholars if a school is for one sex, in each class of every high school and grammar school, for kind and good manners without consideration of clothing worn. A medal may also be given to the leading one of the prize scholars of each class, (My ancestor William Davies or Davis was one of the first settlers of Roxbury)."

Now, therefore, it is hereby ordered that the abovenamed bequest to the City of Boston be, and the same hereby is, accepted by the said City of Boston according to the terms set forth in said will.

Referred to Executive Committee.

MUNICIPAL EMPLOYMENT BUREAU APPROPRIATION.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1933.

To the City Council.

Gentlemen,—In the opinion of the director of the Municipal Employment Bureau, an appropriation of \$14,000 is required at this time to continue the activities of the Bureau. I submit herewith an appropriation order in the desired amount and respectfully recommend its consideration by your honorable body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of \$14,000 be, and hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direction of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund, when made.

Referred to the Executive Committee.

REPORT OF BOSTON TRAFFIC COMMISSION.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1933.

To the City Council.

Gentlemen,—I beg to submit herewith to your honorable body the report of the chairman of the Boston Traffic Commission, Joseph A. Conry, which is in answer to order adopted by your body June 5, 1933.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, June 12, 1933.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—With respect to the order of the City Council dated June 5, 1933, which reads:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic control signals at Columbus avenue and West Newton street, and at Columbus avenue and Dartmouth street, Ward 4—our financial clerk shows a balance of \$5,811.36 remaining after the installation of Unit II (Massachusetts avenue system).

It was the original intention that this unit would be extended along Columbus avenue in a manner similar to the extensions that were made on Tremont street.

Contemplating such an extension, the balance of \$5,811.36 is sufficient to install one of the independent units mentioned above and it may be possible that the amount will be sufficient to install both.

There have been fifty-three personal injury accidents at the intersection of Columbus avenue and West Newton street from January 1, 1928, up to date.

There have been thirty-three personal injury accidents at the intersection of Columbus avenue and Dartmouth street, with one fatality, in the same period of time.

Dartmouth street and West Newton street both carry heavy cross-town traffic, and since the new surface was placed on Columbus avenue the volume of traffic on that avenue has increased enormously.

Unless objections are interposed as to the use of the balance above referred to, arrangements will be entered into without delay to begin the work of installing the signals on the West Newton street intersection. Upon receipt of final estimates from the Edison Company if enough money is available the system will be extended to Dartmouth street.

Very truly yours,

JOSEPH A. CONRY, Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Adamo Drug Company, for compensation for damage to property at School and Tremont streets, caused by stone thrown from street.

Arthur A. Bishop, for compensation for damage to clothing caused by fight with burglar.

Braves Field Motor Car Company, for refund on used car license.

Anna Brown, for compensation for damage to property by city truck.

Frank G. Bylin, for compensation for damage to car by city cart.

Mrs. Josephine Cardinale, for compensation for damage to clothing on South Ferry.

Antoinette E. Collins, for refund on range oil permit.

John J. Donovan, to be reimbursed for execution brought against him.

Jennie M. Forge, for compensation for injuries caused by falling tree.

Max Genome, for compensation for damage to car by city team.

H. K. Hammarlund, for compensation for damage to car caused by an alleged defect at 137 Englewood avenue, Brighton.

M. A. Healey & Co., for refund on alcoholic license.

Mary E. Kenney, for compensation for injuries caused by an alleged defect in Powellton road.

Marie J. Lewis, for compensation for garbage can taken from property.

Donald MacNeil, for compensation for damage to clothing caused by an alleged defect in Sprague Street Bridge.

Annie Normile, for compensation for damage to property at 160 Centre street, caused by leak in water pipe.

Vincenzo Scherzi, for refund on pedler's license.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Florence I. Hamilton, Adams American Legion Hall, June 18.

APPOINTMENTS TO BOARD OF ZONING ADJUSTMENT.

Notice was received from the Mayor of appointments of the following to the Board of Zoning Adjustment for term ending April 30, 1938:

Clifford N. Cann, 265 Savin Hill avenue.

John H. Gilbody, 60 State street.

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds of Stephen J. Dunleavy, Abraham H. Hecht, John A. Mitchell, Richard W. Whipple, having been duly approved by the City Treasurer, were received and approved.

SIDEWALK ASSESSMENTS.

Communications were received from the Commissioner of Public Works with orders assessing one half cost of constructing artificial stone sidewalks on owners of record of estates bordering thereon, viz.:

	Half Cost.
Highland street, Ward 11.....	\$185 36
Western avenue, Ward 22.....	7,506 67
Walnut avenue, Ward 12.....	529 98
Whiting street, Ward 12.....	48 54
Hulbert street, Ward 9.....	89 12
Fairland street, Wards 8 and 12.....	759 26

The orders were severally passed under suspension of the rule.

LOAN ORDERS FOR CITY HOSPITAL IN EFFECT.

The following were received:

City of Boston,

City Clerk Department, June 10, 1933.

To the City Council.

Gentlemen,—You are hereby notified that under the provisions of section 2 of chapter 486 of the Acts of 1909, the loan order of \$120,000 for City Hospital, Kitchen Building, etc., recommended by the Mayor and filed with the City Clerk April 10, 1933, not having been rejected or withdrawn within sixty days after said date, was in force on June 10, 1933, as if adopted by the City Council.

Respectfully,

W. J. DOYLE,
City Clerk.

City of Boston,

City Clerk Department, June 10, 1933.

To the City Council.

Gentlemen,—You are hereby notified that under the provisions of section 2 of chapter 486 of the Acts of 1909, the loan order of \$40,000 for City Hospital, Old Laundry Building, etc., recommended by the Mayor and filed with the City Clerk April 10, 1933, not having been rejected or withdrawn within sixty days after said date, was in force on June 10, 1933, as if adopted by the City Council.

Respectfully,

W. J. DOYLE,
City Clerk.

Severally placed on file.

REPORT OF FINANCE COMMISSION ON HERALD-TRAVELER PROPERTY.

The following was received:

City of Boston,

Finance Commission, June 6, 1933.

To the Honorable the Mayor and City Council.

Gentlemen,—As the result of facts which hap-

pened to come to my attention, indicating that the Boston Herald-Traveler Corporation was not paying its just share of taxes, due in part to palpable favoritism by the Assessing Department of Boston, I called the matter to the attention of the Finance Commission with a request for an investigation. It was decided by the other members of the commission, with my consent, that they would investigate and that I should take no part in either the investigation or the report to be subsequently made.

The commission made the investigation and filed a report which, in my opinion, is incomplete, because it does not make any recommendation to remedy what is apparently an extraordinary evasion of taxes. The evidence brought out the fact that, although \$1,172,000 was paid for the site of the new Herald Building and \$1,880,686 was spent for the new building, making a total of \$3,052,686, within a year or two the land and building is only assessed for \$1,200,000.

This under-valuation is further accentuated by testimony from the president of the Boston Five Cents Savings Bank that his bank carries a mortgage of \$2,000,000 on this real estate. In view of the fact that the law does not permit savings banks to lend more than sixty per cent of the value of a piece of property, the bank officials must have estimated the real value of the property at \$3,333,000 at least, and the president of the bank so testified.

It further appeared in evidence that the machinery owned by the Herald-Traveler Corporation was only assessed for \$315,000 in 1932, notwithstanding the fact that the representative of the corporation admitted that in 1931 new machinery was purchased and installed at a cost of \$1,043,000. In 1930 the old machinery was assessed for \$346,000 and in 1932 the old machinery plus the new machinery costing \$1,043,000 was assessed for \$315,000 only.

The only recommendation made by the Finance Commission was that the report be turned over to the Assessing Department.

I am sending to you this supplementary report with a request that you direct the Assessing Department to make an honest valuation of the property owned by this corporation. In these days when so much is being said about tax dodging, and when tens of thousands of home owners who have scraped and saved over a period of years to buy a home are now faced with the loss of their savings, it would seem to me that the Assessing Department of the City of Boston should be severely condemned for allowing the Herald-Traveler Corporation to get away without paying its just share of the cost of the government of the City of Boston.

Respectfully submitted,

FRANK A. GOODWIN,
Chairman.

Placed on file.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. ROBERTS, for the Committee on Appropriations, submitted the following:

REPORT OF COMMITTEE ON APPROPRIATIONS, SUBMITTING THE APPROPRIATION BILL FOR THE CITY AND COUNTY FOR 1933.

In City Council, June 12, 1933.

The Committee on Appropriations, to which was referred May 1 the appropriations and tax orders for the County of Suffolk, and on May 22 the appropriations and tax orders for the City of Boston, having considered the subject, respectfully recommends the passage of the accompanying orders.

For the Committee,

GEORGE E. ROBERTS,
Chairman.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1933.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1933, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, and to meet the obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking fund, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriations for Water Service, current expenses, and the payment to the State under the provisions of chapter 483 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for *City Record* be met by the income of said publication and any excess over income from taxes; that the other appropriations hereinafter specified be raised by taxation to the amount of \$39,284,535.21 upon the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and county and all taxes assessed for meeting the city's proportion of the state tax for the year 1933, be due and payable on the fifteenth day of September, 1933; that interest shall be charged on all taxes remaining unpaid after the second day of October, 1933, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended by chapter 151 of the Acts of 1933, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the fifteenth day of September, 1933, until paid; and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations of transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

The report was accepted and the question came on the passage of the orders.

Coun. ROBERTS—Mr. President, the majority of the members of the Committee on Appropriations have voted for the passage of the municipal budget for the year 1933 as submitted by his Honor the Mayor. In signing the majority report, however, leave has been reserved by the chairman and by Councilor Curtis to oppose passage of the budget on the floor of the Council. In the case of those members of the committee who are in the minority, the Chair is given to understand that they will submit individual schedules objecting to individual items in the budget, and, in the case of the chairman and Councilor Curtis, leave to oppose the passage of the budget was reserved in order that we might avail ourselves of the longest possible time to make up our minds in consideration of the numerous items presented in the budget for our consideration. With reference to the Boston Traffic Commission, the committee feels that there is no place where we can officially reduce the items contained in this budget without affecting the personnel, which amounts to \$101,000.

We feel that the department could be conducted at much less expense to the city, and earnestly recommend that consideration be given by the proper authorities to the matter of reducing this item for the next calendar year, in view of the lessened activity of the department and the immediate need for economy. It appears to the committee, in considering the item for personal service in the Building Department that, in view of the lessened activity in the building industry in the city, consideration should be given by the administration to effecting the transfer of some of these employees to the Welfare Department or some other department where their services would be of greater value to the city. The committee feels that a study should be given by the Rules Committee of the City Council to the problem presented by the extensive amount of printing necessitated by the City Council Proceedings, in that the record be abridged and some money saved on this item. The committee desires to call attention to the gradual increase in expenditures in the Health Department brought about by the maintenance of the seven Health Units, amounting to approximately \$140,000. With respect to the item for temporary employees, Hospital Department, the committee feels that the trustees and superintendent should make an effort to reduce this item during the year, if conditions at the institution warrant same. The committee is not unmindful of the excellent supervision which the trustees have exercised over the staff, but feel that, as retrenchments have been made in this item in other departments, consideration should be given to reducing this item this year. The committee also feels that the employment of all help should be left in the hands of the trustees exclusively. The committee feels that consideration should be given to having care and upkeep of roads in the parks under the jurisdiction of other departments doing that work. The committee recommends, with regard to the items in the budget of the Sanitary Service of the Public Works Department, that under Item B the administration should make an effort to see if certain of the work now done by contract could not be done by city employees or welfare recipients. The Committee on Appropriations recommends to those charged with the administration of the Courthouse and Jail that the same steps be taken as have been taken in other departments of the City of Boston with a view to not replacing persons who leave the service on account of resignation, retirement or death. The committee this year has held long and extended hearings on every phase of the current budget, and the Chair desired to take this opportunity to thank every member of the committee and the Council as a whole for the interest which they have manifested in the important matter which we have had for consideration. In spite of what has been said and what may be said on the floor of the Council today, the chairman of this committee is convinced that it is the purpose of every individual member of the Council to effect any sound and sensible economy which will not interfere with the proper running of the city government. The committee have extended, from time to time, invitations to those organizations in our city which have manifested an interest in our budget and it is with deep regret that the committee reports that but two of those organizations saw fit to have any representatives attend. It was a matter of sincere regret to the committee that on that occasion but one representative appeared before the committee, and she made no constructive suggestions of any kind and admitted before the committee that she had very little, if any, knowledge of our budget. Two of the other organizations kindly furnished the committee with copies of recommendations which they had made to the Committee on Municipal Finance, Massachusetts House of Representatives, and the Chair specifically refers to the recommendations of the Finance Commission and the Municipal Research Bureau. However, consideration of these two reports was given by your committee and these suggestions were considered in the light of the fact that the budget had been substantially changed since their recommendations had been made to the Committee on Municipal Finance. With no intention

of being critical in any sense of the word, it is not unnatural that this year we should have several organizations interested in the problem of expenditures of the city which did not exist several years ago, and that other organizations, while existing, either made no recommendations in years gone by but have, in fact, been the active advocates of improvements involving the expenditure of money by the city in prosperous times. The Municipal Research Bureau did not come into existence until comparatively recently. The Finance Commission has for the first time in recent years shown an interest in the budget appropriation. The Chamber of Commerce, Boston Real Estate Exchange and Massachusetts Real Estate Exchange have in the past been the sponsors of new developments and improvements in general within the city, to the end that real estate might be of greater value, that business might be attracted to the city, and other laudable purposes. They now appear in times of depression in an entirely different role. The public-spirited people connected with these organizations are not to be criticized but rather commended for their interest, and those who go to make up the membership of these several bodies should be thanked by the taxpayers of the City of Boston for the truly constructive suggestions which they have made, and my only regret is that I do feel that it is not within the power of this body to put their suggestions into immediate effect. This is, fundamentally, an executive problem and not one coming within the functioning of this body, whose limited powers are essentially negative. I have personally given thorough consideration to the recommendations made by the Finance Commission, and the Municipal Research Bureau. Taking the recommendations of the Finance Commission first, they recommended the abolition of the Art Department, the Market Department and the City Planning Board. It is further recommended in this report that substantial changes in the matter of operation of the Assessing Department, Building Department, Traffic Commission, City Council, Election Department, Fire Department, Health Department, Hospital Department, Institutions Department, Library Department, Police Department (over which this Council has no control whatever), Public Buildings Department, Mayor's Office, Public Celebrations Department, Park Department, Public Works Department be made, and, in order to effect the economies suggested, it would be necessary to eliminate hundreds of positions and throw many people who have been for years of service to the city out of employment. To this proposition I am unwilling to accede without first making a diligent attempt to see whether these men and women could be placed in other positions within the city service where their services would be more worthwhile to the citizens of Boston. In this wave of economy let us not forget our obligations to the trusted city employee, who has given years of his service to the citizens of the City of Boston and who has stayed on the job through times of prosperity when, with higher wages, he might have sought a position elsewhere. And let us not forget the cheerful spirit of cooperation shown by these employees in their voluntary contributions to the Welfare Department and their willingness to carry on when practically all considerations of promotion, step-rate increases, and so forth, had been taken from them. So much for the Finance Commission's report. With regard to the report of the Municipal Research Bureau, I would say that, in my opinion, a considerably longer time has been spent on drawing up the recommendations of the Municipal Research Bureau as contracted with those of the Finance Commission, some of the recommendations of the latter having apparently been very hurriedly drawn and without the study that has been given to the subject by the Municipal Research Bureau, as shown in its report. That some of the suggestions in the brief of the Municipal Research Bureau have merit is a matter of common knowledge. It is suggested that the Institutions Department, the Market Department, the Registry Department, the City Messenger's Department and the Municipal Employment Bureau—which latter department is not under control of this committee—be abolished and the Institutions Department be merged with the Public Welfare Department and the Hospital Department; also that the activities of the Public Celebrations Department be substantially curtailed. With regard to these suggestions I have come to the conclusion that, while they have merit, they present a distinct problem of administration which cannot possibly be dealt with by a legislative body. Whereas this committee has authority to cut items from the budget, it has no authority whatsoever to transfer or give an appropriation from one department to another so as to increase the appropriation of the department which is to undertake the work formerly done by the first department. I have accordingly come to the conclusion that it is for the best interest of the taxpayers of Boston that the Council should recommend to the Mayor that consideration be given to the reorganization of the departments mentioned. In most of the departments mentioned, the actual saving by the abolition of the department in question to the taxpayers of the City of Boston would be a relatively small amount. In the case of the Institutions Department, this might amount to a larger saving on the part of the city. With particular regard to the Institutions Department, I should like to call this to

the attention of the Council that in spite of the fact that the population of the Long Island Hospital has increased but slightly in the past three years the amount of permanent and temporary help has increased to the extent that I am led to the conclusion that this department should be thoroughly reorganized and put in the hands of either a board of trustees or be under the authority of the Board of Trustees of the City Hospital. In 1929 there was a total average number of 300 employees at the Long Island Hospital. In 1930 this number increased to 322, in 1931 to 370 and in 1932 to 450; and when we consider that in 1929 there was a population of 1,031, in 1930, 1,167, in 1931, 1,229, and in 1932, 1,211, it is not difficult to understand that something should be done to stem the tide of a constantly rising personnel. However, to drastically reduce the personnel service item of the Institutions Department, without any thought or power of reorganization of the department, would be a dangerous thing to do, particularly when we consider that a substantial part of the money in this item has been already spent, and if this item is reduced further by the Council those unfortunates who were under the care of this department would be the victims. With regard to the Hospital Department itself, I personally believe, Mr. President, that there are numerous changes which might be profitably put into effect and effect a substantial saving to the citizens of Boston. But here again it is a problem for the executive department of the city government and not of the Council itself. The Hospital Trustees themselves, while appearing before the Committee on Appropriations, acknowledged the fact that politics play too large a part in the selection and appointment of the employees of this department and expressed the opinion that a substantial saving might be effected were they allowed to make the choice without influence of any kind. And here, again, I make a suggestion to the Mayor that means be undertaken to correct this situation of which the Hospital Trustees complain. The committee or the Council cannot undertake to bring this result about by reducing the personnel item, for we have no authority to control the expenditure of the money once appropriated and such a step would only tend to demoralize the hospital staff and work a hardship on the innocent patients. In the case of the Park Department and the Public Works Department, I call attention to the fact that maintenance items have already been cut to the bone and have been substantially reduced over the expenditures of previous years. They have, in my opinion, been cut to the point where a serious question may well be entertained by the department heads as to whether their departments may be properly able to function, maintain their equipment and personnel and preserve the property of the citizens of Boston. If we are going to maintain our present personnel, it is absolutely necessary that we provide them with the tools and equipment necessary to do their work; otherwise the citizens and taxpayers of the city will receive nothing in return for the services of those employed and the property of the city will be decreased in value, necessitating in the near future large expenditures for which, in my opinion, the taxpayers of the city will pay dearly. It may be interesting to note in the budget that appropriations for equipment have been reduced since 1930, when they totaled \$1,459,511.04, to \$697,430.10—a reduction of over \$750,000, or approximately 50 per cent in three years. With regard to appropriations for materials used by department mechanics in the repair and maintenance of departmental property, they have fallen from \$632,265 in 1930 to \$378,845 in the current year. This represents a reduction of over \$250,000, or approximately 40 per cent. In my opinion, if we should reduce any of these items further the property of the City of Boston might be seriously in danger. The question as to whether the Park Department and the several divisions of the Public Works Department and the Street Laying-Out Department and the Library Department are overmanned, is again a problem for the executive and not the legislative division of our city government. No matter how intimate our individual knowledge of conditions existing in these departments, it is almost impossible for the Council to say wherein these reductions in personnel should be made. In the case of the Building Department, Street Laying-Out Department and certain divisions of the Public Works Department, wherein the work has been substantially reduced, I believe the Council can be of greater service to the citizens and taxpayers of Boston by calling attention to the fact that thorough consideration should be given by the Mayor to effect economies by transfer of personnel to other departments wherever this is possible. Most of the other recommendations which were made to us by these bodies are matters entirely within the control of the executive department,—such as the matter of contracts, the Municipal Employment Bureau, conduct of the city purchasing department, printing of documents deemed to be essential, payments of rents and the hire of miscellaneous services. All of these are hardly within the control of the Council, although, in some instances, they can be dealt with by this Council when they come before it during the year. In conclusion, I personally feel that I must vote for this appropriation in order that our city government may properly function, am convinced, in view of the experience of the

committee last year, when a minority report and recommendations were made by Councilor Curtis and myself and when practically every recommendation we made in the minority report was eventually put into effect by the Mayor, that this year the recommendations of the committee and of the Council will be given fair consideration by the Mayor. I refer to the savings effected in City Hospital and other items, as can be found by referring to the record of last year. I think, in view of the experience we then had with reference to the recommendations we made, that the Mayor of the city will give full considerations to any recommendations we make this year. Because I feel that it is necessary to pass this budget at the present time in order to furnish the machinery necessary to run the City of Boston, I propose to vote for this budget.

Coun. CURTIS—Mr. President, I wish to offer the following amendments:

Ordered, That the following schedule of reductions be made in the budget items:

Building Department, A-1, reduce.....	\$10,000
Health Department, A-1, reduce.....	10,000
Long Island Hospital, A-1, reduce.....	20,000
Long Island Hospital, A-2, reduce.....	10,000
Long Island Hospital, D, reduce.....	20,000
Public Celebrations, reduce.....	10,000
Park Department, A-1, reduce.....	40,000
Park Department, D, reduce.....	10,000
Reconstruction Parkways, reduce.....	15,000
Public Works Department:	
Bridge, A-1, reduce.....	20,000
Ferry, A-1, reduce.....	20,000
Paving, A-1, reduce.....	30,000
Sanitary, A-1, reduce.....	30,000
Sewer, A-1, reduce.....	10,000
	<u>\$255,000</u>

Mr. President, the chairman of the committee has called our attention to certain matters that seem to require amendment in this budget, but he recommends passing the order as submitted. It seems to me if we find things that we consider wrong in certain items, the budget should be changed in those items. In regard to the Long Island Hospital, for example, the figures show that, although the hospital population has increased but 15 per cent or so in the last three years, the personnel, the number employed down there, has increased over 50 per cent. In the examination of that department we found it difficult to receive data as to the number of temporary employees and what they were doing, at the Long Island Hospital. So I have moved that that budget be cut \$50,000. It is now, as submitted by the Mayor, \$689,983. I believe that that institution can be run for \$50,000 less than that with a little care, and without their really feeling it. I have suggested taking that out of the three largest items. With regard to the Building Department, there is a department whose function is to have supervision over and look out for new construction, and everybody knows that new building construction around the City of Boston has practically reached the vanishing point. The total allowed in the budget for that department is \$220,000, of which the personal items are \$213,000 out of the \$220,000. So it is obvious that no real saving can be made there without cutting into the personal item. So I am merely suggesting taking \$10,000 out of \$213,000. That shows what small amounts are suggested in my amendment, and yet these small amounts in the aggregate total a quarter of a million dollars. Public Celebrations has already been reduced from \$50,000 to \$30,000, but it is my opinion that in these days it can and should be reduced \$10,000 more. When it is a question of saving our citizens from starvation, we cannot go into this matter of public celebrations as we otherwise might. I also suggest a few decreases in the Park Department. Their budget is very large, over a million dollars, and the decreases I have suggested is only \$50,000. It does seem to me that in these days it might be possible to limit the number of new shrubs and plants purchased. In days like these we should make such cuts and save money for the citizens of Boston. There is also the Public Works Department, which is the large employment department of the city, whose personal service items in the budget run up to a million dollars. I am suggesting a cut here in the A-1 items of \$110,000. I realize that it is a disagreeable thing to suggest any cuts in the personal items of the budget. I would not wish to displace any city employee who has been on the list in important service of the city for a considerable time. But we have seen these departments constantly increasing in size, and they cannot always continue to grow in one way. These proposed reductions are very small, and can probably be largely met by not filling vacancies, in accordance with the announced policy of the Mayor. But, with all due regard to the city employees, we must also be fair to people who have been losing their houses all over this city, and by making these reductions we can be of assistance to them through reducing their taxes. I think these small reductions can be made without hurting the working force of the city, and that it might also be possible to initiate ideas that have been worked out in other cities, along the line of transferring employees from one department to other departments; and if legislation is necessary to effect this result in some instances, it can be asked for. So, Mr. President, I offer these suggestions. I believe that the budget has been very thoroughly gone

into this year, and if this body does not see fit to adopt the suggestions I have offered, I don't see that any useful purpose is to be served by holding up the passage of the budget order. I believe the suggestions are good ones and that they should be adopted. If not, I shall vote to pass the budget as submitted.

Coun. MURRAY—Mr. President, for Councilor Ruby and myself I wish to offer the following amendment. We move to amend the county budget by laying on the table the following items: Superior Civil Court, Civil Session, Clerk's Office, B-1, Printing and Binding, \$9,000; D-1, Office, \$11,000; Superior Court, Criminal Session, B-1, Printing and Binding, \$600; D-1, Office, \$8,500; Probate Court, B-1, Printing and Binding, \$450; D-1, Office, \$8,000; Registry of Deeds, B-1, Printing and Binding, \$1,200; D-1, Office, \$4,200. I might say, Mr. President, that in submitting this amendment we are not asking for a cut. We are simply asking these county departments to have their printing and binding done by the plant that comes within the jurisdiction of the City of Boston. We have a department there that is well qualified to do any printing and binding that needs to be done at the Courthouse. As a matter of fact, the Printing Department has in the past done much of this same work, and has done it satisfactorily. But these departments are not sending their work to the City Printing Department, with the result that the men in that department in the fall are apt to be laid off for six or seven weeks. They have already taken serious cuts, and a lengthy lay-off is awaiting them in the near future. Our Printing Department can do this work, and when it has undertaken to do it, it has not failed, but has furnished work of the highest standard of efficiency promptly. For that reason I offer this amendment.

Coun. RUBY—Mr. President, in joining with the councilor from Ward 19 (Coun. Murray) in this amendment, I do not wish to have any members of the body feel that I have any quarrel whatever with the particular officials connected with the county offices, nor do we at all question the amount of the items involved. But in the annual address of the Mayor this year there was a recommendation that all moneys appropriated by the City of Boston for printing be spent in our City Printing Department. There is no question in my mind, Mr. President, but what we have today the most up-to-date, the best equipped and most competent printers who can be found in any part of Boston, men capable of doing any kind of printing work that may be ordered. There is, therefore, absolutely no reason why these different officials should not spend for their printing the money appropriated by the city, having the work done in the best equipped printing plant that can be found in any part of the city. There is no reason why the men employed by the City of Boston in the Printing Department should bear any greater burdens, even in this depression, than are borne by other employees of the city, and I think I can say without fear of contradiction that, with the possible exception of the Police Force, no other group of employees of our city have suffered so much because of decreases and lay-offs as have the employees of the City of Boston Printing Department. With an original salary of \$42.25 per week, they were the only department, if you please, placed on a thirty-hour a week basis, with a salary cut to \$26 or \$27 and, in spite of that, they are further told by the Superintendent of Printing that unless business increases every one of those 125 employees, 90 per cent of whom are married and with families, will be compelled to take an enforced vacation of anywhere from three to ten weeks this year. You don't hear of anything of that sort connected with any other department of the City of Boston, and as a member of this body I cannot see why these men, who do a decent and honest day's work for what they receive, should be brought face to face with this unfortunate situation. This matter was presented to the Mayor today and I felt in sympathy with this suggestion of Councilor Murray and myself. He had already made every possible effort to help remedy the situation through a bill in the Legislature, introduced on his own recommendation. The appropriation of this amount of money is, of course, necessary, and I would be the last one as a member of the bar to get in wrong with these competent officials. But, Mr. President, it is of vital importance to the salvation of the 125 members who work in this department and their families, who have already suffered a greater deprivation than the ordinary city employee, that something should be done along the line proposed in this amendment. If we do not force—and I use the word advisedly—the Clerks of the Superior Criminal and the Superior Civil Courts, the Register of Probate and the Register of Deeds, to have their printing done by the City Printing Plant, these skilled mechanics will be getting less pay than the ordinary man who works on the street or who works in one of our Public Works Department yards. It is not fair, Mr. President. We do not ask that these items be eliminated entirely, because they are necessary, and if these departments are to properly function they must have them. We are not quarreling with the men in charge of these departments spending this money, so far as they are personally concerned. They are all good fellows. But we cannot understand why the \$46,000 or \$47,000 covered in this amendment should not be spent in our City Printing Department. Therefore, we simply ask that these items be laid on the table until these

gentlemen will, by letter or otherwise, inform us through you, Mr. President, that they are willing to do their printing in the Printing Department of City of Boston. At that time, I am sure, the councilor from Ward 19 (Coun. Murray), as well as myself, will be glad to take the matter from the table and ask this honorable body to act favorably upon these items. But in the meantime we ask every member of the body, in fairness to those 125 or more employees of the Printing Department, to lay these items on the table. If within the coming week these gentlemen agree to have the work done where it properly belongs, so that it may help the men in that department to secure a fair deal, we will favor the passage of the item. But I now want to ask every member of the body if they think it is fair for us to pass these items when men in your district and in my district, with wives and families, are coming to us and telling us that they will get a six or seven weeks' enforced vacation without pay unless we force these officials of Suffolk County to have their printing done where it belongs. I sincerely trust that the members of the body—with due deference to the chairman and to the Committee on Appropriations—will lay these items on the table until such time as those men tell us, either through the Mayor of Boston or through some official connected with the body, that they will be glad and willing to have their printing done in the place where it should properly be done, the Printing Department of this city.

Coun. KELLY—Mr. President, I have an amendment that I would like to offer, with the consent of the Chair. Its adoption will mean cutting \$2,552,886.50 off the budget, without laying off even one city employee. The amendment consists in cutting the following items,—B-10, Rent, \$83,000. This will mean cutting the rent paid to outside firms. I believe we have plenty of room in City Hall, or could make room, to house every city department. We have plenty of municipal buildings, plenty of city-owned land. So I believe this \$83,000 for rents paid outside of City Hall might well be saved. Then, B-14, for outside auto repairs, \$169,236, can well be eliminated, having our auto repairing done at the city garage on Albany street. We have there everything to do with. Then we can cut from B-15, Wagon Repairs, \$10,575, in the same way, and from B-16, Care of Animals, \$11,425. Personally, I believe it is more important to give poor children food and care than to spend money on care of animals. Then, B-18, Cleaning, \$68,631. I understand that most of that item is for laundry, and I believe a proper arrangement can be made with the laundry at the City Hospital to take care of that item, which now goes to outside laundry concerns. Then, B-19, Removal of Waste, \$343,820. That takes in the outside pet contractors, such as Coleman Brothers, in Dorchester, and others throughout the city. I don't know so much about the others as I do about Coleman Brothers, who have the Dorchester contract, for which we are paying this year \$232,000. The entire amount of the item is \$343,820. I believe that entire figure should be eliminated from this year's budget, and that that work should be done by day labor of city laborers, or, in some cases, such men as are well able to do it who are now connected with the public welfare rolls. Then, General Plant, B-39, for general repairs, \$475,034.50,—close to half a million dollars, Mr. President and members of the Council. That is where some of the graft goes. Then, C-4, for new autos, the entire item being \$122,000, can have \$50,000 taken off it. That would allow the other automobiles to get along this year, at least. Then, C-7, covering new furniture for the City of Boston. Let the city get along without that this year. There is close to \$100,000, and I claim that the furniture that the city now has is good enough for awhile. I claim that this furniture right here in the Council Chamber today is good enough furniture for us to have the next year, and the same is true of the other departments. I don't want a new desk, and I say that if departments in these days spend money by getting furniture from some furniture concern, it is simply graft, and is not necessary. Then, tools, under C-13, \$81,920. Just imagine how much of that is actually spent for tools. Just imagine how much of that goes into the Mayor's own bag. Agriculture, D-10, \$18,525,—that could be eliminated. General Plant, D-16, \$48,310,—that simply represents overflow of different kinds, paid to pet contractors, coming in for their little donations. Highway materials, E-2, \$138,000, should be eliminated. Bridge repair, E-3, \$18,900,—that is simply paid to outside contractors and should be eliminated. I claim that that work could be done by our own employees, and would be so done if the Mayor was really interested in economy,—and I know he is not. Ferry repairs, E-4, \$7,000, the same thing. E-10, electrical bulbs, \$20,595. I understand that most of that is spent for electric light bulbs. Picture the ridiculousness of returning bulbs to the Edison Company and giving them over \$20,000 a year. Crushed stone for the parks, E-12, \$33,600,—that item could be eliminated practically in its entirety. General Plant, E-13, \$93,365. There is some more graft. That does not even specify what it is for. They cannot even cover it up by saying "Care of animals," but simply say "General Plant," shooting that in. We have here three such items, simply called "General Plant,"—B-39, \$475,034.50, D-16, \$48,310, and E-13, \$93,365. Then, I do not believe that the city fathers of Boston should vote to appropriate almost \$1,200,000 to the Edison

Electric Illuminating Company of Boston for the lighting of the city, under buildings and streets. This year and last year we have had a committee on city lighting that has been studying this subject, a committee reappointed by you this year, Mr. President, and we have had experts appear at our committee meetings and state that the Edison Electric Illuminating Company of Boston is robbing the city, actually robbing it; that with a municipally owned plant we could furnish the electricity now being supplied by the Edison Company at \$1,200,000 for \$200,000, saving close to \$1,000,000. Just picture that saving! And see what a saving there might be in the \$18,000,000 that the 127,000 users of electricity in Boston pay yearly to the Edison Company, if we had a city-owned plant and if the Mayor was really interested in the welfare of the people of Boston. We could then make such a saving as is made by over 50 per cent of the cities and towns in this country, which have established municipally-owned plants. We have been informed by experts that that \$18,000,000 paid by the honest, respectable people of Boston to the Edison Company each year could be reduced to \$2,000,000. There is graft to the extent of \$16,000,000,—and yet the Mayor of Boston was interested in putting on a little camouflage here a short time ago, after the members of the Council got after him on this matter, managing to get a little reduction of 6 or 7 per cent from the Edison Company, when the cost of electricity in this city might easily be cut 80 or 90 per cent, still saving money. Then, Mr. President, as a member of this important Appropriations Committee, I conceive it to be my duty as a member of the minority not to vote for the approximately \$50,000 for maintenance of one of the most useless commissions ever known in the history of the State of Massachusetts, the Boston Finance Commission, a commission that was intended and is supposed to supervise the expenditures of the City of Boston. The chairman of that commission has been one of Boston's payroll patriots for the past nineteen years—a great little character assassin, a great little slander and propaganda gentleman, receiving \$5,000 of the taxpayers' money after we vote it, sitting over there and doing nothing but protecting the present administration. Just picture this, members of the Council, if you can, the ridiculousness of it! We invited him over here on two different occasions, the Committee on Appropriations. He refused to come over at our invitation. We asked for a ruling of the Law Department, not too friendly to the City Council, because the head of the department is a man appointed to that position by the Mayor of Boston, but still the head of the Law Department ruled that we had the power to summons Mr. Goodwin to come before our committee; so accordingly one day last week we did summons him to come before our honorable committee to be asked questions relative to his duties in connection with his department, the Finance Commission, and then we had the disgraceful spectacle here of this gentleman, who is so nice when things are coming his way but is so different when he is slandering somebody else, when Kelly asked him a few questions, which the chairman ruled were in order and relevant to the issue, standing up here, taking his hat and walking out of the room, because he knew that if he continued to remain here to be asked questions relative to the budget and relative to his employment by the City of Boston, for which he is paid by the people of Boston, he would very shortly have been compelled to refuse to answer and would have had to give the reason. He refused to answer, Mr. President, because the answer might incriminate him. His attitude was referred to by two of the papers, one as shameful, and the other as disgraceful. Just imagine, Mr. President and gentlemen, that gentleman, an appointed official of this city, walking out on the representatives of the people, because he could not answer the proper questions that were put to him. If any of you gentlemen think it is proper to vote \$50,000 for such a department, you can do so, but I certainly will not. It may be that somebody will rise here and in a nice tone say that we have got to vote for it. All I have got to say in reply to such a gentleman is this: There is not a corporation counsel or a judge in the Commonwealth that can make a duly elected official of this City Council vote for this appropriation that is being squandered here. It is about time that this Goodwin gentleman, who has so much to say 364 days in the year, so that he may have his name continually before the people and get the anti-vote against other candidates, should be placed in his true light before the people of Boston. It is time that the Council should show the people of Boston that we are going to do our duty here by voting against the appropriation for this department. If the department cannot be abolished, at least let them serve without pay like certain other commissions of this city or, in this case, let the chairman serve without pay. I shall not take any further time in support of this amendment, Mr. President, an amendment which will cut \$2,552,886.50 from the budget on these specific items I have mentioned, without hurting one city employee—and we all know that the city employees are underpaid now. Just picture the result, Mr. President! This will cut \$2.50 per thousand from the tax rate, if we adopt it this afternoon. Some of the councilors say that the budget has been cut to the bone. Let them take these items and then tell me that the budget has been cut to the bone. I know, of course, that they will not adopt the amendment; but I

simply offer it as representing the people of Boston who elected me here as their representative, and, as such representative, if proper amendments are not adopted, I am prepared to vote against the entire budget.

Coun. HEIN—Mr. President, I would like to offer an amendment, reducing Item A-1 of the Institutions Department by \$4,500. That represents personal service. While ordinarily I don't like to see anybody cut in personal service, I do believe that that cut is a perfectly proper one in this case. I believe that Mr. Maguire's salary might well be cut that amount, for the balance of this year. Many of us were present in the committee and heard his statement in regard to his department, and I think that those who were present formed their own opinion of him. And so I say, if we desire to practice economy, instead of merely preaching it, let us take \$4,500 off Mr. Maguire's salary.

Coun. COX—Mr. President, I would like to ask the chairman of the Committee on Appropriations whether or not any of the items read off by the councilor from Dorchester (Coun. Kelly) were recommended to be cut from the budget by any of the civic organizations that appeared before your committee? I should also like to ask the chairman of the Committee on Appropriations if he can tell the Council how many cuts have already been made in this budget since the time when it was originally submitted, and what the total that has been cut from the budget amounts to?

Coun. ROBERTS—Mr. President, in answer to the councilor who has just spoken, so far as the amendment offered by Councilor Kelly is concerned, I might say that, so far as I know at the present time, the cuts he suggests were not recommended to the committee by anybody. In answer to the second question, I am given to understand that the budget as originally issued has been cut about seven times. The original total was \$31,566,318.81. The amount that the Mayor has now allowed is \$26,550,000, a reduction of \$5,016,318.81. And it is interesting to note in relation to these figures that I referred some time back to reduction in maintenance items since 1930 of approximately 40 per cent and in equipment items of 50 per cent.

Coun. COX—Mr. President, I would like to ask Councilor Ruby, in connection with the Suffolk County budget, if he knows whether or not the clerks of the courts and the Register of Deeds are forced to pay any more money to the outside contractors to whom they give their work than they would have to pay to our Printing Plant?

Coun. RUBY—Mr. President, I might answer that I attended the different meetings at which the clerks were present, as well as the Superintendent of Printing, and I was informed that there was never a question of their having to pay any increased price to our Printing Department, that they could get the work done by the Printing Department for as low an amount as they paid outside, and sometimes even lower.

Coun. MURRAY—Mr. President, I would now press for my amendment, to lay these county printing items on the table, at this time.

President McGRATH—The Chair will say that we intend to take up all amendments and vote upon them at once, in consecutive order.

Coun. MURRAY—Mr. President, I want my amendment voted upon separately.

Coun. NORTON—And I would like another amendment voted on separately, Mr. President.

Coun. DOWD—Mr. President, I rise to a point of order. While I am very much in accord with the amendment presented by Councilors Murray and Ruby, I doubt very much whether we have any control over the matter whatsoever. If we leave the matter on the table, those gentlemen can, according to law, go out and do as they please and tell us, as members of the Council, that we have nothing to do with it. I believe that we will be placing ourselves in a very embarrassing position. They can simply go out and contract these bills, and the auditor and the treasurer will be forced to accept and pay them.

President McGRATH—The Chair, in order to get the opinion of the Council, will ask those who favor waiting and voting on all amendments at one time, to please rise.

The Council voted to pass upon the different amendments at one time.

President McGRATH—The Chair will put the amendments in the order in which they have been submitted to the Chair.

Coun. KELLY—Mr. President, do I understand that the amendments will have to be put, under the rules of the Council, in order of their size, the largest first?

President McGRATH—No. They will be taken up in the order in which they have been introduced. The question first comes on the amendment submitted by Councilor Curtis.

Coun. RUBY—Mr. President, I would like to ask whether we are combining the city and the county budgets at this time? They were submitted to us separately by the Mayor.

President McGRATH—The Chair will say that we are now voting on amendments. Having disposed of all amendments, we will then take up the budget as a whole. The question now comes on Councilor Curtis' amendment.

Coun. CURTIS—Mr. President, isn't it the usual rule to have all the amendments offered, and to then vote upon the amendments separately, and then on the bill?

President McGRATH—The Chair will continue to receive amendments, but the Chair asked for an expression of opinion as to voting on all amendments, and the Council decided to vote on all amendments at one time and then upon the bill.

Coun. CURTIS—I think that vote should be doubted, Mr. President. I don't think the members understood.

President McGRATH—If there are any further amendments the Chair will continue to receive them.

Coun. NORTON offered the following:

Ordered, That the Council consider the matter of returning the 1933 budget to the Mayor of Boston with the request that he cut \$1,000,000 more from it.

Coun. NORTON—Mr. President, do I understand that I will have an opportunity to have a roll call on this particular amendment?

President McGRATH—The Chair will state that this is not an amendment to the budget. Should the councilor insist, we can have a roll call.

Coun. NORTON—Then, Mr. President, I will introduce that as an order later on.

President McGRATH—All right.

Coun. NORTON—I understand that later on I will have an opportunity to present that?

President McGRATH—The Chair will rule that later on would be too late. The order can be considered as presented at this time, and can be voted upon later. There is no objection to the councilor speaking now.

Coun. NORTON—I simply desire to take this opportunity, Mr. President, of saving some more money for the City of Boston. Mr. President, the President of the United States is cutting 25 per cent from the Federal budget, and it seems to me that the Mayor of Boston should cut our present budget down 15 per cent. That is all that I ask. Up to date that has not been done. We cannot tell where they shall cut it. That does not come within our province. But at various times councilors have introduced orders here showing where they thought the budget could be cut. I feel, therefore, that the budget should be sent back to the Mayor this afternoon with a request that he reduce it by \$1,000,000 at least.

Coun. DOWD—Mr. President, I desire to present an amendment to the original budget. I would move that the amount for the Boston Traffic Commission, Schedule B, be reduced from \$25,000 to \$10,000; for Building Department, Schedule B, from \$4,250 to \$2,000; Board of Appeal, Schedule B, from \$1,500 to \$750; Collecting Department, Schedule B, from \$42,000 to \$21,000; Election Department, Schedule B, from \$52,500 to \$25,000; Fire Department, Schedule B, from \$99,000 to \$50,000; Wire Division, Schedule B, from \$1,950 to \$1,000; Health Department, Schedule B, from \$190,000 to \$150,000; Hospital Department, Schedule B, from \$84,000 to \$40,000; Sanatorium Division, Schedule B, from \$26,000 to \$10,000; Institutions Department, Schedule B, from \$3,600 to \$2,000; Long Island Hospital, Schedule B, from \$38,500 to \$20,000; Schedule E, from \$19,500 to \$10,000; Steamers "Hibbard" and "O'Meara," Schedule B, from \$5,300 to \$3,000; Schedule D, from \$4,400 to \$2,500; Library Department, Schedule B, from \$70,000 to \$35,000; Schedule C, from \$86,000 to \$50,000; Schedule D, from \$31,750 to \$20,000; Mayor: Public Celebrations, from \$30,000 to \$10,000; Conventions and Entertainment of Distinguished Guests, from \$15,000 to \$5,000; Park Department: Schedule B, from \$143,000 to \$50,000; Schedule C, from \$25,750 to \$15,000; Schedule D, from \$97,000 to \$50,000; Schedule E, from \$52,000 to \$25,000; Park Department, Reconstructing and Repairing Parkways and Roadways by Contract, eliminate the \$25,000 entirely; Sanitary Division: Schedule B, from \$11,500 to \$5,000; Schedule E, from \$6,200 to \$3,000; Public Buildings Department: Schedule B, from \$140,000 to \$40,000; Schedule D, from \$38,500 to \$20,000; Ferry Service: Schedule B, from \$45,000 to \$25,000; Schedule D, from \$54,000 to \$25,000; Schedule E, from \$8,000 to \$5,000; Paving Service: Schedule B, from \$60,000 to \$30,000; Schedule C, from \$28,000 to \$20,000; Schedule D, from \$41,000 to \$25,000; Schedule E, from \$132,300 to \$75,000; Sanitary Service: Schedule B, from \$895,000 to \$795,000; Schedule C, from \$40,000 to \$25,000; Schedule D, from \$85,000 to \$50,000; Schedule E, from \$30,000 to \$20,000; Sewer Service: Schedule C, from \$16,500 to \$8,000; Schedule D, from \$28,500 to \$15,000; Schedule E, from \$11,800 to \$5,000; Water Service: Schedule B, from \$213,000 to \$150,000; Schedule C, from \$31,500 to \$15,000; Schedule D, from \$23,500 to \$15,000; Schedule E, from \$169,000 to \$100,000,—making a total reduction of \$1,168,200. Today, Mr. President and gentlemen, we are going to vote on the only matter that during the whole year we have any jurisdiction over whatsoever. After we vote on the budget today, in so far as actual work is concerned, we might as well suspend for the rest of the year. I know before introducing these amendments that it is impossible to cut down any of the items that the Mayor has presented. But this is the only day in the year when we have an opportunity to show whether or not this is a government of one man or of twenty-two members of the City Council and the Mayor of Boston. I have been in the Council a little too long and I understand the workings in connection with the budget too well, to have any illusions in this matter. I know only too well that the Mayor has sufficient votes in this body today to pass the budget as is. But I say to you, Mr. President and members of the Council, that if we are to vote entirely as the Mayor

tells us to do we may as well abolish this body. The reductions I have proposed here do not touch one member of any department, do not affect the personnel in any way whatever. They simply affect the plant items in each schedule of the different departments affected. We all realize only too well that if a contractor is called in by any department, even if it is only to put on a washer or to put in a pane of glass, there is a charge of \$25 today for anything whatever, and I say that we can suspend much of this maintenance and equipment work for the period of one year. If any of us own a house, we know that we are struggling along and are not buying anything or putting anything in that is going to add greatly to the cost of the property. There are some other items that I might go into. For example, there is one item in the Park Department of \$25,000 for the hire of teams. Mr. President, in every barn of the City of Boston we have plenty of teams available. But they don't want to use the city teams. They want to help out the contractors. Every five-cent piece I have cut from the budget comes from contractors from East Sandwich to East Gelati. What I am proposing is for the benefit of the City of Boston, the taxpayers of Boston, and not of the contractors. \$1,168,200 is a lot of money, Mr. President. It means something like 65 cents per thousand in the tax rate of the City of Boston. I cannot bring myself to vote for this budget as presented by the Mayor of Boston simply because the Mayor has definitely decided that he wants the budget as presented to go through, and no other budget will do for him. I am of the opinion that the Institutions Department at Long Island, the Public Works Department in the collection of garbage and otherwise, can employ some of the men who are on the Public Welfare—a department upon which we are spending so many millions of dollars. Is there any real logical reason why some of those men cannot be put at work on some useful projects that will save money to the taxpayers of the City of Boston? But there seems no attempt in any department whatever to save money in that way. You say that the budget has been slashed \$5,000,000 as compared with what it was when it first reached us. I will agree with you there, but bear in mind that every department submitted to the Mayor an inflated budget, knowing that the Mayor would cut it to the bone. I know, of course, that my introducing these amendments is only a waste of time. I know that the amendments will not be accepted. But I want to reiterate that the reductions suggested in this amendment will come out of the contractors, and that not one of the personnel of the City of Boston will be touched. This is a vote that the people of Boston are going to watch. Are we going to be subservient to the Mayor of Boston or are we going to exercise our God-given right to vote as our conscience dictates? Bear in mind all the men and women in this city owning their little homes and struggling along trying to keep what they have, while we are sitting here voting away this money just for a few contractors. I realize, of course, that there is a sufficient number of votes here to pass the budget as it has been reported hut, nevertheless, I feel that I have to vote against the budget submitted by the Mayor.

Coun. NORTON—Mr. President, I have here a minority report which I will ask the privilege of putting in without reading.

The minority report submitted by Coun. Norton at this point is as follows:

The total cost of running the government of the City of Boston for the year 1932 was \$78,967,000. In 1929, a so-called prosperity year, the cost was \$71,172,000. In 1932, a depression year, it cost over \$7,500,000 more to run the city than in the prosperity year of 1929. Taking into consideration the increased cost of public welfare, the cost of our city government, outside the Welfare Department, has increased altogether too much. This means increased taxes and increased rents. We are unable to ascertain at the present time, June 12, 1933, just what the total cost of running the city government of Boston will be for the year 1933, because we do not know as yet just what the state tax will be, the total amount that the city will receive from the state, what the Boston Elevated Railroad deficit will be, and other items.

But for the year 1933 we do know that the amount of money which the Mayor of Boston has requested to run the city is altogether too high. In 1932, in the Mayor's budget alone, \$40,662,000 was spent. This included supplementary appropriations. For the year 1933 the Mayor requested the Legislature to allow him to spend in his own budget the sum of \$37,500,000. The Legislature cut him down to \$36,750,000, a cut of \$750,000. This is not enough. The President of the United States has set out to cut governmental expenditures by 25 per cent; the Mayor of Boston should at least cut expenses 15 per cent.

It is a very serious question just how much money the City of Boston can collect in taxes in the year 1933. In 1930 the city set out to collect \$61,279,000. By December 31st of that year the city collected \$51,620,000, leaving \$9,483,000 unpaid on that date. In 1932 the city set out to collect in taxes \$67,598,000, but up to December 31, 1932, had only collected \$49,604,000, leaving on that date \$17,714,000 unpaid. It would appear that we have reached the saturation point in the ability of the City of Boston to keep increasing taxes. The law of "diminishing returns" seems to have set in. After three years of depression the pay roll of the City of Boston is greater than in prosperity years. The salaries

of public employees constitute almost 50 per cent of the total cost of running the government of the City of Boston.

Regardless of the depression, the city has kept on increasing the cost of government out of proportion to the ability of the tax and rent payers to pay. In 1920 the total amount required to run the City of Boston was \$50,633,000. In 1932 it was \$78,968,000, an increase of 56 per cent.

Thousands of Boston taxpayers have been unable to pay their taxes for the year 1931, and the city has sold the tax titles. On January 20, 1933, over \$500,000 remained unpaid on city water bills. An unprecedented condition, which illustrates the manner in which the depression has hit Boston property owners.

John Bantry, managing-editor of the *Boston Post*, writing on December 11, 1932, said: "Boston is in for a tough time in the next few years. Look at all those vacant buildings hardly more than a stone's throw from City Hall. See the forest of 'To Let' signs on the once thriving business streets. Taxes on all this idle property are higher than when every foot of it was profitably rented."

Mr. Martin Lomasney was quoted in the *Boston Herald* of December 4, 1932, page 16, as follows: "Thousands couldn't pay their taxes last year, they can't pay them now, and where are they going to get the money next year unless action is taken to lighten the load, is an important question."

Take a walk down State street or through the district where values are very high and you will see conditions that demand remedy immediately."

The Boston Finance Commission in a report to the Legislative Committee on Municipal Finance, dated April 18, 1933, states: "It is freely admitted by the city authorities that on the present basis of taxation the prospect of total collection this year is much worse than it was last year, and that instead of a 73.33 per cent collection by December 31, 1933, it is doubtful if 60 per cent can be collected."

The cost of the city government of Boston is excessive. Our tax rate is the highest adjustable tax rate in the land for a city of Boston's size. The United States Bureau of the Census for the year 1929 shows a per capita cost of city government in Boston amounting to \$69.17. New York showed a cost of \$55.82; Chicago, \$44.71; Philadelphia, \$47.76; St. Louis, \$40.80; Baltimore, \$37.53. The preliminary 1930 report shows Boston's cost of city government still the highest.

It cost the people of Boston, in the tax levy on real and personal property, \$67,598,000 to run the city for the year 1932. The city of St. Louis was run in 1932 for \$49,990,207.70, a tax levy almost \$18,000,000 less than Boston, although St. Louis has approximately 40,000 more in population than Boston, and is half again as large as Boston in area.

The city government of Cleveland, during the year 1932, cost the taxpayers of that city, in the form of a tax levy on real and personal property, a total of \$47,000,000 to operate. Yet Cleveland has approximately 120,000 more people than Boston and is seventy-one square miles in area as against Boston's forty-three square miles. The city of Detroit cost the people of Detroit to operate all departments, approximately \$72,632,990 for the year 1932-33. Less than \$5,000,000 more than it did Boston, although Detroit has about double the population of Boston and over three times the area to cover. The city of Los Angeles, for the fiscal year 1932-33, will cost the citizens \$60,648,866.67 to operate in the form of a tax levy. This includes the city, county, school, food control and metropolitan water district taxes. Los Angeles has over 450,000 more in population than Boston, and is over ten times the area of Boston.

These comparative figures should tend to show that the cost of city government in Boston is more expensive than the cost of city government in other cities. Boston is a business and industrial center. Our industry and commerce cannot thrive when subjected to such high taxation, especially when competitors in other cities do not pay the high rates of taxation that are paid in Boston. No doubt this fact accounts for much of the business and industry that Boston has been losing in the past few years. In the light of this fact should we keep on increasing the tax rate in Boston?

Boston, in addition to having the largest adjustable tax rate of any city of similar size in America, \$35.50 per \$1,000 last year, is also very largely over-assessed. The real estate in Boston for the year 1932, for the purpose of taxation, was assessed as being worth \$1,753,824,300. Competent experts have declared that this amount should be reduced from \$200,000,000 to \$450,000,000. From 1920 to 1930 the assessed value of Boston's real estate increased, according to the city's assessors, 25 per cent.

A comparison with other cities that are larger than Boston, with more homes and buildings, more pieces of property than Boston, would tend to show that our assessments on buildings and homes are too high. For instance, the total amount of real estate that was assessed for taxation last year in St. Louis amounted to \$1,208,266,120; Baltimore, \$1,182,904,212; Cleveland, \$1,076,872,000. All these cities are larger than Boston in population and area, yet their total real estate assessments for taxation purposes last year was \$500,000,000 or more, less than Boston's total real estate assessment for taxation. Pittsburgh, which has a metropolitan area population somewhat similar to that of Boston, in 1932 assessed a real estate tax on \$1,208,266,120

worth of property. Over \$500,000,000 under that of Boston. This evidence should, at least, raise a question in the minds of our city officials to the effect that our buildings and homes in Boston are over-assessed.

The proceedings before the State Board of Tax Appeals would seem to bear out the contention that real estate in Boston is over-assessed and, hence, over-taxed. Frantic home and property owners, struggling against increased taxation in Boston, have, in many cases, appealed to this Board for relief. From December, 1930, to March 31, 1933, 1,417 appeals were filed with this Board by City of Boston property owners. This property represented a total value of \$439,000,000. The abatements which this Board granted tend to prove that Boston's property is over-assessed. For instance, the Epstein Drug Store property in Scollay Square, Boston, was estimated by the assessors of the City of Boston to be worth \$400,000, and the city attempted to collect taxes on this amount. The State Board of Tax Appeals found that it was only worth \$275,000 on May 17, 1933, and taxes will be paid on this amount instead of \$400,000. The appeals from the 1932 assessments in Boston are not yet being heard by the Board, but the chances are the appeals this year will be more than ever.

In my own ward, Ward 18, in 1929 all real estate was assessed by the city as being worth \$43,352,000. In 1932 the city claimed it was worth \$46,257,000. The tax rate in 1929 was \$28 per \$1,000; in 1932 it was \$35.50.

Clearly, the property in Ward 18 is not worth near \$3,000,000 more in 1932 than it was in 1929. In addition to this inequality, property owners are also faced with an increased tax rate.

The homes in my ward are not worth what they are assessed for. Property throughout the city is not worth what it is assessed for. Here are a few examples: Patten's Restaurant, buying two buildings on South Market street awhile ago, paid less than 25 per cent of the assessed valuation for them. A cellar at the corner of South Market street and Merchant's row, recently rented for \$1,200 a year. In 1929 the rent was \$4,500 a year. A residential building at 313 Commonwealth avenue, built twelve years ago, modern in every respect, at a cost of \$110,000, was sold in 1933 by Mr. John C. Kiley for the sum of \$18,600. It was assessed by the city as being worth \$60,000.

Boston refuses to face the facts, and as a result our financial structure as a city would appear to be built upon an unsound foundation that must eventually crumble.

Chicago has dropped the assessments against real estate about 25 per cent from the peak of 1930. Buffalo has reduced assessments for 1933 by one hundred million dollars. The St. Louis Board of Estimate and Apportionment recommends that realty assessments be reduced about 20 per cent under 1931. Fall River valuations on realty have been cut over 24.2 per cent for 1932 as compared with 1930, and more this year. Boston should take similar steps immediately.

About twenty-two pages of the *City Record* were used this year to list the homes in my ward alone that were to be sold by the City of Boston because the owners were unable to pay their 1931 taxes. Each home sold meant the dream of a lifetime shattered; it meant a tragedy. A mother and father perhaps had struggled through a lifetime raising a family, hoping to have a home, a roof over their heads in old age, and now the home had to go. Is there anything more tragic? Is it not a supreme challenge to our city officials to cut down assessments and cut down taxes and rents for the year 1933?

The following recommendations are made:

Art Department.

Calls for an appropriation of \$510. Too small to be a separate department. Could be joined to the Mayor's Office with the unpaid commission operating just as at present. Clerical work could be done by the Mayor's Office.

Assessing Department.

The second assistants in this department are not needed. The chairman of the Assessing Department states:

"In my opinion the least essential division in this department is the second assistant assessors. The saving would amount to \$35,880. The entire clerical force here is tremendously overmanned. A handful of workers carrying on the work of the entire department. . . . The others do nothing."

Auditing Department.

Outside auditing should be discontinued.

Boston Port Authority.

Steps should be taken by the city to have the State pay at least a portion of the expense of the Boston Port Authority.

Traffic Commission.

This department is overmanned. Attempts have been made by law to consolidate the Traffic Commission with other departments. This matter does not appear to be one for the Legislature. The Chief Executive of the City of Boston has the power to name one of the Street Commissioners of Boston as the Traffic Commissioner at the dollar a year extra in salary. In this manner the Mayor can informally consolidate the department of the Traffic Commissioner with that of the Street Commissioner. This will lead to a large saving in operation expense.

Budget Department.

No cut is recommended because other duties should be given to this department. This department should have a form of control over orders for city supplies. It should make sure that money is spent for the particular reason for which it was appropriated by the City Council, so that at the end of the year it would not be necessary to transfer sums as at the present time.

Building Department.

The work has fallen off from one-half to two-thirds of what it was in the prosperous years, yet practically the same working force is retained. No employee need be discharged. But some form of reorganization and transfer should take place.

City Clerk Department.

No reduction in appropriation or personnel is recommended.

City Council Proceedings (City Council Sessions and Hearings).

Instead of a word-for-word report of our hearings a general summary should suffice. The Massachusetts Legislature follows this procedure.

City Documents.

There should be a nominal charge made for City Documents.

City Planning Board.

Should be put on a purely skeleton basis. Plans we already have outrun our ability to spend money.

Collecting Department.

No reduction recommended.

Election Department.

Precinct lines throughout the city should be re-examined and drawn so that voting booths, personnel and rental of buildings where booths are not used, will be at a minimum. At the present time, in many precincts, a voter living across the street from a voting booth will have to walk a mile or more to another booth just because the lines have not been properly drawn. In a precinct such as Charlestown there may be eleven or twelve voting booths within a square mile. It does seem that for such a small area centrally located voting booths would properly take care of this area. This would make it easier to administer the machinery of elections, besides saving money in rentals and in salaries for election booth officials.

Fire Department.

There are too many fire stations; many were placed in a day when fire engines were drawn by horses. They are poorly located. There are too many divisions; there is top-heavy supervision and the department is overmanned. Those who are physically incapacitated for fire duty should be pensioned off with an adequate pension to live on. In this way no one would be discharged, savings would be accomplished and fire-fighting efficiency would actually be increased.

Wire Division of the Fire Department.

The exterior division of this department duplicates much of the work that is done by the Public Utilities Corporations, such as looking for fallen wires, fallen poles, and the investigation of exterior wiring. This work could be dispensed with for the rest of the year.

Hospital Department.

The City Hospital will not be properly operated until we first make arrangements to care for only acute cases at the Main Hospital. Convalescent and chronic cases should be taken care of elsewhere. The cost of taking care of acute cases is much higher than of the other two classes, but where we have all three classes being taken care of in one institution the result is that the cost of caring for the convalescent and the chronic types are so much the higher on account of being taken care of at a hospital where only acute cases should be handled. Another condition at the City Hospital needs remedy. Many people go there and get free service who really should pay for it. This reacts two ways:

1. It costs the city money.
2. It takes up space and spends the city's money on people who could pay for service, thus denying to the real poor the opportunities they should have. Much of the congestion at the Boston City Hospital in recent years that we have heard about could have been eliminated by helping only those who could not pay for treatment in private hospitals. The poor have been put out in the "hallway," or turned away, or told to come back months later, while those with political influence and wealth have been taken care of at the city's expense. At the present time it takes many months for certain cases of tonsils and adenoids in children to be taken care of at the City Hospital. This is in spite of the fact that we have spent millions of dollars for our City Hospital facilities. Influential politicians, well able to pay, and their families, think nothing of using the facilities of the City Hospital and no payment is ever made.

Institutions Department.

The work of this department falls along two lines, hospital and welfare. Logically the work of this department should be divided between the Hospital Department and the Welfare Department and the department itself abolished. The department is overmanned. It is unfortunate that this depart-

ment accepted the steamboat "Stephen J. O'Meara," which is a "white elephant" to the city and the city is now called upon to appropriate additional money to run this boat.

Law Department.

There has been a considerable increase in the personnel of this department in the last few years. There is no reason for the City of Boston employing two legislative counsels.

Library Department.

The location of branch libraries should be constantly studied. A smaller number of branches properly located would eliminate some of the need for rented quarters and give the public better service.

Licensing Board.

In view of the passage of recent legislation, no reduction is recommended.

Market Department.

There is no justification whatever for this department being a separate department. It should be put in with the Public Buildings Department which now maintains the upkeep of public buildings. Practically the entire amount spent for the Market Department could be saved.

Mayor's Office.

For public celebrations and conventions no further appropriations should be made. The Mayor of Boston is allowed \$15,000 for incidentals. This amount should take care of public celebrations and conventions this year. The office expenses of the Mayor are entirely too high and out of line with expenses for similar cities of America, namely, \$79,200.

Park Department.

A large part of the work of this department is purely of a luxury nature, such as intricate, fancy floral designs on the Boston Common, and in the Public Garden and elsewhere. There is considerable landscape engineering, expensive trimming of trees and shrubbery. The expenditure of over a million dollars this year on our Park Department is out of line with similar expenditures by other large cities in America. I believe that the expenses of this department should at least be cut 50 per cent this year. We have thousands of men on the Welfare Department who are competent and able to do the work such as this department requires. In 1930 Boston had a per capita expense of \$4.12 for parks and recreations, which is over double that of any other city in America of over 500,000 in population.

\$25,000 is appropriated this year for the Park Department to spend in reconstructing and repairing parkways by contract. It would seem that the Paving Division of the Public Works Department could do this work with the aid of men from the Public Welfare Department. No further expenditure under this item should take place this year.

Police Department.

Boston is the only city in the country, with the exception of New York, where it costs over \$100,000 per square mile to police the city. We have more police per acre than any city of America with a population of 500,000 or more. There should be a good use of the automobile patrol. The idea of a policeman walking is a relic of the nineteenth century. What chance has a policeman on foot with a gangster in a high-powered automobile? Younger men should be encouraged. Elderly, disabled officers should be pensioned off with an adequate pension.

Public Buildings Department.

This department has been overmanned, as shown originally in 1927 by a survey of building engineers. Welfare Department men should be used more for cleaning purposes.

Public Welfare Department.

1. Investigation and distribution of welfare should be decentralized.
2. There should be centralization of the Central administration. The Mayor has the power to bring about these recommendations by appointing a dictator, a head of the department.
3. There should be an efficient check of the manner in which Welfare Department allowances are spent. It is all very well for the Welfare Department to figure out how much people need to live on, to figure out the amount of calories of food that are necessary and to make schedules, but so long as they have no opportunity whatever to check how the money is actually spent the entire system fails. Last year, 1932, the City of Boston gave out over \$12,000,000 in its Welfare Department without having any proper check on what was done with the \$12,000,000. The idea should be to give speedy adequate relief to every worthy case.

Public Works Department.

This department is overmanned throughout. We are an old city performing a tremendous amount of public work year after year. There is a large amount of money spent and we are not getting anywhere. Why should the City of Boston, a city which has been in existence since 1630, with a population which is falling off, still be faced by a paving problem amounting to \$80,000,000? Why should we have six-inch paving on residential streets that have little traffic? Why should the

City of Boston turn its back on all the progress that has been made in low-cost pavement of the last few years? Now that we are running short of money it simply means that a few streets will be repaired, that a few streets will be extravagantly paved, while the many remain in a bad condition. Why should the City of Boston, with one single exception, have a monopoly, give all bituminous paving to a few companies? The City of Boston pays prices ranging from 50 per cent to 100 per cent higher than that paid by other cities. This fact has been brought out year after year without any change.

Sidewalks.—Why should the City of Boston in laying its sidewalks still lay two layers, when every other large city in the country lays only one?

Snow Removal.—\$105,000 has been set aside this year, most of which has been spent already. This amount is too much. Welfare workers can assist in this work.

Garbage.—The city is paying an exorbitant amount of money for the next eight years for the removal of garbage from certain sections of Boston. I was the only member of the Boston City Council to oppose granting this ten-year contract for the removal of garbage. The President of Technology and other experts have pointed out that we have less garbage today than ever. Because of favoritism alone, the City of Boston is paying more for this ten-year period than for the last period. The City of Boston let the contract to the Brookline Ash and Disposal Company, who were the low bidders. This low bidder immediately transferred to the second low bidder, the Coleman Disposal Company, which is just an indication of the exorbitance of the price, when it is noticed that the concern that was the second low bidder now sees fit to take the contract at a lower price than all, from the Brookline Ash and Disposal Company. The City of Boston is now paying for regular collections of garbage. The contractors are not collecting the garbage as they should. They do not make collections regularly. They do not perform the work in a satisfactory manner. For instance, in Ward 18 the contractor who collects the garbage is paid to collect it once every week. As a matter of fact, he only collects it once in ten days in many instances. If the citizens of Hyde Park are able to get along on a ten-day collection of garbage then the payment to the contractor should be cut down accordingly.

Registry Department.

There is no particular reason why this work should not be done by the City Clerk's office. In most cities of the United States the city clerk handles it. Here the use of the photostatic method, instead of copying birth and marriage certificates, should result in an economy.

Reserve Fund.

If the Council truly believes that the Municipal Employment Bureau should be abolished a corresponding reduction should be made in the Reserve Fund. Such an item, to run the Municipal Employment Bureau, should not be hidden away in a fund of this nature.

Soldiers' Relief Department.

There is need here for more supervision of the manner in which expenditures are made, much as in the Public Welfare Department.

Statistics Department.

The entire department can be abolished. Much of the work could be carried on by the Budget Department. The Budget Department, the greater part of the year, has little to do.

Street Laying-Out Department.

Proposes to spend \$160,700 this year. The City of Boston cannot afford this expense. When we cannot afford it, why should we have the departments? Until streets are economically built in Boston and the work allotted to competent low bidders, instead of a favored few contractors, this work should be stopped.

Supply Department.

The pay roll of this department is not too large for a city the size of Boston. However, I object to the methods that are used in purchasing. Favoritism costs the City of Boston unnecessary thousands of dollars yearly.

Treasury Department.

No suggestions.

Weights and Measures Department.

Ought to be made more nearly self-supporting by making the charges more in conformity with the service rendered. Officials of the department will admit this fact.

Temporary Employees.

Why should the City of Boston spend \$450,000 this year on temporary employees when most of the departments are overmanned already and the depression has eliminated work for many departments and with hundreds of competent men on the Welfare rolls who can assist in this work?

Trucks.

It is proposed to spend \$49,000 in the hiring of trucks. A transfer of trucks between the departments would eliminate, to a great extent, this need.

Rents.

Rental allowances in the budget amount to \$83,000. Rents have fallen during the last few years, yet the rents that the city must pay have remained unchanged for the year 1933.

Auto Repairs.

It is proposed to spend \$169,000 this year on auto repairs. Much of this is done by small orders to individual garages. Why should not this work be done by annual contract or on a yearly cost basis? The idea of having a little job done on a city machine where the city official happens to have a friend in some small garage, doing the work and sending in a bill is, to say the least, a nineteenth century method.

Cleaning.

It is proposed to spend \$68,000 on cleaning, in spite of the abnormally large janitorial forces in the city. This \$68,000 is to be used for cleaning the windows of municipal buildings and other public buildings. Welfare men can do this work.

Expert Services.

\$105,000 is to be spent on expert services. Certainly among the 22,300 city employees we should have experts in every line. I recognize that part of this expenditure is legitimate. For instance, the Port Authority employs experts on interstate commerce laws to fight questions involving the Port of Boston. Expenditures of this nature are necessary, but there are many other expenditures that could be dispensed with. The City of Boston is spending nearly \$90,000 for stenographic copying and listing when we have already an overmanned clerical force and many stenographers and clerks on the Welfare rolls who could do this work.

President McGrath.—The question comes on Councilor Curtis' amendment.

Councilor Brackman.—Mr. President, I would like to say a word in regard to all these amendments, including practically every amendment offered here today. It is very easy to come in here and offer amendments to cut the budget. Last year was my first year as a member of this body, and I was somewhat confused by the enormity of the budget that came in here. I did not fully realize, as I do now, that this is a \$100,000,000 corporation, and that the expenses of the City of Boston must necessarily be very large. I was sufficiently interested last year and this year to sit in at the hearings of the Appropriations Committee, headed by Councilor Roberts, and was much impressed with the time and work that that committee put in, and I am thoroughly satisfied that the chairman and the committee checked and re-checked and combed every item in the budget. Amendments have been offered here today to cut, cut, cut, regardless of where the cuts would bring us or what department or particular people would suffer through the acceptance of the amendments. First, in regard to Councilor Curtis' amendment, which hits particularly at the Long Island Institutions, our poorhouse. I think that is the wrong place to cut. That department has already been severely cut, and I know from my personal knowledge that many of the people employed there have been let go, until today they have what is really a skeleton force compared with what it was before. I don't think we can afford to accept any of Councilor Curtis' amendments here today, while we all appreciate his sincerity in offering them. I certainly think it is wrong to cut on personal service, thereby simply increasing the number of people out of employment who might naturally be put on welfare. As far as Councilor Kelly's amendment is concerned, Mr. President, I think it was offered without any thought on the subject. I think it was very loosely drawn, without consideration, and I do not hesitate to make that statement. I have sat here day after day and listened to arguments tending to bring members into dispute because they had not followed the lead of that particular councilor; and he knows as well as I do that it would be impossible for us to follow some of the recommendations he has made here today—particularly when he referred to cutting out electric light. He knows that you cannot cut out that item. We have had a committee appointed to study our electric lighting. We found that it would be cheaper for the people of Boston to own a municipal plant, and I will agree with him there; but the moment we try to put a municipal plant into effect we are met with a positive statutory clause requiring the City of Boston to purchase all the equipment of the Edison Company before it can enter into the business, and before it even gets to that point certain votes must be passed under the statute. That purchase of the Edison would involve many, many millions of dollars. The City of Boston simply cannot afford at this time, when we are hearing the cry of economy everywhere, to purchase this expensive and tremendous amount of apparatus and equipment owned and controlled by the Edison Company. The councilor has also asked us to cut out all rents by the Public Buildings Department of quarters outside of City Hall. What are you going to do with leases already signed up by the departments? The Law Department of the City of Boston has an entire floor at 11 Beacon street, under a lease with the owners of that building. If we should not pay the money due from the City of Boston under the lease, the city would simply be sued in court, and judgment

for the entire amount due under the lease would be recovered from the city. That is practically true of every department that exists outside of City Hall today. Take also the situation in regard to the Finance Commission. That body was established and is controlled by the Legislature of Massachusetts, and its functions and duties are settled by that body, regardless of what we may think about the Finance Commission. It must function under the legislative act, rightfully or wrongly, and continue to spend the money allowed it regardless of the action of the City Council. There are many meritorious things in Councilor Dowd's amendment, but I cannot see why, for the 65 cents per \$1,000 reduction in the tax rate, we should jeopardize the maintenance of some of our important plants, hospitals and institutions that we are obliged to carry on. If we should cut the maintenance item to the point where the machinery would get out of order, if a roof should go, or something of the kind should happen, we would be unable to raise the funds to take care of that situation. I understand that the maintenance items have been cut this year so as to include only emergency matters that must be taken care of, because of the extreme emergency. Otherwise, these items have been cut considerably. I am just as much in favor of economy as any member of the Council, and I think I have shown that on many occasions in the last two years. Regardless of what the Mayor of Boston or other officials wanted, I have frequently stood in this body and opposed measures that I thought would impose an unnecessary expense on the taxpayers. But this budget has already been very materially reduced, and I certainly would not want to do anything that would seriously cripple the departments of our city. Therefore, I am going to stand by the majority report of the committee.

Councilor Kelly.—Mr. President, just a word. I have been criticized for putting my amendments together in a very loose fashion—

Councilor Roberts.—Mr. President, I rise to a point of order, that the gentleman is not speaking on the Curtis amendment.

President McGrath.—The Curtis amendment is now before the body.

Councilor Kelly.—Mr. President, I simply want unanimous consent to make a statement.

President McGrath.—If there is no objection, the gentleman may proceed.

Councilor Kelly.—Mr. President, as I just said, I have been criticized for putting my amendments together very loosely here today. I want to inform the gentleman that my report here today is the result of hours and hours of careful study, and I made it also as a member of the Appropriations Committee—I might say one of the few members present at practically every hearing. I believe I have at least an ounce of intelligence, and I think, therefore, it is fair to say that I am able to put my report together in a fairly logical manner. That I attempted to do, and I think I did it. I would further inform the worthy colleague from Ward 12 (Councilor Brackman) that when he has been a councilor as long as I have been, he will be able to pass upon these questions in a little better fashion than he is at the present time.

Councilor Roberts.—Mr. President, in regard to Councilor Curtis' amendments, let me say that I am in sympathy with most of the items contained in it. I do not feel that I can vote for any amendments cutting down personal service items. Practically every department head who came before us promised that he would make no replacements in case of death or retirement from the service, and no allowances have been made for such a purpose. So I question whether we can effect a saving in the personal service item. I might also say that, whereas our paramount responsibility is to the taxpayers of Boston, still we have a responsibility to the individual employees of the city. There are many of these people who might possibly be placed in jeopardy in their positions, many of whom have served the city for a long period, and they are entitled to a certain degree of protection, under the circumstances. For fear that they might be possibly unjustly interfered with, if there were a reduction of that item, I shall be forced to vote against that amendment.

Councilor Norton.—Mr. President, this issue should not be confused. This is the most important day in the year for us, the only day when we have any authority. Let us not lose sight in a Niagara of words—

Councilor Roberts.—Mr. President, is the gentleman discussing Councilor Curtis' amendment?

Councilor Norton.—Mr. President, I am discussing the amendment submitted by Councilor Curtis.

President McGrath.—The amendment offered by Councilor Curtis is under discussion.

Councilor Norton.—Mr. President, we expect to have interruptions, of course. That is only natural. Nevertheless, this is the one day in the year when this Council has some authority. It is useless to stand here on other days and talk about waste and about the necessity for cutting down expenditures. This is the day when the taxpayers and rentpayers should be considered. Who is the man who says this budget is all right, that it should pass as it stands?

Councilor Roberts.—Mr. President, I rise to a point of order. I question whether the councilor is talking on Councilor Curtis' amendment.

President McGrath.—The Chair would suggest again that Councilor Norton talk on the amendment.

Coun. NORTON—I am talking on the amendment, Mr. President. Even the reductions asked for by Councilor Curtis are not enough, not nearly enough. They ought to be increased at least a million more. We are appropriating in this budget money for favored contractors, providing money for wasteful expenditures through the Supply Department of the City of Boston. This is the one time, Mr. President, when those interested in the people of Boston, the rent and tax payers, have the opportunity to render distinct service. The issue here this afternoon is clear. We either stand with the Mayor with the favored contractors and the favored sellers, or we stand on the side of the people of Boston. (Applause in the galleries.)

President McGRATH—The Chair would state that those in the gallery are our guests and are very welcome here; but the rules of the City Council allow demonstrations of no character, and we will appreciate it if the guests stay within the rules of this body. The question now comes on the amendment offered by Councilor Curtis.

Coun. Curtis' amendment was rejected by roll call, yeas—Coun. Curtis—1, nays 20.

The question came on the amendment offered by Coun. Murray and Coun. Ruby.

Coun. BURKE moved as a further amendment that all printing and binding items in the County budget be reduced 99 per cent.

Coun. Burke's amendment was declared lost. Coun. BURKE doubted the vote, and the clerk was directed to call the roll.

Coun. BURKE—Mr. President.

President McGRATH—No discussion is now in order, while we are solving the doubt. The clerk will call the roll.

Coun. BURKE—Mr. President.

President McGRATH—Councilor Burke doubted the vote, and we are now solving the doubt.

Coun. BURKE—Mr. President, don't I have the privilege of talking on the amendment?

President McGRATH—No; the question before the house now is on solving the doubt. The Chair has ruled that the amendment was lost. Councilor Burke doubts the vote, and the clerk will now call the roll.

Coun. Burke's amendment was rejected, yeas—Coun. Burke—1, nays 21.

President McGRATH—The question now comes on the amendment offered by Councilors Murray and Ruby.

Coun. NORTON—Mr. President, I rise to a point of information. I would ask whether or not, in the opinion of the City Clerk, this body has any authority at this time to pass on this matter.

President McGRATH—The City Clerk has no opinion to render on this particular question.

Coun. NORTON—Mr. President, I want to protect the Printing Plant. I want to know whether if we pass this amendment it is law.

Coun. RUBY—Mr. President, I merely wish to say to the two councilors on my right, with all due deference to their sincerity, that if they are interested in the Printing Plant they will vote for Councilors Murray's and Ruby's amendment without further debate. This has been offered after consulting those who are the best authorities in the city, in my opinion.

Coun. BURKE—Mr. President, that may be good advice, but I did not seek the advice of the councilor from Ward 14 (Coun. Ruby) in this matter. I say this, and I say it without fear of contradiction. If they want the City Printing Plant to get the advantage of the money we appropriate here they should vote, in accordance with the order I offered, to reduce the Suffolk County printing and binding items by 99 per cent. Otherwise, those county officers will go ahead and incur bills outside, and our financial officers will have to provide the money. I am basing my opinion on a statement made by an official who, I believe, knows whether or not such a thing can be done. I want to reiterate that it is possible for the Council to reduce the item, either in whole or *pro tanto*, and if they do so, it will then be impossible for the officials of these departments to give the work to anybody else but the City Printing Plant. But if you do not do this in the way I have suggested, these officials can go ahead and give the business to these outside chiseling printers who do not do the business themselves at all; and our City Printing Plant will not get the work. If you want to help the men at the City Printing Department, vote to reduce this amount by 99 per cent, and then only one per cent can go to these outside chiseling printers. The advice given by the gentleman from Ward 14 (Coun. Ruby) might be good advice under some circumstances; but, as the gentleman from Ward 18 (Coun. Norton) has said, this is our crucial day, and what we do today will govern the money-spending policy for the rest of the year. So I think if some such action as I have suggested here is not taken, our City Printing and Binding Department will be plumb out of luck.

Coun. RUBY—Mr. President, my experience as a member of this body has at least convinced me that it is well for us at all times to be informed on certain matters. When I think it is helping out in a situation I am always willing to take advice from other members of the body. But I say this, and I think without fear of contradiction, that this budget as submitted by the departments affected and in the reduced form in which it appears before us at the present time is a legitimate budget and 100 per cent honest. Let me say also that I am at a loss to understand, acting here in my humble capacity, how any public official can spend \$20,000 if that item is not provided for. If every bit of this

budget is cut to the core, and an item of \$20,000 is left out, I am at a loss to understand how any county officials are to spend that \$20,000 until further action is taken. They may seek to resort to the Contingent Fund that the Mayor of Boston has, but I can say this—and I believe again without fear of contradiction—that the Mayor of Boston is in hearty accord with the amendment offered by Councilor Murray and myself, and feels—although I have no authority to speak for him—that those county officials should have their printing done at the City of Boston Printing Plant. And so, if we cut out this particular item, unless the Mayor finds it for them, I don't know where they can get it, unless they take it out of other items in their own budget.

Coun. ROBERTS—Mr. President, I would like to say for the benefit of the Council that I understand, through the Budget Commissioner, that about half of the money for printing has already been expended.

Coun. CURTIS—Mr. President, as half the money has been spent, it seems to me that we will only be causing confusion if we do not pass certain items. I also understand that it is not in our power to say to county officials how they shall run their departments. So I shall vote against the amendment.

Coun. BURKE—Mr. President, I am sorry that the other councilors here do not see this proposition the way I see it. However, I am honest in presenting my arguments here, and what I have said has been said after due consideration and after getting the best advice and opinion I could obtain. I feel very sure that the only action we can take which would look towards having this money spent in the City Printing Plant is the action I have suggested. The only way in which we can prevent it being spent outside is to refuse to give them this money. But if they secure the money, if they get it for their use, I am certain that they will give it to outside printers, and that our City Printing Plant will not get the business at all. So I believe we should take it away in its entirety until they make up their minds that they will spend the money as we believe it should be spent—at our City Printing Plant for the benefit of employees of the City of Boston. We all know that any income that the City Printing Plant gets helps to pay the bills of the city, through the revenue that comes into the city treasury. If we vote to give the money, however, the Printing Plant will not get the money anyway, but if we vote to take away for the present 99 per cent of it, not more than one per cent, anyway, will be spent on outside chiseling printers. I am going to ask the chairman of the Appropriations Committee if the officials of these departments were not asked whether they would use that money in our City Printing Department, and what their answer was. I hope he will answer that question.

Coun. ROBERTS—Mr. President, as I recall it—we have the official notes of the proceedings, but as I recall it—we received various answers from the heads of the departments. Some promised to give some of their work to the City of Boston, and one or two were frank enough to say that they wouldn't give any of it. I believe the Clerk of the Superior Criminal Court said he would give consideration to the matter of giving the City Printing Plant some business, whereas the Clerk of the Superior Civil Court said he wouldn't give any business to them because they didn't do satisfactory work. That was the answer at least from those two officials of Suffolk County.

Coun. COX—Mr. President, I wonder if any of the members of the Council besides myself would be interested to know whether the City Printing Plant ever did any of the court work, and, if so, for how long, and why it was taken away from the Printing Plant?

Coun. MURRAY—Mr. President, I might say that the department heads of the county, and also the head of our Printing Department, said that much of this work had always been done by the Plant; that our Printing Plant did the work of the Superior Criminal Court until the last two years, when it was taken away. It was shown in the records, by testimonials from different quarters, that the Printing Department has done work of the very highest and finest type, not only for city and county departments, but also for outside people; and there were introduced into our records recommendations of different people, expressing their satisfaction with the work done by the Plant at different times, and saying that the work compared more than favorably with work done by outside concerns. I would also say that we are not asking to take money away from them, that we simply want the matter laid on the table, until we can see if they will agree to give a square deal to the 125 men employed in our Printing Plant.

The amendment offered earlier in the session by Coun. Murray and Coun. Ruby, to lay on the table the B-1 and D-1 items in the Superior Civil Court, Civil Session, Clerk's Office, in the Superior Court, Criminal Session, Clerk's Office, in the Probate Court and in the Registry of Deeds, prevailed, yeas 21; nays—Coun. Curtis—1.

While the roll call was in progress, Coun. BURKE said:

Mr. President, I desire to say why I am going to vote "Yes" on this amendment—

President McGRATH—The gentleman is out

of order. There can be no interruption to a roll call. The question next comes on Councilor Kelly's amendment.

Coun. Kelly's amendment was rejected, yeas—Coun. Fish, Kelly—2; nays 20.

President McGRATH—The question next comes on Councilor Hein's amendment to reduce A-1 item for Institutions Department by \$4,500.

Coun. DOWD—Mr. President, I cannot allow myself to vote to reduce any personnel item.

Coun. HEIN—Mr. President, this is just the commissioner's salary, only.

Coun. Hein's amendment was rejected, yeas—Coun. Hein—1; nays 21.

President McGRATH—The question next comes on Councilor Norton's order that the Council consider the matter of returning the 1933 budget to the Mayor of Boston with the request that he cut \$1,000,000 more from it. The clerk will call the roll.

Coun. Norton's order was rejected, yeas 5, nays 17:

Yeas—Coun. Curtis, Dowd, Fish, Kelly, Norton—5.

Nays—Coun. Barker, Brackman, Burke, Cox, Donovan, Englert, Fitzgerald, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—17.

President McGRATH—The question now comes on the amendment offered by Councilor Dowd.

Coun. Dowd's amendment was rejected, yeas 4, nays 18:

Yeas—Coun. Dowd, Fish, Kelly, Norton—4.

Nays—Coun. Barker, Brackman, Burke, Cox, Curtis, Donovan, Englert, Fitzgerald, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—18.

President McGRATH—The question now comes on the passage of the budget as amended, and the clerk will call the roll.

Coun. KELLY—Mr. President, do I understand now that our vote includes the county and city budgets?

President McGRATH—The total budget, for city and county.

Coun. KELLY—Mr. President, may I ask, first of all, that they be segregated, that we vote separately on the county budget and the city budget? I think certain members perhaps feel that the county budget is down to rock bottom and are ready to vote for the county budget, but will refuse to vote for the city budget.

President McGRATH—We will vote first on the city budget.

Coun. KELLY—Mr. President, I desire to speak very briefly on the city budget. I realize that it is really a waste of time for the clerk to even call the roll, that the result will be eighteen in favor and four against. I am pretty sure that that will be the vote. In fact, if anyone thinks otherwise, I am willing to lay a little wager on it, because I know what has been going on. The boys were called into the Mayor's office this morning and given a pat on the back and told to go into the Council Chamber like good little boys this afternoon and vote "Yes" on this budget, so that the Mayor can go away Thursday on another one of his little traveling jaunts, I understand this time to Europe. The gentleman spends more time outside the City of Boston than inside the city, but he simply requests the boys to give their whole time to the city to vote "Yes" on this matter. So there is going to be a nice class here of eighteen obedient boys, voting with the grafting Mayor, and there will simply be the four real friends of the taxpayers who will be against this budget, realizing that it can be reduced two and one half to three millions more, a reduction very much in the interest of the rentpayers and taxpayers of this city.

Coun. BRACKMAN—Mr. President, if the colleague includes himself in that four, I say, God help the City of Boston.

Coun. BURKE—Mr. President, I would like to ask the gentleman from Ward 15 if he was called in this morning.

Coun. CURTIS—Mr. President, I rise to a point of order. The gentleman is not speaking to the question before the house.

Coun. BURKE—Mr. President, I think I have a right to ask that question.

President McGRATH—It is the prerogative of members of the Council to ask questions and of other members to refuse to answer them.

The city budget was passed, yeas 19, nays 3:

Yeas—Coun. Barker, Brackman, Burke, Cox, Curtis, Donovan, Englert, Fish, Fitzgerald, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—19.

Nays—Coun. Dowd, Kelly, Norton—3.

Coun. KELLY—Mr. President, I simply want to say that I came pretty close, very close!

Coun. COX—Mr. President, in view of the inaccuracy of the statement to the councilor from Dorchester (Coun. Kelly) previous to the vote just taken, I ask that his remarks be stricken from the record. (Laughter.)

President McGRATH—The gentleman is out of order. The question comes on the passage of the county budget as amended.

Coun. DOWD—Mr. President, I am going to vote against the county budget—not on account of the money involved, but because of the fact that practically every county department, with the exception of one, is infested with nonresidents of Boston or Suffolk County. Until such time as I

can see that Boston or Suffolk County residents are employed there, I absolutely refuse to vote for the appropriation.

Coun. BURKE—Mr. President, while I shall vote, under the circumstances, for the Suffolk County budget, I do wish to state as a matter of record, that I do not favor the passage of the printing items, at least in the manner prescribed.

President McGRATH—The question is on the passage of the county budget as amended.

The county budget as amended was passed, yeas 19, nays 3:

Yeas—Coun. Barker, Brackman, Burke, Cox, Curtis, Donovan, Englert, Fish, Fitzgerald, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—19.

Nays—Coun. Dowd, Kelly, Norton—3.

RECESS.

The Council voted, on motion of Coun. ROBERTS, at 4.30 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President McGRATH at 4.55 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER for the Executive Committee submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Florence I. Hamilton, Adams American Legion Hall, June 18,—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

2. Report on petition of William R. Welch (referred June 5) for permit for Sunday sports at Lincoln Park,—recommending that same be granted.

Report accepted; permit granted on usual conditions.

3. Report on message of Mayor and order (referred today) accepting bequest of Samuel Gross Davis to City of Boston,—recommending that order be passed.

Report accepted; said order passed.

4. Report on message of Mayor and order (referred today) appropriating \$14,000, to be expended by Municipal Employment Bureau,—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. BURKE—Mr. President, I have consistently voted against that appropriation, primarily because of the fact that there is one married woman who is working at the Municipal Employment Bureau, whose husband is actively engaged in the employ of the city. I feel that, because of that fact, this order should not be passed. I find upon investigation that all the personnel of the department have the same idea in this respect that I do, that no married woman whose husband is capable of supporting her should be employed in the department. Although I am not condoning the fact that the Mayor keeps the married woman in that employment, I cannot, however, make others suffer. I am, therefore, going to vote for the order, so that no innocent person in the employ of the bureau will lose employment.

Coun. ROBERTS—Mr. President, I move to amend the order of reducing the amount from \$14,000 to \$5,000.

Coun. Roberts' amendment was rejected, yeas 6, nays 16:

Yeas—Coun. Cox, Curtis, Dowd, Fish, Norton, Roberts—6.

Nays—Coun. Barker, Brackman, Burke, Donovan, Englert, Fitzgerald, Gallagher, Gleason, Green, Hein, Kelly, Lynch, McGrath, Murray, Power, Ruby—16.

The question came on the passage of the order.

Coun. DOWD—Mr. President, I am rather surprised at any councilor, particularly the councilor from Dorchester (Coun. Burke), who for some time has been placing orders in this Council requesting the Mayor of Boston to discharge married women from employment where their husbands are employed as fireman or others by the city—should state on the floor of this Council that nevertheless he intends to vote for this order, because he does not desire to see anybody suffer through lack of employment. I want to say to you, Mr. President and members of the Council that neither does anybody else desire to see any person out of employment, but whenever we have a situation such as we see in this employment bureau in that respect, I say that you have to take your stand one way or the other. There is no need of ducking or dodging. I admire a man who stands up in this Council and votes the way he thinks he should vote, whether I agree with him or not, but when we see the wishy-washy man come in one week against a thing, and come in the next week trying to apologize for his vote, I say that there must be some ulterior motive behind it. I heard Mr. Manning say within ten days that the type of help he got was not up to the standard he desired. This bill has been rejected two different times by the Council. I wonder what they are trying to do, with the Council—make it a laughing stock? I understand that the last time we stopped it all they had to do was to put in a hill later, and I suppose that that is what

they will do now, collect for the past two weeks. The action of the Mayor will be considered as making it retroactive, although I feel that if this should be passed today such action would be illegal. But I have stated my views on this matter consistently, and am not changing my mind at the present time. I have stated that under no circumstances shall I help out nonresidents. We were told the other day of a gentleman living in Milton, and also there is this married woman whose husband is a fireman in the employ of the city. I am not going to allow myself to vote one cent additional to the employment office, under the circumstances.

Coun. BURKE—Mr. President, I thought I made my position clear. I went to the Mayor of Boston and asked him to dispense with the services of this employee of the Municipal Employment Bureau, whose husband was also working for the City of Boston. But the Mayor, using his prerogative, refused to discharge the employee. I have, however, had numbers of men and women working for the Municipal Employment Bureau come and tell me that, because of the fact that the appropriation has not been passed, they have been forced to borrow money or go without money to buy food for their families. I believe in principle, and I have not deviated one iota from the principle I expounded when I said I did not believe that married women whose husbands are gainfully employed by the city should themselves also be employed by the city. I believe that is an injustice. But when I saw these poor unfortunate persons employed by the city forced to go without pay because this married woman was working there, I felt—while not condoning the act of the Mayor in allowing the woman to stay there—that it would be an act of justice to change my vote so that those unfortunate people employed there might receive their salaries. I am still opposed to the employment by the city of married women when their husbands are also employed by the city and are able to support them. I cannot, however, let an attitudinal of blood affect this situation, allowing innocent people to suffer because the Mayor of Boston is keeping such people on the job.

Coun. CURTIS—Mr. President, I believe, under present conditions of employment, that this bureau has ceased to serve any useful purpose and should be done away with. I feel that it is not proper for us to vote any more money to it. I do hope that those people can be used in some other department of the city, if possible. But it does seem to me time to close that bureau as now conducted.

Coun. BRACKMAN—Mr. President, I think this is not a time for us to close this bureau. I believe we ought to try to keep the department alive and give to it at the present time every assistance in fulfilling its functions.

Coun. NORTON—Mr. President, it is not my purpose to take a job away from anybody, but the fact is that the work of this department has been negative. For that reason, it seems to me it might be desirable to eliminate this expense. We have on this side heavy expenses of the City of Boston in connection with people whom we are trying to feed, and on that side a huge pay roll.

The order was passed, yeas 16, nays 6:

Yeas—Coun. Barker, Brackman, Burke, Cox, Donovan, Englert, Fitzgerald, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Ruby—16.

Nays—Coun. Curtis, Dowd, Fish, Kelly, Norton, Roberts—6.

5. Report on message of Mayor and order (referred today) appropriating \$7,500 for ice in public drinking fountains,—recommending that same be passed.

Report accepted; said order passed, yeas 22, nays 0.

6. Report on message of Mayor and order (referred today) appropriating \$5,000 for transporting of children on Randize Fund excursions,—recommending that order be passed.

Report accepted; said order passed, yeas 22, nays 0.

7. Report on message of Mayor and order (referred March 20) appropriating \$10,000 for relocation and restoration of Dillaway House,—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. NORTON—Mr. President, I know it is useless to oppose this order, but it does seem to me at this time, when so many demands are being made upon us to relieve the poor people and the taxpayers of this city, we should not spend \$10,000 on the Dillaway House, even if it is the laudable and patriotic intention to repair this historic eighteenth century place. We simply have not the money to do it this year, Mr. President.

Coun. COX—Mr. President, it is surprising to me to hear the remarks just made by the councilor from Ward 18, to the effect that we have not got the \$10,000 available to put in condition the old, historic Dillaway House. It is especially surprising to me, Mr. President, because my mind goes back to a perfectly good lease that the City of Boston held, and the councilor who has just spoken advocated the reduction of that lease by some \$11,000. It seems strange that we haven't the money to preserve this historical place, and yet we have sufficient money so that we can reduce a lease that the city has made with other parties, and that has some few years to run.

Coun. NORTON—Mr. President, these analogies drawn by some of the boys are very far apart from the actual facts.

Coun. KELLY—Mr. President, I rise to a point of order. I object to the word "boys." That word should not be used when applied to the speaker who spoke before the last speaker!

President McGRATH—The point of order is not well taken.

Coun. NORTON—Mr. President, just a word for purposes of the record. The day is hot, so I will take but a second. But the record lives on. I favored the \$11,000 decrease in the Quincy Market rentals for an organization that was practically bankrupt, a corporation made up of Boston concerns in the market district, which could not afford to pay the rent due under the city lease, when also the city itself on the first floor had allowed a decrease of 30 per cent to other tenants, and these persons upstairs a year later asked for a smaller decrease in rent; and when our own Corporation Counsel, representing the City of Boston, tentatively agreed that those tenants could not afford to pay the stipulated sum and recommended to city officials a decrease in the rents in question. Is that favoritism? Is that the same as favoring some contractor who is taking from the City of Boston money that should not be taken? The gentleman on the left (Coun. Cox), referring to that incident, ties it up with this proposed expenditure of \$10,000, an expenditure which is absolutely unnecessary this year, in an irrelevant way. Ten thousand dollars to fix up an old house in Roxbury compared with an attempt to relieve to a certain extent worthy tenants of ours under lease the terms of which they could not afford to meet!

The report was accepted and the order passed, yeas 19; nays—Coun. Curtis, Kelly, Norton—3.

SOLDIERS' RELIEF.

Coun. NORTON, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in City of Boston for month of June, 1933.

Report accepted; said order passed under suspension of the rule.

FINANCE COMMITTEE REPORT.

Coun. DOWD, for the Committee on Finance, submitted the following:

1. Report on order (referred February 6) for a loan of \$500,000 to be expended by Commissioner of Public Works for reconstruction of streets,—recommending that said order pass.

The report was accepted and the question came on the passage of the order.

Coun. NORTON—Mr. President, \$500,000 to repair the streets of Boston?

Coun. DOWD—That is correct.

Coun. NORTON—I would ask if there has been any stipulation whatsoever looking to the protection of the taxpayers against the so-called favored contractors?

Coun. DOWD—Mr. President, I might advise the councilor that the Council has no jurisdiction in that matter. Once we appropriate the money, it then becomes an executive matter, with which we have nothing to do whatsoever.

Coun. NORTON—Mr. President, I understand that technically we have nothing to do with the matter, aside from the appropriation of the money, but I wondered whether or not, as a result of months and months of battering away at these favored contractors, some understanding might have been arrived at with the Mayor this year. When we spend \$100,000 on a roadway, the work can be done by fifteen men. That was demonstrated by Frederick Stewart Greene, who was the road builder for Pershing in France and later for Alfred E. Smith in New York. So it can hardly be argued that you are putting any number of men at work when you are spending hundreds of thousands of dollars in that way and ostensibly for that purpose.

Coun. RUBY—Mr. President, can the councilor from Ward 18 (Coun. Norton) suggest any other, better or fairer way of advertising for contracts on this kind of work than the method that is being employed by the Mayor and the different departments of the City of Boston?

Coun. NORTON—Mr. President, if you will go 400 yards up the hill you will find that the state, laying out five times the amount of roadway under contract than is being laid out through City Hall, is having the work done much more cheaply and efficiently. That is all I have to say—just go up here to the State Public Works Department and see what they are doing. I simply suggest this, furthermore,—eliminate Singarella and Tomasello.

Coun. RUBY—That is not the question.

Coun. NORTON—Well, we will not argue that point. I will drop that particular phase of it. Perhaps it has been unfair for me to even mention it. But I do think that I am answering fairly the question of the councilor when he asks for any recommendation or suggestion on my part, when I in turn ask this question,—Why is it that in the building of roads carried on 400 yards up the

street here, at the State House, where much more road building is done than is done in this city, and more cheaply and efficiently done, the names of the contractors there employed are never found in connection with Boston City Hall contracts? Why is it?

Coun. RUBY—Has the gentleman finished?

Coun. NORTON—No, I am still answering the question, and I will be through in just thirty seconds. Mr. President, we can eliminate much of this \$500,000, which is simply going to favored contractors, by taking men on our welfare and having them build streets, especially in cases where it is a simple matter of putting on a bituminous surface. There are no doubt many men on welfare who have been engineers, men who are familiar with the kind of work that would be required, and who could be used in that way, for their own benefit and for the benefit of the city. I understand that that is not a complicated technical problem.

Coun. CURTIS—Mr. President, it seems to me with the prospect we have of getting money and materials from the Federal government, with the possibility that the City of Boston may want to recruit some sort of a working army, as is being done by the Federal government, with the anticipated ways of offering work to men on the welfare list and gradually solving that difficult problem in the future, it is improper to vote half a million dollars at this time for this purpose. I believe this work can be accomplished in some other way that will be better for the city. Incidentally, this means voting under a loan order for something that is not a capital improvement—reconstruction of streets. If it is possible to get Federal money for this purpose, and also to use welfare work, I certainly think, until we find out what the possibilities are, we should not act hastily. I would, therefore, favor laying this matter on the table, not voting upon it today.

Coun. MURRAY—Mr. President, is it not a fact that the men working on these contracts are supposed to receive 50 cents an hour?

Coun. DOWD—Mr. President, the Mayor of Boston states that under these contracts 50 cents an hour will be paid. We have had several hearings on this half million dollar proposition. Mr. Rourke says that he will not allow welfare men to build the roads, that if he did we would be paying 100 per cent more than is being paid to the contractors. He stated specifically, in regard to all contractors who have been working for the last year, that thirty-two out of thirty-three were the lowest bidders, and he contends, and rightly so, that after all the city is only interested in having the contractor who is the lowest bidder to do the work. He showed me that the lowest bidder has been awarded the job, so far as the record is concerned, in the last two years.

Coun. NORTON—Mr. President, I was rather astounded at hearing a statement that was made by the head of the Public Works Department. He stated to the committee—and please correct me if I am wrong—that, so far as he was concerned, he did not consider that the welfare men were proper men to build roads. I would like to present to him data from departments all over the United States showing where welfare men have built roads and have done it in a proper way, men who would otherwise be on soldiers' relief, for example. So, while he argues that these men are not proper men to do it, the fact remains that that has been done in other parts of the country. I would also say that the engineer of the Finance Commission has drawn to our attention the manner in which a road was being built in West Roxbury, costing the City of Boston over \$2 a square yard, when alongside of it a road was being built by the Commonwealth for under 70 cents a square yard. It does seem that something is wrong. In view of the favoritism that has been shown on city contracts, particularly in the matter of building streets, I feel that at this time we should go slow.

Coun. COX—Mr. President, I think a word should be said in support of the Public Works Commissioner, who is not here, lest there be some misapprehension of what the Public Works Commissioner has actually said in regard to the use of welfare workers on the streets. The Public Works Commissioner does not say that the public welfare workers cannot build streets, but he sets up the claim that the cost of so building the streets is prohibitive; that he could build three miles of streets under ordinary contracting conditions for the cost of one mile of street done by work of the welfare men. Another thing, when half a million dollars is mentioned for reconstruction work on the streets of the City of Boston, the impression would be given to us that it is a lot of money. It is not a lot of money.

The ordinary residential street will cost \$50,000. So half a million will build only ten ordinary residential streets. It is not an excessive amount of money. It has been my policy to defend every measure that came in here in the line of street construction. I am particularly interested because of my own district. When I took office we had 306 unaccepted streets in Ward 20. We have in that ward over 80 miles of streets, as many miles as there are in the city of Springfield. Under the policy followed by the city in past years of making an appropriation of \$500,000 yearly for new streets, covering the entire City of Boston, it would take at least forty or fifty years before the streets of my district would finally be accepted. In addition to that, if a residential street is not accepted by the city they will not keep it clear in the winter. The councilor from Hyde Park

(Coun. Norton) when he first came into this body agreed with me in this matter, having in mind the great number of unaccepted streets in his district. I am not, of course, attempting to dictate his policy, but I feel that, in justice to his people, he should support every measure that comes before this Council looking to better streets. It is all very well for the councilor from the Back Bay to get up and say we can set this aside, because we have been building up the Back Bay streets for as many years as I can remember. But in my district, and in the district of the councilor from Hyde Park, as well as in other sections of Boston, this is a real problem. You cannot expect to ask people to pay taxes unless you give them proper streets, and you cannot build streets without money—and you cannot build them with welfare labor at as low a cost as you can build them through general contractors. I was interested to hear the councilor from Hyde Park refer to "up the street," and I presume that by "up the street" he means the State House. In regard to the contracts let at the State House, it is an odd thing that only the day before yesterday I was told that a contract was let by the state to a contractor somewhere in Worcester county, that he failed up, and that the thing has been thrown back on the bond. It has been generally recognized during all this administration that we have built better streets than have ever been built in Boston before, and at a less cost than has ever before prevailed in Boston.

Coun. HEIN—Mr. President, I move the previous question.

The main question was ordered.

Coun. CURTIS—Mr. President, I would ask unanimous consent to make a very brief statement.

President McGRATH—If there is no objection, the gentleman may proceed.

Coun. CURTIS—Mr. President, in answer to the last speaker I would say that my remarks were made notwithstanding the fact that one of the streets which it is proposed to reconstruct is Bay State road, in the ward I represent, a street which needs reconstruction as badly as any street in the city.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement.

President McGRATH—Councilor Kelly asks unanimous consent. Is there objection?

Coun. HEIN—Yes, Mr. President.

Coun. KELLY—Mr. President, I don't know why the "p. q." man should object. Five hundred thousand dollars is a lot of money, and yet we are not allowed to talk.

President McGRATH—Well, we are simply following the rules of the Council. The question is on the passage of the order.

The order was given its first reading and passage, yeas 19, nays 3.

Yeas—Coun. Parker, Brackman, Burke, Cox, Donovan, Dowd, Englert, Fish, Fitzgerald, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Ruby—19.

Nays—Coun. Curtis, Kelly, Norton—3.

CONFIRMATION APPOINTMENTS.

President McGRATH called up, under unfinished business, No. 4 on the calendar, in which the following names have been approved by the Committee on Constables:

Bernard J. McDonald, Jack Myerson, Joseph Dinubille, George Manolian and Pearley R. Gyger.

Coun. DONOVAN also called up No. 2 on the calendar, viz:

Action on appointment submitted by the Mayor, May 8, 1933, of John E. Shealey, to be a Constable.

The President also called up No. 5 on the calendar, viz:

5. Action on appointments submitted by the Mayor June 5, 1933, of Levering Reynolds, Warren Silva, James L. Maher and Ida F. Walsh, to be Weighers of Coal; and Chester Cummings, to be a Weigher of Goods.

The question came on confirmation of the above appointments. Committee, Coun. Gallagher and Green. Whole number of ballots 17, yeas 17, and the appointments were confirmed.

PATROLLING OF SOUTH BOSTON BEACHES.

Coun. DONOVAN and Coun. LYNCH offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to place two motor boats in service to patrol the unguarded sections of the South Boston beaches, namely, from Carson Beach to the women's bath house at L street, and from the boys' bath house at L street to the Yacht Club.

Coun. DONOVAN—Mr. President, there has been a lot of talk today in regard to saving money. I think it is proper that we should give some thought to the saving of lives. In the past years it has been customary to appoint 100 deserving young men to serve as lifeguards on the beaches of Boston, but in the interest of economy only twenty-nine are going to work this summer. Over in South Boston, among other resorts, we have Strandway Beach. Thousands of people use that stretch of beach every day in the summer season for bathing purposes, and I believe there should be some one there to guard and protect the lives

of those bathers. I realize that it is quite a stretch to patrol, and I think if motor boat service were put on there it would result in saving many lives. Last year six people lost their lives over there by drowning, and I believe this protection is a duty that is owed to our fellow citizens who are paying taxes. This is a joint order, introduced by Coun. Lynch and myself.

The order was passed under suspension of the rule.

ARC LIGHT ON GRAMPIAN WAY.

President McGRATH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an electric arc lamp on Gramplan way, Ward 13, at about number one hundred ten, opposite the city park.

Passed under suspension of the rule.

CLEANING OF WEST END STREETS.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to place four additional so-called "hokey pokey" carts in the West End, for the purpose of giving more efficient service in the cleaning of the streets.

Passed under suspension of the rule.

STREET WATERING CARTS.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to place in operation the street watering carts in the North, West and South End sections of Boston, for the purpose of flushing the streets.

Passed under suspension of the rule.

PATRIOTIC EXERCISES, CHARLESTOWN PUBLIC SCHOOLS.

Coun. GREEN offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to direct that patriotic exercises be held in the Charlestown public schools prior to the seventeenth of June, and on each succeeding year at the same time, and that at such exercises the orations of Daniel Webster at the laying of the corner stone of Bunker Hill Monument on June 17, 1825, and at the dedication of said Bunker Hill Monument on June 17, 1843, be read to the assembled pupils.

Passed under suspension of the rule.

REOPENING OF SCHOOL YARDS.

Coun. BARKER offered the following:

Ordered, That the Superintendent of Schools be requested, through his Honor the Mayor, to reopen for the summer months as playgrounds to be used as play spaces for children of school age, the school yards throughout Boston that have recently been ordered closed.

Passed under suspension of the rule.

ACCEPTANCE OF FOREST HILLS CIRCLE.

Coun. ENGLERT offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Forest Hills Circle, Ward 11, as a public highway.

Passed under suspension of the rule.

SIDEWALK ON COBDEN STREET.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Cobden street, full length, both sides, Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

LEAVE FOR VETERAN DELEGATES.

Coun. RUBY offered the following:

Ordered, That his Honor the Mayor be requested to allow time off, without loss of pay, to all employees of the city who are delegates to the State Encampment of the Veterans of Foreign Wars of the United States at Greenfield on June 23, 24 and 25.

Passed under suspension of the rule.

NUMBER OF MATRONS AT BATHING BEACHES.

Coun. FISH offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to increase the number of matrons at the various bathing beaches throughout the city.
Passed under suspension of the rule.

NUMBER OF LIFEGUARDS AT BEACHES.

Coun. FISH offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to increase the number of lifeguards at the various beaches throughout the city.
Passed under suspension of the rule.

RAFT AT COULTER'S BEACH.

Coun. FISH offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to install a raft at Coulter's Beach, Ward 16.
Passed under suspension of the rule.

QUESTION OF PRIVILEGE.

Coun. KELLY—Mr. President, I am going to ask unanimous consent to make a statement.
President McGRATH—If there is no objection, the gentleman may proceed.

Coun. KELLY—I am sorry that some of the councilors are in a hurry but, as we sit here only one afternoon in the week, I feel that it is not too much to expect of elected officials to have them sit here and listen at times to the views of other elected officials. They should certainly be willing to accord to any elected official an opportunity to express his views, especially when they relate to half a million dollars which is to be paid out of the taxpayers' money. A few minutes ago I was refused that permission. I don't know whether it was purposely done, or why the particular councilor who objected to my speaking did not wish to have me express my views on expenditures involving \$500,000, because I know that I never interrupted anybody else who wanted unanimous consent to make a statement. I simply want to say now, concerning my vote on that loan order, that I do not feel that this is the proper time to burden the taxpayers of Boston with a loan of half a million dollars—not, as previous speakers would have you believe, for the repair of suburban streets, but for the repair of streets in the downtown district, particularly when for the most part the expense must be borne by the poor property owner in every part of the City of Boston. We have people in Boston who are starving and whose homes are being taken away, and still, today, with the vote of our Council—thank God, not my vote—another half million burden has been placed upon them. The way that things have been going along here today is mighty funny. The Council has pushed through a budget involving over \$30,000,000 because the Mayor called the boys in and told them to do it; and that half million order went through because the Mayor sent out his emissaries and said he wished it, so that before he gets away he will be able to see that it is given to pet contractors. I was glad to see that two other councilors stood up and were counted today on that matter of such extreme importance to the people. The people today don't want better downtown streets. People on welfare have told me, "Let the streets alone; give my family enough to eat, enough to exist on." The people of Dorchester, whether they own a car or not, say, "Let the intown streets alone; let us have the taxes reduced, so that rents may be brought down, so that I may have money enough to meet the interest on my mortgage." And so I say for the record—and the records will live long on this particular vote today—that I am glad to be one of the three who remained loyal to the people today on this particular loan order, the same as on the budget. I am very glad to have voted against this half million expenditure to pet contractors.

LEASE OF PREMISES TO DORCHESTER POST 499.

Coun. BURKE offered the following:
Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to make available for lease to Dorchester Post 499, Veterans of Foreign Wars of the United States, as a post headquarters, the present Convalescent Home on Dorchester avenue.
Coun. FISH—Mr. President, I don't see my way clear to vote for the order. I wonder that my colleague wants to abolish the only convalescent hospital in the City of Boston?
Coun. BURKE—Mr. President, I don't want to abolish the convalescent hospital. The Mayor of Boston feels that it should be abolished, and if it is abolished I believe that this order is in order. The order was referred to the Executive Committee.

Adjourned, on motion of Coun. HEIN, at 5.40 p. m., to meet on Monday, June 26, 1933, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

PSYCHOLOGIST, DEPARTMENT OF MENTAL DISEASES, JULY 29, 1933.

Last day for filing applications, Wednesday, July 19, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both male and female.)

There are two vacancies, one at the Worcester State Hospital, and one in the Habit Clinics of Investigation of Mental Diseases and Defects.

The position at the Worcester State Hospital is for full-time service. The entrance salary is \$1,140 a year with maintenance; the maximum salary is \$1,620 a year with maintenance.

The position in the Habit Clinics is for part-time service. The salary is \$1,500 a year for full-time service. The position to be filled at present is for three days a week and pays \$690 a year.

Duties at Worcester State Hospital: Administration and interpretation of standard language and performance tests of intelligence; administration and interpretation of special tests. Experience in statistical work is desirable.

Duties in Habit Clinics: To administer psychological tests specially prepared for the testing of young children; to bring to the position new ideas on children along this line from other clinics and research laboratories. Applicants must be specially trained in clinical work with children.

Entrance Requirements: College education with either a B. S. or a B. A. degree, and two or more years' experience in the field of psychometric testing and in the field of clinical psychology is required.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

CHIEF RADIO OPERATOR AND REPAIRMAN, SOMERVILLE ELECTRIC LINES AND LIGHTS DEPARTMENT, JULY 29, 1933.

Last day for filing applications Wednesday, July 19, 1933, at 5 p. m.

The salary is \$42 a week. This examination is open to all citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application, and who have the necessary requirements as given below.

Duties: To take charge of operating, testing and repairing at the Police Radio Station; also to test and make repairs on all receiving sets, D. C. and A. C., storage batteries and "B" battery eliminators.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have at least five years' experience as licensed commercial operator and repairman and must possess a first-class license as radio operator issued by the Federal Radio Commission.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

LABORATORY TECHNICIAN, BOSTON CITY HOSPITAL, JULY 19, 1933.

(To do metabolism tests and work as X-ray technician.)

Last date for filing applications, Monday, July 10, 1933, at 5 p. m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$18.22 a week.

Duties: Urinalysis; blood pathology, including white count, red count, hemoglobin, smears; Graham staining; metabolism tests. Knowledge of X-ray is most important.

Subjects and Weights: Training and experience, 4; practical questions on laboratory work, 3; practical questions on X-ray work, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, JULY 19, 1933.

Last date for filing applications, Monday, July 10, 1933, at 5 p. m.

Requisition is for a male, but the examination is open to both males and females.

Salary: \$29 a week.

Duties: To act as a proofreader's assistant. The copyholder is required to notice irregularities in the manuscript such as spelling, punctuation, etc., and after galleys are corrected to revise them and to be familiar with proofreaders' marks in order to intelligently revise corrections.

Entrance Requirement: Applicants must have at least one year's experience as a copyholder.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

SENIOR ACCOUNTANT, BOSTON PARK DEPARTMENT, AUGUST 1, 1933.

Last date for filing applications, Saturday, July 22, 1933, at 12 m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$1,600 a year.

Duties: Accounting work.

Entrance Requirements: Applicants must be graduates of a standard high school, or have equivalent education, and have either one year of experience in work involving accounting and auditing or three years' attendance at a school of accounting.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 5, 1933.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8.15 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

AMENDMENT AND APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion the minutes of a previous meeting were amended as follows:

April 17, 1933, on page 52, in the order which established the summer review schools for the current term, strike out the paragraph establishing the William Barton Rogers Summer Review School and substitute in place thereof the following:

Hyde Park Summer Review School, in the Hyde Park High Schoolhouse, Metropolitan and Central Avenues, Hyde Park.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATHS

The Superintendent reported the death of the following-named teachers:

Chapman District—Mary F. Roome, master's assistant, May 23, 1933.

Samuel Adams District—Grace E. Manson, first assistant, kindergarten, May 15, 1933.

Placed on file.

The Superintendent reported the death of the following-named teachers, who had been retired on pension:

Edward Everett District—Mary F. Thompson, Feb. 25, 1933.

Hancock District—Helen M. Hitchings, May 1, 1933.

Placed on file.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of June 5, 1933, reporting the retirement from active service of the following-named member of the Boston Retirement System as certified by the Boston Retirement Board, under date of May 29, 1933:

Prince District—Marion L. Owen, May 31, 1933.

Placed on file.

The Superintendent offered the following:

ORDERED, That the following-named teacher is hereby retired on

pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as herein-after specified:

Roger Wolcott District—Florence Driscoll, Apr. 20, 1933, \$340.

Passed, all the members voting in the affirmative.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancy resulting from promotion)

Henry L. Higginson District—Margaret K. Dolan, assistant, elementary, second year, June 12, 1933.

The rules were suspended and the appointment approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Angela M. Cadigan.

Day Elementary Schools—Frances H. Cohen, Helen J. Keliher (lip reading), Genevieve L. K. Mackey.

Special Classes—Alma L. Ellgner, Mary A. McDermott, Edna G. Quinn.

Continuation School—Theodore R. Cass.

Department of Physical Education—Harry E. Brown.

Approved.

TEMPORARY TEACHER

Mechanic Arts High School—Francis Assmus, instructor, mechanic arts, May 15, 1933.

Approved.

Burke, Rita M. Burke, Dorothea A. Burns, Catherine A. Carleton, Helen V. Clahane, Catherine I. Clancy, Marion D. Cohen, Irene E. Collicott, Catherine B. Connors, Janet L. Cook, Albina R. Coppola, Grace M. Corrigan, Lillian L. Crosby, Dorothea E. Cusack, Ruth L. Davis, Emma Deitch, Catherine T. Doherty, M. Bernice Duffy, Florence I. Dunn, Dorothy G. Fetridge, Mary A. Fitzsimons, Margaret M. Foley, Katherine M. Ford, Euphemia C. Forsyth, Edith M. Foster, Mary A. Gaughan, Charlotte E. Gibson, Louise R. Ginsburg, Ruth A. Glavin, Nura Globus, Christina L. Golden, Dorothy Gouzoule, Margaret E. Gray, Frances E. Heenan, Ethel H. Heffron, Mary P. Hopkins, Mary L. Horan, Anna T. Joyce, Margaret B. King, Beatrice E. Kingsley, Gertrude Kramer, Catherine M. LaLiberte, Myrtis R. Lawrence, Margaret E. Leahy, Justine R. Leverone, Mary I. Lord, Helen M. Lorenz, Catherine M. Loughlin, Helen M. Lynch, Anna I. Machado, Genevieve L. K. Mackey, Margaret V. Mackinnon, Elizabeth M. MacNeil, Marie T. MacNeil, Catherine I. Madden, Florence Magner, Ruth M. Magnuson, Julio A. Maguire, Marie A. Malaguerra, Mary A. Mahoney, Ruth G. Malone, Georgia M. Mangiarcina, Catherine M. Manning, Mary S. Marco, Fay S. Margolis, Clare L. Martell, Inez B. Miller, Dorothea Minton, Helen J. Mitchell, C. Irene Murphy, Mabel C. McNany, Helen F. McCarthy, Merwyn E. McCormick, E. Patricia McCulloch, Mary G. McGillicuddy, Olive B. Nelson, Mary E. Nichols, Barbara M. O'Brien, Katherine E. Ochs, Helen F. O'Connell, Catherine E. O'Connor, Mary M. O'Riordan, Evelyn V. Penta, Mary M. Prohaska, Marjorie R. Publicover, Lillian A. Purdy, Martha D. Rask, Elizabeth M. Reagan, Florence M. Reid, Gladys L. Reid, Mildred L. Rowe, Esther B. Rudd, M. Gladys Rupp, Mary A. Russell, M. Evelyn Russell, Mary F. Russo, Anne K. Scally, Agnes C. Scanlon, Phyllis Schlafman, Helen M. Seegel, Clara R. Shaman, Marion H. Sheehan, Alice V. Slater, Grace V. Sloan, Marie E. Smith, Mary Spelfogel, M. Barbara Spindler, Margarita M.

Sturniolo, Margaret H. Sullivan, Maybelle K. Supple, Gertrude Sussman, Mary G. Sweeney, Helen E. Tarbox, Mary E. Thompson, Doris W. Tracy, Mary J. Tracy, M. Natalie Trundy, Mary E. Twomey, Alice A. Tyner, Rose E. Verstandig, Louise M. Vetterlein, Clarissa Wall, Anna G. C. Walsh, Florence I. Walsh, Helen D. Watson, Ruth A. Whitmarsh, Esther S. Winn, Lillian S. Wittenberg, Mary Woronoff, Dorothy B. Yoffe.

Approved.

SUMMER REVIEW SCHOOLS

Term of 1933

A communication was received from the Superintendent, under date of June 5, 1933, reporting that subject to the approval of the School Committee, he has withdrawn the following appointment of a summer review school principal, as reported at the meeting of Apr. 17, 1933 (see p. 52):

William Barton Rogers Summer Review School—Mercedes E. O'Brien.

Placed on file and the withdrawal approved.

Principal

(To take effect June 26, 1933)

Hyde Park Summer Review Elementary School—Mercedes E. O'Brien.

Approved.

Teachers

(To take effect June 26, 1933)

Central Summer Review High School—Elmer R. Bowker, first assistant; Clara W. Barnes, George F. Barry, Kurt G. Busiek, Matthew P. Butler, Charles L. Cheetham, Francis J. Conlin, Elizabeth D. Curran, Burton L. Cushing, Walter T. Durnan, Thomas J. Flinn, Henry R. Gardner, James A. Goldthwaite, Joseph G. Green, Joseph Hackett, George M. Hawes, Francis P. Hennessey, Helen G. Holland, Martin F. Kane, Charles J. Keelon, Madelon A. Kelley, Katherine C. Kelly, Alfred B. Kershaw, Charles H. Kirschbaum, James H. Locke, Henry Lucey, Margaret M. McDonald, Herman G. McGrath, John J. McGrath, Richard L. E. McGuffin, John J. May, James H. Mullins, Charles F. Murphy, Maurice G. Murphy, John A. O'Donnell, Eugene J. O'Neil, Fred P. H. Pike, John J. Quinn, Ralph F. V. Quinn, Alice V. Rice, Barnet Rudman, Hazel W. Ruggles, Mark F. Russo, Agnes V. Scannell, Charles E. Schroader, John F. Sheehan, Ernest L. Sullivan, Charles A. A. Weber, Josepa Weinert, Edward N. Wilson, Elmer S. Woodward, assistants.

Dorchester Summer Review High School—Lewis A. Newton, first assistant; Charlotte L. Adams, Almira W. Bates, Ralph C. Benedict, Marion L. Carnegie, Frederick L. Carney, Katherine A. Connell, Anna M. Doyle, James P. Farnsworth, Edward F. Fogarty, Thomas F. Gately, Francis P. Glavin, Marie C. Glennon, Blanche W. Harding, Gordon F. Irons, Anna R. Moylan, Hubert J. Powderly, Emmett J. Reardon, James P. Shattuck, John D. Shore, Mary Stuart, Ralph E. Wellings, Josephine Wentworth, assistants.

Lewis Summer Review Inter-

mediate School—Marion L. Bartlett, Alice M. Colbert, Katharine A. Collins, Joseph J. Dwyer, Catherine M. Morley, Alice E. Mullen, Gertrude M. Wyeth, assistants.

Oliver Wendell Holmes Summer Review Intermediate School—Leo J. Aicardi, William J. Barry, Margaret M. Biggy, Ruth E. Clarke, Esther M. Crook, Mary S. Garrity, Beatrice G. Hantz, Grace Hardy, Florence M. Hawkins, Gertrude F. Hughes, Helen F. Kirby, Walter L. McSwiney, Katherine Moran, Mary G. O'Doherty, Helen H. Wollahan, assistants.

Abraham Lincoln Summer Review Elementary School—Louise F. Barry, M. Irene Bills, Nellie K. Bishop, Mary C. Butler, Thomas A. Deely, Mary M. Fitzgerald, Mary A. Gleason, Winifred M. LeDiouris, Katherine F. McArdle, William F. Mahoney, Marion V. Morrison, Helen R. Murphy, Ruth L. Quinn, Katherine M. Ray, Isabel F. Sullivan, George E. Wilkie, assistants.

Andrew Jackson Summer Review Elementary School—William J. Cunningham, Anna E. Dixon, Emily F. Doherty, James J. Gilligan, Frances M. Hendrick, Helen R. Jones, Marion G. MacKay, Mary O. Mackey, Dorothy C. Malone, Elmer R. Sheridan, Gertrude M. Sullivan, assistants.

Bigelow Summer Review Elementary School—Mary L. Bowes, Mary J. Carroll, Eleanor P. Cox, Catherine M. Crowley, Madeline C. Cunningham, Mary F. O'Connell, Mary M. Russell, Margaret A. Thompson, John Whalen, assistants.

Hugh O'Brien Summer Review Elementary School—Marguerite C. Baker, Deborah F. Barry, Kathryn E. Barry, Marie J. Bruton, Anne G. Byrne, Gladys M. Carnegie, Mary G. Colleran, Genevieve C. Grass, Alice G. Haggerty, Marion T. Hughes, Ruth E. Kelly, Florence M. Killion, Catherine F. Malone, Gertrude V. Malone, John A. Murphy, Pauline A. Prendergast, Mary E. Welch, Bertha M. Wright, assistants.

Hyde Park Summer Review Elementary School—Mary I. Colwell, Helen K. Corrigan, Alice L. Devery, Gertrude H. Gelly, Margaret E. Lundell, Mary T. Lynch, Helen J. McDonough, Edward J. Markham, Martha V. O'Neil, Mary E. Thompson, Mary L. Walsh, assistants.

Sarah Greenwood Summer Review Elementary School—Julia Cluck, Mary E. Duffy, Mary B. Gleason, Esther M. Hanney, Cornelius J. Holland, Amelda M. Holt, Jean P. Howell, Agnes M. McNulty, B. Ethel MacKay, Pauline E. Madden, Marion F. O'Brien, Elizabeth B. Perlmutter, Nora A. Scanlon, Emily J. Wall, assistants.

Shurtleff Summer Review Elementary School—Blanche E. Briggs, Helen T. Curtis, Winifred M. Doyle, S. Margaret Knowlton, Marjorie I. Lynch, Helen A. McMorrow, Helena M. Nolan, Josephine F. O'Connell, assistants.

Theodore Roosevelt Summer Review Elementary School—Esther R. Bass, Marion E. Bogrette, Katharine G. Coleman, Mary E. D. Devereaux, Lillian Dosick, Katharine M. Elston, Catherine M. Hartnett, Evelyn L. Houghton, Mary V. Hubbard, Esther E. Lar-

son, Helen G. Morgan, Mary A. McLaughlin, Alice M. O'Rourke, Mary J. Ryan, assistants.

Ulysses S. Grant Summer Review Elementary School—Lillian L. Burke, Margaret L. Collins, Helen E. Freeman, Anna C. Geoghegan, Grace M. Goodfellow, Josephine M. Haney, Alice C. Lindberg, Agnes C. McCarthy, Sarah M. McDonough, Edythe M. McNamee, Mary J. O'Leary, Margaret M. Smith, William G. Tobin, assistants.

Warren Summer Review Elementary School—Mary B. Clifford, Paul Cloues, Esther M. Germaine, Louise F. Hill, Anna C. Hughes, Louise M. Keenan, Julia J. McCarthy, Mary D. McCusker, Mary T. O'Connell, assistants.

Wells Summer Review Elementary School—Katharine L. Colbert, Rose M. Falbo, Gertrude L. Feely, Alice L. Kelly, Rose M. Klaus, Grace M. Long, Margaret V. O'Connor, Loyola P. Pfeffer, Alice K. Schultenkorf, assistants.

Approved.

SPECIAL ASSISTANT

(Summer Vacation, 1933)

Day School for Immigrants—Kate V. Tiernay, June 26, 1933.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted the following-named teacher for the term specified:

Jamaica Plain High School—Frederick W. Swan, cooperative instructor, from May 1 to 31, 1933, without pay.

On the report of the Superintendent, leave of absence for study, or for rest, was granted each of the following-named teachers for the terms specified:

Franklin District—Augusta S. Tavender, assistant, intermediate, from Sept. 1, 1933, to Aug. 31, 1934, for rest.

Quincy District—Grace K. Jarvis, assistant, elementary, from Sept. 1, 1933, to Aug. 31, 1934, for study.

DESIGNATIONS OF TEACHERS

A communication was received from the Superintendent, under date of June 5, 1933, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1933:

Bigelow District—Florence L. Spear, assistant, elementary, as acting master's assistant (vice Annie S. McKissick, absent on leave), April 3, 1933.

Washington Allston District—Sibyl Kuskin, assistant, kindergarten, as acting first assistant, kindergarten (vice Helen S. Eaton, absent on leave), Mar. 27, 1933.

Placed on file.

SUMMER CLASSES, DAY SCHOOL FOR IMMIGRANTS

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to conduct classes of the Day School for Immigrants during the summer vacation, 1933, at such hours and in such buildings as he may determine.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service during the summer vacation, 1933, in classes of the Day School for Immigrants, and that persons so appointed upon certification of their service by the Director of Evening and Summer Schools to the Business Manager shall be paid in accordance with the salary schedule of the Evening and Summer School Department for similar classes conducted during the regular term.

TEMPORARY CLERICAL ASSISTANTS

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to assign one temporary clerical assistant in the Central Summer Review High School, and one temporary clerical assistant in the Dorchester Summer Review High School during the period June 21, 1933, to Aug. 19, 1933, both dates inclusive.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized in his discretion to assign a temporary clerical assistant to the Dean of The Teachers College during the current summer session, compensation to be at the rate of three dollars and fifty cents (\$3.50) per day of service.

EMPLOYMENT OF PLAY- GROUND TEACHERS

On motion of the Superintendent, it was

ORDERED, That for the summer term ending Aug. 31, 1933, the Superintendent is hereby authorized in his discretion to assign playground teachers as follows:

To the Health Units in Charlestown, East Boston, North End, West End, Roxbury, and South Boston

The Long Island Hospital School
The Prendergast Preventorium,
Mattapan
Castle Island

The Temporary Home of the Massachusetts Society for the Prevention of Cruelty to Children, 43 Mt. Vernon Street.

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due

Hugh J. McElaney, late Master of the John Winthrop District, be paid to his widow, Teresa D. McElaney.

EMPLOYMENT OF SCHOOL MA- TRON ON FULL TIME

On motion, the transfer of Ida M. Callahan, half-time matron in the Copley School, to full-time matron in that school, was approved, to take effect Sept. 1, 1933.

COURSES OF STUDY

On motion of the Superintendent, it was

ORDERED, That the following outline for the third and fourth years of the Special Class Course in The Teachers College is hereby adopted, to take effect Sept. 1, 1933:

Special Classes			
Third Year			
Hours a Week			
Education	3	3	Psychology of Special Class Education
English	3	3	Reading and Language
Science	1	1	
Mathematics	2	0	Content of Elementary Mathematics
Drawing	0	3	
History	2	0	
Geography	0	2	
Industrial Arts	3	3	
Manual Training	2	2	
Physical Education	2	2	
18 19			

Fourth Year

First Semester—Practice teaching in Special Classes in schools of City.

Practice Time:

4 days' observation and practice in schools.

1 day observation and practice in clinics under Director of Special Classes.

Second Semester

Hours a Week			
Education			
Educational Sociology	3		Special Class Problems
Health Education	2		
English	2		
Industrial Arts	3		
Manual Training	2		
Music	2		
Physical Education	2		
19			

On motion of the Superintendent, it was

ORDERED, That the following provisional course of study for mechanic arts pupils in Grade X is hereby authorized:

Subjects	Periods	Points
Military Drill	2	1
Choral Practice (optional)	0 or 1	0 or ½
English II	5	5
Industrial Geography	3 or 4	3 or 4
Applied Mathematics II	4 or 5	4 or 5
Applied Science I	4 to 6	3 to 5
Shop	8	4
Drafting	2	1

Minimum number of points for each pupil should be 22.

AMENDMENTS TO RULES AND REGULATIONS

The following was offered:

ORDERED, That the regulations are hereby amended as follows:

Section 182, paragraph 2. Add the following as a separate paragraph;

Beginning Sept. 1, 1934, children four and one-half years of age and upward may be admitted to the kindergartens; provided that children who are less than four and one-half years of age may be admitted, in the discretion of the board of superintendents, upon the passing of such examination as that board may determine—so that paragraph 2 shall read as follows:

Section 182. 2. Children four years of age and upward may be admitted in the order of application to those kindergartens which are most convenient for them to attend, and in which there are sufficient accommodations; provided, that principals of districts may, with the approval of the assistant superintendent in charge, decline to admit children to kindergartens when the number in attendance exceeds fifty. A record shall be kept of all applicants thus refused.

Beginning September 1, 1934, children four and one-half years of age and upward may be admitted to the kindergartens; provided that children who are less than four and one-half years of age may be admitted, in the discretion of the board of superintendents, upon the passing of such examination as that board may determine.

Laid over.

The following was offered:

ORDERED, That the Regulations are hereby amended as follows:

Section 274, paragraph 1. At the close of the paragraph, add the following:

This six-year re-entry privilege shall be restricted to teachers and members of the supervising staff who voluntarily retire from the service prior to September 1, 1933—so that the paragraph shall read as follows:

Sect. 274. 1. Teachers and members of the supervising staff who re-enter the service shall be appointed and reappointed in the same manner as new teachers; provided, that those who voluntarily retire from the service may, within a period of six years from the first day of January next following the date of their resignation, be reappointed to a position of the same grade or rank, or to a position of equivalent or lower rank to that held at the date of retirement; and provided, further, that such a person is nominated with the approval of the assistant superintendent in charge, by a principal in whose school there is a vacancy which such person is qualified to fill.

This six-year re-entry privilege shall be restricted to teachers and members of the supervising staff who voluntarily retire from the service prior to September 1, 1933.

The rules were suspended and the order passed.

Chairman: This amendment to the regulations which abolishes the six-year re-entry privilege will not apply to those teachers and members of the supervising staff who have resigned prior to the close of the current school year, for they had every reason to believe that they would be privileged to re-enter within the six-year period under the regulations. The amendment becomes effective Sept. 1

next and all teachers and members of the supervising staff who retire after that date will know in advance that the only means of re-entry will be by passing the prescribed examinations and obtaining a position at the head of the list which will warrant appointment.

Mr. Hurley: We haven't discussed the motion which I now will present, but I am submitting it at this time because of the adoption of the previous order which applies only to those who resign after Sept. 1 of this year. My motion would apply to all re-entrants regardless of date of resignation. It is as follows:

That no re-entrants shall be appointed who have husbands living unless they qualify by examination and obtain a position on the examined list which warrants appointment, and unless they also prove that, although the husband is living, he is unable to support the applicant for re-entrance, or being able, that the applicant is unable to compel him to support her.

Chairman: In other words, that only those who have left the service and have married and have dependents shall be eligible for re-entry.

Mr. Hurley: No, just widows.

Chairman: Only widows will be eligible for the re-entry privilege but others who have husbands living could, under your motion, as they have in the past, take the examination and appear on the examined list in the positions determined by their ratings.

Superintendent: Has it not been the unwritten law that no married women may be given permanent appointment?

Mr. Hurley: We have married re-entrants whose husbands are living.

Superintendent: Only when they are divorced or legally separated, or where the husband is incapacitated and unable to provide for his family.

Mr. Hurley: I am offering the motion for discussion and would like to have it referred to the Board of Superintendents for consideration.

Chairman: Mr. Hurley's motion is so referred.

The following was offered:

ORDERED, That the Rules are hereby amended as follows:

Sect. 80, paragraph IV. In the paragraph which provides for the granting of the High School certificate to persons serving under a Valid in Day High Schools certificate, insert in the fifteenth line to immediately follow the word "superintendents," the following—and in case of instructors of military drill, those who hold the rank of major through service in the armed forces of the United States—; in the twenty-eighth line, insert to follow the word "degree" the words—or the holding of the rank of major—so that the paragraph shall read as follows:

Instructors and assistant instructors in commercial branches, in

manual arts, in mechanic arts, in military drill, in physical education, and in salesmanship, in day high schools; industrial instructors in household science, and vocational instructors and vocational assistants, in day high schools, who received such permanent appointment prior to November 1, 1924, and who have satisfactorily completed seven years of permanent service in the Boston public schools in any of these ranks, and teachers permanently employed under an XI. Special: Valid in Day High Schools certificate, who while so employed obtain a degree from a college or university approved by the board of superintendents, and, in the case of instructors of military drill, those who hold the rank of major through service in the armed forces of the United States, may thereby become eligible for the certificate of qualification IV. High School, subject to such examination as the board of superintendents may determine. A person who is eligible for promotion under the IV. High School certificate after the satisfactory completion of seven years of permanent service in the Boston public schools in any of the ranks referred to, shall not receive such promotion until one full year upon the maximum of his present rank has been completed. A person who is promoted under the IV. High School certificate because of the obtaining of a college degree or the holding of the rank of major, shall receive no increase in salary as provided for in Section 326, paragraph 1 of the regulations, but shall continue without change of salary during the school year in which such promotion took place, unless the date of such promotion shall fall on September 1. When the promotions herein referred to are allowed, the superintendent shall, where necessary, notify the business manager of the status of persons affected.

Laid over.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following sixteen orders authorizing changes in and additions to the authorized list of text books:

1. ORDERED, That the following-named books are hereby authorized for use as text books in the Teachers College of the City of Boston:

RESIGNATION OF CUSTODIAN

A communication was received from the Schoolhouse Custodian under date of May 29, 1933, submitting the resignation of Joseph P. Ginty as custodian, Wyman Schoolhouse, to take effect May 18, 1933.

Placed on file and the resignation accepted, to take effect on the date stated.

LEAVES OF ABSENCE

A communication was received from the Schoolhouse Custodian under date of June 5, 1933, recommending that Francis L. McDonough, custodian, Martin Schoolhouse, be granted leave of absence on one-half net compensation for the period May 15 to 18, 1933 inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of June 5, 1933, recommending that all custodians whose services can be dispensed with be granted leave of absence without loss of pay on Monday, June 26, 1933, to attend the Annual Field Day of the Custodians' Association.

Placed on file and leaves of absence granted under the conditions stated.

APPOINTMENT OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of June 5, 1933, recommending the appointment of Waldo W. Chaffee, who stands at the head of the civil service list, as regular substitute custodian, to take effect June 2, 1933.

Placed on file and the appointment approved, to take place on the date stated.

CERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian under date of June 5, 1933, transmitting a re-certification of the areas of the Emerson School and certification of areas of the new addition to the Emerson

School, upon which the compensation for custodian service is based, to take effect April 9, 1933.

Placed on file and the Chairman authorized to approve such certifications, to take effect on the date stated.

AMENDMENT TO SCHEDULE OF COMPENSATION FOR CUSTODIANS

A communication was received from the Schoolhouse Custodian under date of June 5, 1933, recommending the passage of an accompanying order amending the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service to provide that the compensation for custodian service in the building known as Portable No. 137, Robert Gould Shaw District, be established at the rate of seven dollars (\$7) per week to take effect April 3, 1933, because of the type of construction and the occupancy as a kindergarten.

Placed on file.

On motion, it was

ORDERED, That Section 15 of the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service is hereby amended by adding the following item, effective from April 3, 1933:

SECTION 15—COMPENSATION FOR CERTAIN PORTABLE BUILDINGS

Portable Building No. 137—Baker Street, West Roxbury. Seven dollars (\$7) per week.

REPORTS ON AUDITS OF BOOKS AND ACCOUNTS

A communication was received from P. J. Moynihan and Company, under date of May 20, 1933, submitting report on their audit of the books and records of the Business Manager for the three months ended Dec. 31, 1932, and a summary of the financial transactions for that quarter and the calendar year 1932.

Placed on file.

A communication was received from P. J. Moynihan and Company, under date of May 20, 1933, submitting report on their audit of the books and records of the Secretary, and of the Boston Trade School, Trade School for Girls, High School of Practical Arts, Continuation School, Brighton High School, Dorchester High School for Boys, Hyde Park High School, Roxbury Memorial High School (Boys), and South Boston High School.

Placed on file.

ELECTION TO BOARD OF TRUSTEES, PERMANENT SCHOOL PENSION FUND

The term of Michael H. Corcoran as a member of the Board of Trustees of the Permanent School Pension Fund established under the provisions of Section 2 of Chapter 589 of the Acts of 1908, expiring

June 30, 1933, the Committee proceeded to elect the Committee's representative on that Board for the term of five years ending June 30, 1938.

The members, as their names were called, respectively voted as follows:

FOR MICHAEL H. CORCORAN—Messrs. Hurley, Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—5.

Mr. Corcoran was accordingly declared elected a member of said Board for the term specified.

COMMENDATION OF CAPTAIN ALBERT J. KELLEY

Mr. Hurley offered the following:

ORDERED, That Captain Albert J. Kelley, Junior Master, Military Drill, Hyde Park and Jamaica Plain High Schools, be and hereby is commended by The School Committee of the City of Boston for outstanding achievements in the training of high school students in military drill.

The order passed unanimously.

In connection with the foregoing order, Mr. Hurley made the following statement, which was ordered spread upon the records:

I submit Capt in Kelley's record which speaks most eloquently for itself. I may state that his intermediate school record is fully as good. The ratings, as set forth, are given by regular army officers who reviewed the several Annual Parades.

1925—Hyde Park High School—first place; Jamaica Plain High School—second place. (This competition was in the Inter-Regimental Drill, as the schools were not marked in the Parade in 1925.)

1926—Jamaica Plain High School—first place; Hyde Park High School—second place.

1927—Hyde Park High School—first place.

1928—Hyde Park High School—second place. (Public Latin School won first place in this year.)

1929—Hyde Park High School—first place; Jamaica Plain High School—second place.

1930—Hyde Park High School—first place; Jamaica Plain High School—second place.

1931—Hyde Park High School—first place; Jamaica Plain High School—second place.

1932—Hyde Park High School—first place; Jamaica Plain High School—second place.

1933—Hyde Park High School—first place; Jamaica Plain High School—second place.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

UNITED STATES FOREIGN TRADE IN SILVER.

Although the United States is the second largest producer of silver, its exports of the metal exceed total annual production according to the United States Department of Commerce reports. Much silver is received for refining or transshipment. Most of this imported silver comes from Mexico, as evident from the following import figures, in millions of dollars: Mexico, 40.5 in 1929, 24.9 in 1930, and 11 in the first eight months of 1931; Canada, 6.4, 6.1, and 2.5, respectively; Peru, 10.4, 5.9, and 1.6; Chile, 2.3, 1.8, and 0.6; and all countries, 63.9, 42.8, and 18.3.

United States exports of silver go chiefly to China (including Hong Kong), British India, and the United Kingdom (whence they are sold largely to other countries). Shipments to leading countries and the total are summarized in millions of dollars, for 1929, 1930, and the first eight months of 1931, as follows: China and Hong Kong, 64.6, 37.8, and 8.5, respectively, of which China accounted for 61.8, 31.8, and 7.7; British India, 8.9, 9.6, and 4.6; the United Kingdom, 0.1, 2.1, and 3.4; Canada, 2.4, 1.8, and 1.1; Mexico, 5.2, 1.4, and 0.7; Germany, 1.5, 1, and 0.7; and all countries, 83.4, 54.2, and 19.2.

SAFE DRIVING.

Most cities and towns have a long list of "don't's" but do little to educate the drivers of cars. If one half the time that is used trying to make people do something or not to do something was spent in educating the drivers much better results would be obtained. We need drivers' schools and the city or town that first starts such a school will be doing a real service.

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR FIRE ALARM UNDERGROUND CONSTRUCTION.

The Fire Commissioner of the City of Boston, hereinafter designated as Commissioner, 60 Bristol street, invites proposals from citizens of the United States and corporations and other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for doing the following stated work in connection with the Fire Alarm Service of the Fire Department of the City of Boston: The laying of about 2,075 feet of single ducts underground, the setting of sixteen box posts, and the building of two manholes and four handholes. The work to be done in accordance with plans and specifications which may be obtained at Fire Alarm Headquarters, 59 Fenway. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, where the same will be publicly opened and read at 12 o'clock noon, July 7, 1933. Proposals must be in duplicate, sealed, and marked "Proposals for Fire Alarm Work," one of which is to be deposited at the office of the Fire Commissioner and contain a certified check, made payable to the City of Boston, for two hundred (\$200) dollars, said check to be forfeited if the bidder fails to carry out his proposal; the other proposal is to be deposited at the office of the City Auditor previous to the time named for the opening of the bids. The successful bidder will be required to furnish a bond in the full amount of the contract price, of an approved surety company doing business in the State of Massachusetts. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any or all bids or to award the contract as he deems best.

EDWARD F. McLAUGHLIN,
Fire Commissioner.

(July 1.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR MOTOR TRUCKING FOR TRAFFIC TUNNEL, BOSTON APPROACH.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for motor trucking for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in the sum of \$10,000. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Motor Trucking, Traffic Tunnel," and delivered to the Department, or to its secretary, before 12 o'clock noon on Monday, July 17, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of two thousand (2,000) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Monday, July 3, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(July 1-8.) EDWARD F. CONDON,
Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN BOWDOIN STREET, WARDS 14, 15 AND 17, FROM WASHINGTON STREET TO GENEVA AVENUE; HARVARD STREET, WARDS 14 AND 17, FROM BLUE HILL AVENUE TO WASHINGTON STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in Bowdoin street, Wards 14, 15 and 17, from Washington street to Geneva avenue; Harvard street, Wards 14 and 17, from Blue Hill avenue to Washington street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, Bowdoin Street, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, July 13, 1933, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(July 1.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO CARPENTER CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for moving five portables at various schools, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Thursday, July 6, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 13, 1933, said deposit for plans and specifications shall be forfeited. Mutilation of plans or the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 1.) Superintendent of Construction.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the Theodore Lyman School, Gove street, East Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 10, 1933, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 17, 1933, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 1.) Superintendent of Construction.

SUPPLY DEPARTMENT.

PROPOSALS FOR DRUGS.

The Supply Department of the City of Boston invites proposals for furnishing drugs, as required, to the Boston City Hospital. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Thursday, July 13, 1933, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(July 1.) Superintendent of Supplies.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGE IN TRAFFIC REGULATIONS.

Voted, That the Traffic Regulations are amended as follows, effective July 10, 1933: That section 17, Part 3, is amended by adding the following:

Howard Street.
Both sides, from Bulfinch street to Scollay square.
That section 40, Part 1, is amended by adding the following:
Davis Street.
From Washington street to Harrison avenue.
Fay Street.
From Dover street to Harrison avenue.
Normandy Street.
From Washington street to Columbia road.
Wollaston Terrace.
From Woodrow avenue to Jones avenue.
That section 50 is amended by adding the following:
South Street, West Roxbury.
From Robert street to Centre street.

JOSEPH A. CONRY,
(July 1-8.) Commissioner.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AND EQUIPPING PATHOLOGICAL BUILDING, BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing and equipping the Pathological Building, Boston City Hospital, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of fifty cents (\$0.50) for each set of blank proposals taken out. There will be a deposit of three dollars (\$3) required for the blueprints. This deposit will be returned when the blueprints are returned, if they are returned in perfect condition. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, July 7, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(July 1.) Superintendent of Supplies.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the High School of Practical Arts, Greenville street, Roxbury, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 10, 1933, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 17, 1933, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

(July 1.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FIRE ESCAPE (IRON) CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escapes on the Phillips Brooks School, Perth street, Dorchester, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefore in the full amount of the entire contract price. Plans ready for contractors Wednesday, July 5, 1933. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Thursday, July 13, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all unused plans and specifications are returned prior to 12 o'clock noon of Thursday, July 20, 1933, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,
(July 1.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for grading, paving, fences, etc., at the Phineas Bates School, Beech street, West Roxbury, and giving bond of a surety company satisfactory to the Superintendent of Construction therefore in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 10, 1933, at said office, with a certified check for \$1,500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 6, 1933, said deposit for plans and specifications shall be forfeited. Mutilation of plans or the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 1.) Superintendent of Construction.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CITY OF BOSTON.

No. 27

CITIZENS CALLED UPON TO OBSERVE INDEPENDENCE DAY IN WAY IN KEEPING WITH HIGH TRADITIONS BEQUEATHED US BY THOSE WHOSE BLOOD, TOIL AND SACRIFICE MADE POSSIBLE THIS LAND WE INHERIT. —HON. JOSEPH McGRATH, ACTING MAYOR, DELIVERS BROADCAST OVER CITY HALL STATION ON DAY BEFORE JULY 4. ASKS PATRIOTS TO OBSERVE DAY BY VISITING SHRINES OF HEROES OF OUR PAST.

Upon Monday, July 3, the Acting Mayor delivered the following radio address over City Hall Station in broadcast:

LADIES AND GENTLEMEN.

Tomorrow we observe the one hundred and fifty-seventh anniversary of the establishment of popular government upon this continent.

This observance will express itself in as many forms as individual conception of duty to the city, the state and the nation shall dictate. I wish especially to ask the citizens of Boston and the citizens of other cities and towns listening in to make their observance in thorough keeping with the high traditions bequeathed to us which have become our most sacred heritage.

While the observance of Independence Day is an occasion for proud contemplation of our more than a century and a half of achievement, growth and expansion, it is also a time for serious reflection; a time for stock taking, a time for determination to renew those precepts, doctrines and principles by which we have grown. It should be an opportune time for a visit to the shrines where lie the remains of the heroes and heroines of our past, a time to pledge ourselves to hold ever high the torch of freedom and liberty, so daringly lighted, so courageously sustained and fed with such enthusiastic patriotism that the torch which our heroes have lighted has become the light of the world, the example for all nations and the hope of posterity.

The Old Granary Burying Ground on Tremont street is filled with the shrines of our patriot dead. Read again the inscriptions on the boulder marking the tomb of Samuel Adams — "Here lies buried Samuel Adams, signer of the Declaration of Independence, Governor of the Commonwealth, a leader of men and an ardent patriot."

Shrines of Heroes Here.

Boston, as no other municipality, and Massachusetts, as no other Commonwealth, is crowded with shrines hallowed by sacrifices to patriotic duty in order that the principles of right, truth and liberty might be established and might prevail. Nor have we been careless or unmindful, however far progress has carried us, of our inheritance. Gratitude for these precious gifts that are ours has prompted a loving citizenship to preserve the shrines, to guard them carefully and to place monuments above and about them that the lessons learned from the past may not be lost but may guide us still and shape our future. We, of Boston, are custodians of more historic spots and buildings than are the citizens of any other community in the country. From every corner of the land come pilgrims seeking, by visit, by study, by contact to renew their courage, to rekindle their inspiration, to catch a spark from the patriotism that forged the bond of freedom under which we live.

During the past week we have had a big convention in Boston. Thousands of delegates from many countries of the world were gathered here for the great convention of Rotarians. One of our newspaper cartoonists in a very telling cartoon showed Bostonians brushing up on guide books of Boston so that they might be able to answer the questions that our visitors were sure to ask about our historic sites and buildings — about the Old State House, for instance, built in 1748 and saved by patriotic citizens of Boston when its removal was threatened in 1881. A wooden codfish, "emblem of the staple of commodities of the Colony," formerly hung from the ceiling of the Old State House.

A reproduction of this wooden codfish hangs suspended opposite the Speaker's desk in the Representatives' chamber of our present State House, built in 1795. Many of my listeners will remember the furore of excitement caused a few months ago when this historic codfish was carried away for a few days as part of an ill-considered student prank. We value tradition and prize our antiquities here in Massachusetts when their loss is threatened. Yet, how little attention we usually give to ancient landmarks. How many of us have ever noticed the ring in the street pavement opposite Exchange street indicating the spot where occurred the fatal collision between the populace and the British soldiery on the evening of March 5, 1770.

This Boston Massacre is commemorated by the beautiful Crispus Attucks monument on Boston Common, bearing the inscription written by John Adams, — "On that night the foundation of American Independence was laid." Can you take time tomorrow to visit Faneuil Hall, the cradle of liberty of Revolutionary days, and stand before that great historical painting, "Webster's Reply to Hayne" — so lifelike that you can almost hear the great Daniel thunder those soul-stirring words, "Liberty and Union — now and forever — one and inseparable." Let us, tomorrow, resolve to continue to preserve these shrines, so that once a year, at least, we may turn our hearts and minds to what they exemplify, and thus gather new strength to ourselves for the duties that may call us.

(Continued on page 769.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, July 10, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 1, 1933:
Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 151; nonresidents, 41; total, 192.

Death rate per 1,000 of population: All deaths, 12.61; nonresidents deducted, 9.91.

Death rate per 1,000 of population: Last week, 10.70; corresponding week last year, 11.54.

Deaths by age periods, sex, etc.: Under one year, 16; one year to four years, inclusive, 2; sixty years and over, 89. Total deaths: Male, 89; female, 103; deaths in hospitals and institutions, 115; deaths of colored, 12.

REPORTABLE DISEASES: CASES AND DEATHS.*

CALLS FOR CESSATION OF BLOODSHED, MURDER AND RACKETEERING AND CRIME AND RETURN TO FUNDAMENTAL PRINCIPLES ON WHICH COUNTRY WAS FOUNDED. CAVALIERE JOSEPH A. TOMASELLO DELIVERS INDEPENDENCE DAY ADDRESS IN FANEUIL HALL, EXTOLLING ITALY'S CONTRIBUTION TO AMERICA'S PROGRESS. ASKS THAT NATION'S HEROES BE NOT FORGOTTEN.

In his Independence Day address on "Italy's Contribution to America" in Faneuil Hall on July 4 Cavaliere Joseph A. Tomasello spoke as follows:

HON. MAYOR, HONORED GUESTS, LADIES AND GENTLEMEN.

On behalf of the Italian-Americans of Boston, I wish to take this opportunity to thank his Honor, James Michael Curley, Mayor of Boston, for inviting me to speak in this Temple of Freedom — wherein sat as noble and august a patriotic body as the world ever saw — to commemorate this, our greatest national holiday.

I am deeply moved by this signal honor when the Italian-American has been given opportunity to express his appreciation for his adopted country and to recount to some extent what contributions Italy has made to this great Republic.

Sometimes we are prone to forget that the first great Italian navigator, Christopher Columbus, who through his splendid vision, through his unflinching courage, and through his indomitable will, braved the unknown waters of the Atlantic Ocean and discovered this "Land of the Free," which we so highly revere, for the preservation of which we have sacrificed so much.

Columbus is said to have been denied his fame as the original discoverer of this continent, when the Western Hemisphere was named America after Amerigo Vespucci, an Italian compatriot who did not cross the Atlantic until five years after Columbus' first voyage. Careful study in recent years, however, has made it very clear that, with all credit due to Columbus, for his renowned deeds as a daring sailor, Vespucci well deserved that the American continent should be named after him, for he touched the mainland at least a year before Columbus, and he furnished the details of accurate information by which maps were made, that brought definite knowledge of the American continent to all European scholars.

VIGO UNSUNG HERO.

It is altogether fitting, and truly justifiable, to bring to your attention at this time, the name of Francesco Vigo, the Italian lad who ran away from home to become a Spanish muleteer, a soldier in Havana and New Orleans; the man who greatly influenced the destiny of the United States by his foresight during the thrilling days of the Anglo-American struggle for control of the wilderness that is now the Middle West. He was hailed as a savior by his most illustrious contemporaries. Later he became the confidential agent of Governor de Leyba in St. Louis. He then became the premier American merchant from the Gulf to the Great Lakes; the real hero of the Vincennes Campaign. Vigo stands out as a purer, more undaunted, more self-sacrificing patriot than any of the makers of the Middle West during the last quarter of the eighteenth century.

We Italians of America have inexcusably failed to grasp the opportunity to show the country of our adoption that, if the German-Americans have their Steuben, the Polish-Americans their Pulaski, and the French-Americans their Lafayette, we, the Italian-Americans, have in Francesco Vigo, born in Mondovi, Italy, on December 3, 1774, and laid to rest in his beloved Indiana on March 22, 1836, a national hero of the first magnitude in the firmament of makers of America.

Another great Italian-American whose ancestors came over with the earlier settlers of this country and settled in Maryland was one Hon. William Paca, who served as a member of the Continental Congress; served as state senator 1777-1779; appointed as Judge in 1778; was made Chief Judge of the Maryland Superior Court 1780-1782; was advanced to the high office of Judge of the Courts of Appeals for Admiralty and Prize Cases, 1782 to 1786. Because of his loyal and efficient service to the state in 1788, he was elected Governor of Mary-

land. He also served as a member of the state convention—which ratified the Federal Constitution—and was one of the signers of the Declaration of Independence.

His wealth and influence had been lavishly given to the Revolutionary cause and he, more than any one man, perhaps, overcame the opposition in Maryland to that stupendous undertaking, thus adding another noble name of a noble race to a noble cause.

CONTRIBUTIONS TO ARTS AND SCIENCES.

We know only too well of Italy's direct and indirect contribution in painting, music, sculpture, science, literature, architecture and philosophy, for there is hardly a student in our schools and colleges who has not heard of the great painters, Leonardo da Vinci, Correggio, Raphael and Botticelli; in music, Gregory, Guido and Verdi; in sculpture, Donnatello, Michelangelo, Cellini; in philosophy, Cicero and Anselm; in literature, Dante, Horace and Virgil; and in science, Aquinas and Marconi.

The aim of the Italian-American is to carry forward in his adopted country the ideals and the patriotism which were inculcated in his heart at the knee of his mother country, thus becoming an efficient and respected part of this great American nation.

Mussolini's admonition to all Italians in America is: "You must first of all be good and true American citizens, loyal to the constitution and to the laws of your country, loyal to the glorious Stars and Stripes, but you should not forget the ancient land of your forefathers. Be proud of your origin, and bring to the country of your adoption those virtues and those qualities which come with the blood flowing in your veins."

Four hundred and forty-one years ago, Columbus knelt upon the soil of this New World, and in the Italian tongue invoked God's divine blessing upon this Land of Opportunity, this Land of Milk and Honey, this Paradise of the West.

This Italian-American spirit coupled with the Anglo-American spirit, formulated and united the American Colonies. After many struggles, heart-rending deprivations and hours of eternal gloom, burdened by unwarranted taxation, driven as beasts to the slaughter by the lash of a tyrannical king, the American colonies marshalled all their forces and resolved to sever all ties with their Fatherland and set up a new government in the wilderness.

NEW NATION BORN.

As a result of their grim determination, as a result of their united effort, as a result of their inspired zeal, on the Fourth of July, 1776, there was born in this Western World a new nation—The Republic of the United States of America. Defiance to a tyrant was emblazoned in empyreal light upon the brow, and freedom and justice were the frontals between her eyes. Monarchs crowned with kingly diadems, stood awed at the august manifesto, and at the solemn arraignment of King George before the judgment of mankind; and parliaments and cabinets started in dismay to their feet.

But the people, as they described the Eagle of Liberty spreading her wings, and soaring proudly aloft, breathed freer and took stronger heart, as the clear ring of her voice sounded through the air, declaring with grandly-rounded enunciation that "All men are created equal."

Already there had flashed through the country the words of Patrick Henry: "We must fight! An appeal to arms and the God of Hosts is all that is left us. I repeat it, sir, we must fight!" And as the blood of patriotic hearts had now flowed freely and bravely at Concord, Lexington and Bunker Hill, Washington declared in words of solemn emphasis and characteristic brevity: "Nothing short of independence, it appears to me, can possibly do."

When Washington uttered those immortal words, he was not ignorant of the task which he was about to undertake.

But his undaunted courage, his indomitable will, and his unflinching faith in the Colonial Cause—even though he was confronted with political dissension; with the hardships of winter's ravages, for himself and his soldiers; with the lack of equipment, of food and clothing; with attempted insubordination among his officers—Washington never even dreamed of turning back, but plodded on and on, leaving a bloody path of sacrifice on the snow-clad plains and rugged hills.

Yet, this mighty soldier, this beloved general, this able statesman, this God-fearing nobleman, this Father of His Country, commanded the almost inhuman task of defending a frontier of three hundred and fifty miles, with only seven hundred and fifty men. He engaged in several brilliant campaigns, which ended only when the object of the war had been fully attained.

One could not stand in his presence without feeling the ascendancy of his mind; and associating with his countenance the idea of wisdom, philanthropy, magnanimity and patriotism.

WASHINGTON'S WARNING.

Prophetic, indeed, were the words of this "Father" when he so earnestly advised, and devoutly admonished his beloved children to refrain from factions and false treaties and with foreign elements.

How familiar we are with the never-to-be-forgotten trials of the Civil War, and its attempts to sever the North from the South; but God in his wise providence foresaw the catastrophe which was about to descend upon the people, who had come to this Western World, where they might be free to worship Him. He, therefore, had in readiness a man who was born and raised in a cabin; a man who eagerly coned the pages of literature and sciences by the dim rays from a pine knot; the man whom God called to save the people from slavery and themselves; the man who welded the breach between the North and the South, this man with a great heart; this Savior of our Country—Abraham Lincoln.

The war of the Revolution was the gauntlet thrown down at the feet of the British Empire by her youngest colonies, and it left in its wake the usual desolation of depleted homes, destitute loved ones and demoralized communities.

Yet out of these depleted homes, out of this destitute condition, these eternal separations, out of this sacrificial blood, there was born on this Western Continent a new nation.

The Civil War arrayed brother against brother, family against family; the North against the South, and there was born from out this conflict a bitter feeling in the hearts of the Southern people; the liberation of the slave, and the reconstructed Union.

The World War aligned nation against nation; democracy against autocracy; God against mammon, and consummated the harmony of the North and the South, and the East and the West—of America.

But, my friends, the war clouds, for the time being at least, have cleared away and there are golden shafts of hope emblazoning the eastern horizon, telling us that for ten years, there will be no sad partings, never to return; that there will be no more broken hearts, due to war; that there will be no more Flanders Fields. A new era is dawning, the era of universal brotherhood, the era of understanding, the era of unselfishness, the era of good-will toward men.

CHECK RACKETEERING.

We have no foreign enemy to conquer with fire, sword and shell; we have no foe that must be conquered by bloody sacrifice; but we have internal wrongs which must be righted.

For too long a time we have worshiped false gods; for too long a time we have been saluting false standards; for too long a time we have forgotten the fundamental principles upon which our country was founded and styled "The Land of the Free and the Home of the Brave."

It has been said that "The Devil always finds work for idle hands." There are too many idle hands as a result of idle minds.

In this great land of opportunity these idle minds should be assembled and utilized for the upbuilding and reconstruction of our country, then there would be no more secret gatherings behind closed doors; no more public utterances on the streets and on the common, derogatory to the welfare of our community as a whole; then there would be no more racketeering, in bloodshed and murder, as exemplified in the lower planes of life, or, in the plundering and high-handed robbery and starvation plan of the tax dodger, as exemplified in the higher strata of civilization.

These rackets must stop. Over-taxation upon the overburdened taxpayer, must also stop. Taking bread from the mouths of children and from the unemployed must stop. The billions of idle dollars reposing in our banks must be turned into safe and sane channels of circulation. Lives must be saved; the small investor must be given a square deal. In this way only, will sobriety and self-respect be restored.

The spirit of Vespucci, of Columbus, of Poca, of Washington, of Vigo, of Lincoln, of Jefferson, and of Wilson, still dominates and pervades the Spirit of America.

Out of the dull grayness of colonial depression, came a Washington; out of the deepening gloom of inhuman slavery came a Lincoln; out of the depraved blackness of the world chaos, has come that dominant personality, that undaunted spirit, that superman, that supermind, that Isaiah of America, President Franklin Delano Roosevelt, who will carry on the traditions of the great emancipators who have gone before and have enabled us to participate in this glorious celebration—the birthday of the greatest republic in the world.

POLICE DEPARTMENT ORDERS.

General Order No. 232.

Sergt. William D. Quinan of Division 4, having performed faithful service in the Police Department for twenty-nine and seven-twelfths years, having made application to be retired from active service,—the Medical Board provided for by section 18 of chapter 521, Acts of 1922, having certified that the said Sergeant Quinan is physically incapacitated for useful service in the Police Department,—it is hereby

Ordered, His Honor the Acting Mayor having approved the same, that the said Sergeant Quinan be retired Thursday, July 6, 1933, at 7.45 o'clock a. m. from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that his name be placed upon the department pension roll with pay at the rate of twelve hundred and fifty (1,250) dollars per annum (payable monthly),

said sum being one half of the amount of compensation received by said Sergeant Quinan in the office from which he is retired, previous to a fifteen per cent reduction in pay, which went into effect April 28, 1933.

NOTE.

Under the provisions of chapter 121, Acts of 1933 (having to do with reductions in pay), provision is made for retirement for those in a noncontributory system, at half of the rate of compensation received before such reduction.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of water pipe construction, estimated to be thirty (30) days, vehicles are excluded from New Heath street, between Columbus avenue and Parker street, effective June 29, 1933.

 "Star-Spangled Banner" by soprano soloist and audience.

BROADCAST BY ACTING MAYOR McGRATH.

(Continued from page 765.)

WISDOM OF FOREFATHERS.

The wisdom shown by our forefathers when they established the form of government under which we live, has been assailed many times, and has been doubted in times of past crises; the faith and zeal that stirred them and still moves us has been shaken many times in the past. Clouds have hung especially heavy, and attacks have been insistently powerful and bitterly vicious during these past four years. Yet the foundations of our structure of government have not been shaken.

In every crisis the faith of our fathers has filled us with renewed courage, has been a bulwark against every assault and

Radio broadcast of program by station WAAB from 10.45 a. m. to 11.45 a. m.

 Evening program on Common—John A. Scanga, Frank Chouteau Brown with Mr. Soule.

has left us stronger than ever before. The examples of the lives of our great patriots, the realization of their struggles and eventual triumphs have always stood us in good stead. The fact that they have left for us the imperishable example of their fortitude, their reverence for and trust in God has sustained us and ever will sustain us. The right of self-government is still ours. That institution by which the will of the people may be emphatically expressed is still ours.

We have passed through a distressing period of unemployment, of discontent, of stark trials, but such clouds are beginning to disappear. Hope is reviving and courage, the heritage from the past, is returning and making us strong again. We have a master mariner at the helm of the Ship of State whose hand is steadied by the Creator of us all. The storm is

subsiding and a haven of smooth and peaceful waters lies ahead of us.

Upon Independence Day it is our duty to reflect that our country was born of difficult struggle and bloodshed.

While we wave flags tomorrow and glorify the achievements of our past let not our patriotism be satisfied with these demonstrations. The patriotism of our fathers was an everyday, every moment, pulsating, throbbing, breathing urge. Ours is not the duty of flag-waving alone. Never in time of war has America sent out a more clarion call for aid and co-operation from each and every citizen than she is sending out from Washington today. If we can but unite to vanquish this monster of economic depression, laying aside greed and mistrust and self-interest, we shall have achieved a victory glorious in the annals of our country.

SANITY AND SAFETY.

While we are observing the Fourth of July let us remember to observe it with sanity and safety. Experience has taught us that many fatalities occur each year as the result of the observance of Independence Day. I would urge our citizens to exercise care in setting bonfires, in handling fireworks or in any practice that offers danger to human life, person or property. Fire Commissioner Edward F. McLaughlin has had printed in all the newspapers a list of very practical and helpful suggestions which if followed by parents and children will lift from July 4 the shadow of tragedy which has no place on this glorious day.

Independence Day will be the occasion of much traffic both into and out of the city and state. It is a most important duty of patriotism to exercise care, to avoid recklessness, and to work off our exuberance and enthusiasm with such respect for the rights of others as to make this the best and sanest celebration of July 4 that Boston has ever known, so that upon the following day there may be no regrets, no wounds, no pain, no grief.

May you all enjoy a glorious Fourth of July—a noisy Fourth, a boisterous Fourth if you will, but a Fourth of July on which you will, I hope, devote some little time to a thought of gratitude to those who founded and preserved for you and for me this country which, under God's blessing, may always be "the land of the free and the home of the brave." Good afternoon and thank you.

CONSTRUCTION WORK.

The Acting Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch, 12-inch, 15-inch and 18-inch pipe surface drain in Partridge street, between Cowing street and 614 feet northeasterly, private land, between Partridge street and Pheasant street, and in Pheasant street, between Washington street and 639 feet northwesterly, in the West Roxbury district, at an estimated cost of \$10,000.

AUTHORITY TO DO WORK.

The Acting Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam (penetration) Blake street, Dorchester and Hyde Park, from Greenfield road to River street, with department forces, without advertising, the estimated cost for labor and material being \$7,500.

ROTARIANS THANK MAYOR FOR CITY'S ENTERTAINMENT.

Mayor Curley received the following communication from President Anderson of the Rotary International:

DEAR MAYOR CURLEY,—On behalf of Rotary International it is a real pleasure for me to express our warmest appreciation to you and to the various departments of the city government for the splendid cooperation given during the period of our Twenty-Fourth Annual Convention, just concluded.

The Mayor's office, in fact the entire community, has been especially kind and cordial to all of our people and I assure you that we leave your delightful old city with many fond memories of our visit and with a sincere regret at our leave taking.

The personal interest that you have taken in the arrangements for our convention, months prior to the time we met here, and the splendid address of welcome extended by Acting Mayor Joseph McGrath, were material and helpful contributions to the real success of the convention.

Sincerely yours,

CLINTON P. ANDERSON,
President.

EXTENSION OF SCHOOL YARD.

The Acting Mayor has approved the request the Board of Street Commissioners to take, for an extension to the yard of the Joseph H. Barnes Intermediate School, a certain piece or parcel of land bounded and described as follows:

Beginning at a point on Princeton street, 152 feet southwesterly from the southerly corner of Princeton and Marion streets; thence southeasterly by land of the City of Boston, 100 feet; thence southwesterly 50 feet; thence northwesterly 100 feet to line of Princeton street; thence northeasterly 50 feet to the point of beginning and contains 5,000 square feet of land. Be all said measurements more or less.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor, except as otherwise noted.

Cristofaro Company, Incorporated, \$14,742.65; A. Grande, \$15,186.15; T. J. O'Connell, \$15,200.26.

SUPPLY DEPARTMENT.

Upon June 30 the Acting Mayor approved a contract with lowest bidders, as indicated, for furnishing fruits and vegetables to the various city departments during July, 1933, with the exception of the items on which G. Giovino & Co. are low. On account of conditions arising from bids received on fruits and vegetables for the month of June, 1933, G. Giovino & Co. and other concerns were notified that bids would not be accepted from them for fruits and vegetables to be delivered during July, 1933, and for this reason, permission has been given to award the items that G. Giovino & Co. are low on to the next lowest bidders. Bids, opened June 21, were as follows:

* Contract awarded.

CIRCULAR LETTER NO. 21.

CITY OF BOSTON,
MAYOR'S OFFICE, June 30, 1933.

To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are members of the Army Reserve Corps, the Naval Reserve Force, the National Guard, or the United States Citizens' Training Camp, to attend the annual tour of duty or Service School.

Very truly yours,

JOSEPH McGRATH, Acting Mayor.

FIRE DEPARTMENT ORDERS.

General Order No. 29.

I. FIRE DEPARTMENT BAND.

The next meeting and rehearsal of the Fire Department Band will be held at the quarters of Engine Company 26, Broadway, at 3 p. m., Monday, July 10, 1933. The meeting will be at 3 o'clock and the rehearsal will begin at 4 o'clock. Members will bring their instruments, music and music stands and report promptly at the hour mentioned.

II. CHANGES IN BOX LOCATIONS.

Because of changes in names of streets the following changes should be made in fire alarm box locations:

2495—Westchester and Lila roads.

2496—Westchester road and Centre street.

2563—Clarendon avenue and Delano park.

2792—Laurie avenue and Oakmere street.

3484—Milton street and Crockett avenue.

New cards will be issued at a later date.

III. CHANGES IN STREET NAMES.

Notice has been received that street names have been changed as follows:

Roxbury.

Creston park, formerly Grove park.
Shermont street, formerly Sherbrook place.

West Roxbury.

Delano park, formerly Clarendon park, from Poplar street to Clarendon avenue.

Laurie avenue, formerly Prospect street, from Billings street to Caledonian avenue.

Westchester road, formerly Winchester road.

Dorchester.

Crockett avenue, formerly Cushing Hill road, from Milton street to Hill Top street.

IV. NEW ASSIGNMENT CARDS.

As announced in paragraph 4, General Orders No. 21, c. s., new assignment cards are being issued to the department today for Boxes 1315 and 1324.

As announced in paragraph 7, General Orders No. 17, c. s., new assignment cards are being issued today for Boxes 2718 and 2754.

As announced in paragraph 3, General Orders No. 25, c. s., new assignment cards are being issued today for Boxes 3656 and 5219.

All these cards are dated June 28, 1933. The old assignment cards for Boxes 3656 and 5219 should be returned to Headquarters on or before Saturday, July 8, 1933. Company commanders must write the company number in pencil on the back of each assignment card returned.

V. NEW A. D. T. RUNNING CARDS.

A complete new set of A. D. T. running cards is being issued to the department today. These cards are all dated July 1, 1933, and supersede all cards issued prior to that date. Company commanders will compare these cards with cards previously issued and call the attention of the members of their companies to any changes affecting their assignments. For example, Signal 135 on page 5 has been corrected by adding "S" for sprinkler alarm.

All old assignment cards will be returned in complete sets in the envelopes provided on or before Monday, July 10, 1933.

VI. COMMENDATIONS.

The commissioner has received from Mrs. Martha L. Fowler a check for \$3 as a contribution to the Boston Firemen's Relief Fund in appreciation of the services rendered by Ladderman Joseph Dashner, when she and her children were locked out of her house at an early hour in the morning about a month ago. The check has been turned over to the treasurer of the Boston Firemen's Relief Fund.

The Fire Commissioner is in receipt of a letter from Captain R. S. Culp, U. S. N., commanding officer of the U. S. S. "Raleigh," in which he expresses his appreciation of the services rendered by the members of this department at a recent fire on board that ship. The letter is published herewith for the information of the department:

June 22, 1933.

SIR,—This morning a fire occurred in the No. 3 fire room of this ship and the authorities of the Navy Yard requested the assistance of the Boston Fire Department. The fire tug, Engine 31, responded to the call and was alongside soon after receiving notification, and rendered valuable assistance in the putting out of the fire.

The first alarm assignment from District No. 2, Charlestown, under command of Acting District Chief, Captain Walter C. Glynn, arrived alongside the ship on the dock immediately after receiving the call. Captain Glynn and the personnel under his charge came aboard at once and assisted the personnel of the ship in every possible and necessary manner, and without the help of the Boston fire equipment and the services of the Boston firemen considerable difficulty would have been experienced in suppressing the fire; however, with their valuable aid and with the use of their equipment, the fire was soon in hand and no damage to the ship resulted from the fire.

I wish to take this opportunity to express our appreciation for the valuable services rendered by the personnel and equipment from the Boston Fire Department. All of the firemen performed their duties intelligently, quickly and quietly, and in a manner showing that they understood what was required of them. It is a pleasure for me to be able to inform you of our observations on the efficiency of the performance of your firemen.

Again thanking you for the services rendered.

Respectfully,

R. S. CULP,
Captain, U. S. Navy,
Commanding.

For the information of the department the commissioner is submitting below a copy of a letter received from the Waterman Steamship Corporation, concerning a fire on the S.S. "Arizpa," which came into Boston Harbor recently:

June 28, 1933.

DEAR SIR,—I desire to take this opportunity to thank you for the efficient manner in which your department handled the fire on the S.S. "Arizpa," and the perfect cooperation which was given the ship's officers. Had it not been for the efficient service your department rendered, the fire would have been serious. The writer was very much impressed by the splendid discipline you have in your department and the type of men you have is surely a credit to the City of Boston.

Yours very truly,

WATERMAN STEAMSHIP CORPORATION,
N. NICOLSON,
Vice President.

Lieut. John J. McLane of Engine Company 41 is hereby commended for responding to and working at fire, Box 525, June 14, 1933, while off duty.

Hoseman James J. Shields of Engine Company 24 is hereby commended for responding to and working at fire, Box 3134, June 21, 1933, while off duty.

Hoseman James McGonagle of Engine Company 8 is hereby commended for responding to and working at fire, Box 1212, June 21, 1933, while off duty.

Lieut. Daniel Gill of Engine Company 49 is hereby commended for responding to and working at fire, still alarm, opposite 1 Walcott square, June 22, 1933, while off duty.

Lieut. J. Herbert White of Engine Company 42 is hereby commended for responding to and working at fire, Box 3844, June 27, 1933, while off duty.

Ladderman Archibald W. McInnis of Ladder Company 28 is hereby commended for responding to and working at still alarm, 32 Fairmount avenue, June 29, 1933, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

LABORATORY TECHNICIAN, BOSTON CITY HOSPITAL, JULY 19, 1933.

(To do metabolism tests and work as X-ray technician.)

Last date for filing applications, Monday, July 10, 1933, at 5 p. m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$18.22 a week.

Duties: Urinalysis; blood pathology, including white count, red count, hemoglobin, smears; Graham staining; metabolism tests. Knowledge of X-ray is most important.

Subjects and Weights: Training and experience, 4; practical questions on laboratory work, 3; practical questions on X-ray work, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, JULY 19, 1933.

Last date for filing applications, Monday, July 10, 1933, at 5 p. m.

Requisition is for a male, but the examination is open to both males and females.

Salary: \$29 a week.

Duties: To act as a proofreader's assistant. The copyholder is required to notice irregularities in the manuscript such as spelling, punctuation, etc., and after galleys are corrected to revise them and to be familiar with proofreaders' marks in order to intelligently revise corrections.

Entrance Requirement: Applicants must have at least one year's experience as a copyholder.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

LAND-TAKING IN EAST BOSTON.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston known as East Boston and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Montmorenci avenue, bounded:

Westerly by Orient avenue, fifty-eight and 82-100 feet; northerly by another part of Montmorenci avenue, by two measurements, ten hundred ninety-five and 80-100 feet and five hundred thirty-six and 34-100 feet; southeasterly by Beachview road, twenty-six feet, and southerly by another part of Montmorenci avenue, by two measurements, five hundred twenty-two and 1-100 feet and ten hundred forty-three and 3-100 feet, containing forty-one thousand five hundred and sixty-three square feet, more or less.

The sewerage works to be constructed are as follows: 1,524 linear feet of 10-inch pipe sanitary sewer and 1,540 linear feet of 12-inch, 15-inch, 18-inch and 22-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Montmorenci avenue, between Orient avenue and Beachview road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1103, Sewerage Works, Montmorenci Avenue, East Boston, June 3, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

PSYCHOLOGIST, DEPARTMENT OF MENTAL DISEASES, JULY 29, 1933.

Last day for filing applications, Wednesday, July 19, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both male and female.)

There are two vacancies, one at the Worcester State Hospital, and one in the Habit Clinics of Investigation of Mental Diseases and Defects.

The position at the Worcester State Hospital is for full-time service. The entrance salary is \$1,140 a year with maintenance; the maximum salary is \$1,620 a year with maintenance.

The position in the Habit Clinics is for part-time service. The salary is \$1,500 a year for full-time service. The position to be filled at present is for three days a week and pays \$690 a year.

Duties at Worcester State Hospital: Administrator and interpretation of standard language and performance tests of intelligence; administration and interpretation of special tests. Experience in statistical work is desirable.

Duties in Habit Clinics: To administer psychological tests specially prepared for the testing of young children; to bring to the position new ideas on children along this line from other clinics and research laboratories. Applicants must be specially trained in clinical work with children.

Entrance Requirements: College education with either a B. S. or a B. A. degree, and two or more years' experience in the field of psychometric testing and in the field of clinical psychology is required.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

CHIEF RADIO OPERATOR AND REPAIRMAN, SOMERVILLE ELECTRIC LINES AND LIGHTS DEPARTMENT, JULY 29, 1933.

Last day for filing applications Wednesday, July 19, 1933, at 5 p. m.

The salary is \$42 a week. This examination is open to all citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application, and who have the necessary requirements as given below.

Duties: To take charge of operating, testing and repairing at the Police Radio Station; also to test and make repairs on all receiving sets, D. C. and A. C., storage batteries and "B" battery eliminators.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have at least five years' experience as licensed commercial operator and repairman and must possess a first-class license as radio operator issued by the Federal Radio Commission.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SENIOR ACCOUNTANT, BOSTON PARK DEPARTMENT, AUGUST 1, 1933.

Last date for filing applications, Saturday, July 22, 1933, at 12 m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$1,600 a year.

Duties: Accounting work.

Entrance Requirements: Applicants must be graduates of a standard high school, or have equivalent education, and have either one year of experience in work involving accounting and auditing or three years' attendance at a school of accounting.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

LIBRARY PACKED AS DEPRESSION CONTINUES.

As the curve of business goes down, the curve of reading goes up! To those cities tempted to chop off the budgetary appropriation for libraries as the first move in a program of economy, this report from the American Library Association Bulletin may be interesting:

More than a million new readers have found their way into libraries in cities of over 200,000 population in the last two years, and the number of books borrowed from them has reached the unprecedented high of 157,000,000—more than 26,000,000 over figures for 1929.

While these figures are indicative of the increase in reading throughout the country, they do not tell the whole story, for they represent only 44 libraries. Reports received by the American Library Association indicate that the per capita demand for books is equally great in smaller libraries.

Expenditures for library service in the cities noted increased 5 per cent during the two-year period; the number of books available increased 10 per cent; the number of registered readers, 19 per cent; and the number of books borrowed, 20 per cent.

CHICAGO TRAFFIC POLICE IN YEAR- LONG DRIVE.

Chicago traffic experts have promised a 50 per cent decrease in deaths from motor-car accidents, as a result of a week-by-week drive now in operation by Commissioner Russell of the Police Department to enforce the city traffic code. The drive, an outgrowth of the National Safety Congress and Chicago Safety Week recently held in Chicago, is expected to prove a valuable educational feature for drivers, pedestrians and policemen.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN MONTMORENCI AVENUE, EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Montmorenci avenue, East Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Montmorenci Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, July 18, 1933, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. BOURKE,
(July 8.) Commissioner of Public Works.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGE IN TRAFFIC REGULATIONS.

Voted, That the Traffic Regulations are amended as follows, effective July 10, 1933:

That section 17, Part 3, is amended by adding the following:

Howard Street.

Both sides, from Bulfinch street to Scollay square.

That section 40, Part 1, is amended by adding the following:

Davis Street.

From Washington street to Harrison avenue.

Fay Street.

From Dover street to Harrison avenue.

Normandy Street.

From Washington street to Columbia road.

Wollaston Terrace.

From Woodrow avenue to Jones avenue.

That section 50 is amended by adding the following:

South Street, West Roxbury.

From Robert street to Centre street.

(July 1-8.)

JOSEPH A. CONRY,
Commissioner.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN AMERICAN LEGION HIGHWAY, KEYSTONE STREET, WOODARD ROAD, WEST ROXBURY; STOW ROAD, DORCHESTER; RADFORD PLACE, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,900 linear feet of 6-inch, 8-inch and 10-inch water pipe in American Legion Highway, Keystone street, Woodard road, West Roxbury; Stow road, Dorchester; Radford place, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying and Relaying Water Pipes, American Legion Highway, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, July 17, 1933, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(July 8.) Commissioner of Public Works.

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, July 6, 1933.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of land situated on the southerly side of Tenean Playground, supposed to belong to Mary J. Clark, and containing 168,000 square feet, more or less, Dorchester district, for beach and playground purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 12 o'clock m., of July 25, 1933, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:
CORNELIUS A. REARDON,
(July 8-15.) Secretary.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the English High School, Montgomery street, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 17, 1933, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 24, 1933, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(July 8.) Commissioner of Public Works.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FIRE ESCAPE (IRON) CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escapes on the Cora L. Etheridge School, Harbor View street and Dorchester avenue, Dorchester, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the entire contract price. Plans ready for contractors Wednesday, July 12, 1933. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, eighth floor, signed by the bidder and left before 2 o'clock p. m. of Thursday, July 20, 1933, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, and the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all unused plans and specifications are returned prior to 12 o'clock noon of Thursday, July 27, 1933, otherwise said deposit shall be forfeited.

(July 8.) *Superintendent of Construction.*

RURAL TEACHERS' SUPERVISION.

Improving instruction in rural schools through promoting the efficiency and professional growth of teachers is the most important function of supervision in connection with the rural school movement. In the accomplishment of this purpose supervisors use different means and procedures usually designated as supervisory measures, according to the United States Office of Education. Among those found particularly successful in rural communities are: County-wide teachers' meetings, circular letters, group conferences, visitations, individual conferences, and help rendered by teachers to colleagues.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for cooking room at the Rice School, Dartmouth and Appleton streets, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors Tuesday, July 11, 1933. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 17, 1933, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, this deposit shall be returned to all but the successful bidder, providing that all unused plans and specifications are returned prior to 12 o'clock, Monday, July 24, 1933, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,
(July 8.) *Superintendent of Construction.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR PUMPING EQUIPMENT FOR TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing pumping equipment for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 45 per cent of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Pumping Equipment, Traffic Tunnel," delivered to the Department, or to its secretary, before 12 o'clock noon on Monday, July 24, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Tuesday, July 11, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

(July 8-15.)

EDWARD F. CONDON,
Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN HOWLAND STREET, WARD 12, FROM WARREN STREET TO HAROLD STREET; WAUMBECK STREET, WARD 12, FROM WARREN STREET TO HUMBOLDT AVENUE; COPELAND STREET, WARD 12, FROM WARREN STREET TO MORELAND STREET.

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Howland street, Ward 12, from Warren street to Harold street; Waumbeck street, Ward 12, from Warren street to Humboldt avenue; Copeland street, Ward 12, from Warren street to Moreland street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Howland Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, July 19, 1933, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(July 8.) *Commissioner of Public Works.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR MOTOR TRUCKING FOR TRAFFIC TUNNEL, BOSTON APPROACH.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for motor trucking for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in the sum of \$10,000. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Motor Trucking, Traffic Tunnel," and delivered to the Department, or to its secretary, before 12 o'clock noon on Monday, July 17, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of two thousand (2,000) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Monday, July 3, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

No. 28

NEW DAY DAWNING FOR HOME OWNERS, ACTING MAYOR McGRATH POINTS OUT IN OPTIMISTIC RADIO ADDRESS FROM CITY HALL STATION. IMPROVED BUSINESS CONDITIONS, RETURN OF CONFIDENCE AND EFFORTS OF GOVERNMENT TO PROVIDE RELIEF FOR MORTGAGE DEMANDS AND UNEMPLOYMENT ALL BRING HOPE AND CHEER, HE TELLS RADIO AUDIENCE.

In the regular weekly broadcast from City Hall Station, Acting Mayor McGrath spoke as follows:

One of the saddest consequences of this period of depression, to my mind, is the number of homes that have been lost to their owners, either through foreclosure because of inability to pay interest on a mortgage, or through a forced sale with the loss of hundreds of dollars of investment.

These worthwhile citizens of our community who had practised thrift, who had denied themselves luxuries and pleasures that they might prepare for a rainy day, found that when the rainy day of unemployment came it washed away the savings of a lifetime and carried off in its torrential flood even the roof-tree which sheltered them and their families, and, as if to add insult to injury, the frugal man who had invested in a little home was penalized for his frugality. He was forced to pay increased taxes on his home to meet the demands on the city treasury of public welfare recipients. Oftentimes this man who had practised frugality and self-denial that he might invest in a home asked himself the question, "what price thrift?" When he struggled to pay increased taxes so that a neighbor—perhaps one of his tenants—with no real estate, no personal property or savings, could live literally as free as a bird and secure from the city treasury food, clothing and money for rent. Truly the owners of small homes have been heavily penalized and the record of thousands of homes lost through foreclosure or forced sale will stand as perhaps the greatest tragedy of the depression.

But it is pleasant to realize that a new day is dawning. On every hand there is evidence of improved business conditions. Of a renewed feeling of confidence, of a restored public morale. One of the last commodities to feel the effect of this improvement is real estate. In every section of our city, even in the best situated downtown business centers, there are properties that can be purchased below the assessed valuation and, in many instances, below the first mortgage.

Just as there were vast fortunes lost in real estate purchased at exorbitant and fictitious prices during boom times so there will be substantial profits realized in the next few years from property well selected with the assistance of a competent expert on real estate. The man who is alert to take advantage of the present low values in real estate can find profitable investments. Banks, trustees and individuals have large real estate holdings in their possession—much of it secured unfortunately through foreclosures—that they are anxious and willing to dispose of at less than replacement value. New Federal legislation released millions of dollars for the financing of home mortgages. May we not hope that most of this money will refill the empty coffers of those who have been obliged to sacrifice or lose their real property?

Shortage of Homes.

The cessation of building during the last three years will soon cause a shortage of desirable homes. With an increase in employment already started, thousands of families that have been "doubling-up" will again establish their own homes, notwithstanding many unfortunate losses of homes during the last three years by owners who had not sufficient equity in the property. It still remains true that the wisest investment the father of a family can make with his savings is in the purchase of a well-selected home, the price of which is within his means.

Contrary to general belief, real estate has proven its real worth and stability better than any other commodity. Prices of real estate have held up well as compared with other commodities. Stocks and bonds have fluctuated in value far more than real estate. Good land cannot disappear or be stolen, and buildings can be insured against loss by fire. There never has been a more desirable time since the World War to get good values in real estate than right now, and it is the consensus of opinion that a rise in prices is now beginning which will continue for some time. There are not many good homes to be had at give-away prices, but from the standpoint of replacement value there are thousands of worthwhile values. Stocks, bonds, foodstuffs and clothing have already begun to show an increase in price, but the low prices in real estate still continue. As soon as the first signs point to an increase in the price of land and houses, hundreds of prospective purchasers who have hesitated to buy, believing that real estate prices have not touched bottom, will suddenly rush to buy. Immediately prices will rise and in a few months will soar rapidly as the long-delayed demand asserts itself on every side and the confidence of the real estate buyer is restored. Prospective purchasers are asking the question, "Have prices actually reached their lowest level?" They will receive their answer when the first increase in prices—no matter how slight—takes place. The question you should ask yourself is, "Shall I profit by the present wave of low prices, or shall I wait until it is too late to profit?"

The thought for a prospective purchaser to keep uppermost in his mind is that proper location is the chief factor in selecting property. Property well located and convenient to all the necessary facilities is the surest investment. Even a poorly built house in a good locality is more valuable than a well built house in an undesirable locality.

(Continued on page 783.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, July 31, at 2 p. m.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon street, on Thursday, July 13, 1933, at 12 o'clock noon.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 8, 1933:

Population estimated July, 1933, United States Census Bureau estimate, 791,944; number of deaths (stillbirths excluded): Residents, 137; nonresidents, 56; total, 193.

Death rate per 1,000 of population: All deaths, 12.67; nonresidents deducted, 9.00.

Death rate per 1,000 of population:

Last week, 12.61; corresponding week last year, 11.67.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 6; sixty years and over, 79. Total deaths: Male, 102; female, 91; deaths in hospitals and institutions, 122; deaths of colored, 7.

CONFERENCE ON WELFARE FRAUD RUMORS SHOW NO FOUNDATION IN FACT. ACTING MAYOR McGRATH ISSUES STATEMENT AFTER THE MEETING—FOUND DISCREPANCIES AND NEED FOR REVISION OF PAYMENT SYSTEM TO MAKE IT COMPLETELY RUMOR PROOF. ANOTHER CONFERENCE LATER.

As a result of the conference held at the Mayor's office on July 11 concerning certain welfare cases, the following statement was issued:

As a result of persistent rumors that fraud was prevalent in the Public Welfare Department, Acting Mayor McGrath called upon the Corporation Counsel and the Statistics Department to cooperate with him in determining whether such rumors had any foundation in fact.

After a series of conferences with the City Auditor, the City Clerk, the chairman of the Statistics Department and the Corporation Counsel it was agreed that such records as the Statistics Department had available concerning the Welfare Department cases, and which on their face appeared suspicious, be investigated by investigators of the Law Department.

Many cases were fully investigated and reported upon and the Welfare Department was called upon to make explanations of many discrepancies and apparent irregularities which were recorded by the investigators. After a lengthy conference this day held the Welfare Department officials satisfied the Acting Mayor that none of the cases investigated disclosed fraud. The conference, however, did disclose the necessity for certain changes in the present methods of keeping records by the Welfare Department and in which changes the officials of the Welfare Department fully concurred and agreed to extend the maximum amount of cooperation required.

It appeared from the investigation that the recipient did not affix his address to the pay roll when receiving aid from the paymaster and merely was required to sign his name. It was agreed that it was essential, in order to prevent fraud and to permit of an immediate and

speedy check-up, that the recipient be required to affix his address when signing the pay roll. This recommendation was made some time ago by Acting Mayor McGrath, who insists that if the present address in each case is affixed to the pay roll upon the receipt of aid, possibility of fraud will be eliminated and the opportunity for an independent check-up will be available.

In several cases it was disclosed that the name investigated was that of a deceased person and while the Welfare Department satisfactorily explained that the actual recipient was alive and that the name of the deceased person was carried on the stencil for the purpose of continuity of record, as is done by all private charitable agencies, nevertheless it was recommended, to prevent possible confusion and complaint that deceased persons were receiving aid, that the stencils be changed in each case by affixing the word "Deceased" after the name of the deceased person and to add the name of the present recipient in the particular family.

Because of the fact that it was disclosed that many persons who signed the pay roll with a cross were in fact able to write their names it was agreed that the department cause a very careful check-up to be made of such cases.

This statement is fully concurred in by the Acting Mayor, the officials of the Overseers of the Public Welfare who were present, the City Auditor, the Corporation Counsel and the Statistics Department.

A further conference will be held next week concerning the recommendations herein presented and to receive further reports from the Law Department of several cases which this department is to further investigate.

BROADCAST BY ACTING MAYOR McGRATH.

(Continued from page 781.)

There has been a great deal of discussion lately, when so many properties are being offered for sale at a price below the assessed valuation, as to whether or not the assessed valuation is too high. From all sections of the city there has come an insistent and general demand for a reduced valuation of real estate. Many people are insisting that no property should be assessed for more than it will bring at a sale. But who can determine what is the sale value of real estate at the present time when there are so few purchasers of real estate? Prices on real estate, as on all commodities up to date, have been regulated by the law of supply and demand. When the demand for real estate returns prices will rise and the supply will be insufficient.

It is no fairer to assess the valuation this year on the basis of present market values and have this assessment stand for the better years that will soon follow than it was to assess properties at the sale price of 1928 to stand the same during the period of depression.

MISGUIDED LEADERSHIP.

Many suburban home owners are honestly following the misguided leadership of certain individuals and associations who are leading a fight for reduced assessments of real estate. I use the word "misguided," because these individuals and associations wish to conceal certain vital facts relating to tax receipts, the most important of which is that every tax dollar now being lifted from business property must be added to residential property. Of the 176,000 families residing in Boston, 46,000 families own their own homes and 130,000 families pay rent. These 46,000 heads of families who are taxpayers contribute substantially to the 78 per cent which is real estate's share of the entire cost of maintaining the School, Hospital, Health, Fire, Police, Water, Sewer, and every other function of the city.

Allowing that these departments must continue to function properly, and with the knowledge that taxes on real estate must pay the lion's share of the expense, home owners must fight vigorously against further transfer of responsibility from the shoulders of business property onto the already overloaded back of residential property. And bear in mind that the Boston Fire and Police Departments are

expected to be of sufficient size and equipment to supplement, in an emergency, the services of cities and towns of Metropolitan Boston. The taxpayers outside of Boston proper in the metropolitan area pay no taxes to the Boston city treasury, yet many of them earn their living in Boston and all of them make demands upon our treasury. It is from these people who live "off" Boston so to speak, yet contribute nothing to the city treasury, that we hear the harshest criticisms of our city administration and assertions, such as the one made recently, that the reason that only 26 per cent of the residents of Boston own their own homes is because the conduct of the city administration makes Boston an undesirable place in which to own a home. The truth is that unless we classify Metropolitan Boston as a unit we cannot get a true picture of the percentage of home ownership. If some of these critics of Boston would become voters and taxpayers in the city, they would help to lessen the heavy tax burdens borne by home owners of Boston. Four thousand of Boston's own city employees—many of them home owners—live outside of Boston and thousands of other people earn daily in Boston the money which they have invested in homes outside of Boston.

Then, too, the associations that speak so feelingly about lifting the burden of taxation from the small home owner do not tell this small home owner that the greatest inroads made in our receipts from real estate taxes are made by the state controlled Board of Tax Appeals, and these reductions are in almost every instance on downtown business property. Many of the attorneys who handle these tax abatement cases before the Board of Tax Appeals take the properties on a contingent basis without payment of a regular fee. The owner of a small home could not pay a fee and his comparatively small assessment value offers no incentive to a lawyer to take the property on a contingent basis. The result is that residential property is not fairly presented to the Board of Tax Appeals and residential property has had rather to assume the additional burden of the amounts cut from business property. After twenty years as an appraiser of real estate, I am a firm believer in tax reduction, but I also believe that this reduction should first be made in decreased valuation on residential property.

The City of Boston and its officials are not unmindful of their duty toward the city and its citizens. They are filled with optimism for the city and its future. Plans are in the making that will be in keeping with the high hope established for the return and maintenance of a prosperous condition. A plan of public works is being developed that will not only add to the comfort and convenience of the citizens, but will give many of them a chance to return to gainful occupation, to become self-sustaining and self-supporting citizens. This means relief for the tremendous burden the city is carrying in soldiers' relief and public welfare.

Our City of Boston is one of the finest and most beautiful cities in the country—I believe in the world. The greatness of a city is not in its industries, its wealth, or alone in its churches and schools, but in the families in the homes of the city. As the homes of the people have permanency, as they are real abiding places and not temporary residences, the city will flourish and grow strong through the deep-rooted interest of its citizens.

Good afternoon and thank you.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for cooking room at the Rice School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 17, at 2 p. m.

Advertises for proposals for doing painting work at the English High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 17, at 2 p. m.

Advertises for proposals for erecting and completing fire escapes at the Cora L. Etheridge School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, July 20, at 2 p. m.

Advertises for proposals for erecting and completing fire escapes at the Hugh O'Brien School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, July 20, at 2 p. m.

Advertises for proposals for doing painting work at the Commodore Barry School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 24, at 2 p. m.

Advertises for proposals for additional classrooms in the Dorchester High School for Boys. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Dupli-

cate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 24, at 2 p. m.

Advertises for proposals for furnishing electric clocks in various schools. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 24, at 2 p. m.

Advertises for proposals for furnishing telephone apparatus in various schools. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 24, at 2 p. m.

HOSPITAL DEPARTMENT.

Advertises for proposals for furnishing and installing pumping equipment for the City Hospital. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the architects, James H. Ritchie and Associates, 100 Arlington street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the office of the Superintendent, City Hospital, Harrison avenue, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, July 26, at 2 p. m.

PARK DEPARTMENT.

Advertises for proposals for paving Commonwealth avenue, center drive, between Harvard avenue and 200 feet east of Allston street, Brighton. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$3,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, July 26, at 2 p. m.

Advertises for proposals for repairing bridge at Audubon road, over the Boston & Albany Railroad, Back Bay. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Park Department, 33 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

INVITES CATHOLIC LADIES TO CONVENE IN BOSTON.

The Acting Mayor, on July 11, forwarded the following telegram to Mrs. Alice C. Maloney, Supreme Trustee of the Ladies' Catholic Benevolent Association, at the Hotel Sagamore, Rochester, New York:

Kindly accept best wishes for complete success of your convention. On behalf of the citizens of Boston and myself I beg you will convey to the delegates our cordial invitation to make Boston their next convention city. From standpoint of historic interest, accommodations, comfort and official cooperation Boston is foremost of convention cities.

JOSEPH McGRATH,
Acting Mayor.

Maney Company, Incorporated, \$43,155.90; A. DeStefano & Son, \$44,296.70; P. Silverri, \$44,425.19; A. R. Doyle, Incorporated, \$44,962; C. Cabone, \$45,409.15; A. G. Tomasello & Son, Incorporated, \$45,585.50; F. J. Jacobs Company, \$46,342.56; Keystone Engineering and Contracting Company, \$47,375.20; M. F. Gaddis, \$48,889.05; M. McGinnis Company, \$50,194.25; Coleman Brothers, Incorporated, \$51,412.50; W. G. C. Company, \$62,375.60; M. DeMatteo, \$64,356.15.

Recut Granite Block and Bitulithic.—C. Repucci & Co., \$40,829.35; S. J. Tomasello, \$40,843.35; Baker, Matz & Co., \$41,395.55; Joseph A. Singarella, \$42,501.20; C. J. Maney Company, Incorporated, \$43,264.20; A. DeStefano &

Son, \$44,296.70; P. Silverri, \$67,263.19; A. R. Doyle, Incorporated, \$45,142.50; C. Cabone, \$45,523.15; A. G. Tomasello & Son, Incorporated, \$45,766; F. J. Jacobs Company, \$46,450.86; Keystone Engineering and Contracting Company, \$47,483.50; M. McGinnis Company, \$50,374.75; Coleman Brothers, Incorporated, \$51,475.20; W. G. C. Company, \$62,736.60; M. DeMatteo, \$64,356.15.

Upon July 12 the Acting Mayor approved a contract with Frank J. Jacobs Company for laying sheet asphalt pavement in Glenmont road, Ward 22. The following bids were received July 10:

Sheet Asphalt.—Frank J. Jacobs Company, \$8,895; J. A. Singarella, \$9,170.10; J. A. Sprissler, \$9,305.70; Appel & O'Toole Company, \$9,317.88; Iozza & Faraci, \$9,327.20; Nelson Brothers, \$9,492; Keystone Engineering and Contracting Company, \$9,544.34; A. R. Doyle, Incorporated, \$9,624.10; J. Susi & Bro., \$9,691.60.

Bitulithic.—Frank J. Jacobs Company, \$8,997.60; J. A. Singarella, \$9,338.10; J. A. Sprissler, \$9,305.70; Appel & O'Toole Company, \$9,420.48; Iozza & Faraci, \$9,428; Nelson Brothers, \$9,594.60; Keystone Engineering and Contracting Company, \$9,646.94; A. R. Doyle, Incorporated, \$9,795.10; J. Susi & Bro., \$9,656.20.

Upon July 12 the Acting Mayor approved a contract with Charles Capone for laying sheet asphalt pavement in Elmdale and Pompeii streets. The following bids were received July 10:

Sheet Asphalt.—Charles Capone, \$9,686.69; Iozza & Faraci, \$9,846.51; Appel & O'Toole Company, \$9,868.51; Nelson Brothers, \$10,106.63; J. Susi & Bro., \$10,198.95; A. R. Doyle, Incorporated, \$10,622.70.

Bitulithic.—Charles Capone, \$9,842.89; Iozza & Faraci, \$9,939.03; Appel & O'Toole Company, \$9,962.23; Nelson Brothers, \$10,200.35; J. Susi & Bro., \$10,169.71; A. R. Doyle, Incorporated, \$10,778.90.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon July 6 the Acting Mayor approved a contract with P. Guarino & Co., Incorporated, for sewerage works in Partridge street, private land and Pheasant street, West Roxbury. The following bids were received July 3:

Clay Pipe.—P. Guarino & Co., Incorporated, \$6,316.50; M. DeSisto Company, \$6,265.50; D. Pace & DiBartolomeo Company, \$6,234.10; Joseph Todesca, \$6,799; DiCenso & Volpe Company, \$7,202.50; Battery Contracting Company, \$7,358.33; D. Federico & Giammarco Company, \$7,997.41; A. Cefalo Construction Company, \$8,103.45; A. Piatelli & Co., \$8,382.01; John Williams, \$8,646.10; Zoppo & Civitarese Company, Incorporated, \$8,762.37; T. J. O'Connell Company, \$8,904.06; Roxbury Concrete Construction Company, Incorporated, \$9,001.07.

Concrete Pipe.—P. Guarino & Co., Incorporated, \$6,221; M. DeSisto Company, \$6,313; D. Pace & DiBartolomeo Company, \$6,234.10; Joseph Todesca, \$6,839; DiCenso & Volpe Company, \$7,113.50; Battery Contracting Company, \$7,243.83; D. Federico & Giammarco Company, \$8,005.41; A. Cefalo Construction Company, \$8,147.95; A. Piatelli & Co., \$8,262.01; John Williams, \$8,868.60; Zoppo & Civitarese Company, Incorporated, \$8,857.37; T. J. O'Connell Company,

\$8,885.06; Roxbury Concrete Construction Company, Incorporated, \$9,088.47.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon July 6 the Acting Mayor approved a contract with the Roxbury Concrete Construction Company, Incorporated, for laying and relaying water pipes in Adams street and Dana street, Roxbury, and Montmorenci avenue, East Boston. The following bids were received July 5:

Roxbury Concrete Construction Company, Incorporated, \$1,271.90; Battery Contracting Company, \$1,346.25; Joseph Capone, \$1,367; M. DeSisto Company, \$1,522; Appel & O'Toole Company, \$1,712.50.

SUPPLY DEPARTMENT.

Upon July 12 the Acting Mayor approved a contract with George McQuesten Company for furnishing 45,000 duet feet 3-inch creosoted wood conduit to the Airport, Park Department. Bids, opened July 6, were as follows:

Per M. Duet Feet.—J. J. Costello (for The Joslyn Company), \$95.20; Graybar Electric Company, Incorporated, \$95.50; George McQuesten Company, \$88.

Total.—J. J. Costello (for The Joslyn Company), \$4,284; no check deposited, American Telephone and Telegraph Company, Specifications 5446; Graybar Electric Company, Incorporated, \$4,297.50; George McQuesten Company, \$3,960.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Acting Mayor has approved contracts with firms for supplies and construction. Communications from the heads of the several departments were as follows:

PARK DEPARTMENT.

BOSTON, June 19, 1933.

HON. JOSEPH McGRATH,
Acting Mayor of Boston.

DEAR SIR,—By vote of the Board of Park Commissioners your approval is respectfully asked to authorize the Board of Park Commissioners to award, without advertising, a contract to the Gray Line, Incorporated, of Boston, to furnish approximately not more than ten buses per day for the transportation of 250 poor children per day on Randidge Fund excursions to and from Castle Island for five days per week, from July 1 to August 31, 1933, for the sum of \$13.90 per bus, the total charge not to exceed the sum of \$4,500. This expense is to be charged to the Reserve Fund.

The reason for asking that this contract be awarded to the Gray Line, Incorporated, of Boston, is that the Gray Line has been given this contract for the last three years and has given very satisfactory service, and as the limit of \$4,500 is much lower than the contract would be if said limit was not placed, the Board believes that nothing would be gained by advertising.

Respectfully yours,

DANIEL J. BYRNE,
Secretary.

PUBLIC WORKS DEPARTMENT (Paving Service).

BOSTON, June 22, 1933.

To the Mayor of Boston.

Your permission is respectfully requested to the award of a contract for the construction of artificial stone sidewalks

in the public streets, without advertising, to Herman Manganiello, 75 West Selden street, Dorchester, on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve \$1,000.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, July 6, 1933.

HON. JOSEPH McGRATH,
Acting Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the American La France and Foamite Industries, Incorporated, to deliver to the Fire Department the following repair parts:

One crankshaft assembly, \$385; 1 crankcase assembly, \$385; 1 sleeve, \$18; 1 clutch throwout and 2 blocks, \$8.50; 1 brg. and ring, \$13; 2 felt washers, \$0.30; 1 cross rod and 2 jaws, \$13.85; 1 dust cap, \$2.75; 1 heat control, \$15.50; 1 timer shaft belt and coupling, \$6.75; 1 drive collar, \$1.25; 1 shaft, \$13; 1 cross shaft, \$0.60; 1 lock nut, \$4.95; 1 case, \$13; 1 clutch housing, \$33; 1 male coupling, \$11.75; 2 female couplings at \$13.50, \$27; 1 clutch shaft, \$45; 1 camshaft gear, \$7.50; 2 camshaft gears at \$15, \$30; 2 P. & M. gears at \$4, \$8; 1 pan assembly, \$120; 1 pump assembly, \$27.50; 3 connecting rod assemblies 1705 at \$25, \$75; 6 piston assemblies at \$15, \$90; 3 connecting rod assemblies 5242 at \$25, \$75; 8 bolts at 10 cents, \$0.80; 1 fan pulley, \$5; 1 drive shaft assembly, \$9.25; 1 timing cover, \$15.50; 1 cover plate, \$0.50; 1 air control, \$3.30; 1 spring, \$0.15; 1 adjusting screw, \$0.40; 1 plunger, \$0.40; 2 mud pans at \$2.50, \$5; 2 cross rod bolts at \$75 cents, \$1.50; 1 steering rod assembly, \$13.25; 2 camshafts at \$40, \$80; 2 cross rod arms at \$9, \$18; 2 keys at 2 cents, \$0.04; 1 L. W. distributor, \$17; 2 valve lifters at \$3, \$6; 2 nuts at 5 cents, \$0.10; 2 bolts at 35 cents, \$0.70; 2 guides at \$1.75, \$3.50. Ladder 12 repair job. Total, \$1,611.59.

As the American La France and Foamite Industries, Incorporated, are the manufacturers, nothing would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

BOSTON, July 11, 1933.

HON. JOSEPH McGRATH,
Acting Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising same, to the Signal Service Corporation to deliver to the Boston Traffic Commission the following traffic signal parts:

Three No. 1 posts, 1 No. 2 post, 3 two-way three-section signals, 1 three-way three-section signal, 3 Burk No. 6012 terminal strips, 1 control box, complete with two Tokheim timers, wired to give three vehicular periods and one pedestrian period, delivered to 8 Atkinson street, at a net price of \$1,142.

As the Signal Service Corporation has the contract for furnishing Unit No. 2 traffic signals, and as the above items are

an addition to Unit No. 2 traffic signal specifications, nothing would be gained by publicly advertising.

Respectfully yours,

PHILIP A. CHAPMAN,
Superintendent of Supplies.

LAND-TAKING IN DORCHESTER.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Manor street, bounded:

Southerly by easement taken by the City of Boston for sewerage purposes November 6, 1929, six feet; westerly by another part of Manor street, eighty feet; northerly by the same, six feet; and easterly by the same, eighty feet, containing four hundred and eighty square feet, more or less.

The sewerage works to be constructed are as follows: 75 linear feet of 10-inch pipe sanitary sewer and 75 linear feet of 12-inch pipe surface drain.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Manor street, beginning at a point approximately one hundred and twenty feet north of Westglow street and extending northerly for a distance of approximately eighty feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1105, Sewerage Works, Manor Street, Dorchester, June 23, 1933, William J. Sullivan, Chief Engineer, Street-Laying Out Department," and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Acting Mayor has approved the order of the Board of Street Commis-

sioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, supposed to belong to Roxbury Iron and Metal Company, bounded:

Northerly by Hill Top street, ten feet; easterly by other land supposed to belong to said company, one hundred eighty-three and 94-100 feet; southerly by land hereinafter described as taken from Old Colony Railroad Company, ten and 29-100 feet; and westerly by other land supposed to belong to Roxbury Iron and Metal Company, one hundred eighty-six and 36-100 feet, containing eighteen hundred and fifty-two square feet, more or less.

A parcel of land, supposed to belong to Old Colony Railroad Company, the New York, New Haven and Hartford Railroad Company, lessees, bounded:

Northerly by land hereinbefore described as taken from Roxbury Iron and Metal Company, ten and 29-100 feet; easterly by other land supposed to belong to said railroad, fifty-nine and 43-100 feet; southerly by land hereinafter described as taken from Dorchester Cement Stone Company, ten and 29-100 feet; and westerly by other land supposed to belong to said railroad, fifty-nine and 43-100 feet, containing five hundred and ninety-four square feet, more or less.

A parcel of land, supposed to belong to Dorchester Cement Stone Company, bounded:

Northerly by land hereinbefore described as taken from Old Colony Railroad Company, ten and 29-100 feet; easterly by other land supposed to belong to said Dorchester Cement Stone Company, one hundred twenty-four and 19-100 feet; southerly by the same, ten and 12-100 feet; and westerly by the same, one hundred twenty-three and 27-100 feet, containing twelve hundred and thirty-seven square feet, more or less.

The sewerage works to be constructed are as follows: 175 linear feet of 12-inch pipe sanitary sewer and 370 linear feet of 3-foot circular concrete surface drain.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned sustain damages in their estates by the taking of an easement for sewerage purposes and the construction of sewerage works in private land between Hill Top street and the Neponset river, under the order of the Board, in the amounts hereinafter respectively set against them; and awards said amounts therefor:

Roxbury Iron and Metal Company, 1,852 square feet.....	\$185 20
Old Colony Railroad Company, 594 square feet.....	Nothing
Dorchester Cement Stone Company, 1,237 square feet.....	123 70

LAND-TAKING IN WEST ROXBURY.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying-out and construction of Mahler road, West Roxbury district, as a highway, from Washington street northwesterly, bounded and described as follows:

A highway named Mahler road is hereby laid out, from Washington street northwesterly for a distance of approximately four hundred and thirty-nine feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Washington street, forty feet; southwesterly by the southwesterly line of said Mahler road as hereby laid out, four hundred forty-one and 55-100 feet; northwesterly by the northwesterly line of said Mahler road as hereby laid out, forty and 19-100 feet; and northeasterly by the northeasterly line of said Mahler road as hereby laid out, four hundred thirty-seven and 60-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Mahler road as laid out under this order, from Washington street northwesterly, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Mahler Road, Colgate Road, West Roxbury, Assessment Plan, June 21, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Mahler road, West Roxbury district, as a highway, from Washington street northwesterly for a distance of approximately 439 feet, under the order of the Board and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Favre street, Dorchester district, as a highway, from Cummins Highway to Messinger street, bounded and described as follows:

A highway named Favre street is hereby laid out, from Cummins Highway to Messinger street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto;

A parcel of land, supposed to belong to Edward A. Gallagher, bounded:

Southwesterly by Cummins Highway, twenty-three and 69-100 feet; northwesterly by Favre street, twenty-three and 69-100 feet; easterly by the easterly line of Favre street as established under this order, thirty and 19-100 feet, containing one hundred and twenty-nine square feet, more or less.

The land, owners unknown, being the private way known as Favre street, between Cummins Highway and Messinger street.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Favre street as hereby laid out is bounded: Southwesterly by Cummins Highway, sixty-seven and 94-100 feet; northwesterly by the northwesterly line of said Favre street as hereby laid out, nine hundred ninety and 15-100 feet; northeasterly by Messinger street, forty and 6-100 feet; southeasterly by the southeasterly line of said Favre street as hereby laid out, nine hundred forty-five and 35-100 feet; and easterly by the easterly line of said Favre street as hereby laid out, thirty and 19-100 feet, on a curve of fifteen feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Favre street, between Cummins Highway and Messinger street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Favre Street, Dorchester, Assessment Plan, June 29, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

FAILURE TO MAINTAIN CITY STREETS IS FALSE ECONOMY.

Money now saved by failure to maintain city streets, in response to the clamor of citizens for tax reduction, represents a trivial economy in comparison with the enormous outlay that will be required to rebuild such thoroughfares later. Taxpayers in some municipalities, determined to reduce public expenditures, have gone so far as to insist upon elimination of funds sorely needed for the maintenance of existing streets. In other places, even though money for street maintenance is available, powerful minority groups are demanding that it be not spent under present conditions.—*The American City*.

METHODS OF ELIMINATING GRADE-CROSSING ACCIDENTS.

Five suggestions aimed at the elimination of grade-crossing accidents are offered in the monthly report of the Street Traffic Committee of the National Automobile Chamber of Commerce.

It is estimated that curing the grade-crossing evil would reduce traffic accidents by 10 per cent in a very short time, and the Committee presents the following five points for discussion:

1. Do away with those grade crossings which have the heaviest traffic.
2. Place warning signs not less than 500 feet back from the railroad tracks.
3. Take down all signs from obsolete trackage.
4. Use traffic-light signals (operated by trains) instead of signs, if there are fewer than five trains per day.
5. Consider scrapping all railroad signs in favor of signals for use only when train is approaching.

"The last two points merit consideration first, because, though they are new doctrines, they seem the least expensive and most practical of application."

THE POLICE OFFICER AND THE CITIZEN.

The importance of the police as conspicuous representatives of the municipal government, and the qualities desirable in such a relationship, were pointed out by City Manager Willard F. Day of Staunton, Va., in addressing the recent convention of the Virginia Police Executives' Association. He said in part:

"It is unquestionably true that the man on the street, the public, the visitor and the home citizen alike, form first and in many cases lasting impressions of the local government by contacts with the police."

FALSE ECONOMIC PROPOSALS.

Danger to both the immediate and the long-run efficiency of fire departments and to the security of the community itself lies in many if not most of the proposals of taxpayers' representatives attacking the budgetary provisions for municipal fire protection. The gravity of this menace was emphasized by Jay W. Stevens, California State Fire Marshal and Executive Secretary of the International Association of Fire Chiefs, in an address on "Maintaining Fire Department Efficiency," given before the recent convention of that organization.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY.)PSYCHOLOGIST, DEPARTMENT OF MENTAL
DISEASES, JULY 29, 1933.

Last day for filing applications, Wednesday, July 19, 1933, at 5 p. m.

(Requisition is for female, but the examination is open to both male and female.)

There are two vacancies, one at the Worcester State Hospital, and one in the Habit Clinics of Investigation of Mental Diseases and Defects.

The position at the Worcester State Hospital is for full-time service. The entrance salary is \$1,140 a year with maintenance; the maximum salary is \$1,620 a year with maintenance.

The position in the Habit Clinics is for part-time service. The salary is \$1,500 a year for full-time service. The position to be filled at present is for three days a week and pays \$690 a year.

Duties at Worcester State Hospital: Administration and interpretation of standard language and performance tests of intelligence; administration and interpretation of special tests. Experience in statistical work is desirable.

Duties in Habit Clinics: To administer psychological tests specially prepared for the testing of young children; to bring to the position new ideas on children along this line from other clinics and research laboratories. Applicants must be specially trained in clinical work with children.

Entrance Requirements: College education with either a B. S. or a B. A. degree, and two or more years' experience in the field of psychometric testing and in the field of clinical psychology is required.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate from a physician designated by the commissioners as to their physical fitness for the position.

CHIEF RADIO OPERATOR AND REPAIRMAN, SOMERVILLE ELECTRIC LINES
AND LIGHTS DEPARTMENT, JULY 29,
1933.

Last day for filing applications, Wednesday, July 19, 1933, at 5 p. m.

The salary is \$42 a week. This examination is open to all citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application, and who have the necessary requirements as given below.

Duties: To take charge of operating, testing and repairing at the Police Radio Station; also to test and make repairs on all receiving sets, D. C. and A. C., storage batteries and "B" battery eliminators.

Entrance Requirements: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Applicants must have at least five years' experience as licensed commercial operator and repairman and must possess a first-class license as radio operator issued by the Federal Radio Commission.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

POLICE DEPARTMENT ORDERS.

General Order No. 233.

In an endeavor to render the fullest assistance to the Governor's Committee on Street and Highway Safety, particularly in the relation of law enforcement to the prevention of motor vehicle accidents, violation cards (specimens submitted herewith) for defective lights, brakes, etc., are put into use in this department, with the following instructions:

VIOLATION CARDS FOR DEFECTIVE LIGHTS, BRAKES, ETC.

The Cards.

Cards designed to stop the dangerous practice of the operation of motor vehicles with defective lights, signaling devices and brakes throughout the city will be distributed to the several police divisions.

These cards are in two-part form, one for the operator, the other for the police officer. Officers on street duty, whether in cruising cars, on motorcycles, or on foot, will be supplied with a sufficient number of them, to be used when their attention is attracted to any person committing a violation of the automobile law relating to lights, horns or brakes, when such violation is caused by a defect in the equipment of the motor vehicle.

THE DUTY OF THE OFFICER.

In such cases, the officer will give the operator the operator's part of the card, properly filled out, putting a check mark in the small square in front of the particular violation committed and writing the date, time and the officer's name in the proper places, using indelible pencil or ink when making such entries. He will inform the operator that he must have the defective condition of the light or lights, horn or brake, as the case may be, remedied at once and the card, properly indorsed by a station designed by the Registrar of Motor Vehicles as an official inspection station, returned to the police station stated on the card. At the end of the officer's tour of duty he will turn in his part of the card, properly filled out, to the officer in charge of the station, where it will be kept to be matched up with the operator's part, when returned by the latter. The complete card will then be filed in the station house for future reference.

REGARDING THE OPERATOR.

An operator who returns his portion of the card, properly indorsed as above stated, within twenty-four hours from the time he received it, as shown on the card, to the station house designed thereon, will be informed that the case has been

filed as a warning, which disposition will also be entered on the card. If the operator does not comply with this requirement, prosecution for the violation in question will be made by the officer who issued the card to him within seventy-two hours of date of issue of the card.

OFFICIAL INSPECTION STATIONS.

Two copies of a list showing the names and locations of the official inspection stations in the City of Boston, referred to in the third paragraph, will be supplied to the divisions by the Bureau of Traffic, one for the office files, the other to be posted on the bulletin board, so that officers may familiarize themselves with the same, in the event that a motorist requests this information.

A complete list of the 2,200 official inspection stations in the state is on file in the Bureau of Traffic, in case a card is returned with the indorsement of an official service station outside Boston, which indorsement will also suffice to show that the defective equipment has been corrected. The genuineness of such indorsements may be ascertained by calling up the Bureau of Traffic.

DUTIES OF COMMANDING OFFICERS.

Every Monday morning commanding officers will report to the Bureau of Traffic the number of cards used by the officers attached to their respective divisions during the preceding seven days. This report will contain the total number of cards issued for each violation, for example: "20 cases of defective headlights," "10 cases of defective tail lights," etc., also the total number of cases filed as warnings and the total number, if any, of prosecutions. This information will be filed in the Bureau of Traffic for statistical purposes.

USE OF THE CARDS TO LESSEN AUTOMOBILE ACCIDENTS.

The use of these cards is an important matter, which, if full cooperation is given by every member of the department, should materially lessen the number of automobile accidents, directly or indirectly caused by such defective equipment. At places where traffic signal lights are located the temporary halting of traffic should afford officers with an excellent opportunity to issue them.

THE CARD SUPPLY.

An initial supply of 1,000 cards for each police division is now ready at the Bureau of Traffic. Commanding officers will have their mailman call at once for these. When additional cards are required they may be procured by making requisition on the property clerk.

LIST OF OFFICIAL INSPECTION STATIONS DESIGNATED BY THE STATE DEPARTMENT OF PUBLIC WORKS, REGISTRY OF MOTOR VEHICLES, REVISED TO MAY 22, 1933.

Division 1.—Market Commercial Garage, 35 Endicott street; North Terminal Service Corporation, 600 Commercial street; Portland Street Garage, 119-127 Portland street.

A., 42 Fairmount avenue.

Division 19.—Cadrain, E. J., 14 River street; Codman Square Chevrolet, Incorporated, 311 Talbot avenue; Codman Square Garage, 647 Washington street; Dale Motor Company, 862 Morton street; Facktoroff, Emil, 1009 Blue Hill avenue; Franklin, Charles F., 1360 Blue Hill avenue; I. X. L. Auto Repair Shop, 56 Talbot avenue; Jack's Garage, 783-789 Blue Hill avenue; Larsen Motor Service Company, 109 Norfolk street; Morton Motor Mart, 11 Rhoades street; Muldoon, C. W., Incorporated, 926 Cummins Highway; O'Brien, W. T., Jr., Incorporated, 912 Morton street; Philip's Repair Shop, 12 Livingston street; Ring, Charles W., 315 Talbot avenue; Seavey's Garage, 632 Blue Hill avenue; Tandy's Dunbar Avenue Garage, 739 Washington street; Thomas, Irving, 360 Norfolk street; Walk Hill Motor Mart, 1362 Blue Hill avenue.

General Order No. 234.

A trial board consisting of Captains Dickinson, Lewis and Fallon, having heard by reference a complaint made by Thomas S. J. Kavanagh, captain, Division 9, against Jeremiah F. Crowley, patrolman, Division 9, for alleged violations of the Rules and Regulations of the Police Department, to wit:

Rule 38. Charge: Absent without leave.

Specification 1: In that on the 16th day of June, 1933, the said Patrolman Jeremiah F. Crowley did absent himself from 5.45 p. m. roll call without having received permission from the Police Commissioner, the superintendent or his commanding officer.

Rule 35. Charge: Leaving city without permission.

Specification 2: In that on the 16th day of June 1933, the said Patrolman Jeremiah F. Crowley, while not in uniform, and not upon any police duty, did leave the City of Boston, and go to Concord, New Hampshire, without having permission from the Police Commissioner, the superintendent or his commanding officer,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented, accepts the plea of guilty made by Patrolman Jeremiah F. Crowley, and in view of the excellent recommendation given by Patrolman Crowley's commanding officer, further, in view of the request of Patrolman Crowley's commanding officer that leniency be shown, the Board respectfully recommends that the said Patrolman Jeremiah F. Crowley be ordered to perform seventy hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Jeremiah F. Crowley perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 235.

The following report made by the Superintendent of Police, as a result of the report of the Grand Jury, is published for the information of the department. The commissioner agrees with the recommendations of the Superintendent of Police.

The commissioner has studied the report of the Grand Jury with great care, and has attempted to obtain from the District Attorney a complete transcript of the evidence submitted to the Grand Jury. This he has been unable to obtain.

The commissioner calls to the attention of the department, particularly, the following statement in the report of the Superintendent of Police:

"I cannot agree with the finding of the Grand Jurors in their conclusion, as my investigation shows, as well as the records of the department, that Deputy Superintendent Anderson and Lieutenant Gillis are competent police officers, but due to the publicity given to this matter, I believe that the public confidence has been shaken to such an extent that it requires a new head of the Bureau of Criminal Investigation, and I recommend that Deputy Superintendent John M. Anderson and Lieut. Stephen J. Gillis be transferred from the Bureau of Criminal Investigation."

The commissioner desires to state to the department that he believes Deputy Superintendent John M. Anderson and Lieut. Stephen J. Gillis are competent police officers.

Due to the publicity given to this matter Deputy Superintendent Anderson requests he be assigned to other duties.

Therefore, Deputy Superintendent John M. Anderson is hereby transferred from the Bureau of Criminal Investigation to take charge of the Bureau of Records.

Deputy Superintendent James McDevitt is hereby transferred from the Bureau of Traffic to take charge of the Bureau of Criminal Investigation.

Lieut. Stephen J. Gillis is hereby transferred from the Bureau of Criminal Investigation to the Bureau of Traffic.

Capt. Stephen J. Flaherty is hereby transferred from Division 10 to the Bureau of Criminal Investigation.

The above transfers are to take effect Monday, July 17, 1933, at 7.45 o'clock a. m.

REPORT OF SUPERINTENDENT OF POLICE
PURSUANT TO MY ORDER OF JUNE 29,
1933.

"July 11, 1933.

HON. EUGENE C. HULTMAN,
Police Commissioner.

SIR,—I respectfully report that I have made as thorough an investigation as possible, in so far as the report of the Grand Jury of Suffolk County is concerned, as directed by you in the following letter:

"June 29, 1933.

To the Superintendent.

SIR,—Attached herewith is the report of the Grand Jury of Suffolk County referring to matters concerning the efficiency of the personnel and units under your command. This report deserves thorough consideration, therefore you will forthwith proceed to thoroughly investigate all comments and suggestions contained therein and report to me the result of your investigation, together with your recommendations.

E. C. HULTMAN,
Police Commissioner.

After reading the report several times, I submitted in writing to you a recommendation that Deputy Superintendent John M. Anderson and Lieut. Stephen J. Gillis be relieved of duty in the Bureau of Criminal Investigation during period of investigation, and at the same time stating in my letter, 'that this procedure is merely routine and in no way prejudicial to the merits of their cases or character.' This letter was delivered to you Saturday and on Saturday afternoon, after you and I had conferred, you directed me to assign Deputy Superintendent Anderson and Lieutenant Gillis to my office pending the period of investigation and to assign Deputy Superintendent McDevitt to the Bureau of Criminal Investigation until further orders.

On Sunday, July 2, 1933, about noon-time, I communicated by telephone and gave orders in accordance with your directions.

Realizing that it was a difficult task to investigate the findings of a Grand Jury, my first thought was to interrogate members of the Grand Jury. Finding that this was impossible, I immediately got in touch with the District Attorney's office and talked with Mr. Frederick Doyle, Assistant District Attorney, who said that District Attorney Foley was not in. I asked Mr. Doyle if he or the District Attorney would send me a copy of the transcript of the proceedings of the Grand Jury in the recent inquiry into the activities of the Bureau of Criminal Investigation of the Boston Police Department.

Mr. Doyle said that he or the District Attorney could not give me the transcript, but that District Attorney William J. Foley would be glad to talk with me in reference to additional evidence. On Saturday, July 1, Mr. Foley made an appointment and with Mr. Doyle called upon me Sunday evening.

At the conference with District Attorney William J. Foley and Assistant District Attorney Frederick Doyle, Mr. Foley said that he could not give me the contents of the transcript of the testimony. While he did tell me a few items of the evidence not contained in the Grand Jury report, the most of our conversation concerned matters contained in the jurors' report.

Both Deputy Superintendent Anderson and Lieutenant Gillis testified that they did not know what the 'Racket Squad'

were doing, although they both gave them the work every morning.

(Report of Grand Jurors Consists of Fifteen Paragraphs.)

1. No investigation necessary as the 'report' states, 'Both officers freely admitted that the courts and the District Attorney's office have at all times extended their fullest cooperation.'

2. 'Report' refers to alleged speech made over the radio by Deputy Superintendent Anderson of recent date, and also to a statement in the press that he had compiled a list of 400 gangsters that was to be presented to the Grand Jury.

Upon investigation, I find that a speech was made over the radio by Deputy Superintendent Anderson. Deputy Superintendent Anderson denied that he had delivered in his speech the quoted statement—'When Patrolman Andrew K. Adair brought the crime career of James F. Johnson to an end with bullets on April 14, 1933, he accomplished what the Massachusetts courts and probation system had failed to do even after the police had arrested the Gustin gangster at least thirty-four times for various offences . . . only a month before his death, Johnson was given a No Bill.'

In looking up the records, I find that James F. Johnson, *alias* Thomas Park, was arrested by Patrolmen P. J. Murphy, Dooley and Kearney of the Bureau of Criminal Investigation on March 17, 1932, charged with larceny of auto and breaking and entering in night, and on April 11, 1932, a 'No Bill' was returned in his case. According to the record, on August 12, 1931, he was released on parole from Concord Reformatory, said parole to expire May 15, 1933, and was therefore on parole when arrested March 17, 1932.

Deputy Superintendent Anderson now states that he has a copy of this speech as it was delivered verbatim. The deputy also states 'I have never read the paper's report in question, and do not know what it said, but did and do now deny having made the alleged statements quoted in the Grand Jury room as having appeared in the paper.'

Attached hereto, please find copy of speech which was given to me this morning by Deputy Superintendent Anderson. I have read the address this morning for the first time and cannot find in the address the quoted part referred to in Grand Jury report.

The deputy now says, 'I did not state at any time until my appearance before the Grand Jury that I had a list of Boston gangsters. The only list I had is the one hereafter mentioned.' (See paragraph 4.)

(Discrepancy between Testimony and Reports.)

3. Refers to Police Commissioner Hultman who was requested to furnish to the Grand Jury: (1) Confidential reports from the Bureau of Criminal Investigation in reference to the activities of known gangsters and suspected racketeers. (2) Reports of the activities of the police officials in the suppression of the Gustin gang, if any.

The Police Commissioner furnished all reports requested by the District Attorney and Grand Jury. No reports are made by members of the Police Force without my knowledge.

The list of criminals to the number of 448 was given to Deputy Superintendent Anderson to present to the District Attorney. At least one hundred names on the list have very long criminal records. Many others have fairly long records. Those who were quoted in the Grand Jury

report as having minor records at time of arrest were all suspects who were from time to time brought in for questioning.

IV.

(Deputy Superintendent Anderson's List of 400 Gangsters a Myth.)

This list of supposed gangsters was compiled in the Bureau of Records and was intended to be kept as a ready reference. Officers attached to the Bureau of Criminal Investigation were at liberty at any time to examine these records. The list is often used by the officers connected with the Bureau of Records in looking up the record of persons arrested, also those who have made application for various licenses, and if the names of the applicants are not found in the 'list' other individual records kept on file are examined. If no record is found in the Bureau of Records a further search is made in the files of the Massachusetts Probation Department.

In my report to you of June 21, 1933, I stated among other things,—'that the activities of the members of the force show that they observe and, in so far as possible, make every effort to enforce the laws and ordinances,' and 'the members of the department, as a whole, have done and are still doing everything possible to suppress crime and to detect and arrest those who have committed crime.'

The police are greatly handicapped in making cases against the so-called gangster. Crimes of violence when committed are done only in the presence of a few persons, if any. The holdup man, or men, enter a chain or other store or building for the purpose of robbery. They are in most cases armed with revolvers. The store manager and other victims are put in such fear by the armed thugs that they cannot remember (when the police arrive) even the description of the bandits, and later when they come to Police Headquarters they fail to identify the man or men who robbed them even before they look the suspects over. In some cases they fail to identify even after the culprits have confessed to the crime. The difficulties of the police are numerous in procuring information after the crime has been committed, owing mostly to fear on the part of witnesses who are really afraid to make proper identifications.

It has also been reported by division commanders that chain store employees, when robbed, fail to appear at headquarters to look over suspects arrested, for the reason that it takes them away from their places of business and they lose money and trade thereby.

Then again it is a well-known fact that so-called gangsters will not 'squeal,' although they may be at the point of death and know that they have no chance of recovery. With all the obstacles that are placed in the path of the policeman, it is my opinion that the members of the Boston force are doing a good job and the big majority are interested in their work.

In comparison to other large cities, Boston is fairly free of 'gangsters,' although we cannot deny that we have our share of thieves, burglars, holdup men and other class of criminals. The few that we have should be relentlessly observed and constantly checked and pursued by members of the department and especial vigilance and action shown by a militant head of the Bureau of Criminal Investigation, who will at all times keep in close contact with his subordinates and

instruct them to show no quarter to denizens of the underworld, so that they, and other criminals who may visit Boston for evil purposes, will understand that Boston is possessed of an energetic and efficient Police Force who are determined to rid the city of all underworld characters, and that this city is an unsafe place for them to remain to carry on their so-called profession of crime.

Not only officers of the Bureau, but special officers attached to divisions are required to keep in constant touch with the class of persons who frequent night clubs, pool rooms, restaurants and speak-easies.

Daily official visits should be made by members of the Bandit and Racket Squads, and by special officers of divisions to all of the places mentioned above, and if occasion demands not to confine themselves to one visit during the day and nighttime, but to more frequent visits when they are not expected.

Officers on this special detail shall familiarize themselves not only with the customers or so-called members of the night club, but use every means within their power to find out the identity of the real proprietors or managers of said clubs. This information for the purpose of being ready at any time to tell their superior officers the names of those who are directly in control of said second-rate night clubs.

For a more successful accomplishment of this purpose, and as a means of encouragement to members of the Police Force, I respectfully recommend that periodical conferences with the police officials, the District Attorney or a representative of his office, the Chief Justice of the Superior Criminal Court and a justice of the disposition session of the Superior Criminal Court, the Chief Justice of the Central Municipal Court, and Chief Justices of suburban courts, might be extremely helpful in coordinating the forces charged with the duty of administering the criminal law.

As an incentive for better work on the part of all members of the force, I strongly recommend that the Police Commissioner make every effort possible to convince the Civil Service Commission that it is for the best interest of the community in the protection of life and property that special provision be made for noncompetitive examinations for promotion of all deserving, capable and extra efficient officers in the department, particularly whenever they perform duty of an especially hazardous nature, or when they make important arrests of racketeers, safe robbers, so-called gangsters and other class of dangerous criminals. If this method could be revived and put into practice in the same manner as it was in force fifteen years or more ago, it would act as a strong inducement to members of the force to perform more vigorously and at the same time it would give to the citizens of Boston an assurance of better police protection.

V.

(Charles Solomon Never Investigated by the Bureau of Criminal Investigation Since the Advent of Deputy Superintendent Anderson and Lieutenant Gillis to the Bureau.)

In my opinion a man similar in character and reputation of Charles Solomon should at all times be closely observed and checked, not only by Deputy Superintendent Anderson and Lieutenant Gillis,

but by all members of the department. At the same time, I believe it only fair to the officers mentioned to say that Solomon was a slippery person and of late years never actually took part in crime. During the past eight or ten years, I know that Solomon was investigated and his activities watched very closely but, unfortunately, the investigations did not show any result, owing to the fact that Solomon was careful not to figure actively in the commission of crime, and, if interested in the operation of any license, always had place licensed in the name of someone other than himself.

VI.

(Rackets and Slot Machines; Further Evidence of Inefficiency.)

Lieutenant Gillis is alleged to have testified that there was a racket squad assigned by Deputy Superintendent Anderson, consisting of Inspector Dorsey, Lieutenant Keating, Patrolmen Goodman and Goulston; and, further, Lieutenant Gillis testified that he knew nothing about the promotion of the slot machine racket.

Deputy Superintendent Anderson is alleged to have testified that Inspector Dorsey is not assigned to any racket squad at all, and that he knew nothing about any slot machine racket.

Deputy Superintendent Anderson may have been unintentionally mistaken as to one member of the racket squad, but I cannot understand why both he and Lieutenant Gillis knew nothing about the promotion of the slot machine racket. I can hardly believe these officers so testified.

The slot machine racket has been a bone of contention for many years in the Boston Police Department and other police departments throughout the United States. The Boston Police Department has successfully prosecuted many cases of slot machines kept on premises for illegal gaming, and the same precautions, by members of the force, will be employed for the suppression of gambling slot machines in the future as consistently as they have been in the past.

VII.

(Deputy Superintendent Anderson and Lieutenant Gillis 'Mopping' up Speakeasies, on Division 4, in 1932, in Reality Proved to be Police Burlesque.)

The Police Commissioner and the Superintendent of Police are familiar with the activities of Deputy Superintendent Anderson and Lieutenant Gillis in the closing up of several speakeasies, on Division 4, in 1932.

Within a month or so after the places closed on Division 4, I received information that two or three of the proprietors of said speakeasies had moved and located on Division 5. The information that I received was sent to Captain Livingston, giving him addresses, etc., and the places were reported upon as being raided on search warrants, and that if sufficient evidence could be obtained that they would be prosecuted.

The proprietor of the place commented upon in this paragraph is and has been a persistent violator of the liquor law and if Lieutenant Gillis had knowledge that he later became the proprietor of a night club, he (Gillis) should at least have notified his superior officers.

VIII.

(Night Clubs. The Police Commissioner Reverses Himself.)

Mayfair Club, officers mentioned in Grand Jury report were not connected with the Mayfair matter, therefore I have not investigated the aspect of this matter.

IX.

(Inexplicable Testimony of Deputy Superintendent Anderson and Lieutenant Gillis.)

Upon investigation of contents of this paragraph, I was informed by Deputy Superintendent Anderson that the individual mentioned as the former chauffeur of the late Charles Solomon is Leo Caressi, and that he (Deputy Superintendent Anderson) has not seen him for eight years. The man he saw at the Liberty Hotel was not the Leo Caressi whom he knew as chauffeur for Solomon.

I was also informed by Lieutenant Gillis that he did go to the Liberty Hotel with Deputy Anderson and Captain Gallivan and saw a man there who talked to Captain Gallivan in his presence. He did not know who this man was nor does he know now. Since being before the Grand Jurors, he went to the Bureau of Records and looked at the picture of Leo Caressi and he is positive that the man he saw at the Liberty Hotel on that day is not the Leo Caressi who was arrested eight years ago for assault to kill.

Recommend that this explanation be placed on file until such time as more information can be obtained that the man at the Liberty Hotel was Leo Caressi, Solomon's chauffeur.

X.

(The Patrolman is the Mere Agent of the Captain. A Sergeant who Successfully Raided one Fake Liquor Club by Procuring a Search Warrant After Hours is Rewarded by Being Transferred to the Tombs.)

Lieutenant Gillis and Deputy Superintendent Anderson testified that the rule or procedure in the Police Department is that before a place can be raided for narcotics, vice or liquor, the approval of the division commander must be obtained.

Both Deputy Anderson and Lieutenant Gillis were right in so testifying.

It has been the rule and procedure for the last forty or more years that patrolmen shall note all licensed and unlicensed places, all suspected gambling houses, mock auction rooms, vendors of lottery tickets, and houses of ill fame, and keep a list thereof in his book for reference, and report the same to the officer commanding his division. (Rule 27, s. 20.)

In my opinion this is proper procedure, and if otherwise it would have a tendency to make patrolmen absolute monarchs of their respective routes.

The captain of the division must be the judge as to whether or not the patrolman has sufficient evidence to make complaint. If so, the division commander will be pleased to give the required permission to prosecute.

'Sergeant Transferred to the Tombs which he Considered a Demotion, and We Agree With Him.'

The Police Commissioner and Superintendent are familiar with this matter, with the exception of not having any knowledge of the sergeant procuring a search warrant after court hours and successfully raiding a fake club.

In the first place, the sergeant referred to was not 'transferred' but was only detailed to the Tombs. The detail becoming necessary because of the pensioning of three sergeants attached to the Tombs.

At the time the sergeant referred to was detailed to the City Prison, two other sergeants were detailed at same time. The comments of the Grand Jury in this particular matter are unfounded and without foundation.

XI.

(Federal Officers are Successful After Repeated Failures by Boston Police Officers.)

The Police Commissioner and the superintendent have always welcomed assistance and cooperation from the Federal Prohibition Agents. We know from experience why the Federal officers were so successful in making liquor seizures. The Federal officers are allowed to drink intoxicating liquor when officially assigned to raid a certain place. The officers connected with the Boston Police Department are instructed not to drink intoxicating liquor, while on duty, even to the extent of drinking it to procure evidence of illegal sale. Any evidence of illegal sale must be carried off the premises either in glasses or bottles.

On the other hand, the Federal officers, who have probably been in the place to be raided several times, and on each occasion have drunk intoxicating liquor, on the day selected for the raid are on the inside, and when the raiding officers arrive the doors are opened by the officers inside and the person in charge of premises is prevented from dumping the liquor necessary to make a case.

XII.

(Pawn Shops and Loan Offices.)

The officers mentioned in this report were not questioned in regard to this particular matter. No investigation made.

I agree with the comments and suggestions of the Grand Jury in this particular matter, and I know that the Police Commissioner has had, for some time, a plan to prevent persons of criminal proclivities, or bad reputations, to secure licenses for pawn shops or loan offices.

XIII.

(Captain Gallivan.)

No investigation necessary in this particular matter. I agree with the comments made by the Grand Jurors in reference to Captain Gallivan. He was always considered by me as a good police officer.

XIV.

(We Hesitate to Believe Deputy Superintendent King's Explanation of Wholesale Transfers.)

The transfers mentioned in this paragraph were made in order that the officers transferred to Divisions 2 and 16 would have an opportunity of increasing their low pay by receiving extra compensation for paying details.

It is my opinion that Deputy Superintendent King did express his own opinion in reference to these transfers.

XV.

(Conclusion.)

'We respectfully submit, in addition to our constructive suggestions heretofore set forth, that the continuance of Deputy

Superintendent Anderson and Lieutenant Gillis as the executives in charge of the Bureau of Criminal Investigation of the Boston Police Department, is an invasion of the rights of the people of Boston to capable, intelligent and efficient police protection from crime and the criminals. Neither of these two officers displayed any knowledge of nor interest in existing criminal conditions to recommend them to us as capable, aggressive executives, devoted to the protection of the lives, the liberties and the morals of the city. The Bureau of Criminal Investigation must be rehabilitated if the criminal is to be conquered.

'It is requested that the District Attorney forward a copy of this report to the Honorable Police Commissioner of the City of Boston, for him to take whatever action he deems proper in the premises.

Respectfully submitted,

SUFFOLK GRAND JURY,
LESTER J. BANKS, Foreman.'

I cannot agree with the finding of the Grand Jurors in their conclusion, as my investigation shows, as well as the records of the department, that Deputy Superintendent Anderson and Lieutenant Gillis are competent police officers, but, due to the publicity given to this matter, I believe that the public confidence has been shaken to such an extent that it requires a new head at the Bureau of Criminal Investigation, and I recommend that Deputy Superintendent John M. Anderson and Lieut. Stephen J. Gillis be transferred from the Bureau of Criminal Investigation.

I further recommend that Deputy Superintendent James McDevitt be transferred from Bureau of Traffic to Bureau of Criminal Investigation, and that either Capt. James Clafin of Division 3 or Capt. Stephen J. Flaherty be transferred from their respective divisions to the Bureau of Criminal Investigation as assistant to Deputy Superintendent McDevitt. Either of the above captains has had a long experience in the Bureau of Criminal Investigation and will no doubt be able to get good service from the Bureau of Criminal Investigation personnel.

Also recommend that members of the Bureau of Criminal Investigation be alert and aggressive and the head of the Bureau at all times be in close contact with his officers and see that those persons who are known as having been convicted of crimes of violence will be constantly kept under surveillance and observation by members of the detective bureau. Night clubs, night restaurants of questionable reputation, pool rooms, speak-easies, and other places where thieves, pickpockets, racketeers, so-called gangsters, nigger-pool operators, known criminals and all underworld characters are in the habit of congregating, should be visited very frequently for this purpose.

Attached please find reports signed by Deputy Superintendents McDevitt and Anderson and Lieutenant Gillis.

Respectfully submitted,

MICHAEL H. CROWLEY,
Superintendent of Police.'

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 236.

A trial board consisting of Captains McKinnon, Lewis and Fallon, having heard by reference a complaint made by John J. Mullen, captain, commanding Division 1, against John F. Meehan, patrolman, Division 1, for alleged violations of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the twenty-fifth day of June, 1933, the said Patrolman John F. Meehan was under the influence of intoxicating liquor to such extent that he was unable to perform his duty as a police officer, he being in uniform and on duty at the time.

To which charge and specification the said Patrolman John F. Meehan pleaded not guilty. He was represented by counsel.

has submitted the following recommendation:

"The Board having heard and carefully considered all the evidence presented finds the said Patrolman John F. Meehan guilty as charged. The Board has taken into consideration the recommendation of Patrolman Meehan's commanding officer that Patrolman Meehan is a good, hard-working officer, and further, the Board has taken into consideration the assurance of Patrolman Meehan that he will in the future abstain from the use of intoxicating liquor. The Board, therefore, respectfully recommends that the said Patrolman John F. Meehan be ordered to perform 210 hours of punishment duty."

The Police Commissioner accepts the recommendation of the Trial Board and hereby orders that the said Patrolman John F. Meehan perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 237.

The Department of Civil Service and Registration will hold an examination for promotion to the grade of captain in the Boston Police Department, according to the following notice received by this office:

This examination will be held on August 12, 1933.

1. This examination is open to the lieutenants in the Boston Police Department who have served as such, in accordance with Civil Service Rules, for at least one year immediately preceding the date of examination. A candidate who has been off duty for over three months during the period prescribed can be admitted only by permission of the Commissioner of Civil Service.

2. Subjects and Weights of Examination: Seniority, 5; report, 2; practical questions on police practice, law and procedure, 8; personality and fitness, as determined by an oral interview, 5; total, 20.

3. Applicants must obtain at least 70 per cent in each subject in order to become eligible.

4. Physical examination.

5. Application blanks may be obtained from the Division of Civil Service, Rooms 145-152, State House, Boston. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service. Applications must be placed on file not later than Wednesday, August 2, 1933, at 5 p. m.

6. Applicants will be notified of the precise time and place of examination.

PAUL E. TIERNEY,
Commissioner of Civil Service.
GEORGE M. HARLOW,
FRANK A. BAYRD,
Associate Commissioners.

This notice may be construed to include all persons with the rank of lieutenant, including lieutenant-inspector; also, questions in regard to detective work will be included in this examination.

Persons concerned will notice particularly that applications when filled out are to be returned to the office of the Civil Service Commission, State House, Boston, not later than Wednesday, August 2, 1933, ten days before the date set for the examination.

Commanding officers will promulgate this order not only by reading it at roll call but by posting a copy thereof in a conspicuous and accessible place in each station house where it may be easily read and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the superintendent, if the posted copy becomes mutilated or destroyed.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 238.

Capt. Stephen J. Flaherty, Sergt. William J. McCarthy, and all other officers of Division 10 who participated in the Solomon case are hereby commended in General Orders for the zeal and perseverance shown by them in the preparation and prosecution of this case. In addition, Sergeant McCarthy is given one week additional vacation for the efficient duty performed by him, as well as giving unsparingly of his time, both day and night, for a long period of time during the investigation of this case.

The commissioner is pleased to recognize the efficient police duty performed by all officers connected with this case.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 239.

Patrolman John F. Hourihan of Division 4 is commended in General Orders and granted two days' additional vacation for efficient police duty performed by him while off duty on June 1, 1933.

While passing over the Charlestown Bridge, Patrolman Hourihan observed three men struggling with each other on the sidewalk, and one of them held a large open jackknife in his hand. Patrolman Hourihan, with the assistance of the other two men, succeeded in getting the knife away from him. Upon investigation it was found that he had just stabbed another man who had been removed from the scene to a hospital in a passing automobile. Patrolman Hourihan placed the man under arrest and brought him to Division 15.

The commissioner is pleased to recognize the prompt response and devotion to duty shown by Patrolman Hourihan while off duty, which reflects credit on the department.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Waldon road, West Roxbury district, as a highway, from Washington street northwesterly, with the name of Colgate road or some other distinctive name, bounded and described as follows:

A highway named Colgate road is hereby laid out, from Washington street northwesterly for a distance of approximately four hundred and sixty feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Washington street, forty feet; southwesterly by the southwesterly line of said Colgate road as hereby laid out, four hundred sixty-one and 50-100 feet; northwesterly by the northwesterly line of said Colgate road as hereby laid out, forty and 5-100 feet; and northeasterly by the northeasterly line of said Colgate road as hereby laid out, four hundred fifty-nine and 50-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Colgate road as laid out under this order, from Washington street northwesterly for a distance of approximately 460 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Mahler Road, Colgate Road, West Roxbury, Assessment Plan, June 21, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
16. Frank Russo.....	\$263 25
17. Robert W. Stanley.....	210 00
18. Suffolk Co-operative Bank.....	210 00
19. Suffolk Co-operative Bank.....	210 00

28. Arvid F. Tilton, John Selmer.....	194 75
29. Antonio Cibotti, Bernard Cibotti.....	194 75
30. Lillian J. Sacks.....	114 75

Total.....\$3,967 30

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Colgate road (formerly Waldon road), West Roxbury district, as a highway, from Washington street northwesterly, under the order of the Board and awards no damages therefor.

MUNICIPAL CREDIT PLAN.

Rochester's Municipal Credit Plan proposed by Mayor Owen, introduced in the State Senate on February 11, has caused considerable comment in financial and governmental circles. As stated in section 1 of the bill, its purpose is for the alleviation of an emergency created by a strained economic depression. It is well known that the credit of municipalities, generally, is strained as a result of increased expenditures for welfare purposes, paralleled by a marked decrease in the value of taxable property. The buyers of municipal securities look askance upon the balance sheets of cities.

Mayor Owen's proposal is that a state agency be created by the Legislature, to be known as "The Public Credit and Sinking Fund Corporation of the State of New York." This corporation shall have the power "to invest in, purchase and sell obligations of the state and obligations of any municipal corporation or public district or agency of the state" with limitations. After April 1, 1933, no obligations maturing subsequent to April 1, 1933, shall be purchased. All municipal securities shall yield 5 per cent at maturity.

NO-PARKING ZONES FOR SCHOOLS
REDUCE PEDESTRIAN HAZARD.

Minneapolis has passed an ordinance which establishes all streets on sides adjacent to schools as no-parking zones from 8 a. m. to 5 p. m. This is particularly significant since records have shown that a large per cent of child accidents have been due to children stepping out from behind parked cars.

These zones are painted yellow and serve to attract the attention of the motorist as well as to give him a clear vision while passing the school.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

CHANGING STREET NAMES.

Alteration in the names of streets seems to be on the increase in the United States. In most cases the reasons for it are inadequate, while changes that would actually make for clearness remain unmade. The reason for change would usually seem to be general patriotism, national or local, as where the name of some prominent person is given to a street. During the war German names were largely discarded, as where Berlin avenue in St. Louis became Pershing avenue. In the height of President Wilson's popularity abroad, Wilson avenues sprang up all over the allied countries. Later, disappointment or dissatisfaction caused many of these to be changed.

FINANCING SEWAGE WORKS BY SPECIAL
ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to, or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payments must not exceed 6 per cent.

GOVERNMENT IN BUSINESS.

For many years we have heard innumerable bankers, business men and professional men talk about too much government in business. But these same people are constantly before legislatures asking government to do something to protect their selfish interests. The doctor, the lawyer, the dentist, and each profession is always asking the government to make the entrance to their unions more difficult not with the idea of protecting the people but with the hope of stopping or reducing competition. The local merchant is always asking the council, the state and the nation to prohibit competition by peddlers and transient merchants. When the winds of depleted deposits began to whirl about the banks the government was asked to bear the burden, and if official authority is to be believed the government and the politicians saved the banks and not the high-browed presidents and directors of the banks. The real truth is that we do not want government to interfere with us in our desires, but do ask government to enter business in any and every conceivable way that we think will help us make a little more money of the realm.

THE SUPPLY HOUSE OF NEW HAVEN
CITY DEPARTMENTS.

The Supply House of the city of New Haven, Conn., is located on Water street on a plot of about four acres of land, running down to the city dock. It consists of one main three-story brick building, which is used as an office building; one large two-story garage where all autos attached to the various city departments are housed; three large sheds and the dog pound.

All city employees report here for work. The working organization of the various city departments at present comprises about nine hundred men. Practically all the tools and tractors, road rollers, snowplows and a snow loader and all other mechanical equipment and auto trucks, as well as construction materials of all kinds, are stored here. The Supply House also contains a blacksmith shop, an auto and tire repair shop, and a paint shop and traffic sign department.

The offices of the Superintendent of Streets, Sewers, Bridges, and Trees, the Chief Inspector of Garbage Collections, the Employment Bureau and the Pay Roll Department, are all located in the three-story office building.

STATE-WIDE CAMPAIGN AGAINST
DIPHTHERIA BRINGS NOTABLE RESULTS.

A decrease in cases and deaths has been very marked during the five-year campaign in New York State for the extirpation of diphtheria. The campaign was the joint effort of the State Departments of Health and Education, the State Medical Society, the Welfare Division of the Metropolitan Life Insurance Company, and the State Committee on Tuberculosis and Public Health of the State Charities Aid Association, all banded together. They were aided by the parent-teacher associations, women's clubs, civic clubs and other social and welfare organizations.

Although the goal was not completely reached, the results are very encouraging and prove beyond a doubt that diphtheria can be controlled.

It has been estimated that at least 35 per cent of the children under five years old must be protected against diphtheria before a community is safe from an epidemic of the disease. No city over 100,000 has yet reached that percentage, although Utica with 30 per cent approaches that figure. While it is more difficult for a big city to attain a large percentage of immunizations, with a proper organization and sufficient determination this can be done.

Cities that have attained the 35 per cent standard are:

50,000 to 100,000 population: Binghamton and Niagara Falls, 38; New Rochelle, 35.

25,000 to 50,000: White Plains, 49; Kingston, 36; Poughkeepsie and Auburn, 35.

10,000 to 25,000: Middletown, 73; Ogdensburg, 65; Hornell and Port Jervis, 56; Endicott, 54; Johnson City, 53; Geneva, 49; Rockville Center, 45; Massena, 44; Ossining, 41; Mamaroneck, 40; Gloversville, 39; Glen Cove, 38; Peekskill, 37.

WATER SUPPLY FROM WELLS.

The entire water supply of Memphis is taken from wells. The wells penetrate two strata of sand, the upper stratum being 300 to 500 feet below the surface, and the lower stratum roughly 1,000 feet deeper. The upper stratum, known as the LaGrange formation, is the more important and furnishes most of the supply. It is the one commonly used in this vicinity.

The lower stratum has been developed by the city to a limited extent, because wells in it do not interfere with those in the upper stratum, and therefore wells in the respective strata can be placed in close proximity to each other, and a greater capacity obtained from a given area. The LaGrange formation underlies western Tennessee, eastern Arkansas and northern Mississippi. It outcrops in a belt roughly parallel with the Mississippi river and some 40 miles eastward therefrom. Throughout this entire region it furnishes an ample supply to many municipalities and industries. The outcrop area is such that an abundant supply is in sight, for everyone caring to use it, for many years to come. The sands and clays, which are interspersed, are supposed to be deposits formed in prehistoric times, when the entire Mississippi Valley as far north as Cairo was practically an arm of the Gulf of Mexico.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 26, 1933.

Regular meeting of City Council in Council Chamber, City Hall, at 2 p. m., Coun. COX, senior member, presiding in the temporary absence of President McGrath. Absent, Coun. Fitzgerald.

LIFEGUARDS AT BEACHES.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1933.

To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to your request to increase the number of lifeguards at the various beaches. This is in reply to your order of June 12, 1933.

Respectfully,

JOSEPH McGRATH,
Acting Mayor.

City of Boston,

Park Department, June 16, 1933.

Hon. Joseph McGrath,

Acting Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council requesting that the Park Commission increase the number of lifeguards at the various beaches throughout the city.

Due to the lack of funds for same, the number of lifeguards cannot possibly be increased.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

YARD OF ROXBURY IRON AND METAL COMPANY.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1933.

To the City Council.

Gentlemen,—I herewith transmit to you report from Doctor Mahoney, Health Commissioner, relative to your request to take immediate steps to prevent the Roxbury Iron and Metal Company from burning materials in their yard on Granite avenue, Dorchester. This is in reply to your order of May 15, 1933.

Respectfully,

JOSEPH McGRATH,
Acting Mayor.

City of Boston,

Health Department, June 20, 1933.

Joseph McGrath, Esq.,

Acting Mayor of Boston.

Dear Sir,—Replying to the following order of Councilor Fish in Council on May 15, 1933:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to take immediate steps to prevent the Roxbury Iron and Metal Company, located at 160 Granite avenue, from burning materials in their yard on Granite avenue, Dorchester, the smoke from which constitutes a health menace to residents of the district. Since the receipt of the above communication inspectors of this department have made many visits to the location complained of, but in no instance have they noted any excess of smoke.

This plant is kept under observation regularly since the receipt of similar complaints made several years ago, and we will continue such practice and take action if the necessity arises.

Respectfully yours,

F. X. MAHONEY, M. D.,
Health Commissioner.

Placed on file.

RAFT AT COULTER'S BEACH.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1933.

To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, relative to your request to install a raft at Coulter's Beach in Ward 16. This is in reply to your order of June 12, 1933.

Respectfully,

JOSEPH McGRATH,
Acting Mayor.

City of Boston,

Park Department, June 16, 1933.

Hon. Joseph McGrath,

Acting Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council requesting that the Park Commission install a raft at Coulter's Beach, Ward 16. I beg to inform you that careful consideration will be given this matter.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

MOTOR BOAT PATROL OF SOUTH BOSTON BEACHES.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1933.

To the City Council.

Gentlemen,—I herewith transmit to you report from William P. Long, chairman of the Park Commission, regarding your request to place two motor boats in service to patrol the unguarded sections of the South Boston beaches. This is in reply to your order of June 12, 1933.

Respectfully,

JOSEPH McGRATH,
Acting Mayor.

City of Boston,

Park Department, June 19, 1933.

Hon. Joseph McGrath,

Acting Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council requesting that the Park Commission place two motor boats in service to patrol the unguarded sections of the South Boston beaches, namely, from Carson Beach to the women's bath house at L street, and from the boys' bath house at L street to the Boston Yacht Club.

There is only one motor boat in the Park Department, and it will be used the same as in former years to patrol the unguarded sections of the South Boston beaches. I regret exceedingly to inform you that no funds are available for the purchase of an additional boat.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

MATRONS AT BEACHES.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1933.

To the City Council.

Gentlemen,—I herewith transmit to you report

from William P. Long, chairman of the Park Commission, relative to your request to increase the number of matrons at the various beaches. This is in reply to your order of June 12, 1933.

Respectfully,

JOSEPH McGRATH,
Acting Mayor.

City of Boston,

Park Department, June 16, 1933.

Hon. Joseph McGrath,

Acting Mayor of Boston.

Dear Sir,—I am in receipt of an order from the City Council requesting that the Park Commission increase the number of matrons at the various bathing beaches throughout the city.

Due to the lack of funds for same, it will be impossible to increase the number of matrons.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

APPROPRIATION FOR PUBLIC WELFARE AND SOLDIERS' RELIEF.

The following was received:

City of Boston,

Office of the Mayor, June 14, 1933.

To the City Council.

Gentlemen,—From present indications the balances available in the items for Mothers' Aid, Old Age Assistance and Soldiers' Relief will be exhausted on or before the middle of next month. In order that there may be no suspension of payments under these items, because of lack of funds, I am submitting herewith an appropriation order providing for the total appropriation of \$1,300,000 for these three items. The following table indicates the effect of my current recommendation on the three items in question:

ITEM.	Previous Authorization.	Current Recommendation.	Total.
Mothers' Aid.....	\$600,000 00	\$450,000 00	\$1,050,000 00
Old Age Assistance.....	650,000 00	450,000 00	1,100,000 00
Soldiers' Relief.....	600,000 00	400,000 00	1,000,000 00

The appropriations herein recommended are to be made from the balance of \$2,350,000 which still remains to be appropriated within the appropriation limit fixed by the Legislature. I respectfully recommend adoption of the accompanying order.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1933, of performing the

duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year upon the City of Boston, or the departments or officers thereof, the respective sums of money specified in the tables hereinafter set forth be, and the same are hereby, appropriated, to be expended for the objects and purposes herein-after stated, that the same be raised by taxation upon the polls and estates taxable in the City of Boston, and that all orders relating to appropriations, taxes and the interest thereupon apply to the taxes herein provided for.

PUBLIC WELFARE DEPARTMENT.

Central Office.

F. Special Items.....	\$900,000 00
10. Mothers' Aid.....	\$450,000 00
14. Old Age Assistance.....	450,000 00

SOLDIERS' RELIEF DEPARTMENT.

F. Special Items.....	\$400,000 00
8. State and Military Aid, Soldiers' Relief and Burials.....	\$400,000 00

Referred to Executive Committee.

AUTHORITY TO BORROW IN ANTICIPATION OF TAXES.

The following was received:

City of Boston,

Office of the Mayor, June 26, 1933.

To the City Council.

Gentlemen,—I transmit herewith a communication from the City Treasurer in relation to the necessity of obtaining additional authority to borrow in anticipation of taxes, and recommend the passage of the accompanying order.

Respectfully,

JOSEPH McGRATH,
Acting Mayor.

City of Boston,

Office of City Treasurer, June 24, 1933.

Hon. Joseph McGrath,

Acting Mayor of Boston.

Dear Sir,—I respectfully represent that immediate action to provide authority for borrowing in anticipation of taxes for 1933 is necessary, and request that the accompanying order be presented to the City Council.

The order passed January 19, 1933, was for \$30,000,000, and there has been borrowed, to date, \$29,906,000, leaving an authorized and unissued amount of \$94,000.

In 1932 additional authority was requested, on July 25, in the amount of \$10,000,000, making a total of \$40,000,000, at which time there was an authorized and unissued amount of \$6,000,000.

I estimated that the present cash available will be exhausted by July 15, 1933. As it is necessary that some time be allowed for the negotiation of loans and the execution of notes, and whereas it is necessary that the order have reading at two meetings of the City Council, it appears that initial action cannot be delayed beyond Monday, June 26, 1933.

The payment, when due, of obligations of the city, underlies our ability to borrow, and failure to provide the authority to borrow, on or after July 10, 1933, would subject the credit of the city to great hazard.

Very truly yours,

E. L. DOLAN,
City Treasurer.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1933, the City Treasurer issue and sell, at such times, and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding five million dollars in the total, in anticipation of the taxes of the current municipal year; that all such notes or certificates of indebtedness be dated the day the money for the same is received; be made payable with the interest thereon within one year of their date from the taxes of the year 1933, and bear interest from their date until the same are made payable at such rate as the City Auditor, the City Treasurer and the Mayor may determine.

Referred to Executive Committee.

SAND PIT ON GARDNER STREET.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1933.
To the City Council.
Gentlemen,—I herewith transmit to you report from Doctor Mahoney, Health Commissioner, relative to your request to abate the nuisance and the menace to life now existing in the abandoned sand pit on Gardner street, Ward 20. This is in reply to your order of May 15, 1933.

Respectfully,
JOSEPH McGRATH,
Acting Mayor.

City of Boston,
Health Department, June 1, 1933.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Replying to the following order introduced in the City Council on May 15, 1933, by Councilor Cox:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to abate the nuisance and the menace to life now existing in the abandoned sand pit on Gardner street, Ward 20.

The owners of this large tract of vacant land have been notified to abate the nuisance, and our inspector has been instructed to see that this is done.

Respectfully yours,
F. X. MAHONEY, M. D.,
Health Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Jeannette Aker, for compensation for damage to car by shots fired by police.

Byams Express, Inc., for compensation for damage to truck by Water Service bus.

Michael J. Denaro, for compensation for damage to car caused by an alleged defect at 155 Meridian street, East Boston.

Elizabeth M. Ekdahl, for compensation for damage to property at 91 Fuller street, caused by shutting off water.

First National Stores, for refund on refuse tickets.

II. Gordon, for refund on ash tickets.

Hinckley Rendering Company, for compensation for damage to truck by city truck.

Patrick F. Houley, for compensation for injuries caused by fire apparatus.

Bartholomew F. Hurley, for compensation for damage to property at 99 Fuller street, caused by shutting off water.

Annie E. Jensen, for refund on unused hackney license.

F. H. Johnson & Co., for compensation for damage to truck by city truck.

Ralph W. Kennison, for compensation for injuries caused by an alleged defect at 439 Tremont street.

George Khoury, for compensation for damage to property at 9 Rollins street, caused by break in sewer pipe.

A. Krinsky, for refund on refuse tickets.

Donald MacNeil, for compensation for damage to coat caused by an alleged defect at Readville Bridge.

Anna Masotta, for compensation for injuries caused by an alleged defect at King street and King terrace.

John T. McHale, for refund on refuse tickets.

Patrick Mulkerin, for compensation for damage to property at 95 and 97 Fuller street, caused by city employee.

Alice Reese, for compensation for injuries caused by falling tree.

Eamelinda Sardellitte and Salvatore D'Agostino, for compensation for damage to car and injuries at Chelsea Bridge.

R. Coman Savoye, for compensation for damage to car by city cart.

Joseph Sicari, for compensation for damage to property at 19 Pitts street, caused by water being shut off.

Albert W. Sidlinger, for compensation for injuries caused by alleged defect at Frog Pond, Boston Common.

Robert Smith, for compensation for injuries by city truck.

William R. Snyder, for compensation for damage to car by city cart.

Samuel Stricoff, for compensation for damage to car by dump cart.

John J. Sullivan, for compensation for damage to property at 319 Forest Hills street, caused by ash truck.

Mrs. E. Francesca Tarrant, for compensation for injuries caused by an alleged defect at Hyde Park High School.

Marie Ward, for compensation for injuries caused by an alleged defect at 20 Chardon street.

Mrs. G. F. Wason, for compensation for damage to car by fire apparatus.

Max Weiner, for compensation for damage to truck caused by an alleged defect at Chelsea North Bridge.

Mary Gibbons, for compensation for injuries caused by hole in cellar at 73 Boylston street, Jamaica Plain.

Joseph Fondacaro, for compensation for damage to car by car of Health Department.

Soter Ellia Josni, for refund on victualler's license.

Mrs. Richard Petrilly, for compensation for injuries caused by an alleged defect at West Newton and Tremont streets.

Talbot Avenue Garage, for refund on refuse tickets.

Executive.

Petitions for children under fifteen years of age to appear at places of amusement, viz.:

Rose Sidman, Sarah Greenwood Hall, June 20.

Valentine Palton, Dahlgren Hall, June 25.

Genevieve Harnden, South Boston Municipal Building, June 14.

LEASE OF SCHOOL TO POLICE POST 251.

The following was received:

City of Boston,
School Committee, June 21, 1933.

Mr. W. J. Doyle,
City Clerk.

Dear Sir,—I inclose herewith an attested copy of a preamble adopted and an order passed by the School Committee at its meeting held on Monday, June 19, 1933, relative to the leasing of the Cottage Place School to the Boston Police Post No. 251, American Legion.

Very truly yours,
ELLEN M. CRONIN, Secretary.

City of Boston,
In School Committee, June 19, 1933.
Whereas, The Cottage Place School, Columbus avenue, Roxbury, is now vacant and not in actual use for school purposes; it is hereby

Ordered, That the City Council is hereby requested to authorize the School Committee, in the name of the city, to lease to the Boston Police Post No. 251, American Legion, the Cottage Place School, Roxbury, such occupancy to be discontinued at the will of the School Committee.

The preamble was adopted and the order passed, the four members present voting in the affirmative.

A true copy.

Attest:

ELLEN M. CRONIN, Secretary.

Placed on file.

LIST FOR MILITIA ENROLLMENT.

The following was received:

City of Boston,
Assessing Department, June 26, 1933.

Wilfred J. Doyle, Esq.,
City Clerk.

Dear Sir,—At a meeting of the Board of Assessors, held today, the following action was taken:

Voted, to certify to the City Clerk under General Laws, chapter 33, section 6, that the number of persons in the City of Boston liable to enrollment in the militia in 1933 is found to be 144,562.

Respectfully,
BOARD OF ASSESSORS,
by NEAL J. HOLLAND,
Acting Chairman.

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

Notices were received from the City Treasurer of approval of surety on constables' bonds of the following:

Louis Levine, Francis L. Hannigan, Abner Goulston, David A. Donahoe, William A. Glynn, Joseph Dinubile.

Severally approved by the Council.

MINORS' LICENSES.

Applications for licenses for fifty-six newsboys and four bootblacks were received. Licenses granted on usual conditions.

LIST OF INHABITANTS QUALIFIED AS JURORS.

The following was received:

City of Boston,
City Clerk Department, June 26, 1933.

To the City Council.

Gentlemen,—You are hereby notified that the list of inhabitants qualified to serve as jurors, as prepared by the Election Commissioners and contained in City Document No. 54, was this day filed with me.

Respectfully,
W. J. DOYLE,
City Clerk.

Placed on file.

NAMES ON JURY LIST.

Coun. COX offered the following:
Ordered, That the City Clerk be hereby directed to cause the names on the Jury List, as transmitted to him by the Election Commissioners and contained in City Document No. 54, to be written each on a separate ballot, and said ballots to be properly folded and placed in the box provided for the purpose.

Passed under suspension of the rule.

POLICY FOR LINCOLN PARK.

A general liability policy, in the sum of \$20,000, issued to William R. Welch of 71 Westland avenue, Boston, by Massachusetts Bonding and Insurance Company, for Sunday sports at Lincoln park was received and approved by the Council.

REDUCTION IN ELECTRIC RATES.

Coun. BRACKMAN offered the following:
Ordered, That his Honor the Mayor be requested to intercede with the Edison Electric Illuminating Company to secure a reduction in the electric rates so that the former lighting service may be restored.

Coun. BRACKMAN—Mr. President, we have recently seen one third of our street lights shut off as an economy measure. As the Mayor of Boston was obliged to cut an additional \$800,000 out of the budget, through action of the Legislature, this cut was made among others because of that action. I, like other members of the City Council, have had numerous complaints showing the hardship caused by the shutting off of these lights all over the City of Boston, and resulting danger and risk that have been occasioned. I am also mindful of the fact that prior to this cut taking place the City Council went on record as opposed to the shutting off of lights, under an order offered by Councilor Roberts, which this body unanimously favored. Now that this action has been taken, however, the only chance I see to have the service restored is through intercession with the Edison Company by which the city may obtain a cut of at least a third in its rate up to the first of the year, in that way enabling us to again resume our full lighting facilities. I believe the Edison Company owes it to the city and its inhabitants to cooperate with us to that extent, so that the present hazard to life and limb of the people of Boston from accidents, because of accidents and robberies, kidnaps, because of inadequate lighting of the streets, may not continue. The way in which the city has been left in almost absolute darkness in places is a shame, especially in sections where there are many trees in the vicinity, because of the present cut in our lighting service. People cannot see where they are walking in many cases. I certainly trust that the Acting Mayor will take this matter up immediately with the Edison Company and try to obtain a reduction in rates which will enable the previous lighting service to be continued.

Coun. DONOVAN—Mr. President, I am in hearty accord with the order offered by the councilor from Ward 12. I have here a letter informing me that a man in his seventies was struck by a hit-and-run driver and badly injured, at H street and Broadway, in my district. I believe the accident was caused by lack of lighting facilities.

(Coun. DONOVAN presented the letter referred to, as follows:

"Non-Partisan Club of South Boston,
June 17, 1933.

Councilor George P. Donovan,
City Hall, Boston.

Dear Sir,—On June 9 a hit-and-run driver was able to get away through the 'Economy Light System' as used by the City of Boston on many of its heavy trafficked streets. This unfortunate case was a pensioner (Mr. Young), in his seventies, and was very badly injured. The place of accident, H street and Broadway—the scene of several other very unfortunate accidents.

The Non-Partisan Club of South Boston went on record at its last regular meeting opposing the discontinuance of intersecting lights from being shut off, instructing their secretary to so write the Mayor's office and South Boston's Council representatives, in the hope that they will see fit to retain all lights at Broadway and intersecting streets as a safety measure.

There is not economy where we fill a hospital bed.

Very sincerely yours,
NON-PARTISAN CLUB OF SOUTH BOSTON,
JOSEPH FEENEY, Secretary."

Coun. ROBERTS—Mr. President, on May 8, as has been referred to by Councilor Brackman, I introduced an order relative to street lights, and I then had occasion to point out—that we have since had occasion to realize—the situation that would arise from the cutting off of light. We now have the Rotarian Convention in this city, meeting at Mechanics Building on Huntington avenue. To those visitors from different parts of the country, and also from outside the United States, is now presented the sorry spectacle we have on Huntington avenue, caused by the shutting off of lights. It is time that we practiced sensible economy, and it is time we realized that the only way in which we can afford safety to

our citizens is to have proper street lighting. At present we have a pretty bad situation.

Coun. MURRAY—Mr. President, I am in accord with what the councilors have said. I realize at the same time that the only thing that will justify the Acting Mayor in taking a stand upon the matter at this time is an emergency. I believe, however, that this is an emergency order. If there has been any time in our city when we have had an emergency, it is now and in this matter. Therefore, I sincerely hope and trust that this order may be passed and sent to our Acting Mayor as an emergency order, under which he can act, so that the people may have some safety afforded them. With all the trials and tribulations our people are going through at the present time, I believe they should at least have sufficient light to make their way on these streets at night, going to and from their homes, and having also especially in mind nurses, doctors and girls, who should at least have this protection afforded to them in the night and morning hours. I sincerely trust that the Acting Mayor will see fit to consider this an emergency order.

The order was passed under suspension of the rule.

PAYMENT TO WILLIAM J. FITZPATRICK.

Coun. DONOVAN offered the following:
Ordered, That there be allowed and paid to William J. Fitzpatrick the sum of two hundred dollars a year, to date from June 26, 1933, as part compensation for extra services rendered at meetings of the City Council and committees thereof, such payments to continue until otherwise ordered by the City Council and to be charged to the appropriation for City Council, A-1.

Referred to Executive Committee.

PAYMENT TO PETER F. COLEMAN.

Coun. COX offered the following:
Ordered, That there be allowed and paid to Peter F. Coleman the sum of \$200 a year, to date from June 26, 1933, as part compensation for extra services rendered at meetings of the City Council and committees thereof, such payments to continue until otherwise ordered by the City Council and to be charged to the appropriation for City Council, A-1.

Referred to Executive Committee.

BUS LINE FROM FRANKLIN PARK TO L STREET.

Coun. RUBY offered the following:
Ordered, That the Board of Trustees of the Boston Elevated Railway be requested, through the Acting Mayor, to establish a bus line from Franklin Park to L street, via Columbia road.

Passed under suspension of the rule.

CONFIRMATION OF CONSTABLES.

Chairman COX called up, under unfinished business, No. 4 on the calendar, viz.:
4. Action on appointments submitted by the Mayor June 12, 1933, of Stephen J. Siney and Thomas R. Kelley, to be Constables without authority to serve civil process.

The question came on confirmation. Committee, Coun. Barker and Gallagher. Whole number of votes 19, yeas 19, and the appointments were confirmed.

LEASE OF COTTAGE PLACE SCHOOL.

Coun. GLEASON offered the following:
Ordered, That the School Committee be, and hereby is, authorized, in the name and behalf of the city, to lease to the Boston Police Post No. 251, American Legion, the Cottage Place School, Roxbury, for such period and upon such terms and conditions as the said committee shall deem advisable.

Passed under suspension of the rule.

REINSTATEMENT OF JAMES W. FLEMING.

Coun. ENGLERT offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the reinstatement of James W. Fleming in the Police Department of the City of Boston.

Passed under suspension of the rule.

REPAVING OF WARD 10 STREETS.

Coun. POWER offered the following:
Ordered, That the Commissioner of Public Works be requested, through the Acting Mayor, to repave Evergreen street, Ward 10, with smooth paving.

Ordered, That the Commissioner of Public Works be requested, through the Acting Mayor, to repave Worthington street, Ward 10, with smooth paving.

Ordered, That the Commissioner of Public Works be requested, through the Acting Mayor, to repave Creighton street, Ward 10, with smooth paving.

Severally passed under suspension of the rule.

SEATS AT JEFFERSON SCHOOL PLAYGROUND.

Coun. POWER offered the following:

Ordered, That the Park Commission be requested, through the Acting Mayor, to provide seats at the Jefferson School Playground, Ward 10.

Passed under suspension of the rule.

BERTRAM STREET, WARD 16.

Coun. FISH offered the following:

Ordered, That the Traffic Commissioner be requested, through the Acting Mayor, to make Bertram street, Ward 16, a one-way thoroughfare.

Ordered, That the Board of Street Commissioners be requested, through the Acting Mayor, to change the name of Bertram street, Ward 16, to McKone road.

Severally passed under suspension of the rule.

PARKING ON FREEPORT STREET.

Coun. FISH offered the following:

Ordered, That the Traffic Commissioner be requested, through the Acting Mayor, to restrict parking on the bath house side of Freeport street, between Old Colony Boulevard and the Dorchester Yacht Club.

Passed under suspension of the rule.

COULTER'S BEACH.

Coun. FISH offered the following:

Ordered, That the Park Commission be requested, through the Acting Mayor, to resand Coulter's Beach, Ward 16.

Ordered, That the Police Commissioner be requested, through the Acting Mayor, to station a police officer at Coulter's Beach, Ward 16, during the time of high tide.

Severally passed under suspension of the rule.

USE OF GILBERT STUART SCHOOL YARD.

Coun. BURKE offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to authorize the use of the Gilbert Stuart School yard as a playground for the children of that district during the summer vacation season.

Coun. BURKE—Mr. President, this school yard is the only school yard within a radius of a quarter of a mile in that section. Although I believe there are some instances where school yards should be closed under the guise of economy, yet I believe common sense should be exercised in doing so. I trust, therefore, that the School Committee will deem it advisable to keep this school yard open. It is in a thickly settled part of my ward, and is the only easily available open ground in that section. I certainly hope the order will be successful. The order was passed under suspension of the rule.

WARD 17 IMPROVEMENTS.

Coun. BURKE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Druid street and Emerson avenue, Ward 17, as public highways.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to paint white lines on the crossings at Codman and Pierce squares, Ward 17.

Severally passed under suspension of the rule.

ROADWAY AT RIVER AND WASHINGTON STREETS.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the roadway at the junction of River and Washington streets and River and Temple streets, Ward 17.

Coun. BURKE—Mr. President, River street had been laid out with smooth pavement, but due to work that has been done at that particular point by other departments, the smooth pavement

has been taken from the surface of the street. It has been that way for a few months, and unfortunately the Public Works Department, for some reason or other, has not been able to take care of it. There have been some accidents there due to the fact that the street had been torn up. I would like to have the cause of such accidents removed so that there may not be others, by having that small part of River street repaved.

The order was passed under suspension of the rule.

BACK STOPS, HEALEY PLAYGROUND.

Coun. MURRAY offered the following:

Ordered, That the Park Commission be requested, through the Acting Mayor, to add to the height of the wire fences on the back stops at the Healey Playground, on Fifth road, Ward 19.

Passed under suspension of the rule.

AID TO STUDENTS.

Coun. NORTON offered the following:

Ordered, That the Acting Mayor of the City of Boston be requested to consider the advisability of consulting with our own school authorities and officials of the various universities in and near Boston, with a view to attempting to work out a schedule whereby a certain number of worthy students who are unable to enter college because of the depression, or who are in college and unable to continue, because of the same reason, may have an opportunity of obtaining a college education.

Coun. NORTON—Mr. President, there are thousands of worthy students in Boston who will graduate this year and will be unable to continue on to college because of the depression. Thousands more have been out of high school for a year or more and are still awaiting an opportunity to continue their education in college. Boston is world renowned as one of the greatest college centers of the world. Governmental agencies are now taking steps to help industry, to help business, to assist farmers and others. It does seem that something might be done here in Boston to work out a plan whereby a certain number of capable, worthy students might be assisted in their desire to attend college. For four years or more they have prepared for college, in high school. Now to have to drift, to come to a stop, is a very serious problem. A student very quickly gets away from study. Time is important. Allow a student who has prepared for college to remain loafing around for two or three years, and he quickly loses the knowledge that is required for entrance to college, or to continue in college, once he gets there. This "in between" period is the most important period in the lives of thousands of Boston's boys and girls. City authorities should take cognizance of this condition and seek to work out a plan whereby many of them could be benefited. The Commonwealth conducts a number of normal schools and a state college at Amherst, Massachusetts. Perhaps arrangements could be made, in conjunction with the City of Boston, whereby private colleges in and about Boston, would agree to take a certain number of our worthy students, yearly, under certain conditions. This year, in Boston alone, we will graduate 5,875 students from our high schools, and 14,262 from our Boston school system as a whole. Thousands of these students have spent years preparing for college and now, because of the depression, are unable to enter college. It does seem that city, state and college authorities could work out some plan whereby outstanding, worthy students would be allowed to continued on with their college education during this depression.

The order was passed under suspension of the rule.

REDUCTION OF ASSESSMENT.

Coun. NORTON offered the following:

Ordered, That the Board of Assessors, through his Honor the Acting Mayor, be requested to immediately consider the matter of reducing assessments in Boston.

Coun. NORTON—Mr. President, we have about 87,000 homes and apartments in Boston, separate buildings, in which people live. In addition, we have about 5,000 buildings used for factories, stores and office buildings. This real estate appears to be over-assessed. I doubt if there are a dozen homes in my ward which would bring today anywhere near the value at which they are assessed by the city for the purposes of taxation. In addition to having the highest adjustable tax rate of any large American city, \$35.50 per \$1,000 in 1932, Boston's home and property owners are saddled with a double load in that our assessments are notoriously too high in many instances. The highest adjustable tax rate of any large American city and the highest assessments must mean high rents for the 130,000-odd Boston families who pay rent, at a time when many families are months behind in their rent payments. Not all cities levy taxes up to 90 per cent of the valuation of property as in Boston. The ratio of assessed value to legal value vary in different cities, but it is interesting to compare the total amounts which other large cities claim their homes and real estate are worth, for purposes of taxation, as compared with Boston. Boston, in 1932, for the purpose of taxation, assessed

homes and real estate at \$1,753,824,300. Pittsburgh, with a metropolitan area population somewhat similar to that of Boston, collected taxes on a total of \$1,208,266,120. Over \$545,000,000-odd less than Boston. St. Louis, in 1932, with a population 40,000-odd more than Boston, for the purposes of taxation, collected taxes on \$1,190,883,810 worth of property. Over \$562,000,000-odd less than Boston. Baltimore, in 1932, with 25,000 more in population than Boston, collected taxes on \$1,201,457,902 worth of property, \$594,917,603 less than Boston. Cleveland, in 1932, with 120,000-odd more people than Boston, collected taxes on a total of \$1,076,872,000 worth of real estate, over \$676,952,300 less than Boston. These figures tend to show that the Boston assessments are too high. One authority declares the "downtown" assessments are \$200,000,000 too high. Another that the city is over-assessed \$450,000,000, or more. With these high rates it is no wonder that Boston has the smallest percentage of home owners of any large American city. Out of near 180,000 families in Boston in 1930 approximately 74 per cent pay rent, only 26 per cent own their own homes. Compare this percentage of home owners in Boston with Philadelphia, where over 50 per cent of the families own their homes. With the Boroughs of Richmond and Queens, New York City, where over 50 per cent of the families own their homes. The decisions of the Massachusetts State Board of Tax Appeals tend to bear out the contention that Boston's property is over-assessed for purposes of taxation. This Board is granting many property owners substantial decreases in property values. For instance, the property in Scollay square, Boston, in which the Epstein Drug Store is located, was assessed by the City of Boston as being worth \$400,000. On May 17, 1933, the State Board of Tax Appeals rendered a decision to the effect that the property was worth but \$275,000. Hundreds of Boston's home owners now seek relief from this Board. A short time ago there were 958 controversies on Boston property before the State Board of Tax Appeals and only eleven from Cambridge and ten from New Bedford, although Boston represents but 26 per cent of the total state assessments. In forty-five Boston cases the Board abated the assessment 21 per cent. The homes in my ward are much over-assessed. It is ridiculous to talk of lowering the tax rate if we increase assessments. In my own ward, Ward 18, the people paid, in 1929, the prosperity year, a total of \$1,214,000 in taxes to the City of Boston. In 1932, the depression year, they were asked to pay \$1,642,000, an increase of over \$400,000. In 1929, the city valued the real and personal property in Ward 18 as being worth \$43,352,000. In 1932, \$46,257,000. Instead of the property being worth \$3,000,000-odd more in 1932 than 1929, the actual fact is that the property in Ward 18 was worth, in 1932, much less than it was in 1929. Boston's real estate, for purposes of taxation, was assessed as being worth in 1929, \$1,808,316,000. In 1932, \$1,753,824,300, a reduction of less than \$55,000,000. It is not enough. It should have been reduced at least \$200,000,000, or more, by 1932. Buffalo a much smaller city than Boston, reduced assessments in 1933 by \$100,000,000. Fall River's valuations were reduced 24.2 per cent from 1920 to 1932. Los Angeles is lowering assessments 22 per cent. Chicago announces probable reductions of 28 per cent from the 1928 valuations. Mr. John L. Zangerle, regarded as the dean of scientific assessors, recently announced reductions of 40 per cent in assessed valuations in downtown Cleveland. Boston should immediately take steps to relieve the home and property owner from the unfair system of assessments now in force. A recent issue of the Boston City Record contained twenty-two full pages listing the homes and pieces of property in my ward alone that were to be sold because the owners were unable to pay the 1931 taxes. I speak principally for the small home owner. I represent a small home owning ward. I represent good men and women who have struggled through a lifetime to own a roof over their heads in old age, and to properly raise children in their own homes. Their assessments are too high; their taxes are too high. They must be reduced. The tragedy of a family losing the home should be enough to make city officials immediately lighten the load by reducing assessments. This can be done if waste and extravagance are eliminated in city departments.

The order was passed under suspension of the rule.

SURVEY OF STREET LIGHTING.

Coun. NORTON offered the following:

Ordered, That the Acting Mayor of Boston be requested to consider the advisability of appointing a committee of experts to make a survey of the present street lighting in Boston.

Coun. NORTON—Mr. President, there is a question in my mind as to whether we may not have enough street lights in Boston, if they were put in the proper places. There is a large number, for example, in the neighborhood of the library and also a large number in parts of the business district at night, which might perhaps be decreased, placing the lights that would thus be made available in sections of the city where they were more needed. All this might be brought out by a study, a survey of the situation. In this way it might be possible, with the number of lights

we now have in Boston, to have properly lighted streets. I believe, before spending more money on lights, it would be well to make a survey, to see if we cannot in some way reorganize the light structure of the city.

The order was passed under suspension of the rule.

SIDEWALK CONSTRUCTION.

Coun. DOWD offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk in front of Nos. 47 and 49, inclusive, and Nos. 63 to 71 Hunneman street, Ward 8, in front of the estates bordering thereon said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk in front of Nos. 13 to 17, inclusive, Nos. 21 to 39, inclusive, Nos. 55 to 61, inclusive, and Nos. 58 to 60, inclusive, Yeoman street, Ward 8, in front of the estates bordering thereon; said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

CLOSING OF ALBANY STREET.

Coun. KELLY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to report to the City Council as to the commissioner's reason for keeping Albany street, from East Newton street to Massachusetts avenue, closed to vehicular traffic since April 10, which is causing a tremendous amount of trouble to autoists and placing patients and visitors at the Boston City Hospital in the danger of life and limb.

Passed under suspension of the rule.

LOAN FOR STREET RECONSTRUCTION.

Coun. DOWD called up, under unfinished business, No. 5 on the calendar, viz.:

5. Ordered, That the sum of \$500,000 be, and the same hereby is, appropriated, to be expended by the Commissioner of Public Works for Reconstruction of Streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor bonds or certificates of indebtedness of the city to said amount.

On June 12, 1933, the foregoing order was read once and passed, yeas 19, nays 3.

Coun. CURTIS—Mr. President, I ask that No. 5 on the calendar be not acted upon until after we have had our executive meeting, so that it may possibly be discussed there. I believe that the new proposed legislation and the new public works program may have a big influence on this item, and that it ought to be considered by this body before we vote for the order.

Coun. BURKE—Mr. President, I appreciate the fact that we expect to get a sum of money from the government for a public works program, but I cannot see why on that account the amount of money we are proposing to provide for reconstruction of streets should be held up any longer. This order will provide for reconstruction of streets now in horrible condition and will give work to men who are sadly in need of it. I trust, therefore, that there will be no dilatory action, and I feel that the request for a delay in passage of the order should be voted down. I believe the order should now be taken up and passed.

Coun. HEIN—Mr. President, the councilor from the Back Bay has only asked that action be held up until after our executive meeting today, and I think he is entitled to that. I otherwise would have no objection to passing the order now, but, in view of the councilor's request, if action is to be forced at this time, I shall vote against the order.

The Council voted to assign action on the order until after the recess.

RECONSTRUCTION OF WARD 17 STREETS.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct the following streets in Ward 17:

Melville avenue, Ashmont street, Mora street, Burt street, Bailey street, Ocean street, Mellen street, Stockton street, Rockwell street, Milton avenue.

Passed under suspension of the rule.

DAMAGE ON SCHOOL STREET, WARD 17.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor,

to repair the damage done to property on School street, Ward 17, when granolithic sidewalks were laid there last year.

Coun. BURKE—Mr. President, I have been informed by the abutters on the street that the Public Works Department, in placing some granolithic sidewalks on that street last year, left the property in a damaged condition. I think it is only fair that the Public Works Department should be called upon to place the property in the condition in which they found it before they started to work.

The order was passed under suspension of the rule.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. NORTON, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of June, 1933.

Report accepted; said order passed under suspension of the rule.

RECESS.

The Council voted, at 3.25 p. m., on motion of Coun. LYNCH, to take a recess subject to the call of the Chair. The members were called to order in the Council Chamber, at 5.03 p. m., by President McGRATH.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of amusement, viz.:

Rose Sidman, Sarab Greenwood Hall, June 20; Valentine Palton, Dahlgren Hall, June 25; Genevieve Harnden, South Boston Municipal Building, June 14, recommending that leave be granted.

Report accepted; leave granted under usual conditions.

2. Report on message of Mayor and order (referred today) for appropriation of \$1,300,000 for Public Welfare and Soldiers' Relief,—that same ought to pass.

Report accepted; said order passed, yeas 20, nays 0.

3. Report on message of Mayor and order (referred today) for authority to borrow \$5,000,000 in anticipation of taxes,—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 20, nays 0.

FINANCE COMMITTEE REPORT.

Coun. DOWD, for the Committee on Finance, submitted the following:

1. Report on message of Mayor and order (referred June 12) appropriating \$24,000 to be expended under direction of Park Commissioners for West Roxbury Parkway,—that same ought to pass.

Report accepted; order given its first reading and passage, yeas 19, nays 0.

The order will take its second reading and passage in not less than fourteen days.

STREET RECONSTRUCTION LOAN.

Coun. DOWD called up assignment, viz.:

5. Ordered, That the sum of \$500,000 be, and the same hereby is, appropriated, to be expended by the Commissioner of Public Works for Reconstruction of Streets, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On June 12, 1933, the foregoing order was read once and passed, yeas 19, nays 3.

The question came on the second and final reading and passage of the order.

Coun. CURTIS—Mr. President, I am going to vote against this order because I think there will undoubtedly be money available under the new Federal legislation for such purposes as are here contemplated. I think the reconstruction of streets is one of the best purposes for which that money can be used. I understand that the Mayor has requested \$2,000,000 for that purpose, and I hope that particular item may receive precedence over some others. If so, I think this loan order will become unnecessary. For that reason, I shall vote against the order at the present time.

Coun. KELLY—Mr. President, I would state also that I am going to be consistent with my vote as a member of the Finance Committee, and also two weeks ago, and vote against this appropriation of half a million dollars, most of which will go to a certain group of pet contractors in this city. I feel that \$500,000 could be better spent in public welfare, or for the sick and afflicted at Long Island or at the City Hospital, or for the relief of the taxpayers of Boston. The taxpayers seem to be given no consideration in such loan orders as this. We hear a great deal of talk in favor of loan orders

which simply keep a few men at work, while in the meantime the burden of raising the \$500,000, as proposed under this order, will personally affect every property owner in this city. It is this kind of orders that are the cause of city employees being forced to take a 15 per cent cut, and it is in the interest of the city employees to kill such an order. The Public Works Commissioner himself said today, when questioned, that he felt that if this money were appropriated it would simply be used for emergencies, on streets that badly needed to be fixed. Now, if emergency work is contemplated, I have to agree with the councilor from the Back Bay (Coun. Curtis) who has just spoken, that the Federal act will take care of such emergencies, and this \$500,000 can be saved and not levied as a burden on city employees, taxpayers and rent-payers of Boston.

Coun. COX—Mr. President, I have listened with interest to the previous speakers. They seem to have lost sight of the fact that one of the obligations of this city is to keep its highways in good condition. If we are to allow the highways of Boston to become a menace to safety, it will cost us far more to settle lawsuits as a result than it would to repair the streets. Regarding Federal money, or money that we may or may not get from the Federal Government, I read only recently in the papers that none of this money was to be spent exclusively for street work in any municipality; in other words, that it was not to be spent to relieve the general course of public works in a municipality. The question as to whether or not we will receive it is also in the air. I have previously called the attention of this body to the fact that a half million dollars for reconstruction of streets in this city, with 650 miles of streets, is not a drop in the bucket as compared with what is actually necessary. If it were not necessary, various councilors here would not be interested to see the list, to see whether or not their particular streets were included. The Public Works Commissioner, who is a man well versed in his business, told you in Executive Committee that if the Department of Public Works undertook to fix up all the streets in this city, it would cost \$30,000,000. So if we do get \$2,000,000 from the government and add half a million dollars to it here, the amount will then be nothing whatever in comparison with the necessity for streets. I do not rise here very often or on very many questions, but I feel forced to rise when it comes to the matter of streets. We have in my ward alone surely as many streets as there are in the city of Springfield. We had, when I took office, 306 unaccepted streets, and 128 or 138 partly accepted and partly not. I say that it would take in the neighborhood of \$30,000,000 to build the streets of West Roxbury. West Roxbury today has practically trebled in valuation over the past ten years. West Roxbury is receiving at the hands of the city less money in welfare than any other community. If we receive less in welfare, for God's sake give it to us in streets!

Coun. NORTON—Mr. President, I am opposed to this order for streets, first, because there is nothing in the long list of criticism of city government that is any more direct than that of favoritism and waste in the street department. We have heard for years about the favored contractors. Here is an opportunity to stop those favored contractors. Why should the City of Boston today, as much as we need streets, pay so much more than is necessary? The engineer of the Finance Commission has pointed out time and again in the last ten years the manner in which streets are over-paid for in Boston. He states in this last report:

"The price paid in other cities of New England and in New York State, where prices are secured by public competition, are substantially less than for the same type of pavement in Boston."

I don't know of any issue in City Hall in the last four years that has more strongly embodied the charge of waste and favoritism than in the letting of these contracts for street improvements. I represent a ward that has 333 mud holes of streets. So, if you want to make a comparison of the streets in Hyde Park with the streets in many of the suburban cities and towns about Boston, there are none such that have more streets than we have. Just imagine, Boston has been settled for over three hundred years, and still we have this enormous number of streets that are almost impassable in winter or in wet weather. And Boston is the smallest in territory of any of the American cities of large population. We have but forty-seven square miles. I asked the Public Works Commissioner in regard to the expenditure that had been made on Boston streets, but he was unable to give it to us. I understand that there has been spent \$100,000,000 on sewers, in spite of the fact that we are located here on the ocean, where it would seem to be the easiest thing in the world to discharge our sewage, having a much more fortunate situation in that respect than almost any of the other large cities of the country. And yet we have these untold millions spent on these sewers that are underground where we cannot see them. With all these millions that have been spent on sewers in this city, a city with an area of but forty-seven square miles and with 650 miles of streets, what is proposed here would be simply a drop in the bucket, and would merely result in extending some more favoritism to a certain small circumscribed group of contractors. Mr. President, what is the use or the sense of passing orders like this, which will

simply result in handing over for the next few months these sums to favorites? We need streets badly enough in our ward, but what is the use? We are not going to get what we need through the appropriation of half a million dollars here. I looked over the list and saw a list favored by the Street Commissioners, a street near the Dedham line, with a mere handful of homes on it, starting nowhere and ending nowhere, completely ignoring such a thoroughfare as Hyde Park avenue, which is in terrible condition, and has been that way for years. And still they propose to go away out near the Dedham line to fix up a street of the character I have referred to. I am interested to know why that particular street should be selected. It is probably a situation somewhat similar to what we found in Franklin Hill avenue and Chisholm terrace—beautiful sidewalks, a beautiful street, and not a home or house on it! Mr. President, here is a chance to stop that sort of thing. With all the demands upon us to assist those in need, why spend this half million dollars inside the debt limit when we may need it to feed our people this winter?

The order was given its second and final reading and passage, yeas 18, nays 3.

Yeas—Coun. Barker, Brackman, Burke, Cox, Donovan, Dowd, Englert, Fish, Gallagher, Gleason, Green, Hein, Lynch, McGrath, Murray, Power, Roberts, Rudy—18.

Nays—Coun. Curtis, Kelly, Norton—3.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on jitney licenses, submitted the following:

1. Report on petition (referred May 15) of Boston Elevated Railway Company to operate motor vehicles between junction of Dorchester avenue and Savin Hill avenue and Dudley station—that leave be granted.

The report was accepted, and the question came on granting the permit.

Coun. KELLY—Mr. President, I would like to get a little information on this, such information as the chairman of the Jitney Committee can give relative to this particular bus line, which affects the tail end of my ward.

Coun. MURRAY—Mr. President, I would say in answer that we had a hearing on the matter, and I believe the President of the body, the Acting Mayor, can inform the councilor from Dorchester why this bus permit should be granted.

Coun. KELLY—Mr. President, I will ask you, if it is not too embarrassing, to explain it.

President McGRATH—The Chair would say that when the rails were covered over with smooth paving his service became necessary between Fields Corner and the Dudley street station. At the present time, there is no bus service between the junction of Dorchester avenue and Savin Hill avenue and the Dudley street terminal. With the smooth paving there can be through his service to the terminal from Savin Hill, and it is therefore desirable that this permit should be granted.

The permit was granted.

DEDUCTION FOR SICKNESS.

Coun. BURKE offered the following:

Ordered, That all department heads be requested, through his Honor the Mayor, in cases where employees are absent through sickness or other cause, to deduct one day's pay from their wages instead of one and one-fifth days as at present.

Coun. BURKE—Mr. President, I understand that the result of the change from the five and one-half day week to the five-day week has been that in certain departments, when an employee is absent through sickness or other cause, a deduction of one and one-fifth days instead of one day is made from his wages. I feel that that is the result of an error, that when a man is absent for such cause but one day should be deducted from his wages. That is the reason for the submission of this order.

The order was passed under suspension of the rule.

EMPLOYEES IN TREASURER'S AND AUDITOR'S DEPARTMENTS.

Coun. BURKE offered the following:

Ordered, That the City Auditor be requested, through his Honor the Mayor, to allow employees of his department Saturdays off, or the equivalent number of hours on any other day during the week, to conform to the five-day week plan which has been placed in operation in other city departments.

Ordered, That the City Auditor be requested, through his Honor the Mayor, to allow employees of his department Saturdays off, or the equivalent number of hours on any other day during the week, to conform to the five-day week plan which has been placed in operation in other city departments.

Coun. BURKE—Mr. President, I understand that these two departments are affected by the change from the five and one-half day to the five-day week, and I believe when the matter is called to the Mayor's attention and proper investigation is made he will feel justified in granting

to the employees of these departments the same privileges that other department employees have. I believe if it is impossible to let them off Saturday mornings because of necessity, arrangements might be made to give them equivalent time off at some other time in the week.

Coun. RUBY—Mr. President, because I believe the City Auditor and the City Treasurer are well able to take care of their own employees, I ask that these orders be referred to the Executive Committee.

The orders were referred to the Executive Committee.

SIDEWALKS, WARD 17.

Coun. BURKE offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Gallivan Boulevard (both sides), Dorchester avenue to Washington street, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Cedar street, entire length, both sides, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

HOURS OF DRAWTENDERS.

Coun. NORTON offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, look into the matter of drawtenders working fifty-six hours per week and more.

Coun. NORTON—Mr. President, I understand that some drawtenders employed by the City of Boston are working seven days a week, in fact putting in more than fifty-six hours a week, while others are stationed at bridges where there is little work and relatively short hours. It does seem as though some rearrangement would make it possible in these times to allow these men the same hours of weekly work that other employees are allowed.

The order was passed under suspension of the rule.

ACCEPTANCE OF CHAPTER 99.

Coun. KELLY and Coun. CURTIS offered the following:

Ordered, That chapter 99 of the Acts of 1933, entitled "An Act Providing for Advance Payments on Account of Taxes for the Years Nineteen Hundred and Thirty-three and Nineteen Hundred and Thirty-four in Certain Cities and Towns," be, and hereby is, accepted.

Coun. KELLY—Mr. President, this is an order for the acceptance of an act that was passed by the Legislature this year. In fact, I feel that if there is one thing that can stop the banks from getting hold of the City of Boston it is the enactment into law of this particular act. Briefly, it gives the taxpayers of Boston the right to pay their taxes early, if they see fit, and they will be allowed a suitable sum, determined by the City Treasurer and the Mayor, for their advance payments. If the Mayor is sincere in his claim that the banks have got him cornered and are doing this and that to the City of Boston, here is a way to protect us. There is no reason why we should go down on State street any more and pay 4, 5 and 6 per cent, such as we have paid for loans, when we know there are many people in Boston owning property who would be glad to pay their taxes in advance and be allowed 3 and 4 per cent for their money. It is positively one act that should be accepted, and this is the last day we have in which to pass it. Otherwise, it is rejected. I hope the order passes under suspension of the rule.

Coun. COX—Mr. President, has the councilor a copy of the act?

Coun. KELLY—Mr. President, I shall be glad to read the act if the councilor desires it read.

Coun. COX—No, but can you tell me whether there is anything in the act which compels the City Treasurer to give these people interest on the money or to refund the interest?

Coun. KELLY—As I understand the act, the amount of interest paid was to be discretionary with the City Treasurer and the Mayor.

Coun. COX—But there would be an amount allowed?

Coun. KELLY—Yes.

Coun. COX—Not compulsory?

Coun. KELLY—No, not compulsory.

On motion of Coun. KELLY, the rule was suspended and the order was passed.

USE OF MATHER SCHOOL YARD.

Coun. KELLY offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to authorize

the use of the Mather School yard as a playground for the children of that district during the summer vacation period.

Passed under suspension of the rule.

ACTS REQUIRING ACCEPTANCE BY COUNCIL.

Coun. CURTIS offered the following:

Ordered, That the Corporation Counsel be directed to advise the City Council of all acts passed by the Legislature requiring acceptance by the City Council in order to become effective for the City of Boston.

Coun. CURTIS—Mr. President, I understand that special acts applicable to the City of Boston passed by the Legislature, requiring acceptance by this body, are brought to our attention as a matter of course. But we have had an example this afternoon of a general act upon which we were authorized to pass, and but for the vigilance of one of the members it would never have been brought to our attention today. The purpose of this order is merely to have the Corporation Counsel bring to the attention of this body such acts, so that we can act upon them.

The order was passed under suspension of the rule.

THE NEXT MEETING.

The Council voted, on motion of Coun. RUBY, that when it adjourns it be to meet on Monday, July 10, 1933, at 2 p. m.

Adjourned, at 5.30 p. m., on motion of Coun. RUBY, to meet on Monday, July 10, 1933, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

SENIOR ACTUARIAL CLERK, DEPARTMENT OF BANKING AND INSURANCE, AUGUST 1, 1933.

Last day for filing application, Saturday, July 22, 1933, at 12 m.

The minimum salary is \$1,230 a year; the maximum salary is \$1,710 a year.

Duties: Under immediate supervision, to make routine computations in the valuation of life insurance policies; and to perform related work as required.

It is desirable that applicants have specialized training in mathematics, or experience in actuarial, statistical or other work involving the use of figures.

Entrance Requirement: Applicants must be graduates of a standard high school, or have equivalent education.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

LOCK AND DRAW HELPER, LOCK AND DRAW OPERATOR, METROPOLITAN DISTRICT COMMISSION, AUGUST 1, 1933.

Last day for filing application, Saturday, July 22, 1933, at 12 m.

The minimum salary for lock and draw helper is \$1,290 a year; the maximum salary is \$1,470 a year.

The minimum salary for lock and draw operator is \$1,380 a year; the maximum salary is \$1,620 a year.

Duties of Lock and Draw Helper: Under immediate supervision, to help in the operation of a drawbridge or boat by performing miscellaneous less skilled tasks; and to perform related work as required.

Duties of Lock and Draw Operator: Under supervision, to operate and maintain during an assigned shift, without assistance, the mechanical and electrical equipment of a drawbridge, or of a combined installation of locks, sluices and drawbridge; and to perform related work as required.

Applicants for lock and draw operator are required to have not less than one year's experience in drawbridge employment.

Subjects and Weights: Training and experience, 4; report, 1; arithmetic, 1; practical questions, 4; total, 10.

Passing Requirements for Lock and Draw Helper: 70 per cent in practical questions, 50 per cent in the other subjects, in order to become eligible.

Passing Requirements for Lock and Draw Operator: 70 per cent in experience and in practical questions, 50 per cent in the other subjects, in order to become eligible.

In both cases, physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

MEDIA MAN, BOSTON HEALTH DEPARTMENT, AUGUST 19, 1933.

Last date for filing applications, Wednesday, August 9, 1933, at 5 p. m.

Salary: \$1,500 a year.

Duties: Preparation, cleaning and sterilization of glassware used in laboratory work; preparation and titration of common media; preparation of outfits for collections of Health Department laboratory specimens; care of laboratory animals.

Entrance Requirements: Applicants must be not less than twenty-one years of age at the time of filing application. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application. They must be graduates of a grammar school or have equivalent education.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Washington street, between Dore street and Kneeland street, from 7 a. m. on July 9, 1933, to 7 a. m. on July 10, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from London street, between Bennington street and Porter street, effective July 7, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, estimated to be three (3) weeks, Stuart street is a one-way street, from Trinity place to Clarendon street; and parking of vehicles is prohibited in Stuart

street, south side, from Trinity place to Clarendon street, and in Trinity place, west side, from Stuart street to a point two hundred (200) feet north of Stuart street, effective July 10, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be ten (10) days, vehicles are excluded from Congress street, between State street and Milk street, and from Post Office square; Kilby street is a one-way street, from Water street to State street; and parking of vehicles is prohibited in Kilby street, both sides, from Milk street to State street, effective July 12, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from Greenwood street, between Erie street and York street, Dorchester district, effective July 12, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Laurel street, between Dale street and Humboldt avenue, Roxbury district, effective July 12, 1933.

PITTSFIELD FIRST CITY TO ADOPT WELDING SOCIETY BUILDING CODE.

Pittsfield, Mass., is the first city in this country to make formal adoption of the building code proposed by the American Welding Society to make available the advantages of welding in the construction of buildings in municipalities.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m. on Friday, July 21, 1933, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments. *There will be a charge of thirty-eight cents (\$0.38) per set for each set of proposals taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats, no less than thirty-six pounds to bushel, graded under the federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

PHILIP A. CHAPMAN,
(July 15.) Superintendent of Supplies.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred, who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FLOUR (BREAD AND PASTRY) TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing flour (bread and pastry) to the various city departments according to specifications to be obtained from the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each set of blank proposals taken out.* Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one quarter the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. Bids, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Friday, July 21, 1933, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(July 15.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for additional class rooms in the Dorchester High School for Boys, Dunbar avenue, Dorchester, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors Tuesday, July 18, 1933. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 24, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, this deposit shall be returned to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 31, 1933, said deposit for plans and specifications shall be forfeited. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 15.) Superintendent of Construction.

CHICAGO POLICE.

Although the numerical strength of the Chicago police department has been reduced in the last two years from approximately 6,700 to 6,000, the number of men on foot patrol has been increased 150 per cent, or about 1,900.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN TENNIS ROAD AND OUTLET IN BLUE HILL AVENUE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Tennis road and outlet in Blue Hill avenue, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Tennis Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, July 25, 1933, with a certified check for two (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(July 15.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR TWO (2) CATCH-BASIN CLEANING MACHINES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for two (2) catch-basin cleaning machines. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Plans and proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Two (2) Catch-Basin Cleaning Machines," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, July 24, 1933, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOSEPH A. ROURKE,
(July 15.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ELECTRIC CLOCK MANUFACTURERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals to furnish electric clocks in various schools, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 24, 1933, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of July 31, 1933, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 15.) Superintendent of Construction.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the Commodore Barry School, Sumner street, East Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, July 24, 1933, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder. If all unused specifications are not returned prior to noon of July 31, 1933, said deposit for specifications shall be forfeited. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(July 15.) Superintendent of Construction.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments meats, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, July 26, 1933, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract, in case the amount of the contract awarded aggregates \$2,000 or more. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PHILIP A. CHAPMAN,
(July 15.) Superintendent of Supplies.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR PUMPING EQUIPMENT FOR TRAFFIC TUNNEL.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing pumping equipment for the Traffic Tunnel. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 45 per cent of the total bid price. Proposals must be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Pumping Equipment, Traffic Tunnel," delivered to the Department, or to its secretary, before 12 o'clock noon on Monday, July 24, 1933, at which time and place they will be publicly opened and read. A properly certified check in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the Department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Proposals, specifications and forms of contract may be obtained at this office on or after Tuesday, July 11, 1933. The Department reserves the right to reject any or all proposals.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(July 8-15.) Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING AND PAINTING TOLLGATE WAY FOOTBRIDGE, OVER THE NEW YORK, NEW HAVEN & HARTFORD RAILROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for repairing and painting Tollgate Way Footbridge, and giving bond thereof of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Repairing and Painting Tollgate Way Footbridge," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. of Tuesday, July 25, 1933, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

Freeport Street.

Northeast side, from Mill street to Old Colony Parkway.

Newbury Street.

Both sides, from Massachusetts avenue to a point two hundred twenty-five (225) feet easterly.

That section 17, Part 3, is amended by striking out the following:

Newbury Street.

South side, from Massachusetts avenue to the easterly line of the Massachusetts avenue street car station.

That section 40, Part 1, is amended by adding the following:

Harvard Street.

From Albany street to Washington street.

Harvard Street.

From Harrison avenue to Washington street.

JOSEPH A. CONRY,
(July 15-22.) *Commissioner.*

PROCEEDINGS OF SCHOOL COMMITTEE.

June 19, 1933.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:45 o'clock P. M., the Chairman presiding.

President: Dr. Mackey, Mrs. Pigeon, Messrs. Reilly and Tobin.

The Chairman stated that Mr. Hurley is en route to the Marine Camp in Quantico, Virginia, for two weeks' service.

AMENDMENT AND APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of previous meetings were amended as follows:

Apr. 17, 1933, on page 52, in the order which established the summer review schools for the current term, strike out the paragraph establishing the Hugh O'Brien Summer Review School and substitute in place thereof the following:

John Winthrop Summer Review School, in the John Winthrop Schoolhouse, Brookford, Dacia and Danube Streets, Dorchester, and the Dudley Schoolhouse, Dudley and Putnam Streets, Roxbury.

Apr. 17 1933, on page 52, in the order which established the summer review schools for the current term, strike out the paragraph establishing the Shurtleff Summer Review School and substitute in place thereof the following:

John A. Andrew Summer Review School, in the John A. Andrew Schoolhouse, Dorchester Street, South Boston.

May 15, 1933, on page 65, to provide that the appointment of John H. Treanor as assistant, intermediate, Washington Intermediate District, to take effect June 1, 1933, shall read to take effect "June 5, 1933."

On motion, the order passed at the meeting of May 15, 1933 (page 66) which established a branch of the Hugh O'Brien Summer Review Elementary School in the Dudley Schoolhouse, was rescinded.

DEATH

The Superintendent reported the death of the following-named teacher:

Everett District—Louise Robinson, master's assistant, June 10, 1933.

Placed on file.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

Principals

ASSIGNMENT

A communication was received from the Superintendent, under date of June 19, 1933, reporting that, subject to the approval of the School Committee, he has assigned Thomas P. Dooley, master, head of department, Jamaica Plain High School, as acting co-ordinator in that school for the summer of 1933. Placed on file and the assignment approved.

DESIGNATION

A communication was received from the Superintendent, under date of June 19, 1933, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1933:

Mather District—Edith E. Robinson, assistant kindergarten, two sessions, as acting first assistant kindergarten, two session (vice Ada Cushing, absent on leave), Mar. 24 to May 24, 1933, inclusive.

Placed on file.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted each of the following-named teachers for the terms specified:

Public Latin School—Aaron Gordon, junior master, May 4, 1933, one day, court summons.

Girls' Latin School—Helen A. Stuart, first assistant, head of department, May 26, 1933, one day, court summons.

High School of Practical Arts—Ida M. Reynolds, assistant, May 3 and 5, 1933, one and one-half days, court summons.

Roxbury Memorial High School (Girls)—Everett J. Conway, junior master, May 15 and May 22, 1933, two days, court summons.

Department of Manual Arts—Florence P. Donelson, instructor, shopwork, May 1, 1933, one day, court summons; and Clarence R. Rees, shop instructor, May 10, 1933, one-half day, court summons.

PAYMENT OF SALARIES DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Grace E. Manson, late first assistant, kindergarten, Samuel Adams District, be paid to her mother, Mrs. Edmund Manson.

On motion of the Superintendent, it was

ORDERED, That the salary due John K. Braley, late temporary teacher, be paid to his widow, Margaret M. Braley.

EMPLOYMENT OF SCHOOL PHYSICIANS IN SUMMER REVIEW SCHOOLS AND CERTIFICATING OFFICE.

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to assign for temporary service in the summer review schools and in the Certificating Office, during the summer months of this year, the following-named school physicians: Doctors Arthur V. Burns, Harry Fein, Morris Frank, Daniel J. Hogan, William Koppel, Joseph Laserson, Maurice A. Lesser, Harry B. Levine, Maurice Lugitch, James J. Lynch, Charles F. Mains, Carl F. Maraldi, Samuel Nadel, Elizabeth V. O'Neill, Kermit C. Rosen, Warren S. Shields, Harold I. Shulman, Morris A. Silberg, Mitchell Sisson, Charles F. Stack, Henry E. Stone, Sidney H. Weiner; the particular assignment and length of service in each case to be in the discretion of the Director of School Hygiene, provided not more than three school physicians shall be employed in the summer schools at any time; compensation to be at the rate established for temporary school physicians, namely, four dollars and seventy-five cents (\$4.75) per day of service.

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to make such emergency assignments of school physicians to summer review schools and to the Certificating Office, as may be necessary in place of regularly assigned physicians who may be absent from duty.

CONTINUANCE OF BOSTON CITY HOSPITAL CLASS DURING SUMMER

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to continue the hospital class at the Boston City Hospital during the period June 26 to Aug. 11, 1933; said class to be attached to the Abraham Lincoln Summer Review Elementary School.

On motion of the Superintendent it was

ORDERED, That the employment of a temporary teacher in the class at the Boston City Hospital during the period June 26 to Aug. 11, 1933, is hereby authorized; compensation to be at the rate of four dollars and seventy-five cents (\$4.75) for each day of service.

EXTENSION OF VACATION OF SCHOOL NURSES

The Superintendent offered the following:

ORDERED, That for the current school year, the summer vacation of the assistant supervising nurses and the school nurses is hereby extended up to and including Tuesday, Sept. 5, 1933.

The rules were suspended and the order passed.

TRANSFER OF LIP READING CLASS

A communication was received from the Superintendent, under date of June 19, 1933, reporting that he has transferred the lip reading class in the Tappan School, Clapman District, to the Emerson School, Emerson District, to take effect Sept. 1, 1933.

Placed on file

LEASING OF COTTAGE PLACE SCHOOL

The following preamble and order were offered:

WHEREAS, The Cottage Place School, Columbus Avenue, Roxbury, is now vacant and not in actual use for school purposes, it is hereby

ORDERED, That the City Council is hereby requested to authorize the School Committee, in the name of the City, to lease to the Boston Police Post No. 251, American Legion, the Cottage Place School, Roxbury, such occupancy to be discontinued at the will of the School Committee.

The preamble was adopted and the order passed, the four members present voting in the affirmative.

AMENDMENTS TO RULES AND REGULATIONS

The following was offered:

ORDERED, That the regulations are hereby amended as follows:

Section 302, paragraphs 9 (b) and 9 (e). Strike out the paragraphs and substitute in place thereof the following:

9 (b). The number of teaching units to be credited to a school for "B" work is in all cases to be decided by adding to the number of pupil hours sixteen for each laboratory period in science or in office practice; provided that no science section shall receive an allowance for more than two laboratory periods per week and that no allowance shall be made for a laboratory section of more than thirty-two pupils.

9 (e). Each teacher of salesmanship or of commercial branches who acts as co-ordinator shall be credited with a number of teaching units to be found by multiply-

ing the number of pupil hours by 1.3 for regular co-operative classes, and by 1.2 for classes where variable practice work is expected under the supervision of a teacher.

Laid over.

The following was offered:

ORDERED, That the Appendix to the rules and regulations which defines the boundary lines of schools and districts is hereby amended as follows:

Page 214, strike out the boundary lines for the Jefferson District, for Boys and Girls; page 218, strike out the boundary lines for the Martin District, for Boys and Girls; and insert the following new boundary lines in place thereof:

Jefferson District, for Boys and Girls, Grades I-VI.

Beginning at Huntington avenue, corner of Jamaicaaway; thence by the center of Huntington avenue, the rear of the westerly and southerly sides of Parker Hill avenue, the westerly side of Parker street to Tremont street, the centers of Parker, Prentiss, Halleck, and Ruggles streets, the rear of the easterly side of Hampshire street, the center of Linden Park street, the rear of the easterly side of Elmwood street, the centers of Gardner and Centre streets, and the rear of the southwesterly side of Heath street to Heath square, the centers of Heath, Bickford, Minden, Gay Head, Round Hill, and Day streets, the rear of the northerly side of Bynner street, and the center of Jamaicaaway to the point of beginning.

Martin District, for Boys and Girls

Beginning at the corner of Parker street, and Parker Hill avenue; thence by the rear of the southerly and westerly sides of Parker Hill avenue, the center of Huntington avenue, the Brookline boundary line, the centers of the Fenway and Forsyth park, the rear of the westerly sides of Hemenway and Parker streets, the northerly side of Ward street, the centers of Halleck, Prentiss and Parker streets to Tremont street, and the rear of the westerly side of Parker street to the point of beginning.

Laid over.

APPROPRIATIONS ADMINISTRATION EXPENSES ON ACCOUNT OF ALTERATIONS AND REPAIRS AND LAND AND BUILDINGS FOR SCHOOLS

The following communication was received:

City of Boston
Department of School Buildings
May 24, 1933.

School Committee,
City of Boston,
15 Beacon Street,
Boston, Mass.
Gentlemen:

Under date of May 12, 1933, the School Committee submitted to the Commissioners of School Buildings a draft of two proposed orders which read as follows:

ORDERED, That in accordance with the provisions of Chapter 206 of the Special Acts of 1919, as

amended by Chapter 524 of the Acts of 1920, as amended by Chapter 488 of the Acts of 1923, as amended by Chapter 327 of the Acts of 1925, as amended by Chapter 314 of the Acts of 1926, the following appropriations are hereby made and be it further

ORDERED, That the expenditures for personnel during said financial year shall be substantially in accordance with the accompanying detailed estimates for salaries of employees:

Land and Buildings for Schools

Item 1—Administration Expenses, Department of School Buildings...\$ 95,256.56
Item 7—Rent of hired accommodations 29,682.00

Total\$124,938.56

ORDERED, That to provide for the cost of administration expenses of the Department of School Buildings in connection with the alteration and repair of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing schoolyards during the financial year January 1 to December 31, 1933, the sum of \$139,260.84 is hereby appropriated; and be it further

ORDERED, That the expenditures for personnel during said financial year shall be substantially in accordance with the accompanying detailed estimates for salaries of employees.

It has been the practice for several years for this department to submit estimates so that the School Committee would have data on which they might appropriate for the purposes set forth in these two orders. The detailed figures, however, were always understood to be estimates and were not binding as such and were not incorporated in the orders as passed.

The foregoing orders have attached to them the following order,

"That the expenditures for personnel during said financial year shall be substantially in accordance with the accompanying detailed estimates for salaries of employees."

The Board of Commissioners of School Buildings acting in accordance with the provisions of Chapter 351 of the Acts of 1929, approve the two foregoing orders except that portion of said orders which reads:

ORDERED, That the expenditures for personnel during said financial year shall be substantially in accordance with the accompanying detailed estimate for salaries of employees.

Under the law the Superintendent of Construction of the Department of School Buildings is charged with the responsibility and has the obligation to establish the necessary salaries of the personnel of this organization and does this only after conference with the Board of Commissioners of School Buildings.

We respectfully call your attention to the fact that we cannot agree to that part of the language of said orders which reads "the expenditures for personnel during the financial year shall be substantially in accordance with the accompanying detailed estimates

for salaries of employees." Otherwise we approve said orders.

Very truly yours,
Board of Commissioners of School Buildings

By Richard J. Lane,
Chairman.

Placed on file.

The following communication was also received:

City of Boston
Department of School Buildings
June 19, 1933.

School Committee,
15 Beacon Street,
Boston, Mass.
Gentlemen:

In relation to an order that was submitted to us under date of May 12th, including the following order:

"That the expenditures for personnel during said financial year shall be substantially in accordance with the accompanying detailed estimate for salaries of employees."

The Commissioners of School Buildings made a report thereon under date of May 24, 1933, stating certain reasons why we believed the above quoted order should not be passed.

In addition to these reasons we respectfully call your attention to a very important reason why we cannot approve said order this year, namely, because of the fact that we have no sum reserved under the Administration Budget.

We have gone over this matter with Mr. Sullivan, the Business Manager of the School Committee, and I think have explained fully to him the embarrassment that would be caused us if, without said reserve item, we should approve said order as forwarded to us by the School Committee, and I feel certain that Mr. Sullivan concurs in our viewpoint on this matter.

Very truly yours,
Board of Commissioners of School Buildings.

By Richard J. Lane,
Chairman.

Placed on file.

The following is the detail for administration expenses in connection with the alterations and repairs of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing schoolyards, as submitted by the Department of School Buildings:

Gas	102.00

Total\$12,102.50

Total for Administration Expenses\$139,260.84

Placed on file.

The following was offered:

ORDERED, That to provide for the cost of administration expenses of the Department of School Buildings in connection with the alteration and repair of school buildings, and for furniture, fixtures, and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing schoolyards during the financial year January 1 to December 31, 1933, the sum of \$139,260.84 is hereby appropriated.

Passed by the following vote:

YEAS—Dr. Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—4.

NAYS—0.

ABSENT—Mr. Hurley—1.

Chairman: This is part of the regular school budget and, like other sections which will be passed from time to time, this part is substantially less than the same part of the budget was last year. A saving will be shown in almost every section of the budget this year.

The following are the estimates submitted by the Department of School Buildings of administration expenses on account of land and buildings for schools. The Department has also reported the amount specified as required for rental of hired accommodations during the current financial year.

Salaries

Superintendent of Construction (part salary)	\$6,226.10

TRANSFER OF APPROPRIATIONS

The following communication was received:

City of Boston

Department of School Buildings
June 19, 1933.

The Boston School Committee,
15 Beacon Street
Boston, Mass.

Gentlemen:

Under date of June 19, 1933, the School Committee of the City of Boston submitted to the Board of Commissioners of School Buildings a proposed order as follows:

ORDERED, That of the amounts appropriated by the School Committee under date of July 10, 1929 (see p. 191), the following amount is hereby transferred to the 1929 and 1931 items of school accommodations listed below:

FROM

Item 29, 1928—Gilbert Stuart district, Dorchester: Site for forty-classroom intermediate school	\$30,000.00
---	-------------

TO

Item 37, 1929—Christopher Gibson District, Dorchester: Plans for thirty-six classroom high school	\$2,500.00
Item 11, 1931—Christopher Gibson District, Dorchester: Construction of thirty-six classroom high school for girls	\$27,500.00

Total\$30,000.00

This order was duly considered and in accordance with the provisions of Chapter 351 of the Acts of 1929, the Board of Commissioners of School Buildings voted to approve the same.

Very truly yours,

Board of Commissioners of School Buildings

By Richard J. Lane,
Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under date of July 10, 1929, (see p. 191), the following amount is hereby transferred to the 1929 and 1931 items of school accommodations listed below:

FROM

Item 29, 1928—Gilbert Stuart District, Dorchester: Site for forty-classroom intermediate school	\$30,000.00
---	-------------

TO

Item 37, 1929—Christopher Gibson District, Dorchester: Plans for thirty-six classroom high school	\$2,500.00
Item 11, 1931—Christopher Gibson District, Dorchester: Construction of thirty-six classroom high school for girls	27,500.00

Total\$30,000.00

Passed by the following vote:

YEAS—Dr. Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—4.

NAYS—0.

ABSENT—Mr. Hurley—1.

The following communication was received:

City of Boston

Department of School Buildings
June 19, 1933.

School Committee,

15 Beacon Street,
Boston, Mass.

Gentlemen:

Under date of May 15th, 1933, the School Committee submitted to the Board of Commissioners of School Buildings, the following proposed orders:

ORDERED, That of the amounts appropriated by the School Committee under dates of April 1, 1930 (see p. 57), July 30, 1930 (see pp. 207-208), and February 16, 1931, by transfer (see p. 30), the following amounts are hereby transferred to the 1933 item of school accommodations listed below:

FROM

Item 4, 1930—Bennett District Brighton (Brighton High School): Equipment of thirty-six classroom high school for boys and girls	\$ 670.21
Item 55, 1930—Eliot-Hancock District, North End: Plans for eighteen classroom elementary school building with basement assembly room	12,309.91
Item 2, 1931—Gilbert Stuart District, Dorchester: Construction of forty classroom intermediate school	10,119.88

Total\$23,100.00

TO

Item 8, 1933—Joseph H. Barnes Intermediate District, East Boston: Land for addition to Joseph H. Barnes School	\$23,100.00
--	-------------

ORDERED, That the order passed by the School Committee under date of July 22, 1932 (see p. 155), making appropriations for the purpose of meeting the cost of new land and building items, is hereby amended as follows:

Item 11, 1932, Strike out the word "six" preceding "Classroom" and substitute in place thereof the word—fourteen; and insert "with lunchroom and shop accommodations" to follow the word "School," so that the item shall read as follows:

Item 11, 1932—Joseph H. Barnes Intermediate District, East Boston: Construction of fourteen-classroom addition to Joseph H. Barnes School with lunchroom and shop accommodations\$80,000.00

Item 12, 1932, Strike out the words "six-classroom" so that the item shall read as follows:

Item 12, 1932—Joseph H. Barnes Intermediate District, East Boston: Furnishing of addition to Joseph H. Barnes School 3,750.00

ORDERED, That of the amounts appropriated by the School Committee under dates of June 23, 1930 (see page 146), July 14, 1930 (see pp. 183-184), as amended May 6, 1931 (see p. 74), July 30, 1930 (see pp. 207-208), and June 15, 1931, by transfer (see p. 98), the following amounts are hereby transferred to the 1933 item of school accommodations listed below:—

FROM

Item 20, 1930—Agassiz-Bowditch District. Jamaica Plain: Construction of forty-classroom intermediate school building on Centre Street corner of Pershing Road	387.11

Item 50, 1930—Chapman District, East Boston: Construction of thirteen-classroom elementary school building	1,552.50
Item 51, 1930—Charles Sumner District, Roslindale: Construction of thirteen-classroom elementary school building on Poplar Street, corner of Dale Street	3,547.73
Item 54, 1930—Eliot-Hancock District, North End: Land for eighteen-classroom elementary school building with basement assembly room	153.73
Item 58, 1930—Gilbert Stuart District, Dorchester: Construction of thirteen-classroom unit of elementary school building	135.81
Item 62, 1930—Henry L. Higginson District, Roxbury: Furnishing of thirteen classroom elementary school building with basement assembly room	1,308.68
Item 3, 1931—Elihu Greenwood District, Hyde Park: Furnishing of thirteen-classroom unit of elementary school building on Radcliffe Road, corner of Ruskin Road	1,866.33

Total\$12,095.00

TO

Item 9, 1933—Joseph H. Barnes Intermediate District, East Boston: Plans for fourteen-classroom addition to Joseph H. Barnes School with lunchroom and shop accommodations	\$12,095.00
---	-------------

ORDERED, That of the amounts appropriated by the School Committee under dates of July 30 1930 (see pp. 207-208), and February 16, 1931, by transfer (see p. 30), the following amounts are hereby transferred to Item 11, 1932 (as amended):

FROM

Item 56, 1930—Eliot-Hancock District, North End: Construction of eighteen-classroom elementary school building with basement assembly room.....	\$42,000.00
Item 65, 1930—Robert Gould Shaw District, West Roxbury: Construction of thirteen-classroom elementary school buildings	33,555.00
Item 2, 1931—Gilbert Stuart District, Dorchester: Construction of forty-classroom intermediate school.....	19,000.00
Total	\$94,555.00

TO

Item 11 1932—Joseph H. Barnes Intermediate District, East Boston: Construction of fourteen-classroom addition to Joseph H. Barnes School with lunchroom and shop accommodations	\$94,555.00
---	-------------

ORDERED, That of the amounts appropriated by the School Committee under date of July 30, 1930 (see pp. 207-208), the following amount is hereby transferred to Item 12, 1932 (as amended):

FROM

Item 51, 1930—Charles Sumner District, Roslindale: Construction of thirteen-classroom elementary school building on Poplar Street, corner of Dale Street	\$2,500.00
--	------------

TO

Item 12, 1932—Joseph H. Barnes Intermediate District, East Boston: Furnishing of addition to Joseph H. Barnes School....	\$2,500.00
--	------------

Our hesitancy in appropriating from unexpended balances as this Commission advised you in an earlier report was due to the fact that we felt that it was an extremely dangerous thing to appropriate from unexpended balances that were reserved to meet obligations that might arise on buildings in process of construction.

We stated in that report that we believed that the School Committee should appropriate some part of the 68 cents per one thousand of valuation allowed by law to be appropriated.

However, we have been able to award a contract for the building of a school in Hyde Park, known as the William Barton Rogers School, for a less sum of money than was appropriated for that school. The sum appropriated was \$300,000, and the amount of the contract was \$217,221.

While we must reserve something for any contingency that might arise in the construction of the William Barton Rogers School, we feel that we can use the difference between the appropriated money and the contract price for possible future emergencies.

Very truly yours,
Board of Commissioners of School Buildings,

By Richard J. Lane,
Chairman.

Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under dates of April 1, 1930 (see p. 57), July 30, 1930 (see pp. 207-208), and February 16, 1931, by transfer (see p. 30), the following

amounts are hereby transferred to the 1933 item of school accommodations listed below:

FROM

Item 4, 1930—Bennett District, Brighton (Brighton High School): Equipment of thirty-six-classroom high school for boys and girls	\$ 670.21
Item 55, 1930—Eliot-Hancock District, North End: Plans for eighteen-classroom elementary school building with basement assembly room	12,309.91
Item 2, 1931—Gilbert Stuart District, Dorchester: Construction of forty-classroom intermediate school	10,119.88
Total	\$23,100.00

TO

Item 8, 1933—Joseph H. Barnes Intermediate District, East Boston: Land for addition to Joseph H. Barnes School.....	\$23,100.00

REPORT ON ATTENDANCE AT CONVENTION

A communication was received from the Business Manager, under date of June 19, 1933, submitting, in compliance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, his report on attendance at the convention of the National Association of Public School Business Officials, held at Pittsburgh, Pa., from May 16 to 19, 1933. Placed on file.

APPROPRIATION ORDER ON ACCOUNT

A communication was received from the Business Manager, under date of June 19, 1933, reporting that, in view of the fact that the Committee has the detailed budget still under consideration, it is necessary to put through a second appropriation on account to provide for expenditures through the month of June, and recommending the passage of the accompanying order making appropriations on account, in addition to those made on account at the meeting of the School Committee on April 10, 1933. Placed on file.

The following was offered:
ORDERED, That to meet the current expenses of the School Committee, and to provide funds for other school purposes as hereinafter specified during the financial year January 1, 1933 to December 31, 1933, the following sums are hereby appropriated on account in addition to those appropriated on account at the meeting of April 10, 1933:

General school purposes:

Salaries of Administrative Officers, Clerks, Stenographers, Supervisors of Attendance and Other Employees	\$ 50,000.00
Salaries of Principals, Teachers, Members of the Supervising Staff and Others	1,600,000.00
Salaries of Custodians and Salaries of Matrons	70,000.00
Fuel and Light, including electric current for power Supplies and Incidentals....	—
Pensions to Supervisors of Attendance and Pensions to Custodians	—
Pensions to Veterans.....	1,000.00
Promoting the Americanization and better training for citizenship of foreign-born persons	—
Vocational Guidance	8,000.00
Physical Education — Salaries of Teachers, Members of the Supervising Staff and Others, and Supplies and Incidentals — Day Schools and Playgrounds	10,000.00
Salaries of School Physicians, Salaries of School Nurses and Care of Teeth	25,000.00
Extended Use of the Public Schools—Salaries and Supplies and Incidentals	—
Total	\$1,764,000.00

Passed by the following vote:
YEAS—Dr. Mackey, Mrs. Pigeon, Messrs. Tobin and Reilly—4.
NAYS—0.
ABSENT—Mr. Hurley—1.

EXPENDITURES TO JUNE 1, 1933.

A communication was received from the Business Manager, under date of May 31, 1933, submitting, pending the adoption of the maintenance budget, a statement showing the expenditures for maintenance of the public schools for the first five drafts of the current financial year, the expenditures for the first five drafts of the financial year 1932, and the increases and decreases in the several items. Placed on file.

Chairman: This statement shows a decrease of \$314,084.53 in maintenance expenditures, and a decrease of \$925,732.92 in expenditures for land, plans and construction of school buildings, thus continuing the retrenchment program which the Committee has been carrying out during the fiscal year.

REPORT OF CONTRIBUTIONS FOR RELIEF OF UNEMPLOYMENT

A communication was received from the Business Manager, under date of May 24, 1933, reporting that voluntary contributions for the relief of the unemployed of the city made by teachers, custodians, clerks and all other permanent school employees for the months of January, February, March and April, 1933, totaled \$278,109.83. Deductions of these voluntary contributions at the rate of one, two or three days' pay, dependent on the salary being received, have been made on the pay rolls. These voluntary contributions ceased on Apr. 20, 1933, a reduction in salaries of all employees having been affected on Apr. 21, 1933, under the provisions of Chapter 121 of the Acts of 1933. Placed on file.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of June 19, 1932, recommending that the leave of absence on one-half net compensation granted William F. Downey, custodian, Prince Schoolhouse, for personal illness, be extended for the further period, June 18, 1933, to and including Aug. 19, 1933. Placed on file and leave of absence on one-half net compensation granted for the further period

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 19, 1933, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:
Michael J. Dorran, custodian, Capen Schoolhouse, to the South Boston High School Annex, June 25, 1933.
Frederick M. Manning, custodian, Pauline Agassiz Shaw School-

house, to the John Winthrop Schoolhouse, June 25, 1933.
Thomas H. Walsh, custodian, Plummer Schoolhouse, to the Robert Treat Paine Schoolhouse, June 25, 1933.
John E. Murphy, custodian, Richard C. Humphreys Schoolhouse, to the Harvard Schoolhouse, June 25, 1933.
Daniel T. Kelly, custodian, Robert Treat Paine Schoolhouse, to the Gaston Schoolhouse and Portables Nos. 39, 70, 73 and 187. June 25, 1933.
Kieran P. Murray, custodian, William Brewster Schoolhouse, to the Lucy Stone Schoolhouse and Portables Nos. 12, 65, 115, and 225. June 25, 1933.
Placed on file and the transfers approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of June 19, 1933, recommending that Francis J. Morris, regular substitute custodian, be appointed to the position of custodian, George Bancroft Schoolhouse, to take effect June 25, 1933. Placed on file and the transfer approved, to take effect on the date stated.

AMENDMENT TO SCHEDULE OF COMPENSATION FOR CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 5, 1933, recommending the passage of an accompanying order amending the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service—School Document No. 9, 1930. Placed on file.

On motion, it was

ORDERED, That the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service is hereby amended by striking out the following items:—

Section 14—Compensation in Addition to or Beyond Compensation Allowed Under Schedule Rates.
Teachers College.—Eight dollars per week in addition to the compensation allowed under schedule rates for heating of greenhouse.
Bowditch School.—One dollar and eighty cents per week in addition to the compensation allowed under schedule rates during weeks in which schools are in session for additional sweepings of two basement rooms used for gymnasium purposes.
Morrison Building and Grounds.—Fifteen dollars per week in addition to the compensation allowed under schedule rates for additional work required in connection with care of yards and sidewalks.
Section 15—Compensation for Certain Portable Buildings.
Portable Buildings Nos. 137 and 204, Temple Street, West Roxbury.—Nine dollars per week.
33 Glendale Road (Bungalow). Seven dollars per week.
45 Lasell Street (Bungalow).—Seven dollars per week.

ATTENDANCE AT PUBLIC MEETINGS

The Chair would state that there seems to be a general misunderstanding about our public meetings in the minds of several organizations, as evidenced by the fact that recently I had an inquiry from a very substantial and worthy organization asking whether they could come to the public meetings. It would serve the public good if the Press should find a way to emphasize the fact that all are invited to our public meetings. I have, personally, sent a letter to the West Roxbury Women's Club urging that the members attend the public meetings and offering to that organization escort service so that they may go through the building here at 15 Beacon Street and see exactly the functions of the School Department in its administrative work. I hope that the organization will avail itself of the opportunities and come to see the Committee at work in order to better and more intimately understand the procedure that takes place here.

A second point that I would like to mention is an agreement that the Committee came to some six weeks ago with reference to public hearings. We have been besieged this year with petitions for hearings, in conferences and in public meetings, and it has been found necessary by the Committee to ask all of those desirous of a hearing to submit their requests so that we may arrange for hearings in the order of application and at such time as the business before the Committee will permit. I understand that tonight there is a group here that wishes to be heard, and a member of the Committee has asked that the group be heard. I am mindful of the agreement which the Committee reached with reference to hearings, and I am therefore submitting to the Committee the request for a hearing from this group of citizens from East Boston who wish to be heard on a matter of importance to them.

Mrs. Pigeon: I'd like to move that the order of procedure be suspended for this evening and that the group be heard.

Dr. Mackey: I second the motion.

Chairman: Motion has been made and seconded that ruling with reference to hearings be suspended. There being no objection, the hearing will be in order.

Captain Coughlin then came before the Board, as Chairman of a delegation of East Boston citizens, to urge that the School Committee co-operate in the observance of the One Hundredth Anniversary of the Naming of East Boston, on July 4, 1933, particularly by opening a number of school buildings in East Boston on that day.

Mrs. Frank Brown and Mr. George F. Murphy also addressed the Committee.

Representatives Charles E. Barry, Anthony A. Centracchio, Alexander F. Sullivan, and Senator Joseph Langone, were recorded as favoring the request for cooperation by the School Committee.

It was stated by the Chairman that the Committee will take the

matter up at the conference following the public meeting and co-operate in every way possible

PROPOSED CHANGE IN SYSTEM OF MARKING

Chairman: Some four weeks ago I introduced an order here in public meeting with reference to the system of marking pupils. Because of other matters of even greater importance, the Committee hasn't come to a full agreement or full discussion of the matter, but I would like to have it recorded that my motion with reference to the marking of pupils on report cards in our school system is but one of the several steps which I am taking as a review of the entire system of marking and rating. I am following the motion with reference to pupil marking by another motion which will refer to the system of marking teachers on their service ratings, on promotional ratings, and on demonstration lessons—a system which I think can be improved, simplified, and clarified. It will be followed, in turn, by a third motion which will get even further into the general rating scheme.

Since I have been on the Committee I have been dissatisfied with the rating system as it now stands, from the point of view of clarity in the minds of the teachers being rated, and in the minds of those who are intimate with the rating scheme. I don't in any sense of the word think that the rating system is unfair, but I do think it is not clear enough to the teachers being rated, or to the people interested, and I am engaging myself in a comprehensive review of the entire system, starting with the simple marking of pupils in the schools, and this series of motions will probably occupy, in part, the next two meetings for discussion. I hope for very favorable results and shall be gratified if something good comes of this series of motions.

PROPOSED ATHLETIC PROGRAM FOR GIRLS

Mrs. Pigeon: Some weeks ago I asked that a study and report be made relative to the establishment of an athletic program or demonstration for girls comparable to the Annual Parade of the School Cadets, which is a tradition in this city.

This letter was referred by the Board of Superintendents to Assistant Superintendent Snow and he consulted with the Director of Physical Education. I think the members of the Committee would like to hear Mr. Snow's recommendation as a result of that particular study, as follows:

"That the first question be referred to the Department of Physical Education for consideration with a request that a report be sent to the Board of Superintendents not later than October, 1933. Those who direct the physical training of girls should study the question and confer with the Director as to what it is possible and advisable to do in establishing such a demonstration."

We look forward with keen interest to this report early in October.

Then, Mr. Chairman, I also asked that a study be made as to the participation of school bands and cadets in the Fourth of July Parade in East Boston, and I have received the following report and recommendation from Assistant Superintendent Snow on that suggestion:

"That the Superintendent report to the School Committee that there are many objections to authorizing during vacations any demonstrations by school bands or other organizations of school pupils. In the first place, we have no authority over school pupils when the schools are not in session, so that participation must be voluntary and authorized by parents. Equipment is stored for the summer, at the end of the school year; principals and military instructors have dispersed, so that proper distribution, collection, and storage of equipment could not be guaranteed; and a considerable loss might result. Officers above the rank of sergeant come from the seniors, who have graduated and in many cases left the city or obtained employment which they cannot neglect. With these handicaps a poor showing and an unsatisfactory performance will be likely to result; the schools will be blamed and unfavorable criticism invited.

"The recent effort to have cadets take part in the Charlestown celebration of June 17 found so meagre a response that those in charge were obliged to give up the attempt. Even less success could be expected for an event as long after the close of school as July 4."

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SENIOR ACCOUNTANT, BOSTON PARK DEPARTMENT, AUGUST 1, 1933.

Last date for filing applications, Saturday, July 22, 1933, at 12 m.

Requisition is for a female, but the examination is open to both males and females.

Salary: \$1,600 a year.

Duties: Accounting work.

Entrance Requirements: Applicants must be graduates of a standard high school, or have equivalent education, and have either one year of experience in work involving accounting and auditing or three years' attendance at a school of accounting.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 25.

SATURDAY, JULY 22, 1933.

No. 29

"BOSTON, THE CITY BEAUTIFUL," SUBJECT OF RADIO BROADCAST BY ACTING MAYOR McGRATH FROM CITY HALL STATION ON MONDAY AFTERNOON—LOVELY HOMES, FRIENDLY GARDENS, PARK SYSTEM AND IMPROVEMENTS BY MUNICIPALITY THAT HAVE BEEN IN KEEPING WITH IDEALS OF CITIZENS HAVE SERVED TO GIVE CHARM UNKNOWN TO MANY YOUNGER AND MORE MODERN COMMUNITIES.

In the regular weekly broadcast from City Hall Station on Monday, July 17, Acting Mayor McGrath spoke as follows:

Good afternoon, ladies and gentlemen of the radio audience.

May I invite you to be my guest this afternoon on a little journey along the highways and byways of our city? Those of us who know and love the city realize that in spite of the narrow, winding streets of downtown Boston, which hamper and congest traffic, the city has a beauty and a charm that is lacking in many cities whose streets and boulevards are symmetrically planned—a charm that comes from the many historical sites which give a background of permanence and stability to every section of the city—a charm that comes from the many lovely homes, both old and new, from the friendly gardens and the grass-plotted squares and beautiful parkways where the people gather with so friendly a spirit that we have somehow retained here in Boston the atmosphere of a New England town, combined with the facilities and comforts of a large city.

The Park System of Boston is the most unique and picturesque in the country. Entering Boston by automobile from the Newton line, we come into the very heart of the city at our famous Public Garden, with hundreds of beautiful trees and gorgeous flower beds, and a lovely pond on which the swan boats glide past the little islands and under the arching bridge, as they have glided to the delight of two generations of children and grown-ups. Coming over from the Garden we enter historic Boston Common,—Boston's village green,—shaded by beautiful trees. Standing at the Frog Pond, we admire the colonial beauty of the Beacon Hill houses and the State House with its gilded dome and Bulfinch front, effectively lighted at night so as to make a picture of rare beauty.

A short drive brings us to the Esplanade, the Charles river and the Fenway, where one of the finest rose gardens in the country has recently been opened, with a stadium adjacent for concerts and recreation of every character, made possible by the philanthropy of Mr. Parkman. We drive past the famous Art Museum, which we should take time to visit, also Mrs. Jack Gardner's palace, whose art treasures are also open to the public. We pause to admire the lagoon so splendidly constructed and forming a beautiful vista to delight our eyes, where formerly was a stretch of marshy land.

Waste Land Regained.

We realize that where our forefathers encountered morass and swamp are now standing some of our largest and finest buildings. Within the past one hundred years many acres of marsh and waste land in our city have been reclaimed and made valuable. This process of reclaiming waste land, of winning back land from the sea and marsh, is still going on. What are now valuable properties at the North and South Terminals, much of the market district, part of our financial center, and the Back Bay, are made lands. The site of the East Boston Airport is filled land. In South Boston the stretch of land from the mainland to Castle Island is reclaimed land.

But to continue our automobile trip through Boston's forty-four miles of city-owned parkways. We pause to admire beautiful Jamaica Pond and we visit the world-famous Arnold Arboretum, a privately owned and maintained garden park, which is one of the beauty spots of the country. Driving through Forest Hills we enter Franklin Park, our largest of all parks, six miles distant from City Hall, a beautiful recreation center of 527 acres, including among other features a golf course, a zoo and a beautiful rose garden. Leaving Franklin Park we drive along Columbia road and the Strandway, along the waterfront through Marine Park and over the new road connecting Castle Island with the mainland. Along the entire stretch of this beautiful waterfront is one of the finest and best kept beaches in the East. Here is located the city-built, million-dollar L Street Bath House, on the site where stood the first municipal bath house in the United States. Here also is Columbus Park—ninety acres of well-kept park with a public stadium which seats ten thousand people. Our forty-four miles of boulevards, with a continuous drive from Boston Common to Castle Island of fifteen miles, and our 3,300 acres of park land places us high among the leaders in park area of the cities of the country. We are still constructing along the entire Boston side of the picturesque Charles river a shore drive that will soon add its beauty to our Park System.

Along this entire Park System have been erected some of the finest and most architecturally beautiful homes that our citizens could plan. This vast system of boulevards has been made available for pleasure driving by radiating highways linking the outlying districts with the city proper.

(Continued on page 819.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of

trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 154 Berkeley street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout

the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 1007, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

BROADCAST BY ACTING MAYOR McGRATH.

(Continued from page 817.)

GROWTH NOT ALWAYS CAREFULLY DIRECTED.

Though we have several individually beautiful sections of our city, not near our parkways, Boston's growth has not always been carefully directed. Communities have sprung up at the behest of and through the efforts of speculators in land, who plotted new streets not in relation to the whole city but with an eye to the supposed convenience of their special localities. We are beginning to develop a metropolitan conception of our city. When building operations are undertaken we must consider their relation to the whole metropolitan plan as an adjunct of beauty. In this way we shall not only enhance the beauty of the city but we shall increase property values.

The rapidity of travel in these days, the speed of business and the necessity of reaching destinations as speedily as possible, compels city officials and planning boards to give earnest thought to the problems of transit in its relation to speed and beauty. This is the justification for the vast sums of money spent for highways, for the care and planning given to the construction of the many beautiful bridges which one crosses in entering Boston from surrounding cities and towns—such beautifully constructed bridges as those spanning the Charles, the Mystic, the Neponset rivers.

The beauty of the approach to Boston by sea through our beautiful island harbor is everywhere recognized. We are at present improving our waterfront by removing at great expense the many unsightly hulks and derelicts that have disfigured our shores.

Your government has done much to beautify the City of Boston. It occurs to me that individual citizens and private groups and organizations can help materially to make Boston more beautiful. Some individuals and firms have already started the good work.

Along the waterfront on Atlantic avenue and on the old wharves we have seen artists' studios, small clubs and apartments established in buildings that had been abandoned. In many of these reclaimed buildings we see window boxes with bright flowers and gay-colored awnings. The thought occurs to me that if this touch of beauty can be created under such unfavorable conditions, how much more might be done in other places. Along the waterfront in East Boston, Charlestown and South Boston there should be a splendid chance for private owners to paint their property at the present low prices. Fresh paint and the note of color in window boxes would add materially to the appearance and value of property.

ATTRACTIVE SHORE DRIVES.

As one drives along the North Shore to Gloucester, or down the Cape to Provincetown, the thing that most impresses him is the attractive way in which property owners have improved the appearance of their homes with gay flower boxes, freshly painted doors, attractive fences and tiny gardens and rockeries. Even the hulks and abandoned ships are utilized to add rather than to detract from the scenery to such an extent that these spots become a haven for artists.

Recently we have read a good deal about the flower gardens which the children in every section of the city have planted to compete for community prizes.

It is little short of marvelous to see how the back yards and alleys in the congested sections of the city have been transformed from unsightly places, where rubbish was allowed to gather, into attractive flowering gardens. The incentive of a prize to be obtained by the planning and planting of a garden tends to keep children off the streets, and yet out of doors, during the vacation season. The spirit of competition among women and children is friendly and helps community spirit immensely, and the result of these garden competitions is the beautifying of entire neighborhoods. Thus the value of real estate is substantially increased, while a commendable civic pride is aroused.

The benefits to be derived from an aroused civic pride are countless. There is nothing that will banish the so-called slums of a city more quickly than this spirit of friendly competition and civic pride. It arouses the desire to do the little job of painting, to replace the broken window pane, to set out the flower box that adds so much to the appearance of the property and to the happiness of the tenants. A freshly painted front door—a well-kept entrance—adds as much to the appearance of one house as a broken window pane detracts from another house.

Can we not start today in every section of the city with these local garden clubs? A few thousand more people planting gardens could turn the entire city into a veritable garden city. Cannot the owner of the wharf, the factory and the store dress up his property? Let us dress up our homes, too, all over Boston and every individual in the city will be benefited.

This is the best of all times to awaken our spirit of civic pride, to put our best foot forward, and instead of waiting for the return of better days, to march ahead on the highway to meet them. Nothing succeeds like success, and we will be successful in getting our share of the Federal funds that will soon come to Boston for public improvements, if we show by our energetic spirit that we are entitled to them.

Perhaps we people of Boston have been too reticent during the last fifty years in extolling and advertising to the country our city's attributes and virtues. Cities in the South and on the West Coast have spent thousands of dollars in advertising their advantages to the country, with splendid results. Business men, drawn to these self-advertised cities have invested thousands of dollars in commercial enterprises. Tourists have wended their way to these self-advertised cities to spend thousands of dollars in recreation. In the meanwhile we Bostonians have sat complacently by believing that because we ourselves know that Boston is one of the finest cities in the country, abundantly supplied with the natural advantages of climate and scenery, with a splendid harbor second to none in the country, with a wonderful historic background, and educational and recreational facilities unexcelled by any other city of the United States—we have believed, I say, that because we knew these truths about Boston, the whole country must know them also. Let us recognize better and publish more widely the advantages and worth of our great city. Let us as individuals by an aroused civic pride do our bit to improve the city which we love so that every citizen, every visitor, and people all over the country, will recognize that we have a great city, a beautiful city, a really beautiful Boston.

Good afternoon and thank you.

PROPOSALS ADVERTISED.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given to continue the temporary employment of Michael F. Flaherty as deckhand at \$4.62 a day, for thirty days from July 21, to fill vacancies due to vacations.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Hospital Department (Sanatorium Division).

For the week ending Thursday, July 13:

Mary Killion, telephone operator, 1 day, \$2.85.

LAND-TAKING IN DORCHESTER.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Belden street, Dorchester district, as a highway, over and including the private way known as Holden street, to Humphreys street, bounded and described as follows:

An extension of the highway named Belden street is hereby laid out, over and including the private way known as Holden street, to Humphreys street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Louisa Colombo, bounded: Northerly by Holden street, eleven and 39-100 feet; easterly by the same, eleven and 39-100 feet, and westerly by the westerly line of Belden street as established under this order, nineteen and 48-100 feet, containing twenty-five square feet, more or less.

The land, owners unknown, being the private way known as Holden street, from Belden street to Humphreys street.

Trees or structures standing upon or affixed to the aforescribed lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said highway as hereby laid out is bounded:

Southerly by Holden street (highway) and by Belden street (highway), thirty-six and 3-100 feet; westerly by the westerly line of said extension of said Belden street as hereby laid out, by three measurements, ninety-five and 88-100 feet, seventy-six and 21-100 feet and nineteen and 48-100 feet on a curve of fifteen feet radius; southerly by the southerly line of said Belden street as hereby laid out, two hundred sixty-nine and 46-100 feet; westerly by Humphreys street, thirty-six and 61-100 feet; northerly by the northerly line of said Belden street as hereby laid out, three hundred and 95-100 feet, and easterly by the easterly line of said Belden street as hereby laid out, by two measurements, one hundred twenty-three and 69-100 feet and one hundred five and 42-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land of said extension of Belden street as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Belden Street, Dorchester, Assessment Plan, July 7, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department" and on file in the office of said department.

Lot.	Amount.
1. John J. Foley.....	\$85 44
2. Helen V. Kelly.....	187 50
3. Clara A. Sullivan.....	196 45
4. Peter Furlan.....	205 25
5. Letuzza Bernasconi.....	228 85
6. Louisa Martus, Louis Martus.....	64 00
7. James H. Chase Heirs.....	74 00
8. Ethel M. McClure.....	100 00
9. Joseph Rodonis, Rosy Rodonis.....	100 00
10. Louisa Colombo.....	94 71
11. James A. Gavagan.....	91 98
12. Ernest M. Fifeild.....	191 00
13. Cecilia P. Mazzuchelli.....	191 50
14. James W. Kelley, Louis D. Kelley.....	198 55
15. Louisa Colombo.....	204 25
16. Marguerite D. Kahler.....	158 75
17. Louisa Colombo.....	27 06
Total.....	\$2,399 29

Ordered, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Belden street, Dorchester district, over Holden

street to Humphreys street, under the order of the Board and awards no damages therefor.

Louisa Colombo, 25 square feet, nothing.

CHANGES IN CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Permission has been given to issue an order of change making an addition in the sum of \$10,068.94 to the contract of the John Bowen Company, for the erection and completion of the addition to the Public Latin School, Avenue Louis Pasteur and Worthington street, Back Bay.

This amount is necessary in order to pay for surfacing the drill yard with asphalt paving as requested by the Superintendent of Public Schools in his letter to this department, dated February 27, 1932.

Permission has been given to issue an order of change making an addition of \$5,379 to the contract of James J. Coughlin & Son for the erection of a retaining wall at the Edwin P. Seaver School, Eldredge road, West Roxbury. This amount is necessary in order to pay for the erection of 177 feet of additional concrete retaining wall, in accordance with unit prices contained in the contract to correct an emergency which now exists.

FIRE DEPARTMENT.

Approval has been given for the following addition to the contract of M. S. Kelliher Company for the erection of a new fire station at 560 Huntington avenue.

Addition No. III.—Installation of standard water-tight catch-basin with connection to the main rain water sewer system, \$573; original contract with additions Nos. 1 and 2, \$100,566.55; total contract, \$101,129.55.

The original plans and specifications for this station called for a dry well to be built in the center of the concrete yard. Since work has been started on this job conditions have shown that it would not be practical to install a dry well as the character of the soil is such that it will not carry off and water has been found at grade 12.

The catch-basin shall be built of brick 8 feet deep, 8-inch walls cement coated, 3 feet diameter with concrete mat, 6-inch cast-iron drain with clean-out, cover as previously specified. Catch-basin will be connected to the main rain water service approximately 15 feet beyond front wall.

The figures for doing the work have been checked up by the architects and found correct. The item of \$573 is made up of the following: 132 yards of trench excavating at \$2.50, \$330; 120 yards of backfilling at \$0.75, \$90; 140 feet 6-inch Akron pipe, fittings, concrete piers, connection to rain water at \$0.85, \$119; concrete mat 7 feet by 7 feet by 12 inches, $1\frac{3}{4}$ cubic yards at \$20, \$34; catch-basin, no change in price. Total, \$573.

ASSESSMENT ABATED.

The Acting Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That on recommendation of the Law Department, sewer assessments amounting to \$50.90 on lots 11, 12, 13 Tremont street, and street assessments amounting to \$345.85 on lots 35, 36, 37 Tremont street, assessed to Ray C. Johnson, covering the years 1928 to 1932, inclusive, be abated.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor, except as otherwise noted.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon July 14 the Acting Mayor approved a contract with M. Solimando for erecting fire escapes on the Phillips Brooks School. Bids, opened July 13, were as follows:

M. Solimando, \$3,746; William H. Askin, \$3,774; Hub Steel and Iron Works, \$3,789; Carilli Construction Company, \$3,981; Federal Contracting Company, Incorporated, \$4,119; R. J. Connolly, Incorporated, \$4,180; West End Iron Works, \$4,280; Rudnick Brothers, \$4,299; Boston Iron Works, \$4,510; B. Krivitsky & Co., \$4,546.

Upon July 16 the Acting Mayor approved a contract with D'Amore Construction Company for alterations (cooking room) at the Rice School. Bids, opened July 17, were as follows:

D'Amore Construction Company, \$1,620; Condon Construction Company, \$1,738; R. J. Connolly, Incorporated, \$1,742; Schultz Brothers, \$1,891; John F. Hynes, \$1,900; M. S. Kelliher Company, \$1,900.

Upon July 18 the Acting Mayor approved a contract with Louis P. Steensen for painting work at the English High School. Bids, opened July 17, were as follows:

Louis P. Steensen, \$2,590; M. L. McDonald Company, \$2,860; A. D. Howlett Company, \$3,243; J. S. Leonard, \$4,250; John W. Graham & Sons, \$4,318; A. W. Anderson Company, \$4,980; F. C. Dolan & Sons, \$6,200.

Upon July 20 the Acting Mayor approved a contract with J. W. Praught Company for installing new boilers and performing certain additions and alterations to the heating system at the Dorchester High School for Girls. Bids, opened July 13, were as follows:

J. W. Praught Company, \$17,200; Florence & Co., Incorporated, \$17,990; J. P. Dwyer Company, \$18,111; J. J. Hurley & Co., \$18,322; T. J. Duff & Co., \$18,379; James P. Sullivan Company, \$18,565; F. W. Zemeir & Co., Incorporated, \$18,950; The Downey Company, \$19,175; Acme Heating and Ventilating Company, Incorporated, \$19,442.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon July 14 the Acting Mayor approved a contract with M. F. Gaddis for laying sheet asphalt pavement in Bowdoin and Harvard streets. The following bids were received July 13:

Sheet Asphalt.—M. F. Gaddis, \$39,487.60; W. G. C. Company, \$40,932.20; A. R. Doyle, Incorporated, \$44,864.80; Baker, Matz & Co., \$44,038.30; Dooley Brothers, Incorporated, \$45,090.80; Appel & O'Toole Company, \$48,707.90.

Bitulithic.—W. G. C. Company, \$40,078.20; A. R. Doyle, Incorporated, \$42,725.80; Baker, Matz & Co., \$42,980.30; Dooley Brothers, Incorporated, \$44,236.40; Appel & O'Toole Company, \$47,649.90.

Upon July 14 the Acting Mayor approved a contract with Joseph A. Singarella for laying sheet asphalt pavement in Hunneman and Yeoman streets.

The following bids were received July 11:

Sheet Asphalt.—National Contractors Company, \$17,037.47; Joseph A. Singarella, \$18,369.60; A. R. Doyle, Incorporated, \$18,468.98; Baker, Matz & Co., \$18,809.75; Iozza & Faraci, \$18,847.86; Keystone Engineering and Contracting Company, \$19,012.96; Dooley Brothers, Incorporated, \$19,091.59; J. A. Sprissler, \$19,210.84; M. McGinnis Company, \$19,258.70; M. DeMatteo, \$19,434.88; A. DeStefano and Son, Incorporated, \$19,892.20; W. G. C. Company, \$20,294.60; Appel & O'Toole Company, \$21,026; Nelson Brothers, \$24,040.50.

Bitulithic.—Joseph A. Singarella, \$18,676.60; A. R. Doyle, Incorporated, \$19,086.98; Baker, Matz & Co., \$19,417.75; Iozza & Faraci, \$19,095; Keystone Engineering and Contracting Company, \$19,319.96; Dooley Brothers, Incorporated, \$19,338.70; J. A. Sprissler, \$19,450.04; M. McGinnis Company, \$19,866.70; M. DeMatteo, \$19,674.08; A. DeStefano & Son, Incorporated, \$20,211.20; W. G. C. Company, \$20,603.60; Appel & O'Toole Company, \$21,273.20; Nelson Brothers, \$24,287.70.

Upon July 14 the Acting Mayor approved a contract with Baker, Matz & Co., for laying sheet asphalt pavement in Pasadena road, Robey street and Groom street. The following bids were received July 6:

Sheet Asphalt.—National Contractors Company, \$8,342.55; Baker, Matz & Co., \$8,812.75; Iozza & Faraci, \$9,062.51; Appel & O'Toole Company, \$9,384.25; J. A. Singarella, \$9,393.10; A. R. Doyle, Incorporated, \$9,460.05; J. Susi and Brothers, \$9,708.43; C. Capone, \$9,848.50; Nelson Brothers, \$9,860; Dooley Brothers, Incorporated, \$10,681.05; W. G. C. Company, \$10,736.

Bitulithic.—Baker, Matz & Co., \$8,957.25; Iozza & Faraci, \$9,178.81; Appel & O'Toole Company, \$9,499.85; J. A. Singarella, \$9,537.60; A. R. Doyle, Incorporated, \$9,893.55; J. Susi and Brothers, \$9,678.13; C. Capone, \$9,964.51; Nelson Brothers, \$9,975.60; Dooley Brothers, Incorporated, \$10,796.65; W. G. C. Company, \$10,880.50.

Upon July 19 the Acting Mayor approved a contract with Baker, Matz & Co. for laying artificial stone sidewalks in Wenham, Corben and Gleason streets. The following bids were received July 17:

F. P. Rossano, \$3,627.40; Baker, Matz & Co., \$4,182.50; Keystone Engineering and Contracting Company, \$4,375; E. Fillipone, \$4,542.10; Iozza & Faraci, \$4,684.83; H. F. Malley, \$4,710.85; M. DeMatteo, \$4,713; Appel & O'Toole Company, \$5,144; J. F. Shea Company, Incorporated, \$5,176.60; W. G. C. Company, \$5,320; P. Silverii, \$5,441.80; A. G. Tomasello & Son, Incorporated, \$6,318.

Upon July 19 the Acting Mayor approved a contract with Pompeo Silverii for artificial stone sidewalks in Howland, Waumbeck and Copeland streets. The following bids were received July 19:

S. Asgrizzi Contracting Company, \$5,737.80; Pompeo Silverii, \$5,756; W. G. C. Company, \$5,762.50; A. Singarella, \$5,779.50; Baker, Matz & Co., \$5,794; F. J. Jacobs Company, \$5,802.50; Keystone Engineering and Contracting Company, \$5,850.75; Iozza & Faraci, \$5,911.80; Tufo & Yebba, Incorporated, \$5,942.50; E. Fillipone, \$5,953.50; E. Flamminie, \$6,341.50; Joseph A. Singa-

rella, \$6,371.50; M. DeMatteo, \$6,663; J. P. Shea Company, Incorporated, \$7,192.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon July 19 the Acting Mayor approved a contract with D. Pace & Di Bartolomeo Company for sewerage works in Montinorenci avenue, East Boston. The following bids were received July 18:

Clay Pipe.—D. Pace & Di Bartolomeo Company, \$4,677.40; L. Balboni, \$5,135.75; A. Piatelli & Co., \$5,593; P. Cacchione Company, \$5,507.55; Battery Contracting Company, \$5,966.65; A. Grande, \$5,772.60; M. DeSisto Company, \$6,595; T. J. O'Connell Company, \$6,680.47; A. Baruffaldi, \$6,647.49; D. Federico & Giammarco Company, \$7,300.75.

Concrete Pipe.—D. Pace & Di Bartolomeo Company, \$4,622.40; L. Balboni, \$5,196.75; A. Piatelli & Co., \$5,315.50; P. Cacchione Company, \$5,388.55; Battery Contracting Company, \$5,716.15; A. Grande, \$5,815.10; M. DeSisto Company, \$6,350; T. J. O'Connell Company, \$6,508.47; A. Baruffaldi, \$6,647.49; D. Federico & Giammarco Company, \$7,282.25.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon July 18 the Acting Mayor approved a contract with D. Federico & Giammarco Company for laying and relaying water pipes in American Legion highway, Keystone street and Woodard road, West Roxbury; Stow road, Dorchester; and Radford place, Hyde Park. The following bids were received July 17:

D. Federico & Giammarco Company, \$1,266.50; Joseph Capone, \$1,276; Battery Contracting Company, \$1,290.50; M. DeSisto Company, \$1,556.50; Appel & O'Toole Company, \$1,856.50.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing semibituminous coal for Boston public schools. Bids, opened Monday, April 24, were received from the following concerns:

Brighton Coal Company, Commonwealth Fuel Company, Metropolitan Coal Company, City Fuel Company, Massachusetts Wharf Coal Company, Tremont Coal and Ice Company, White Fuel Corporation.

Contracts were awarded as follows: Brighton Coal Company under date of May 18, 1933, City Proper, \$4.65 per ton; East Boston, \$4.66 per ton; Charlestown, \$4.55 per ton, with a B. t. u. guarantee of 14500. Tremont Coal and Ice Company under date of June 15, 1933, West Roxbury, \$4.75 per ton; Hyde Park, \$4.82 per ton; with a B. t. u. guarantee of 14500. White Fuel Corporation under date of May 19, 1933, South Boston, \$4.64 per ton; Roxbury, \$4.69 per ton; Dorchester, \$4.77 per ton; Brighton, \$4.82 per ton, with a B. t. u. guarantee of 14550. Tabulation follows:

District 1.—Brighton Coal Company, \$4.65 per ton*; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.65 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.81 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company,‡ \$4.84 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,‡ \$5.14 per ton; B. t. u., 14750; White Fuel Corporation, \$4.69 per ton; B. t. u., 14550; ash, dry coal, 4.99.

District 2.—Brighton Coal Company, \$4.85 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.62 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.89 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$4.84 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.14 per ton; B. t. u., 14750; White Fuel Corporation, \$4.64 per ton*; B. t. u., 14550; ash, dry coal, 4.99.

District 3.—Brighton Coal Company, \$4.66 per ton*; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.25 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$5.06 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$4.74 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.26 per ton; B. t. u., 14750; White Fuel Corporation, \$4.84 per ton; B. t. u., 14550; ash, dry coal, 4.99.

District 4.—Brighton Coal Company, \$4.85 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.73 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.96 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$4.84 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.46 per ton; B. t. u., 14750; White Fuel Corporation, \$4.69 per ton*; B. t. u., 14550; ash, dry coal, 4.99.

District 5.—Brighton Coal Company, \$4.91 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.76 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.96 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$5.14 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.14 per ton; B. t. u., 14750; Tremont Coal and Ice Company, \$4.78 per ton; B. t. u., 14500; ash, dry coal, 5.50; White Fuel Corporation, \$4.77 per ton*; B. t. u., 14550; ash, dry coal, 4.99.

District 6.—Brighton Coal Company, \$4.55 per ton*; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.38 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.96 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$4.64 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.26 per ton; B. t. u., 14750; White Fuel Corporation, \$4.93 per ton; B. t. u., 14550; ash, dry coal, 4.99.

District 7.—Brighton Coal Company, \$4.85 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.97 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.96 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$4.84 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.46 per ton; B. t. u., 14750; White Fuel Corporation, \$4.82 per ton*; B. t. u., 14550; ash, dry coal, 4.99.

District 8.—Brighton Coal Company, \$4.96 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.98 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$5.21 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$5.04 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.46 per ton; B. t. u., 14750; Tremont Coal and Ice Company, \$4.75 per ton*; B. t. u., 14500; ash, dry coal, 5.50; White Fuel Corporation, \$4.93 per ton; B. t. u., 14550; ash, dry coal, 4.99.

District 9.—Brighton Coal Company, \$4.96 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$5.18 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$5.21 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$5.55 per ton; B. t. u., 14450; ash, dry coal, 5.50; Metropolitan Coal Company,† \$5.46 per ton; B. t. u., 14750; Tremont Coal and Ice Company, \$4.82 per ton*; B. t. u., 14500; ash, dry coal, 5.50; White Fuel Corporation, \$4.92 per ton; B. t. u., 14550; ash, dry coal, 4.99.

Entire Requirements.—Brighton Coal Company, \$4.80 per ton; B. t. u., 14500; ash, dry coal, 4.5; City Fuel Company,† \$4.65 per ton; B. t. u., 14550; ash, dry coal, 4.89; Commonwealth Fuel Company, \$4.97 per ton; B. t. u., 14700; ash, dry coal, 5.25; Massachusetts Wharf Coal Company, \$4.84 per ton; B. t. u., 14450; ash, dry coal, 5.50.

District 1, City Proper. District 2, South Boston. District 3, East Boston. District 4, Roxbury. District 5, Dorchester. District 6, Charlestown. District 7, Brighton. District 8, West Roxbury. District 9, Hyde Park.

* Contract awarded.

† The contractor is to be reimbursed by the buyer for any additional cost caused by the imposition of any sales, excise or similar tax, and / or regulation by the Federal or any state government during period of this contract.

‡ Supplementary letter, dated April 26, 1933, from Metropolitan Coal Company, stating that the quotations made by the Commonwealth Fuel Company were on coal which the Commonwealth Fuel Company proposes to buy through them.

The School Committee has approved proposals for furnishing heavy and medium fuel oil for the Boston public schools. Bids, opened Friday, May 26, were received from the following concerns:

American Oil Products Company, Arthur H. Ballard, Incorporated, Cities Service Refining Company, Colonial Beacon Oil Company, Incorporated, Petroleum Heat and Power Company, Shell Eastern Petroleum Products, Incorporated, Standard Oil Company. Contract was awarded for the heavy oil to Shell Eastern Petroleum Products, Incorporated, under date of June 14, 1933; for the medium oil to Arthur H. Ballard, Incorporated, under date of June 8. Tabulation follows:

American Oil Products Company, heavy fuel oil, 2.99 cents per U. S. gallon, heating value B. t. u. per U. S. gallon, 149,000; medium fuel oil, 3.95 cents per U. S. gallon, heating value B. t. u. per U. S. gallon, 145,000; Arthur H. Ballard, Incorporated, heavy fuel oil, 2.95 cents U. S. gallon, heating value B. t. u. per U. S. gallon, heating value B. t. u. per U. S. gallon, not less than 145,000.

* Contract awarded.

The School Committee has received proposals for furnishing physical education supplies and equipment for Boston public schools. Bids were opened Tuesday June 6. No contracts were made. Purchase orders were placed on account of the small amounts involved with the following dealers: Athletic Equipment Company, \$597.68; The Horace Partridge Company, \$828; Iver Johnson Sporting Goods Company, \$368.20; A. G. Spalding & Brothers, \$33.60; Sports Specialty Company, \$87; Wright & Ditson, \$30.

The tabulations were as follows:

Item 9—20 Dozen Recreation Balls.—Athletic Equipment Company, unit price, \$2.40; total, \$48; James W. Brine Company, Incorporated, unit price, \$2.33; total, \$46.60; W. H. Brine Company, unit price, \$2.15; total, \$43; The Horace Partridge Company, unit price, \$1.95; total, \$39; Iver Johnson Sporting Goods Company, unit price, \$2; total, \$40; A. G. Spalding & Brothers, unit price, \$1.68*; total, \$33.60; Sports Specialty Company, unit price, \$2.52; total, \$50.40. Price was submitted on each ball. Unit price correct as tabulated. No. 1; Wright & Ditson, unit price, \$5.94; total, \$118.80.

Item 10—20 Dozen Indoor Baseballs.—Athletic Equipment Company, unit price, \$3.78*; total \$75.60; James W. Brine Company, Incorporated, unit price, \$5.33; total, \$106.60; W. H. Brine Company, unit price, \$5; total, \$100; The Horace Partridge Company, unit price, \$4.05; total, \$81; Iver Johnson Sporting Goods Company, unit price, \$4.60; total, \$92; A. G. Spalding & Brothers, unit price, \$4.20; total, \$84; Sports Specialty Company, unit price, \$4.68; total, \$93.60. Price was submitted on each baseball. The unit price correct as tabulated. The notation "No. 201" appeared on the Business Manager's copy. This did not appear on the auditor's copy; Wright & Ditson, unit price, \$9.27; total, \$185.40.

Item 11—3 Dozen Indoor Baseball Bats.—Athletic Equipment Company, unit price, \$3.30; total, \$9.90; James W. Brine Company, Incorporated, unit price, \$5.20; total, \$15.60; The Horace Partridge Company, unit price, \$3.37; total, \$10.11; The Iver Johnson Sporting Goods Company, unit price, \$4.32; total, \$12.96; A. G. Spalding & Brothers, unit price, \$2.50; total, \$7.50; Sports Specialty Company, unit price, \$3.48; total, \$10.44. Price was submitted on each baseball bat. Unit price correct as tabulated. The notation "No. BE" appeared on the Business Manager's copy. This did not appear on the auditor's copy; Wright & Ditson, unit price, \$2.50*; total, \$7.50.

Item 12—35 Dozen Volley Balls.—Athletic Equipment Company, unit price, \$28.80; total, \$1,008; James W. Brine Company, Incorporated, unit price, \$37.06; total, \$1,297.10; W. H. Brine Company, unit price, \$27.60; total, \$966; The Horace Partridge Company, unit price, \$19.20†; total, \$672; Iver Johnson Sporting Goods Company, unit price,

\$20; total, \$700; A. G. Spalding and Brothers, unit price, \$35.40; total, \$1,239; Sports Specialty Company, unit price, \$27; total, \$945. Price was submitted on each volley ball. Unit price correct as tabulated. The notation "No. 502" appeared on the Business Manager's copy. This did not appear on the auditor's copy; Wright & Ditson, unit price, \$32.64; total, \$1,142.40.

Item 14—10 Dozen Additional Volley Ball Bladders.—The Athletic Equipment Company, unit price, \$3.89; total, \$38.90; James W. Brine, Incorporated, unit price, \$4.57; total, \$45.70; W. H. Brine Company, unit price, \$4.50; total, \$45; The Horace Partridge Company, unit price, \$2.96; total, \$29.60; Iver Johnson Sporting Goods Company, unit price, \$4.20; total, \$42; A. G. Spalding & Brothers, unit price, \$2.25; total, \$22.50; Sports Specialty Company, unit price, \$6.24; total, \$62.40. Price was submitted on each volley ball bladder. Unit price correct as tabulated. The notation "No. 6-A" appeared on the Business Manager's copy. This did not appear on the auditor's copy; Wright & Ditson, unit price, \$2.25*; total, \$22.50.

Item 18—5 Dozen Tennis Racquets.—Athletic Equipment Company, unit price, \$19.44; total, \$97.20; James W. Brine Company, Incorporated, unit price, \$24; total, \$120; W. H. Brine Company, unit price, \$24; total, \$120; The Horace Partridge Company, unit price, \$18.48; total, \$92.40; The Iver Johnson Sporting Goods Company, unit price, \$18; total, \$90; A. G. Spalding & Brothers, unit price, \$24; total, \$120; Sports Specialty Company, unit price, \$17.40*; total, \$87. Price was submitted on each tennis racquet. Unit price correct as tabulated. Wright & Ditson, unit price, \$24; total, \$120.

Item 19—10 Gross Tennis Balls.—Athletic Equipment Company, unit price, \$7.92; total, \$79.20; James W. Brine Company, Incorporated, unit price, \$8.80; total, \$88; The Horace Partridge Company, unit price, \$8.80; total, \$88; Iver Johnson Sporting Goods Company, unit price, \$7.90*; total, \$79; Wright & Ditson, unit price, \$9.90; total, \$99.

Item 20—3 Dozen Tennis Nets, Double Court.—Athletic Equipment Company, unit price, \$57.60*; total, \$172.80; James W. Brine Company, Incorporated, unit price, \$74.98; total, \$224.94; W. H. Brine Company, unit price, \$70.32; total, \$210.96; The Horace Partridge Company, unit price, \$71.40; total, \$214.20; The Iver Johnson Sporting Goods Company, unit price, \$64.68; total, \$194.04; A. G. Spalding & Brothers, unit price, \$71.40; total, \$214.20; Sports Specialty Company, unit price, \$72; total, \$216. Price was submitted on each double court. Net unit price correct as tabulated. The notation "N. 13" appeared on the Business Manager's copy. This did not appear on the auditor's copy; Wright & Ditson, unit price, \$71.40, total, \$214.20.

Item 21—3 Dozen Croquet Sets.—Athletic Equipment Company, unit price, \$21.36*; total, \$64.08; James W. Brine Company, Incorporated, unit price, \$40; total, \$120; Iver Johnson Sporting Goods Company, unit price, \$21½; total, \$63.

Item 23—200 Dozen Bean Bags.—Athletic Equipment Company, unit price, \$0.78; total, \$156; James W. Brine Company, Incorporated, unit price, \$1; total, \$200; W. H. Brine Company, unit price, \$0.89; total, \$178; The Horace Partridge Company, unit price, \$0.78½; total, \$156; Iver Johnson Sporting Goods

Company, unit price, \$0.78½; total, \$156; Sports Specialty Company, unit price, \$0.90; total, \$180. Price was submitted on each bean bag. Unit price correct as tabulated. Wright & Ditson, unit price, \$0.90; total, \$180.

Item 26—24 Sets of Bases.—Athletic Equipment Company, unit price, \$3.30; total, \$79.20; James W. Brine Company, Incorporated, unit price, \$5.60; total, \$134.40; W. H. Brine Company, unit price, \$3.25; total, \$78; The Horace Partridge Company, unit price, \$3.49; total, \$83.76; unit price, \$3.09; total, \$74.16, without straps; Iver Johnson Sporting Goods Company, unit price, \$3.05*; total, \$73.20; A. G. Spalding & Brothers, unit price, \$3.16; total, \$75.84; Wright & Ditson, unit price, \$3.16; total, \$75.84.

Item 27—10 Dozen Paddle Tennis Nets.—Athletic Equipment Company, unit price, \$11.12*; total, \$111.20; James W. Brine Company, Incorporated, unit price, \$12.53; total, \$125.30; W. H. Brine Company, unit price, \$11.75; total, \$117.50; Iver Johnson Sporting Goods Company, unit price, \$10.80*; total, \$108; Wright & Ditson, unit price, \$28.20; total, \$282.

Item 30—8 Gross Volley Ball Lacings.—Athletic Equipment Company, unit price, \$2.25*; total, \$18; James W. Brine Company, Incorporated, unit price, \$9.60; total, \$76.80; Iver Johnson Sporting Goods Company, unit price, \$2.50; total, \$20; A. G. Spalding & Brothers, unit price, \$5.75; total, \$46; Sports Specialty Company, unit price, \$7.20; total, \$57.60. Price was submitted on each volley ball lacing. Unit price correct as tabulated. Wright & Ditson, unit price, \$5.75; total, \$46.

Item 35—12 Dozen Jump Ropes.—Athletic Equipment Company, unit price, \$5.04; total, \$60.48; The Horace Partridge Company, unit price, \$7.20; total, \$86.40; Iver Johnson Sporting Goods Company, unit price, \$5*; total, \$60.

Item 36—100 Dozen Rope Quilts.—Athletic Equipment Company, unit price, \$2.30; total, \$230; The Horace Partridge Company, unit price, \$3.41; total, \$341; Iver Johnson Sporting Goods Company, unit price, \$2.20; total, \$220; Wright & Ditson, unit price, \$3; total, \$300.

* Awarded purchase order.

† Awarded for balls with welted seams continuous, not overlapping.

‡ Unsatisfactory.

§ Ordered one third from each of these bidders.

¶ All bids rejected. Order placed with Harry B. Larsen who submitted quotation at \$1.80 a dozen.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Matthew Cummings Company, Incorporated, has been allowed to deduct from the contract for omission of mineral wool in the metal partitions of the classrooms in the Dorchester High School for Girls, Christopher Gibson District, per architect's letter of July 13, 1933, and the amount of \$400 will be deducted therefor, making the account as follows: Contract price, \$863,000; total additions, \$196,520.34; total deductions, \$18,667; amount of contract, \$1,044,853.34.

P. J. Cantwell & Son have been allowed for the following changes in the contract for the Thomas N. Hart School alterations: Remove the present upper and

under floor, the full width of cross partition, and spike to the present 3-inch by 12-inch hard pine, two 2-inch by 12-inch hard pine sticks 30 feet long to support new metal partition. Relay both floors after new framing is set. Do all necessary shoring, masonry, carpentry, plastering, bridging and carting of same to complete the work, all as per estimate approved, per Supervisor of Alterations and Repairs Driscoll's letter of July 12, 1933, and the amount of \$228 will be added therefor, making the account as follows: Contract price, \$3,238; total additions, \$228; amount of contract, \$3,466.

Matthew Cummings Company, Incorporated, has been allowed for the following changes in the contract for the Dorchester High School for Girls, Christopher Gibson District: Additional work in connection with sewer connections and pumping water, 536 hours' labor, laborers, at 70 cents, \$375.20; 52 hours' labor, foreman-laborers, at \$1, \$52; 160 hours' labor, engineer (pumps), at \$1.17½, \$188; 16 hours' labor, air drill operators, at \$1.17½, \$18.80; 8 hours' labor, air drill foreman, at \$1, \$8; 8 hours' labor, engineer (compressors), at \$1.17½, \$9.40; 32 hours' labor, superintendent, at \$2, \$64—\$715.40; insurance, 8 per cent, \$57.23—\$772.63; 376 hours' pump at \$1.25, \$470; 16 hours' air drills at \$0.62½, \$10; 8 hours' compressor at \$3.12½, \$25—\$505—\$1,277.63; bond, 1½ per cent, \$19.16—\$1,296.79; plus 10 per cent, \$129.67; this addition, \$1,426.46, and the amount of \$1,426.46 will be added therefor, making the account as follows: Contract price, \$865,000; total additions, \$196,520.30; total deductions, \$18,267; amount of contract, \$1,043,253.34.

John Bowen Company has been allowed for the following changes in the contract for the Public Latin School, per architect's letter of June 26, 1933 (revised drainage layout, Drawing 127): Underpin concrete wall 50 feet long, concrete, 17 cubic yards at \$20, \$340; excavating trench, 28 cubic yards at \$2.50, \$70; backfill, 14 cubic yards at \$1, \$14—\$424; 6-inch open drain, crushed stone, excavation, 71 cubic yards at \$2.50, \$177.50; backfill, 27 cubic yards at \$1, \$27; crushed stone, 60 tons at \$1.40, \$84; labor, placing stone, 45 cubic yards at \$1, \$45; 6-inch open drain, 160 linear feet at \$0.30, \$48; 6-inch closed drain, 160 linear feet at \$0.35, \$56—\$233; plus 10 per cent, \$23.30—\$256.30—\$460.80; Akron drains, excavation, etc., 4-inch, 60 linear feet at \$0.30, \$18; 6-inch, 208 linear feet at \$0.35, \$72.80; 8-inch, 160 linear feet at \$0.45, \$72—\$162.80; plus 10 per cent, \$16.28—\$179.08; excavating trench, 190 cubic yards at \$2.50, \$475; backfill, 190 cubic yards at \$1, \$190—\$844.08; six catch-basins, excavating to 6 feet, 65 cubic yards at \$2.50, \$162.50; excavating below 6 feet, 33 cubic yards at \$3.50, \$115.50; concrete, 6 cubic yards at \$20, \$120; brick, 14 thousand at \$35, \$490; backfill, 54 cubic yards at \$1, \$54; fittings by plumber, \$120; six (6) catch-basin covers and frames at \$20, \$120—\$240; plus 12 per cent, \$28.80—\$268.80—\$1,210.80; 3-foot diameter manhole, excavation, 16 cubic yards at \$2.50, \$40; backfill, 9 cubic yards at \$1, \$9; concrete, 1 cubic yard at \$20, \$20; brick, 2.3 thousand at \$35, \$80.50; plumbing, fittings, etc., \$75; cover and frame, \$20—\$95; plus 12 per cent, \$11.40—\$106.40—\$255.90; manhole over present surface drain, excavating to 6 feet, 27 cubic yards at \$2.50, \$67.50; excavating below 6 feet, 22 cubic yards at \$3.50, \$77; backfill, 18 cubic yards at \$1, \$18; concrete, 2½ cubic yards at \$20,

\$46.60; brick, 5 thousand at \$35, \$175; plumbing, fittings, etc., \$100; covers, frames, etc., \$45—\$145; plus 12 per cent, \$17.40—\$162.40—\$546.50; interior drains, sewer, etc., excavating in building, 301 cubic yards at \$3.50, \$1,053.50; extending trench to 6 feet, 240 cubic yards at \$2.50, \$600; extending trench below 6 feet, 182 cubic yards at \$3.50, \$637; backfill, 422 cubic yards at \$1, \$422; 8-inch Akron pipe, 212 linear feet at \$0.45, \$95.40; plus 10 per cent, \$9.54—\$104.94; fittings by plumber, \$250; frames, covers, etc., \$45—\$295; plus 12 per cent, \$35.40—\$330.40—\$3,147.84; manhole interceptor, excavating to 6 feet, 14 cubic yards at \$2.50, \$35; excavating below 6 feet, 21 cubic yards at \$3.50, \$73.50; backfill, 25 cubic yards at \$1, \$25; concrete, 1.3 cubic yards at \$20, \$26; cutting and patching wall, \$40—\$199.50; removing curb and patching granolithic, remove curb, \$20; patching granolithic, 22 square yards at \$3, \$66—\$86, and the amount of \$7,175.42 will be added therefor, making the account as follows: Contract price, \$672,000; total additions, \$14,432.93; total deductions, \$1,584.20; amount of contract, \$684,848.73.

REAL ESTATE EXCHANGE CHALLENGES STATEMENT.

Acting Mayor McGrath, on July 13, received the following communication from E. D. Brooks, president of the Boston Real Estate Exchange.

July 13, 1933.

HON. JOSEPH McGRATH,
Acting Mayor of Boston.

DEAR SIR,—Yesterday's newspapers quote Simon Hecht, chairman of the Board of Public Welfare, as saying that at your hearing yesterday on the conduct of the Welfare Department, "Why should you men be finding fault? After all it is the taxpayer who pays the bill." The Boston Real Estate Exchange as representing taxpayers, who pay to the city a very substantial part of its income from real estate, are vitally interested in the conduct of the city's officers. The directors of the Exchange are amazed that the head of any department having the disposition of some twelve millions of dollars per year of the city's funds should make such a statement. Mr. Hecht's words indicate such a cynical disregard for the interest of the city that it is hard to believe they were not spoken in some context that would explain them. We have, however, seen no explanation. Wholly regardless of whether there are irregularities or inefficiencies in the way the funds have been disbursed, it seems to us fundamental that no person having the attitude indicated by Mr. Hecht's remarks should be allowed to remain for one moment in the position which he holds.

We have felt for a considerable time that the rapid growth of the business of the Welfare Department had resulted in some inefficiency and waste, and that a considerable reorganization within the department was necessary. We now feel that an immediate change in the control of the department should be made in the interest, not only of the taxpayers of Boston, but of those justly entitled to assistance from the city.

Very truly yours,

BOSTON REAL ESTATE EXCHANGE,
E. D. BROOKS,
President.

PRAISE FOR ACTING MAYOR.

The following communication and resolve was received by Acting Mayor Joseph McGrath on July 18 from Clifford N. Cann, president of the United Improvement Association:

HON. JOSEPH McGRATH,
Acting Mayor of Boston.

DEAR SIR,—At a meeting of the United Improvement Association held last night attended by delegates from the various civic bodies of Boston, it was

Voted, This association believes that no man who would make the statement alleged to have been made by Chairman Hecht of the Welfare Board (quote) "Why should you men be finding fault? After all it is the taxpayer who pays the bills," should be permitted to retain his office as chairman of the Welfare Board which has spent twelve millions of dollars annually for relief of public distress. A copy of this resolve be sent to the Acting Mayor of the City of Boston.

In accordance with the above instruction I am communicating to you the resolve.

Yours very truly,

CLIFFORD N. CANN,
President.

July 14, 1933.

HON. JOSEPH McGRATH,
Acting Mayor of Boston.

MY DEAR MR. McGRATH,—I realize fully that all of us who make demands of the city at this time should be at the same time mindful of the need of strict economy as far as the city's finances are concerned. It is with this in mind that I am prompted to write you.

From time to time my association engages in the discussion of many matters which are of vital importance to all taxpayers in the city. It is often required that certain committees should confer with city department heads in order to settle matters which have been assigned to them.

The association is happy to offer you its cooperation and hearty support in any way that it can be of service. As president of the body I want to assure you that I will discourage, in so far as I can, any suggested action which is not sound or reasonable.

Personally, I am convinced that you have acted wisely and well in demanding an investigation of the conduct of the Welfare Board. The taxpayers "Who pay the bills," as Chairman Hecht has referred to them, should be thankful.

Please accept my best wishes for your success in this and all other problems which may come before you.

Yours very truly,

CLIFFORD N. CANN,
President, United Improvement Association.

TRAFFIC COMMISSION RULINGS.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) months, vehicles are excluded from Dorchester avenue, Dorchester district, between Washington street and Mercier avenue, where signs are posted, effective July 14, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Adams street, Dorchester district, between Medway street and Washington street, effective July 14, 1933.

Voted, Under authority granted the chairman on December 4, 1930, and as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Greenwich park, between Columbus avenue and Claremont street, effective July 14, 1933.

LAND-TAKING IN DORCHESTER.

The Acting Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Brook street, Dorchester district, as a highway, from Dorchester avenue to Hutchinson street, with the name of Brooking street or some other distinctive name, bounded and described as follows:

A highway named Brookvale street is hereby laid out from Dorchester avenue, to Hutchinson street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows: Westerly by Dorchester avenue, forty-five and 19-100 feet; northerly by the northerly line of said Brookvale street as hereby laid out, four hundred ninety-six and 2-100 feet; easterly by Hutchinson street, forty and 46-100 feet, and southerly by the southerly line of said Brookvale street as hereby laid out, five hundred twenty-one and 60-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Brookvale street, from Dorchester avenue to Hutchinson street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Brookvale Street, Dorchester, Assessment Plan, April 11, 1933, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

20. Anna Elizabeth Reilly.....	135 48
Total.....	\$3,076 54

Voted, That this Board determines that no person sustains damages in his estate, by the making of the public improvement, consisting of the laying out and construction of Brookvale street, Dorchester district (formerly Brook street), under the order of the Board and awards no damages therefor.

FIRE DEPARTMENT ORDERS.

General Order No. 30.

I. FIRE DEPARTMENT BAND.

The next rehearsal of the Fire Department Band will be held in the quarters of Engine Company 26 at 4 p. m., Monday, July 17, 1933. Members will report promptly at the hour mentioned and bring their instruments, music and music stands.

II. NEW FIRE ALARM BOX.

A new fire alarm box, No. 3248, will shortly be established on Tuttle street, near Hartland street. It will be connected into circuit No. 86. Assignments will be the same as for Box 3243.

III. PARADE OF SUFFOLK COUNTY COUNCIL, AMERICAN LEGION.

A parade will be held on Sunday, July 16, 1933, under the auspices of Suffolk County Council, American Legion. The parade will start at 3 p. m., from the corner of Beacon and Berkeley streets.

Members of the department on the off tour of duty who are veterans and who desire to take part in the parade should report to Commander John T. Hackett of the Metropolitan Firemen's Post, American Legion, at 2 p. m., on Sunday at the corner of Beacon and Berkeley streets.

Permission is granted to men who are working on that day and who wish to parade to exchange time with other men on their respective companies if it can be arranged satisfactorily.

The regulation Fire Department uniform with sack coat and white gloves will be worn. Organization badges, war service medals and ribbons may be worn aside of the corporation badge.

IV. A. D. T. CORRECTION.

On the new A. D. T. cards recently issued signal No. 374 should be corrected to read: A. D. T., Box 374, Fish Pier, 220 Northern avenue. Engines 39-44, Ladder 18, District Chief 3, nearest city box 7128. The location given at present is 259 Northern avenue, opposite D street, Boston Fish Pier, and the nearest box is given as 7127.

V. BOSTON AUTOMATIC FIRE ALARM ASSIGNMENTS.

The following new signals will be added to the running cards of the Boston Automatic Fire Alarm Company:

Box 177S, 44-50 Winter street, Shepard's. Apparatus to respond, Engine 4, Ladder 24 and District Chief 5. Nearest city box is 1441.

Box 178S, Winter street subway gallery. Enter through Shepard's. Apparatus to respond, Engine 4, Ladder 24 and District Chief 5. Nearest city box is 1441.

Box 179S, 131-134 Tremont street, Shepard's. Apparatus to respond, Engine 4, Ladder 24 and District Chief 5. Nearest city box is 1441.

VI. BOSTON AUTOMATIC FIRE ALARM BOXES DISCONTINUED.

The following boxes of the Boston Automatic Fire Alarm Company have been discontinued:

Box 312, 5 and 7 Federal street, Boston.
Box 676, Winter street subway gallery.
Box 677, Winter street subway gallery.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. Fox,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 240.

The following promotion and assignment is hereby ordered to take effect on Monday, July 17, 1933, at 7.45 o'clock a. m.:

To the Grade of Captain.

Lieut. Thomas F. Casey, from Bureau of Traffic to Division 10.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 241.

Subject: Amendment to Rules and Regulations.

Rule 28 of the Rules and Regulations of the Boston Police Department, having to do with "Records, Blanks, etc.," is hereby amended by striking out in Section F of said rule,—setting forth the books and records to be kept at station houses,—Item No. "35. Signal Service Book," listed upon page 105 of said Rules and Regulations.

The Superintendent of Police will promulgate this order.

EUGENE C. HULTMAN,
Commissioner.

General Order No. 242.
